Mr. Milliken having received a majority of the votes cast, a majority of all the members elected being present and voting, was declared duly elected Speaker of the House of Representatives.

The Assistant Clerk aforesaid appointed Messrs. Dorman and Truesdell as a Committee to inform the Speaker-elect of the action of the House and to escort him to the Chair.

The Speaker returned his thanks to the House for the honor conferred, recommended and urged the proper observance of order and decorum and announced that he was now ready to take the oath of office, which said oath was administered to him by The Hon. Gus Thomas, Chief Justice of the Court of Appeals.

The Speaker then announced that the next order of business was the election of a Chief Clerk of this House.

Mr. Strange moved that it is the sense of this House that Mr. Dorman, representing the majority membership of the House, be requested to name suitable persons for the various minor offices to be filled by said House.

Said motion was agreed to.

Thereupon Mr. Dorman named Clifford W. Thomas of the County of Trigg as a suitable person for Chief Clerk of this House;

Lindsay Ridgeway of the County of Bullitt, for Assistant Clerk;

C. W. Longmire, of the County of Franklin, for Sergeant-at-Arms;

Miss Carrie E. Strange of the County of Warren, for Enrolling Clerk;

Tom L. Bowen of the County of Anderson, for Door-keeper;

James Triplett of the County of Franklin, for Janitor;

Calvert P'Pool of the County of Caldwell and A. E. Dowell of the County of Meade, for Cloak-room-keepers;

Robert Horn of the County of Daviess, J. S. Vallandingham, Jr., of the County of Fayette, Dorothy Brightwell of the County of Franklin and Irene Moore of the County of Franklin, for pages.

There being no further nominations for said offices, Mr. Dorman moved that the Speaker of the House be authorized and directed to cast one vote for the entire House, for all those parties above named to fill the offices set opposite their names.

The Speaker having cast one vote for the House as above directed, declared said parties duly elected to said offices.

Thereupon all of the said officers above named appeared before the bar of the House and took the oath of office as required by the Constitution and laws of Kentucky which was administered by the Hon. Gus Thomas, Chief Justice of the Court of Appeals.

Mr. Dorman offered the following Resolution, viz.:

Be It Resolved by the House of Representatives:

That a Committee of this House be appointed by this House to wait upon the Senate and notify that body that this House is now organized and ready to proceed to the transaction of business and that said Committee shall in conjunction with a like Committee to be appointed from the Senate wait upon the Governor and inform him that this General Assembly is now organized and ready to receive any communication he may have to make.

Said Resolution was adopted.

In accordance with said Resolution, the Speaker thereupon appointed Messrs. Dorman, Strange and Via as members constituting said Committee to act in conjunction with a like Committee from the Senate.

Mr. Dunn offered the following Resolution, viz.:

Be It Resolved by the House of Representatives:

That, the rules governing the House of Representatives during the regular session of 1928 be and the same are hereby adopted as the rules of this House until new Rules shall have been drafted and adopted by this House.

Said Resolution was adopted.

Mr. Strange offered the following Resolution, viz.:

Be It Resolved by the House of Representatives:

That the Sergeant-at-Arms be directed to invite the white pastors of the various Churches to attend the meetings of this House and open the sessions thereof with prayer.

Said Resolution was adopted.

Mr. John Y. Brown offered the following Resolution:

Be It Resolved by the House of Representatives:

That the Speaker be authorized and directed to appoint a Committee to be composed of —— members to be known as the Committee on Rules, of which the Speaker shall be ex-officio member and Chairman and,

Be It Further Resolved, That the Speaker be and is hereby authorized to appoint all other standing Committees of this House.

Said Resolution was adopted.

Mr. Hamilton offered the following Resolution:

Be It Resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

That, there are now various officials and employees of the Commonwealth of Kentucky who are furnished automobiles by the State.

That, the Auditor of Public Accounts be and is hereby directed to furnish the House of Representatives of the General Assembly of the Commonwealth of Kentucky, as soon as possible, the name of each employee or official who is so furnished an automobile in the performance of his duties.

Said Resolution was adopted.

Mr. Dorman, on behalf of himself and Messrs. Strange and Via, being the committee heretofore appointed by the Speaker of the House to wait upon the Governor in conjunction with a like committee from the Senate, announced that

they had discharged their duty and that the Governor, the Hon. Flem D. Sampson, authorized said Committee to advise the House that he would have a communication to make to said House, in joint session with the Senate, at a later date.

Mr. Strange offered the following Resolution:

Be It Resolved by the House of Representatives:

That the Speaker be, and he is hereby empowered to employ such assistance in and about the House Chamber during the Session of the General Assembly, as, to him, may seem advisable under the provisions of Chapter 69, Session Acts of 1926.

Said Resolution was adopted.

Mr. Vallandingham offered the following Resolution, viz.:

JOINT RESOLUTION

A joint Resolution of the General Assembly of the Commonwealth of Kentucky, memorializing the Congress of the United States of America to promptly and as speedily as possible take steps to give relief to the agricultural element, by enacting a law which will reduce the Federal Tax on manufactured products to at last fifty (50) per cent of the amount now imposed by law on such manufactured tobacco products.

Whereas it appears to be the well expressed belief that the farmers of the United States are needing and are entitled to some considerable relief: and,

Whereas it is confidently believed that a reduction of the assessed tax on manufactured tobacco products will give needed relief to those of the country engaged in the growing of tobacco which is the only agricultural product bearing a quite heavy tax:

Now: therefore, Be it resolved by the General Assembly of the Commonwealth of Kentucky:

That the Congress of the United States of America be, and it is hereby respectfully memorialized and petitioned to grant relief to the farmers of the United States by propounding, adopting and enacting a law which will effectually reduce the tax on manufactured tobacco products by an amount equal to not less than fifty (50) per cent of the present current, statutory taxes on such products.

Further that if and when this Resolution shall become effective, the Chief Clerk of the Senate of the General Assembly of Kentucky forward attested copies of this Resolution to the following:

To the Honorable President of the United States.

To the President of the Senate of the United States.

To the Speaker of the House of Representatives of the United States.

To each Representative from Kentucky in the House and Senate of the Congress of the United States.

Said resolution was adopted.

The Chief Clerk of the House announced that he had received notice of contest in the cases of:

H. Walter Pierce vs. J. Roy Johnson from the Legislative District comprising the Counties of Crittenden and Livingston,

John B. Klefot, vs. William G. Lutz of the Fifty-third Legislative District of Jefferson County,

F. A. Gnau vs. Harold L. Stucker of the Fifty-second Legislative District of Jefferson County,

James A. Campbell vs. M. D. Hoskins of the Legislative District composed of Bell County,

Franklin Reynolds vs. Dorsey Ratliff of the Legislative District composed of the Counties of Menifee and Montgomery.

Mr. Horn moved that five members be selected in accordance with the requirements of the Constitution and Statutes of Kentucky to determine the contest in said cases and to make a report to this House and that the Clerk be directed to proceed with the selection of said Committee in conjunction with the Speaker of this House.

Said motion was agreed to.

The Speaker then announced that the House would proceed according to law and pursuant to the provisions of the motion above set out to select by lot five of its members to constitute a board to determine the contests to the right to seats in this House in the cases aforesaid.

The names of the members were written on separate pieces of paper, rolled and placed in a box by the Clerk in the manner provided by law, who, after the same had been well shaken, drew the names of five members of the House therefrom separately, which were opened and read aloud by the Speaker of the House, viz.:

Messrs. Douthitt, Chairman, Brooks Hargrove, Harry Meyers, J. F. Harrison, U. G. Anderson.

Whom the Speaker declared members of said board.

Thereupon the said members of said board appeared before the bar of the House and took the oath of office as required by law.

The Speaker produced and read the following communication to the House, viz.:

Mr. Dorman of the Committee heretofore named by the Speaker to draft a suitable Memorial to the late Charles J. Howes, Chief Clerk of this House, offered the following:

MEMORIAL TO CHARLES J. HOWES

Charles J. Howes was born in Johnson County, Kentucky, July 31st, 1878, and died, suddenly, in Frankfort, Kentucky, on the morning of October 12, 1929. He left surviving him his widow, Blanche Howes, to whom he was married September 1, 1908, four brothers and one sister.

Charles Howes came to Frankfort during the administration of Governor J. C. W. Beckham, and was an employe first in the office of Secretary of State and later in the Auditor's Department. From that time on he filled many positions in various branches of the State Government. He was Assistant Secretary of State under Governor Stanley, resigning that office to become Secretary of the Workmen's Compensation Board, a position he filled with considerable distinction, and to the performance of the duties of which he so well applied his talents and faculties as that he came to be in Kentucky somewhat of an authority on compensation law. It has been said of him that he was so well acquainted with State Government and so versatile, that he could take charge of any branch and conduct it successfully.

Later in life he became assistant and then Chief Clerk of the House of Representatives, an office which he filled with such rare distinction and show of ability, that his selection to the office at the 1930 term was conceded and assured, without any opposition.

His alertness of mind, his fairness, his ability and courteous manner, added to a wonderful knowledge of parliamentary proceedings, made his services to this law making body invaluable.

At the session of 1928, the General Assembly recognizing his general ability, and particularly his expert knowledge of compensation law, made him a member of the Committee of that body for the redrafting and improving the compensation Act, in which service he was engaged at the time of his death.

His many services to the Commonwealth of Kentucky are well known to and fully recognized by the general public, especially to those who take interest in matters political and affairs of government, with which latter class Charles Howes had a personal and a most agreeable acquaintanceship, and all of whom will miss him greatly. Charles Howes loved his native state, its people and traditions, and was always proud of the fact that he held the esteem of those with whom he came in contact. He was proud of the things that he had done to lend some glory to the history of the Commonwealth, and we can say with consistency that his activities in the directions mentioned, and especially in these Halls, were such that he will be missed as much or more than any one individual who has served the House of Representatives.

In his private life, those who knew him best, can but join in saying that he was indeed and in truth a man whom his friends and acquaintances honored, trusted, believed in and loved. His home life was simple but wonderfully pleasant and happy.

He was a man of a peculiar magnetism that drew and held friends; a pleasing personality. He was fixed in his beliefs and ideas, and emphatic in his expressions of them, and while he was markedly determined in his likes and dislikes, his generous, sympathetic and forgiving nature, his liberality of views, spared the acquirement of enemies or enmities. He was of an optomistic turn of mind, and though many days to him were gloomy and dreary, clouds all had silver linings.

No man who knew him or had business or social intercourses with him, ever questioned or doubted his integrity, his honesty of purpose or his loyalty to a cause or to a friend;

he was dependable, and in these days of hurry and bustle; in these days of struggle for the goal either in financial, political or business aspirations, this is much to say and worthy of pondering.

Somewhere in the Good Book it is written: "The finger of the destroying angel is at every latch-string; his foot-tracks are in every path."

Was the verity of this aphorism ever better exemplified than in the death of Charles J. Howes? In the prime of life, cut down without warning, yet not without premonition, for he expected and hoped to go the way he did. We feel that had he fixed the day, a more perfect one could not have been chosen; it was an ideal day, though in that season when God had just begun to send the frosts to call the blossoms, brown leaves and green grass back to the bosom of Mother Earth; on this day radiant with its charm and beauty; when nature was teeming and beaming to make the world joyous, the hand reached out and took from our ranks one whom we respected, cherished and loved. Neither objects of nature nor of human kind can evade these frosts, or that hand; these visitations which take us through God's gateway freeing us from ills of flesh and ushering us into the joys of a life eternal. While death is loathed, is dreaded and looked on as mankind's foe, it may be after all, as was expressed by a wise philosopher, "God's greatest gift to man."

The faults of Charles J. Howes have been already forgotten, his virtues need not this memorial; it is merely a simple evidence of the fact that we shall remember them; an expression of the further fact that we cherish the memory of one who faithfully observed the Golden Rule and carried evidence of his firm and steadfast belief in its application and its efficacy to his last resting place.

Said Memorial was adopted.

Mr. Meyers offered the following resolution, viz.:

Whereas Mr. W. C. Bell, State Superintendent of Public Instruction, has at times been refused admission with his private secretary to deliberations of the Textbook Commission and,

Whereas some meetings have been held without the knowledge of Mr. Bell or his secretary, and from this cause the records are not complete and clear and,

Whereas the State of Kentucky has been put to a great expense in the payment of costs for court actions that are daily draining further an empty treasury and,

Whereas the citizens and educators are up in arms and thrown into a great state of chaos over the book adoption and the actions of the Textbook Commission and,

Whereas the citizens of Kentucky do not know whether the Governor, Textbook Commission, or the educators are right and,

Whereas five bids have been taken under the law enacted two years ago, and still the children of Kentucky have no relief, therefore,

Be It Resolved by the House of Representatives, the Senate Concurring Therein:

That the Speaker of the House of Representatives is hereby empowered to appoint a committee of five members consisting of three of the majority and two of the minority party, and further the Speaker shall be empowered to appoint a stenographer to keep a record of all meetings and hearings. The Speaker shall direct the Sergeant-at-Arms to go to the Attorney General, the Governor, the State Superintendent of Public Instruction, and if necessary to the Circuit Court of Franklin County and bring to this special committee all bids, records, resignations, or any other papers of the present textbook commission so that this investigation may reveal just who was at fault and who violated the orders from the 1928 General Assembly, Court of Appeals and Attorney General. *Futher be it resolved,* that the salary of the

stenographer shall not be more than seven dollars ($7.00) a day and that the Sergeant-at-Arms be and is hereby directed to wait on the committee, summons any and all witnesses that the committee may deem necessary to interrogate, and that at the conclusion of the investigation the Chairman of the committee shall certify to the necessary expense and the auditor is here directed to issue his warrant for such salary and expense as is so certified.

Said resolution was adopted.

Mr. Dennington offered the following Resolution, viz.:

Concurring resolution of the House of Representativs of Kentucky and the Senate of Kentucky favoring the Norris resolution passed by both Houses of Congress in 1928, providing for public operation of Muscle Shoals and distribution of power at cost to State Municipalities, co-operatives and individual industries and consumers.

Be It Resolved by the House of Representatives of Kentucky, the Senate concurring therein:

§ 1. That we favor the Norris resolution passed by both houses of Congress in 1928 providing for public operation of Muscle Shoals and distribution of power at cost to states, municipalities, co-operatives and individual industries and consumers.

§ 2. A copy of this resolution shall be sent to each member of the House of Representatives in Congress, also to each of the Senators in Congress and to the Honorable President of the United States.

Said Resolution was adopted.

Mr. Cook offered the following Resolution, viz.:

Resolution providing for the appointment by the House of Representatives and the Senate, of this Commonwealth, a

joint committee of 10 to invite General Coleman DuPont to lay before the General Assembly his proposed offer to purchase and donate to this State, as a State and National Park, certain lands at, near and about the great falls in the Cumberland river in Kentucky.

Be It Resolved by the General Assembly of the State of Kentucky:

That the Speaker of the House of Representatives appoint five of its members and the President of the Senate appoint five of its members, to constitute a committee of ten to wait upon General Coleman DuPont and invite him to lay before the General Assembly his proposed offer, in detail, to purchase and donate to the state of Kentucky for a State and National Park, certain lands located at, near and about the great falls in the Cumberland river in this state.

Said resolution was adopted.

Mr. Meyers moved that a leave of absence be granted to Mr. S. J. Douthitt for tomorrow, Jan. 30, 1930.

Said motion was agreed to.

Mr. Meyers moved that the House do now adjourn.

Said motion was agreed to.

And then the House adjourned.

TUESDAY, JANUARY 14, 1930.

Mr. Meyers moved that the reading of the Journal of yesterday's proceedings be dispensed with.

Said motion was agreed to.

Mr. Horn offered the following resolution, viz.:

Resolution directing the State Tax Commission to furnish House of Representatives with number of free licensed automobiles with names of owners thereof.

That the State Tax Commission be and it is directed to furnish the House of Representatives with the number of automobiles carrying official or free license plates, and the names of the owners thereof, and that this information be supplied the House within ten days after the passage of this resolution.

Said resolution was adopted.

Mr. Weathers offered the following Joint Resolution, viz.:

H. Res. 5. Resolution providing a contingent fund for the Clerk of the House and the Clerk of the Senate.

Be It Resolved by the General Assembly of the Commonwealth of Kentucky:

That for the purpose of paying such expenses as the Chief Clerk of the Senate of Kentucky is directed to incur by the Senate of Kentucky, there is hereby appropriated out of the General revenues of the State, as a contingent fund, the sum of five hundred dollars ($500.00) and for the purpose of paying the expenses incurred by the Chief Clerk of the House of Representatives of the Commonwealth, under the direction of said House, there is hereby appropriated out of the general revenues of the State, as a contingent fund, the sum of five hundred dollars ($500.00). Said respective funds shall be paid out on warrant of the Auditor, issued on requisition

of the Chief Clerk of the Senate and of the House of Representatives.

Said resolution was read by its title only the first time and referred to Committee on Rules.

Mr. Dorman of the Committee on Rules, offered the following standing Rules for the government of this House during the session of 1930, viz.:

RULES OF THE HOUSE

The Committee on Rules respectfully reports to the House the accompanying rules for its government during the present session.

Quorum of the House

Rule 1. Five members of the House shall constitute a quorum for the purpose of adjourning; fifteen members for the purpose of calling a House, of sending for absent members and of making an order for their censure and fine; a majority of the members may proceed to business, and the numbers mentioned in this rule shall have the power in the absence of the Speaker, to elect a speaker pro tem. for the purpose above designated.

Hours of Meeting and Adjournment

Rule 2. The standing hour of meeting each day shall be 10 o'clock a. m., standard time, and the standing hour of adjournment shall be 1 o'clock p. m., except on Monday, when the hour of meeting shall be 1 o'clock p. m., and the hour of adjournment 3 p. m. Provided, however, that a majority of the House may elect to hold extra sessions at any time and extend the sitting of any session to any time within their discretion. The hour of meeting and adjournment of the body shall be governed by the House clock over the main entrance.

The Powers and Duties of the Speaker

Rule 3. The Speaker shall take the chair every day at the hour to which the House adjourned on the preceding day; he shall immediately call the members to order, and, a quorum being present, shall cause the journal of the preceding day to be read.

Rule 4. He shall preserve decorum and order, and in case of disturbance or disorderly conduct in the gallery or lobbies, may cause the same to be cleared. He shall have general control, except as provided by rule of law, of the hall of the House and of the corridors and passages, of the unappropriated rooms in that part of the Capitol assigned to the use of the House, until further ordered. He may speak to points of order in preference to other members, rising from the chair for that purpose. He shall decide questions of order, subject to an appeal to the House on request of any two members, and the members appealing shall reduce the appeal to writing.

The Speaker shall have supervision over all officers and employees of the House; and shall direct them as to their duties, and upon failure of any such official to perform said duties, the Speaker shall have power to impose a fine upon such offender, not to exceed the per diem of such official or employee for such offense. Such fine shall be entered upon the journal and deducted from the compensation due such offender.

Rule 5. The standing committees of the House, herein named, and all other committees, shall be appointed by the Speaker.

Rule 6. The Speaker may state questions sitting, but shall rise to put a question.

Rule 7. Questions shall be distinctly put in this form, viz.: "Gentlemen, you who are of the opinion that (as the question may be) say 'aye,' you of the contrary say 'nay.' "

Rule 8. If the Speaker be in doubt as to the result of a vote, and a division be called for, the House shall divide; those in the affirmative of the question shall rise from their

seats, and, afterwards, those in the negative. If the Speaker be still in doubt, and a count be requested, the Speaker shall name two members, one from each side, to count those in the affirmative and the negative; which being reported, he shall rise and state the decision of the House; provided, however, that such decision or count shall not be allowed after the House shall have proceeded to other business.

Rule 9. The Speaker shall have the right to name any member to perform the duties of the chair, but such Speaker pro tem. shall not be empowered to act beyond a period of five days.

Rule 10. No person shall be permitted upon the floor of the House except the Governor, his Secretary, members of the Senate, such newspaper correspondents as may be authorized by the Speaker of the House, the Chief Executive of the United States, Judges of the Court of Appeals and the Supreme Court of the United States and members of the Federal Congress, unless on special invitation of the House previously extended by vote of the House, and it shall be the duty of the Doorkeeper to exclude all persons not entitled to the floor of the House Chamber. If, however, other persons find their way to the floor it shall be the duty of the Sergeant-at-Arms to remove them.

At least five minutes before the hour of convening each day the Sergeant-at-Arms shall clear the floor of the House Chamber of all persons not entitled to the floor, and shall announce in a loud and distinct voice, "All persons not entitled to the floor of the House under the rules thereof will now vacate the House Chamber." He shall then compel each and every person then in the House Chamber who is not entitled to remain therein, to vacate.

Rule 11. When a member is about to speak in debate or deliver any matter to the House he shall rise from his seat and respectfully address the Speaker of the House as "Mr. Speaker," but shall not proceed until recognized by the Speaker as the gentleman from ————————.

Rule 12. If any member, in speaking or otherwise, transgress the rules of the House, the Speaker shall, or any member may through the Speaker, call the offender to order; and the member called to order shall immediately sit down unless permitted to explain, and the House, if appealed to, shall decide on the case without debate. If the decision be in favor of the member called to order, he shall be at liberty to proceed; if against him, and the case require it, he shall be liable to the censure of the House.

Rule 13. When two or more members rise at once, the Speaker shall name the member who is first to speak.

Rule 14. No member shall speak more than twice on the same question without leave of the House, and he shall not speak more than once until every member of the House desiring to speak has spoken. No member shall be allowed to speak more than one hour in the aggregate.

Rule 15. While the Speaker is putting any question, or addressing the House, no one shall walk about the House, or leave; neither, in such case nor when a member is speaking, shall any one talk or pass between the chair and the member who is speaking.

Rule 16. No member shall in debate name another member.

Undebatable Motions

Rule 17. Motions to proceed or dispense with the orders of the day, to dispense with any rule of the House, or take up business out of its regular order, to commit or recommit, except with instruction, shall be propounded without debate.

Rule 18. No explanation of any vote shall be permitted pending the call of the yeas and nays on an undebatable motion.

Withdrawal of Motions

Rule 19. After a motion is stated by the Speaker or read by the Clerk, it shall be deemed in the possession of the House,

but may be withdrawn by the consent of the House at any time before decision or amendment.

Rule 20. After a motion is made and seconded it shall be stated by the Speaker, or, being in writing shall be handed to the chair and read aloud by the Clerk before debate.

Rule 21. Every motion shall be reduced to writing if the Speaker or any member desire it.

Order of Motion in Debate

Rule 22. When a question is under debate no motion shall be received but

1. To fix the time to which the House shall adjourn.
2. Adjourn.
3. To lay on the table.
4. For the previous question.
5. To postpone to a day certain.
6. To commit.
7. To amend.
8. To lay on the Clerk's desk.

Which several motions shall have precedence in the order in which they are arranged; and no motion to postpone to a day certain, or to commit being decided shall again be allowed on the same day and at the same stage of the bill or proposition.

Rule 23. The motion to lay on the table shall in all respects have the same effect in this House as in the House of Representatives of the Congress of the United States, except as otherwise provided in these rules.

Rule 24. The motion to lay on the Clerk's desk in this House shall have the effect of laying aside the pending question temporarily and when the pending question is laid upon the Clerk's desk it may be taken therefrom at the will of the House, and considered as an original proposition.

Motion to Adjourn

Rule 25. A motion to adjourn shall always be in order except during roll call or pending a motion to fix the time to which the House shall adjourn, and shall be decided without debate.

Previous Question

Rule 26. The previous question being moved and seconded, the question from the chair shall be "Shall the main question be now put?" If the majority of all the members elected to the House vote in the negative the main question shall not then be put, but a majority of all the members elected may order the previous question at any time. The effect of the previous question shall be to bring the House to a direct vote on amendments proposed by the Committee, if any; then on such amendments as are provided for in Rule 40; and then upon the main question. The ordering of the previous question shall put an end to all debate except as follows: before the vote on an amendment, the proposer of the amendment shall have five minutes, and then the proposer of the measure sought to be amended shall have five minutes; and before the vote upon the main question, the opponents of the measure shall have ten minutes and then the proposer of the measure shall have ten minutes to close the debate. When a measure or an amendment has been proposed by a committee then the time given to the proposer shall be at the disposal of the chairman of the committee.

Division on Questions

Rule 27. Any member may call for a division on the question when the same will admit.

Committment of Motions

Rule 28. Motions and reports may be committed at the pleasure of the House. (See Rule 17 ante.)

Amendments

Rule 29. No motions or propositions on a subject different from that under consideration shall be admitted under color of amendment.

Elections

Rule 30. In all cases of elections there shall be a previous nomination before the House.

Petitions, Memorials, Etc.

Rule 31. Petitions, memorials and other papers addressed to the House may be presented by any member in his place; and in such case he shall briefly state the contents of said petitions, memorials or other papers and which may be received, read and referred on the same day, by agreement of the House.

Calls of Yeas and Nays

Rule 32. Upon a call of the yeas and nays on any question, the names of the members shall be called alphabetically, which shall be made at any time when a division or a count may be had, and upon the completion of any roll call the Speaker shall, upon the request of any member, order the Clerk to call the absentees once.

Call of the House

Rule 33. On a call of the House the door shall not be shut against a member until his name is called twice and then absentees shall be noted by the Clerk and fined one dollar, unless excused by the House.

Voting

Rule 34. No member shall vote on any question in which he is directly or indirectly interested, or on any question unless he was in the bar of the House before the result was announced.

Rule 35. Every member in the House when a question is put or present before the result is announced shall vote unless excused by the House; and all motions to excuse a member from voting shall be made before the House divides or before the call of the yeas and nays is commenced; and the motion or question to excuse a member shall be decided without debate, and in no event shall any member be excused from voting on a motion to excuse another member from voting. But this rule shall not apply to the Speaker, whose name shall not be called except upon his own request, and then only at the end of the roll call, and before the result is announced, but in all cases of a tie the Speaker shall vote.

Rule 36. Before a vote shall be counted the member casting it shall be either at his seat or visibly approaching it.

Order of Business

Rule 37. The order of business of each day shall be as follows:

1. Invocation.
2. Roll call.
3. Reading of the Journal of preceeding day and correction of any errors that may be found to exist therein.
4. Petitions.
5. Motions and resolutions, which shall not include joint resolutions, limited to one hour.
6. Introduction of bills.
7. Reports of special and standing committees in the order as contained in Rule 42.
8. The Orders of the Day, which shall be called at twelve o'clock each day.
9. Any business which did not belong to the Orders of the Day and which remains unfinished upon the adjournment of the House or upon the call of the standing orders of the day, shall be the first business in order each day, upon the convening of the House. Any business which belongs to the standing orders of the day, which remains unfinished upon

the adjournment of the House shall be the first business when the orders of the day are resumed.

Rule 38. The word "Bill" whenever and wherever used in these rules shall include joint resolutions.

Introduction of Bills and Responds Thereon.

Rule 39. Subdivision 1. On each day after the fifth order above named in Rule 37, there shall be a call of the counties and representative districts for the introduction of bills and joint resolutions, which shall be privileged and take precedence of all other business of the House; provided that the Orders of the Day be called for precisely at twelve o'clock on each day; and, provided, further that upon the call for the presentation of bills, in the event that every county shall not have been called on the previous day, the Clerk shall, on the next day, commence the call where he left off at last call.

On the call of each county and representative district, the member from said county shall rise from his seat and addressing the chair send to the Clerk's desk a bill or bills or joint resolution which he wishes to introduce with the title thereof indorsed thereon in a plain and legible hand; provided, which bill or joint resolution shall be read by its title, and the Speaker shall order the same to be printed and refer the same to its appropriate committee for consideration and report, and from such order of reference by the Speaker the member introducing the bill may appeal to the House if he so desires. All bills shall be printed and distributed in the order in which they are introduced, and the usual number of copies of the same shall be printed for the use of the members of the Senate and House.

Subdivision 2. Upon the report of a bill or joint resolution by any committee, the Clerk shall report the same in full, which shall be considered the first reading of the bill or joint resolution, and shall be so entered upon the Journal.

Register of Bills

Subdivision 3. The clerk shall keep a register of all bills introduced in the House, or transmitted for concurrence from the Senate in which shall be recorded, under appropriate heads, the progress of such bills from the date of their introduction to the time of their transmission, if House bills, to the Governor, or if Senate bills, their return to the Senate.

Calendar

Subdivision 4. When a bill has had its first reading it shall be placed by the Clerk on a calendar to be kept by him, and said calendar shall be separate from the bills in the Orders of the day. Each day when the House enters into the consideration of the Orders of the day, the Clerk shall take up the calendar, and give all bills therein their second reading except such as have been placed thereupon that day.

Amendments

Rule 40. More than one amendment to any part of section of any proposition or bills shall not be offered at the same time or entertained by the Speaker.

Each amendment originally pending shall be disposed of before another may be entertained to the same or any other part or section of the main proposition or bill.

All committee amendments shall be disposed of before any other amendment may be offered by a member or entertained by the Speaker. Provided, however, that whenever and wherever blanks are to be filled, the rule above shall yield to general parliamentary law, and provided further, that when a motion or proposition is under consideration a motion to amend and a motion to amend that amendment shall be in order, and it shall also be in order to offer a future amendment by way of substitute, but said substitute shall not be voted on until the original matter is perfected.

All Committee Substitutes shall be printed in like manner as bills and all other substitutes shall be disposed of at the will of the House.

Orders of Day

Rule 41. When a bill has been read a second time, it shall be placed in the Orders of the day or recommitted and when next reached in the House, it shall be ready for amendment, recommittment or debate, or to be read a third time and placed upon its passage. A bill may be recommitted at any time before the passage.

Duties of Committees

Rule 42. When a bill shall have been referred to any committee, it shall be the duty of the chairman of such committee to submit the bill to the consideration of his committee and such committee shall make such amendments to said bill as it may deem proper, and report said bill to the House with such amendments. A majority of the members of a committee shall be present before a bill may be considered. No bill shall be considered or a report of same determined upon, except when a committee is in session. A committee in reporting a bill to the House shall make its report in writing, and such a report shall be signed by a majority of such committee, but after said majority report has been made the minority may make its report, which shall also be in writing, and signed by the members of the committee making such report. Bills shall not be engrossed except by order of the House, and the style of every bill shall be: "Be it enacted by the General Assembly of the Commonwealth of Kentucky." Provided, however, that no committee shall hold or refuse to report a bill for an unreasonable time, and if same shall not be reported in a reasonable time, the said bill may be called up by any member of the House and be considered in the same manner it would have been considered without expression of such committee. The House shall, at all times, be the judge of what shall constitute a reasonable or unreasonable length of time under this provision.

Duty of Clerk

Rule 43. When a bill passes it shall be certified by the

Clerk, who, at the foot thereof, shall note the day on which it passed.

Suspension of the Rules

Rule 44. The standing rules of the House and the regular order of business shall not be suspended, amended or interrupted unless by a vote of a majority of the members elected.

Standing Committees

Rule 45. The following shall be and constitute the standing committees of the House of Representatives, and each committee shall be composed of nine members, except the Committee on Rules, which shall consist of nineteen members besides the Speaker:

Rule 46. The Committee on Enrollment may report any time when not excluded by a privileged motion; provided, that when any committee shall have occupied the morning hour on two days, it shall not be in order for such committee to report further until other committees are called. And provided, also, that no bill shall be reported by any committee which was introduced after said committee began its report.

Committee of Whole House

Rule 47. It shall be the standing order of the day throughout the session for the House to resolve itself into a committee of the whole House on the state of the Commonwealth.

Rule 48. When a bill or other matter is committed to a committee of the whole House the question of going into the committee of the whole shall be first in the order of the day.

Rule 49. In committee of the whole House, bills shall be read and debated by sections, leaving the preamble and title to be last considered.

Rule 50. All amendments made to an original House bill or resolution in committee of the whole House shall be incorporated in the original and so reported.

Rule 51. All questions, whether in the committee or in the House, shall be disposed of in the order in which they

are moved, except that in filling blanks the largest sum and the most remote day shall be put first.

Rule 52. The rules of the House shall be observed in committee when applicable, except the rule limiting the time of speaking.

Fines

Rules 53. All fines imposed on absentees shall be collected by the Seargeant-at-Arms and covered into the Treasury.

Clerk's Duty

Rules 54. The Clerk or Assistant Clerk shall report all bills or resolutions to the Senate unless otherwise ordered by the House.

Rule 55. No member or other person shall remain by the Clerk's desk when the yeas and nays are being called.

Rule 56. All bills and joint resolutions originating in the Senate and reported to this House as passed therein, shall be read by their titles, when the Speaker shall refer them to appropriate committees.

Duties of the Enrolling Clerk

Rule 57. The Enrolling Clerk of the House shall each day call upon the Clerk and when not engaged in enrolling bills, shall perform such duties as he may direct, take charge of all House bills as soon as they are reported back to the House and ready to be enrolled; keep an accurate account of and carefully preserve all of them; cause them without delay to be plainly and legibly enrolled without blots, erasures or interlineations, and present the same when enrolled to the Committee on Enrollment, who shall immediately report them to the House for comparison, and the signature of the Speaker; and when signed by the Speaker of the House, the Enrolling Clerk shall deliver them at once to the Senate or such committees as may be authorized to receive them in that

body. All original House bills shall be returned by the Enrollment Clerk to the Clerk of the House at the time of the signing of the enrolled bills, and the Clerk of the House shall carefully preserve them.

Sergeant-at-Arms and Doorkeepers

Rule 58. The Chief Clerk or his Assistant, the Doorkeepers, and Sergeant-at-Arms, and all employes under them, shall be in the House thirty minutes before the hour for the House to convene; and five minutes before the hour of the meeting of the House each day the Doorkeepers and Sergeant-at-Arms shall see that the floor of the House is cleared of all persons, except those privileged to remain. (See Rule 10.) And the Sergeant-at-Arms is empowered to deputize as many assistant Sergeant-at-Arms as he may deem necessary to carry out the order of the Speaker under Rule 4 of these rules.

Motion To Reconsider

Rule 59. A motion to reconsider any action of the House shall be in order if made in open session for a period of three days, Sundays included, from the time said vote was taken; but such motion shall not be in order after action has been had by the House in consequence of the decision proposed to be reconsidered, or after it has been sent to the Senate or Governor.

General Provisions

Rule 60. On all questions not provided for in the foregoing rules, the House shall be governed by parliamentary law or usage; provided, the author of any measure shall have five minutes' time in which to explain upon a motion to lay on the table.

Rule 61. Whenever any committee shall report to the House a bill with the expression of opinion that it should not pass, said bill shall not be entitled to a reading unless it is ordered by a vote of the House; and upon the question whether or not said bill shall be read, the report of the com-

mittee to the contrary notwithstanding no debate shall be allowed, except that the originator of a bill, or anyone indicated by him, shall have ten minutes in which to explain the bill; and any member of the committee who favors the report of the committee may have a like time in which to explain the action of the committee, and then if said bill shall be ordered to a reading, it shall be read the first time in full and recommitted or placed in the calendar.

Rule 62. During the last fifteen days of the session, the Committee on Rules shall have the power at any time to call from the orders of the day any bill or resolution and propose the same to the House for consideration, and should the House decide by vote to consider it, it shall be submitted for passage. The Committee shall be authorized to call from the other committees any bill or resolution in their hands and have them advanced to the reading to which the bills may be entitled; Provided, however, that for the first ten days thereof, the said committee shall in its discretion cause to be posted on the day prior thereto, a list of bills and resolutions which are to be called, but said committee may withdraw from said list any bills or resolutions so posted, but shall not be permitted to substitute any other bill or resolution therefor.

Rule 63. If any bill, motion or resolution has been, by vote, carried or lost, and a motion is made to reconsider the vote by which the bill, motion or resolution was carried or lost, and said motion to reconsider is laid upon the table, then no further motion shall be entertained relative to the subject matter carried by said bill, motion or resolution, unless by the unanimous consent of the House.

Rule 64. All pairs announced in the House shall be entered on the journal.

Rule 65. When the roll is being called on any proposition and the hour of adjournment arrives, the time for adjournment shall be extended until said roll has been completed and the result announced.

Rule 66. In all cases where general parliamentary law provides for a rule of two-thirds it shall mean in this House a majority of all the members elected thereto.

Rule 67. Five hundred copies of these rules shall be printed immediately for the use of the General Assembly.

Mr. Hargrove offered the following amendment to said Rules, viz.:

"Amend Rules as adopted by Rules Committee by adding thereto the following Rule to be known as Rule 67. During the last ten days of the session any member, supported by a petition signed by at least fifteen members of the House, said petition to the effect that in the opinion of the signers of the petition the proposal of the one seeking the petition will meet with a majority approval of the House, shall after the submitting of the petition to the floor leader or acting Chairman of the Rules Committee be yielded the floor and recognized by the Speaker to move to bring any matter before the House for their approval or disapproval."

Said amendment was disagreed to.

Mr. Dorman moved that said Rules be adopted.

Said motion was agreed to.

The hour of eleven o'clock having arrived, that being the hour fixed tentatively by the Governor for his appearance before the Joint Session of the House of Representatives and the Senate,

The Senate of Kentucky appeared and in order entered upon the floor of the House of Representatives, and the Hon. James B. Breathitt, Lieutenant Governor and President of the Senate, took the Chair and presided, and the Hon. John S. Milliken, Speaker of the House of Representatives, having

taken his seat on the right of the President of the Senate, the two Houses were convened in Joint Session which was composed of a majority of all the members elected to each House.

Mr. Gates Young, Senator from Owensboro, moved that the roll call of the two Houses be dispensed with.

Said motion was agreed to.

The Lieutenant Governor and presiding officer of the Joint Session appointed Messers. Murphy, Eversole, and Dunn of the House and Senators Young, Yates and Ryans as a Committee to notify the Governor that the two Houses had met in Joint Session and to escort the Governor to a place at the Clerk's desk.

After a time the said Committee appeared upon the floor of the House with His Excellency, Flem D. Sampson, Governor of the Commonwealth of Kentucky, who addressed the Generel Assembly in Joint Session as follows, viz.:

To the General Assembly of the Commonwealth of Kentucky:

In obedience to a Constitutional mandate, I am here "to give the General Assembly information of the State of the Commonwealth and to recommend" to your consideration such measures as may be deemed expedient, for the good of Kentucky.

At the outset let me say that we need very few new laws, but I believe many existing laws should be modified or repealed in whole or in part. Your work will not be judged by the number of laws passed but by the nature and quality thereof and the care with which you proceed.

In the past I have refrained from the recommendation of all measures of partisan nature, and I shall make no suggestion to this General Assembly which in any way partakes of selfishness or partisanship. Such recommendations as are

offered are those only which I think for the public good and wise and commendable, and I hope they will meet with your approval; but, if not, you of course will disregard them.

Let me say that I am anxious to cooperate with you in every reasonable way and will do so throughout the session. Your counsel and advice will be graciously received and appreciated. The door of the Executive offices shall be open to you at all times and you will be most welcome, and our services will be at your command.

If Kentucky is to make that progress which her natural wealth and advantages lead the world to anticipate, we must give to each other and to all worthwhile movements in the State whether initiated by us or not, more genuine cooperation, for it is in this way that we may obtain the most help and do the biggest and best job.

Our Budget

The Budget Commission has completed its labors and the Budget Officer is preparing the report for the General Assembly. This report will show the requests for increased appropriations from the various State Departments and Institutions totallng approximately$2,000,000.00 more than we have funds to meet.

The question is, shall we deny these requests, or provide more revenue?

Moreover, the Board of Charities and Corrections, according to its recommendation, needs something more than $3,000,000.00 with which to rehabilitate the seven (7) penal and charitable institutions and to acquire a penal farm and start a new prison.

The Mammoth Cave National Park Association is urging an appropriation of $1,500,000.00 to complete the National Park project; and

Some seven or eight hundred thousand dollars will be required for free textbooks, and there are yet other requests not mentioned in the budget.

If no new revenues are found or provided, none of the constructive program outlined in this message and which is on the minds and hearts of the people of the State can be consummated, and the matter of budgeting the funds we now have will prove a brief and easy task.

Our Financial Condition

Kentucky has no bonded indebtedness and a relatively small floating debt. Truly we are in better financial condition than almost any of the other forty-seven States. Estimated upon a per capita basis, the entire indebtedness of the State, Counties and municipalities, is less than in other States. Our total State indebtedness is now less than $3.00 to each citizen, a petty sum. What we owe could be easily paid any year in addition to our current expenditures without noticeably burdening the people. Good business requires this debt be paid, perhaps in a single biennial period; and I trust the General Assembly, in its wisdom, may provide the way. Statistics show that other progressive States of the Union are carrying a per capita debt ten, twenty and thirty times the amount Kentucky owes.

Our average annual tax rate including the State, County, Schools and City, amounts to only $1.55, whereas, every other State in the Union has a higher average tax rate, one of them running up to an average of $7.64, as against our average of only one dollar and fifty-five cents ($1.55).

For the fiscal year ending June 30, 1929, our total receipts were $35,011,741.82, while we paid out in the same period $36,645,903.20, which gives the false impression that we paid out of the current funds of the treasury $1,634,161.38 more than we received; but it is fully explained when it is noted that Superintendent Bell, of the Educational Department, paid out of an old surplus fund in his office more than $1,450,000.00, which had been accumulated in his budget by his predecessors in office. This reduced the cash balance of the State treasury. Over this fund the Governor had no control.

The general expenditure fund for the first year under the present administration shows a surplus of $94,000.00 and that is the real test. Instead of increasing the State's indebtedness we had a substantial surplus, and I confidently expect that at the end of this, the second fiscal year, June 30, 1930, we will have a surplus of receipts over expenditures for the period.

In addition to the budget prepared by the Budget Commission at the first of this administration, the General Assembly of 1928 made additional appropriations amounting to approximately $700,000.00, some of which I was forced to veto because we did not have the funds. These special appropriations made by the last General Assembly in the main were for good purposes, and intended for the betterment of Kentucky, but they were nevertheless in excess of the revenues and thus brought about a deficit through no fault of the Governor.

May we hope that this General Assembly will make only such appropriations as can be met by the revenues of the current biennial, and where appropriations are made in excess of present anticipated revenues, a revenue bill sufficient to meet the new appropriations should be concurrently passed so we may pay as we go.

Recently there has been a persistent effort on the part of some ill-disposed persons to misrepresent the financial condition of the State and to pretend that the State is overwhelmingly in debt and getting worse every day. This is wholly untrue. The State is not running in debt; on the contrary it is living within its means. Some years back it expended annually more than its income, and this caused the existing floating debt.

It is also true that the expenditures in some governmental departments and institutions over which the Governor of the State has but little control, have increased within the past few years. The Auditor's report shows the cost of

criminal prosecutions to have increased from $330,136.29 in 1927, to $398,009.49 for the year ended June 30, 1929.

Salaries of Circuit Judges and Commonwealth's Attorneys are listed at $259,260.69 for fiscal year ended June 30, 1927, and at $284,651.81 for the year ended June 30, 1929.

Trustees of Jury Funds were paid $512,788.70 for year ended June 30, 1927, and $562,182.16 for 1929, and there were some other increased expenditures but not one of them is properly chargeable to the Executive Department.

Confederate pensions were also increased substantially.

On taking office in December, 1927, I found a floating indebtedness of several million dollars, and found the budget for 1927 and 1928 fairly exhausted. As member of the Budget Commission in January, 1928, I recommended that the Budget of the Executive Department over which I was to preside, be reduced and this was done. At the end of each fiscal year thereafter, we turned back into the treasury a considerable sum in savings from the budget. Again sitting with the Budget Commission recently I have recommended that the budget of my department be reduced for the next biennial period, and I hope it will be done.

Not so with some of my associates elected at the same time. The Attorney General's budget in 1927, was $23,747.00 and he asked and was granted a raise to $40,216.00 for 1929; the Auditor in 1927, had a budget of $39,000.00 and he asked and was granted a raise to $45,979.07. The Commissioner of Agriculture in 1927 had a budget of $56,055.35 and he asked and was granted a raise to $64,591.48 for 1929; the Treasurer in 1927 had a budget of $14,645.45, and asked and was granted a raise to $16,150.00; Superintendent of Public Instruction for 1927 had a budget of $55,000.00 and asked for and was granted a raise to $65,000.00 for 1929; and this is not all, these officials want not only to retain the increase given them in 1928, but most of them are now asking a substantial increase in their departmental budgets for the biennial period beginning July 1, 1930.

This administration is made up of seven Democrats and one Republican, all elected at the same time, heading the several departments mentioned, each sharing his or her part of the responsibilities. The Executive Department has not only reduced its budget but has kept within its budget and yet turned back into the treasury substantial sums at the end of the year.

Highways

The State Highway Organization is much the largest of the State Departments. The amount of revenue collected for, and expended through it are almost equal to all the other revenues combined. The magnitude of its work in the construction and maintenance of roads and bridges is now and for the future proportionately important. It is, therefore, perhaps, natural that its activities should be the most criticized and most misrepresented of any of the State's affairs. Our finite minds find it difficult to grasp what it means to economically and wisely handle from twelve to fifteen millions of dollars, annually, but we have been doing this successfully.

When the regular State examination and inspection of the Department is completed and published; when the result of the thorough audit now nearing completion is announced; with the completion of the survey of the conduct and conditions of the Department by engineers from the United States Bureau of Public Roads under way; and when any investigations that you may make are completed, I believe, the work of this Department, the wisdom of its expenditures and the business-like methods of its conduct, will be thoroughly demonstrated and vindicated.

Living Within Budgets

The State Highway Commission's report for the two years or twenty-one months ending March 31, 1929, which is on your desks and the careful reading and consideration of which I commend to you—will show that the Department has lived within its budgets.

Big Work Ahead

It is, however, to the great importance of the work yet to be done that I want to direct your particular attention.

A much larger proportion of our road revenue for the period should be and will be, if our plans are carried out, used in matching accumulated millions of Federal Aid Funds, lest these millions be lost to the State; and these "matched" millions will have to be (according to the policy of the Federal Government) spent in the main on high-type roads. For these reasons and because of the large mileage of low-type road already built into hitherto roadless counties, much more high-type construction, reconstruction and re-surfacing of the main thoroughfares will take place the next year or biennium, together with bringing up the low-type to high-type grade, wherever justified; while the policy of building low-type roads into the roadless sections will be continued on as large a scale as possible until no County in the State is without proper or at least travelable outlets to the already mentioned markets, churches and schools.

Work Must Continue

With this new demand for millions for the costly high-type work in order that we may not lose the sums due us from Federal sources; with the economic demand for a more complete road system that we may not continue to lose millions in added tourist trade and other home industries; with the continuing demand for the low-type roads where none are, still to be met; with the constantly increasing cost of maintenance; with only a steady and in no wise phenomenal increase to receipts from the gas tax and motor vehicle license tax, it must be plain to everyone that any present reduction, decrease, division or diversion of any of the road funds, at least for the next biennium, is out of the question and would make impossible the carrying out of the progressive program for our highways—without which all other progress is impossible.

How Money is Expended

On many working days in the summer season, there are employed on Highway construction as many as thirteen thousand men directly or indirectly in the construction and maintenance of roads and bridges. It is difficult for the average taxpayer to realize that in the building season several hundred little armies of roadbuilders, each with its crew of men, implements and materials are at work at different places and that practically that number of contracts involving work costing from twenty thousand to a half million dollars each, are under way; and that for days during last summer and the summer of 1928, as much as two miles of road was completed and two thousand three hundred (2,300) miles of road were under construction at one and the same time. It takes millions to carry on and pay for such monumental undertakings.

Vari-Colored Maps

I have asked the Department to place in or near your respective chambers, large vari-colored maps, and on your desks you will find special, mimeographed, supplementary reports, which with the maps attached, will show you at a glance where and what kind of work has been done since the last General Assembly convened and particularly since the end of the period officially covered in the regular biennial report already referred to. I hope that these supplementary, down-to-date reports and the detailed statements contained in the regular report will furnish you with any real information you may desire as to the source and collection of all the road revenues; and as to where, to whom and for what purpose each dollar has gone.

A So Called System

May I call the Assembly's attention to what the State Highway Commission's report says on the subject of the present, so-called "Primary System." "No more new proj-

ects should be offered, unless such projects bear the approval of the State Highway Commission and the State Highway Engineer."

I deem it important that you consider for possible enactment the following:

1. A discontinuance of indiscriminate additions of projects to the "Primary System of State and Federal Highways," and more authority and latitude be given the Department in locating projects now on the System.

2. Effective legislation or amendments to Chapter 196, Acts 1926, concerning poles, wires, and other obstructions which will give to the Department absolute control of poles, wires, or other obstructions which are to be placed on state owned right-of-way without written permission of an authorized representative the State Highway Commission and to provide penalties for the failure to remove any poles now in existence and for placing poles on rights-of-way without permission. This act also to provide penalties for cutting or trimming of roadside trees or shrubs without permission of the Department.

3. A law controlling the erection and maintenance of bill-boards or other signs on and within a reasonable distance of state owned rights-of-way similar to some of those in some of the forty-one out of the forty-eight states that have such laws.

4. An Act looking to the codification, simplification, and reduction in the number of road and motor vehicle laws.

5. A law to protect right-of-way markers, directional warnings, and detour signs, route markers, and all other signs and markers placed by this Department, and prohibiting similar signs and markers being erected for private purposes, either on or off of the State's right-of-way, without written consent of Department.

6. An Act giving to this Department authority to create trunk line boulevards with stop signs and regulations on intersecting traffic.

7. An Act giving to this Department the right to control and regulate the parking of cars in towns where the section of street or road is part of the State Highway and is maintained by the State Highway Department, and providing further that boulevard stop signs or traffic lights along such street or road shall not be erected without approval of this Department.

Shall We Be Grateful or Selfish?

Even though we have completed several thousand miles of good roads in Kentucky, there are many more thousands yet to be built, and it would be extremely ungrateful of us who are on hard surfaced roads through the generosity of the State, to cut down the revenues and prevent the liberation of the thousands and tens of thousands of good Kentuckians who are now in mud bondage and whose greatest desire is for improved roads. To turn a deaf ear to their pleadings for help for their children and families for better opportunities, for reaching their schools and churches, markets and county seats, after they have contributed their share for the building of the good roads on which we live and over which we travel with pleasure, would be more than unfair—it would be down-right selfishness. If we are to build roads we must have revenue. In my humble judgment neither the gas tax nor the motor license tax should be reduced for at least another biennial period. Let's first build the roads and then reduce the revenue.

Toll Bridges

Our last General Assembly passed one of the most progressive and forward-looking toll bridge measures devised up to that time, and it has been copied in part by other States. Moreover, it has been approved in outline by the Federal Department of Highways.

Since its passage the Highway Department, pursuant to its terms, has taken over three toll bridges, one at Clay's

Ferry, another at Munfordsville, and a third at Rio, all of which are serving the public well and have been earning splendid returns, and will soon pay for themselves and be free to the public.

New Bridges

Sometime ago the Highway Department worked out a Highway Bridge program for construction under the Murphy Act, as it is called. In this program was included some twelve or fifteen bridges; three to span the Ohio River; two or three over the Kentucky River in Central Kentucky; two over Cumberland River near Burnside; one over Clark's River; two over Green River; two over Cumberland River in Western Kentucky, and two over the Tennessee River in Western Kentucky, all estimated to cost in the neighborhood of $11,000,000.00. Recently we advertised toll bridge bonds under the Murphy Act and sold them a few days ago to a responsible association of Bonding Houses, at a price that will yield the buyer less than six per cent (6%) interest, and with this money we hope to go forward as rapidly as possible. Most of the blue print plans as well as the specifications have been prepared by the Highway Department and others are in the course of preparation. These bridges will supplant old, antiquated, dangerous, slow, expensive toll ferries which have afflicted our traveling public for generations, and will in reasonable course pay for themselves out of tolls earned and become the absolute property of the State of Kentucky, free for use by the public.

Private Bridge Concerns Object

In the carrying out of this program, the Highway Department as well as the Governor has been sued several different times by persons representing greedy, grasping, private toll bridge concerns who desire to usurp the rights of the people and to erect and own perpetual toll bridges at these several places and operate them for private gain. To this I am un-

alterably opposed, and the Highway Department has been fighting relentlessly to prevent it.

Eliminate Grade Crossings

In the interest of safety, the State and the Railroads, should join to eliminate grade crossings. The expense of this is small in comparison with the loss of life and property which such crossings inflict. If our law upon the subject is not sufficient to get quick results, it should be amended with that thought in mind.

Charitable Institutions

The State owns and operates three hospitals for the insane and one institution for the feeble-minded, and each institution is now overcrowded. The hospital at Lexington is more than one hundred years old and is inadequate for present needs. More land for farming is needed in connection with each of the hospitals for the insane. Many of the inmates are physically and mentally able to assist in the agricultural activities and the medical staff regards such work as very helpful to the patients.

The Board of Charities and Corrections has worked out a definite program of the needs of these different institutions and it no doubt will be submitted to the two Houses.

Occupational Therapy

Through experience it has been learned that occupational therapy is one of the most helpful of all methods for the treatment of patients at hospitals for the insane and feeble-minded. For some time past we have carried on this work at the several institutions with splendid success, the equipment, number of teachers and time allotted to work, considered.

It has recently come to my attention that at no one of these institutions, except that for the feeble-minded, is there sufficient class room space to carry on this work properly for all who need it; and, further, that there is not a sufficient number of teachers to handle the great number of patients.

Considering the great good that comes to the sick of mind through this wholesome and humane system of occupational therapy, I believe we should provide the necessary additional space and teachers to further this work.

Epileptic Colony

Special provision should be made for the establishment and maintenance of a farm colony for epileptics now confined in the hospitals for the insane. Most of these persons are perfectly sane except when under seizure. If placed in a separate colony on a farm, they would be largely self-sustaining and the peculiar treatment required by such patients would be more easily administered and their conditions rendered more tolerable.

Sterilization

We now have more than 600 inmates in the Feeble-minded Institute, at Frankfort. When the new hospital for colored children is ready, the number will be greatly increased. I am informed by the Superintendent of the Institution that there is now a large number of white and colored feeble-minded children on the waiting list because of insufficient room at the Institution.

Like begets like, and the great number of feeble-minded dependent children is a growing menace to the Commonwealth. Something should be done, indeed, must be done, to check the increase of those unfortunates.

Prisons

Our system of handling criminals and those charged with petty offenses after more than 100 years' experience, has proved a failure. Instead of reducing crime and lessening the prison population in the State, both have increased enormously, according to statistics. At present there are approximately 2,200 adult men and women in the prison at Frankfort, and about 800 or 900 at Eddyville. In the Reformatory at Greendale there are more than 600 boys and girls, all main-

tained, fed, clothed, housed and guarded at public expense. In addition to this, the numerous prisons of the Counties and municipalities of the State have received in the last twelve (12) months more than 40,000 offenders. The waste of manpower by confinement in prisons of so many persons is enormous. If properly utilized it would soon pay off and discharge the entire State debt. Instead of that, it heaps a burden of debt upon the backs of the taxpayers largely through an antiquated system of dealing with crime.

In my judgment we should reorganize and systematize this work, beginning with

(1): The probation of prisoners by the trial courts before or after trial;

(2): A probation and parole service for every County in the State, placed under the direction of trained, competent persons;

(3): Make all convictions indeterminate, depending upon the behavior, industry, earning power and also upon the aptitude of the prisoner in the manual training school of the institution, the academic school and the school of citizenship; no one to be paroled until he has acquired sufficient education and proficiency in a useful trade as to be self-supporting and who has manifested qualities which indicate he is prepared for citizenship;

(4): The establishment of definite school hours and study hours in the prison;

(a) Manual training for each person; all to be instructed in a useful trade or occupation;

(b) Elementary and High School work;

(c) Daily classes in school of citizenship, to each of which schools all inmates of the institution should go regularly for certain definite periods each day.

(5) That the prison day be divided into at least three parts: (1) Eight hours' labor; (2) Eight hours for sleep and rest; and, (3) Eight hours for study, class room work, sanitation and baths, manual training and citizenship.

(6) A penal farm of 1,500 or 2,000 acres on which new prison shall be erected with shops and factories and on which a trade school and school of agriculture shall be conducted;

(7) Prisoners to produce food stuff on farm for the prisons and for the State hospitals and other State institutions;

(8) Prison farm to include limestone mountain from which prisoners may prepare road material, lime for agricultural purposes on the prison farm and State Experimental Stations, and for farmers who are willing to experiment with the lime.

(9) Shops on prison farm to manufacture cloth and make it into clothing, shoes, hats, and caps, towels, bed clothing, sheets, blankets, mattresses, furniture, beds, chairs, tables, desks, doors, sash and casings, tile, concrete culverts, corrugated culverts, auto plates, road markers, and all such things as the State is buying in the open market now for use at the different institutions, Highway Department, University of Kentucky, four State Colleges and the Capitol.

This system will give employment to all the prisoners all the time, take their labor out of competition with free labor, teach them a useful trade that will make them self-sustaining when they return to society, and prepare them for citizenship when paroled.

All laws sentencing persons to prison for petty offenses for a certain number of days or months without requiring them to be employed at useful occupations, should be repealed, and instead should be enacted a law that requires every person sentenced to jail to be regularly employed at some useful occupation and not allow him to spend his time in idleness, vulgar talk, card playing and the planning of mischief.

Manufacturing at Prison

Kentucky went into the open market last year and bought materials such as might have been manufactured and produced by its own prison labor to the amount of about four

or five million dollars and has paid cash for it. It has a wide market for all the possible products of its own prison labor, and yet it has been practising such poor economy that it has allowed its convict labor to waste while it bought in the open market, thus impoverishing itself, placing the burden on taxpayers, neglecting to train its prisoners in trades and occupations, allowing them to remain idle too much of the time and releasing them in the end without an occupation to sustain them, and without having learned the lessons of industry, frugality and good citizenship which would have come to them had they been regularly and constantly employed in useful trades producing the things which the State itself requires to carry on its business. To continue the old system is poor economy, thoughtless, impotent government.

PARDONS

Since December 13, 1927, there has not been a pardon granted in a criminal case in Kentucky, a period of more than two years. This is not because I do not believe in pardons in proper cases, for I do; but, I am very much opposed to the abuse of the pardoning power and have instructed the Pardon Commissioner to examine each application and investigate each case with the utmost care, and to recommend lienency only in cases in which he is thoroughly convinced that there has been a miscarriage of justice. Sometimes this happens and in every such case a pardon should be granted, and I shall not, as Chief Executive, hestitate to exercise the power in such cases.

For the first time in the history of the State, we have worked out a system and established rules for the government of pardon cases. Under this system the alleged injured party and those interested in the prosecution must be notified by the applicant of the application for clemency. This method guarantees to the public that there will be no "slip up" in the granting of pardons. Each application must be made upon a regular printed form which is furnished free

to the applicants. In making application the prisoner must supply the Commissioner of Pardons with information concerning his case including the names of witnesses, prosecuting Attorney, County Attorney, trial Judge and the jury, together with their post office addresses. If, after a preliminary examination into the facts, the Commissioner of Pardons is convinced that there is merit in the application, he visits the scene of the crime, interviews the witnesses and talks to the judge and prosecuting attorney, members of the jury and persons who are familiar with the facts. Upon this he makes his report in writing to the Governor, briefing the case. If upon the facts he finds it necessary to recommend a pardon or commutation of sentence, he advertises in a newspaper published in the community where the crime was committed, the fact he is about to recommend to the Governor the granting of a pardon, giving the name of the defendant and calling upon those who know the facts and desire to protest against the granting of the pardon to file the same within ten days. In this way full publicity is given to the application for pardon, and the public is protected.

Only one commutation has been granted since I came into office, and that was in the case of a colored man from Hopkins County who was given the death penalty for an alleged murder and in which case the Judge, Commonwealth's Attorney, jurors, and a large number of citizens petitioned the commutation; and, after the advertisements were inserted in the newspapers of Madisonville, calling for protests, if any person desired so to do, not a single protest was entered. This commutation was also recommended by two Pardon Commissioners who investigated the case thoroughly and by Attorney General J. W. Cammack, who briefed the case for the Commonwealth.

The foregoing procedure was adopted because I believe, after several years' service on the trial bench, that the verdict of a jury and judgment of a Court are entitled to great consideration and should not be easily or for insufficient reasons

set aside. I shall, however, grant a pardon in every meritorious case presented to me.

State Parks

The State Park Commission through its Secretary has prepared and will submit its biennial report showing the activities of the Commission and the condition of the several State Parks. In the last biennial period, great improvement has been effected in the several existing parks and arrangements are progressing more or less satisfactorily for the acquisition of lands for park purposes at Carter Caves, in Carter County; Columbus-Belmont Battlefields, Hickman County; Seventy-Six Falls, in Clinton County; at the Gorge of the Big Sandy, in Pike County; at Natural Bridge, in McCreary County; at Whitley Hall, near Crab Orchard; at Dr. Thomas Walker Park, in Knox County, and in some other places possessing rare scenic beauty or historic advantages.

Mammoth Cave National Park

Of all the natural scenic values dotted about over the United States, there is perhaps none that appeals more strongly to the tourist and nature lover than Mammoth Cave and the score or more subterranean wonders in the area of the Mammoth Cave National Park for which the Congress of the United States passed an Enabling Act some four or five years ago. Every school child the world over is taught that the wonders of this region surpass all others of their kind, and his imagination is kindled with a lasting desire to explore this realm of mother earth's hidden secrets.

Recently we raised, by public subscription, approximately Eight or Nine Hundred Thousand Dollars with which the Association has acquired some 14,000 acres of land including the Mammoth Cave and other caves, all with the object of turning this over to the Federal Government, pursuant to the Act of Congress, for National Park purposes. More money is needed. At the last session of the General Assembly a bill

was passed authorizing the condemnation of lands in this region for National Park purposes. A small appropriation was made with which to make surveys, gather data and acquire lands. The appointment of a National Park Commission was authorized. This Commission through its Director has gathered a vast deal of important information concerning the region, prepared a map showing the entire proposed park area with the different tracts of land therein, names of owners, acreage, approximate value and other facts calculated to aid in the acquisition of the property for park purposes, and this information in the form of a report, accompanied by a splendid map, has been caused to be printed by the Park Commission, and you will find copies on your desk. May I commend this report and map to your special attention?

Undoubtedly the Mammoth Cave region is a great publicity asset to Kentucky. The tourist business is now appraised the biggest of any in America. There is more money spent in and through it than in any other business or occupation and it is, therefore, the most profitable. It is rapidly increasing in Kentucky and I believe that within the course of another year or so, its value to the State will exceed that of any single crop produced on our farms. We therefore should seek to cultivate and encourage the tourist business.

The great mouth of this underground wonderland is calling loudly to the turbulent, restless tourist traveler, and if we will provide the lands required for a National Park, the Federal Government will take it over, improve it, build roads and driveways, playgrounds and places of entertainment and help to focus the attention of the world upon this unparalleled underland wonderland.

It cannot fail to be a great economic advantage to the State to encourage the establishment of this National Park by providing the lands which the Federal government has suggested. It is a business proposition in which there are millions of dollars of money for Kentuckians. An appropriation to pay for the property will be necessary. Perhaps

a million dollars may be sufficient to pay for the balance of the land. And this investment will more than pay a hundred (100%) per cent dividend annually in cash and much more in educational advantages, and will grow from year to year.

I heartily recommend the passage of legislation that will provide money with which to acquire the acreage necessary to establish this National Park.

CUMBERLAND FALLS PARK

Soon after I came into office as Governor, I was visited by the representative of Senator Dupont, who, it is asserted, proposes to contribute $250,000.00 to buy Cumberland Falls and about four hundred (400) acres of land and donate it to the State of Kentucky for Park purposes, and, being interested, I inquired into the proposition and made such investigations as I could to determine its advantages. At that time I had never heard from or conferred with the representatives of the Cumberland River Power Company which then and now owns the falls property and are offering to make developments in Cumberland River near the falls and to give Cumberland Falls to the State, and in addition give a large area of land thereabouts for park purposes and $250,000.00 with which to buy the park lands. Both these propositions were presented to me for the first time in January or February, 1928.

I was born and reared not many miles from Cumberland Falls, and I know the region and the people well. The lands around the Falls are poor, hilly and rough, but picturesque.

As far back as anyone can remember these lands, though private property, have been open and free to the public, but there is no park and can never be until cleared of rubbish and made accessible. There is not now and has never been a travelable year-around highway to Cumberland Falls. Unimproved and without a surfaced highway, Cumberland Falls will continue to attract very few people even though it has

been given Nation-wide publicity in the last three or four years, as a result of a controversy between two great, rich, powerful interests, each seeking supremacy.

Looking into the merits of the two propositions, I discovered that the people who live in the region of the falls and for miles thereabouts, were very largely in favor of the developed program proposed by the Cumberland River Power Company.

PROPOSITIONS COMPARED

First:

Senator Dupont offers to give $250,000.00 cash to buy the falls and 400 acres of land—nothing more;

Second:

The Power Company offers to give:

(1) About 5,000 acres of land which it owns including the Falls, for park purposes;

(2) Two hundred and fifty thousand dollars ($250,000.00) cash with which to pay for other tracts of land already optioned to Park Commission at about five dollars per acre;

(3) A sixty foot right-of-way and to build thereon a highway from the falls to the railroad and main highway, a distance of about thirteen miles;

(4) To build a highway bridge of concrete and steel, standard width and construction, across Cumberland River and the canyon a short distance above the falls;

(5) Provide electricity for lighting the falls and recreational grounds thereabout, at night without charge;

(6) Construct a dam, about 80 feet high, across Cumberland River, about one mile above the falls, thus creating a lake about 25 miles long, in a lakeless country, which will provide fishing, boating, bathing and constitute the biggest attraction in that region;

(7) Invest approximately seven million dollars in development of power;

(8) Employ several hundred men for many months in construction of dam and tunnel;

(9) Give regular continuous employment to number of skilled men;

(10) Pay several thousand dollars annually to each of the counties of Whitley and McCreary as taxes, also school taxes.

(11) Pay thirty to fifty thousand dollars annually to Kentucky as taxes;

(12) Provide power for industrialization purposes at low rate and thus encourage business.

After carefully considering the two propositions, the State Park Commission accepted the one offering the most advantages as it believed, and entered into a written contract on October 8, 1928, with the Cumberland River Power Company, fixing the rights of the Park Commission and the State on the one side, and the duties and responsibilities of the power company on the other side. A copy of said contract with a map of the river and falls is contained in the supplement hereto.

In answer to the often repeated assertion that the falls will be destroyed by the power company, let me say that must not and will not be done. The contract specifically provides, and so will the Federal permit if granted, that the power company is not to disturb or mar the falls or the surroundings in any way, nor is it allowed to erect or maintain any turbines, machinery or wires in or about the falls. It is required however to preserve the falls and to continue the flow of water there both day and night through the entire operating period.

Forrest Fires

Our loss through forest fires each year amounts to many thousands of dollars and retards the growth and sometimes completely destroys the young timber. The Federal Government is offering cooperation to the States in protection of for-

ests against fires and we should avail ourselves of all such help.

In addition, we should strengthen our present law upon the subject so as to give maximum protection to all growing timber.

FORESTATION

As found by Daniel Boone and his companions, Kentucky was a forest of gigantic trees, the best trees for lumber such as walnut, poplar, ash, oak and lynn, are indigenous to this soil and much pine and hemlock were originally found in certain regions of the State. Our forests are now mostly cut away and what remains is rapidly passing. This has exposed us to the terror of floods and to the wasting of soil through erosion. At present we have thousands of acres of worn out land which could easily be restored through reforestation and our timber supply would be replenished and dangers from floods lessened.

It is my information that the State has bought in at tax sales and now owns many thousands of tracts of land scattered throughout the State, much of which is thin, worn, unproductive property, but it can be planted to forests and made to produce big profits from the growth and at the same time serve useful purposes. Being the owner, the State receives no taxes from this property.

The title to these lands, now the property of the State, should be perfected and quieted in the Commonwealth as rapidly as possible and then devoted to forestation, flood control, park and recreational purposes, bird and game sanctuaries, and placed directly under the supervision of some existing department, and the fire wardens instructed to protect the forests against fires, and the Game and Fish wardens to protect the wild life.

In addition we should work out a plan by which owners of cut-over and worn land may, by contract with the State, lease such lands for forestation and wild life sanctuaries to

a State agency, the owner being released from taxes on the property and dividing the timber crop with the State in lieu of taxes.

Such a policy will insure the State an ample timber supply, make wild life abundant as well as give us an extended Park system which will enable us to enjoy a larger share of prosperity coming from the tourist business and will at the same time remove a lot of low grade farming land from competition in that over-worked field, increase our wealth in timber, afford protection against floods and provide sanctuaries for the wild life which was once so abundant here and which will be so again when given a chance.

Public Schools

Our free public schools should have, and no doubt will receive all the assistance that the General Assembly can reasonably give. A large part of our children never have opportunity to attend any other school and, therefore, the education of our people largely depends upon the efficiency of our teachers and the organization and effectiveness of our free schools. Large as has been our contribution to public education in Kentucky, it should be increased and our public school system given more financial support and closer supervision, direction and organization by the State if we are to get the best results. The State will pay to its Educational Department, teachers, superintendents and educators, this year the goodly sum of approximately Eleven Million Dollars which is about thirty (30%) per cent of all the money collected by the State from all sources.

The average Public School teacher does not now receive and has never received fair compensation for services performed, while teachers in the poorer districts and counties have hardly received enough compensation to pay their meager living expenses. This is unfair treatment and ruinous economy. It is reflected in the poor class room work, poor organization and the poor results. We should either amend our

Constitution so that the school funds of the State generally may be distributed to the various school districts of the State according to population and need; or, we should establish a substantial equalization fund through which the teachers' salaries may be supplemented and made reasonably adequate, the services considered.

PUBLIC SCHOOL PROGRAM

In this connection allow me to suggest the following program for the betterment of the free public schools of our State:

(1) Increased appropriation for public education;

(2) Free Textbooks;

(3) Equal pay for County and City teachers of equal training;

(4) Equalization and stimulation fund for the benefit of the poorer counties to be administered by the State Board of Education;

(5) Equal length of terms—nine months—for County and City Schools;

(6) Standardization of Elementary School plants and equipments;

(7) Strong, inevasible Truancy Law; based on minimum achievements and not on age so that no student can escape the law who has not accomplished certain school work.

COLORED TEACHERS' COLLEGE

Only two schools for the training of colored teachers are maintained by the State; one at Frankfort and the other at Paducah. Last session fairly liberal appropriations were made for each, and splendid dormitory buildings were erected on the ground of each.

Since our school law requires the same standards of education for teachers in colored schools as of the white, it is necessary to have at least one standard College for colored people in the State so that teachers may not be compelled to

leave Kentucky in order to qualify themselves as principals and superintendents of high schools. To that end, arrangements have been worked out by which the Industrial College for colored people at Frankfort shall be raised to a standard college. This will require a more complete library; more equipment for scientific laboratory some re-arrangement of the class rooms and perhaps an additional building, all of which should be provided.

The institution at Paducah for colored people needs and should have an additional buildng for class room work as well as better library and laboratory facilities.

Higher Education

The State now owns and maintains five (5) separate Educational institutions of high standard for white people; The University of Kentucky, at Lexington; Eastern State College, Richmond; Western State College, Bowling Green; Murray State College, Murray, and Morehead State College, Morehead, the total average attendance of which now numbers approximately eight (8,000) thousand. From information I am convinced that each of these schools is doing splendid work and deserves well of the State. Any young man or woman can attend either of these institutions at comparatively little expense, and this is as it should be.

To continue these institutions upon the same high plane and increase their attendance, efficiency and usefulness to the State, we should continue our liberal financial support, and this I am quite sure will be the desire of the members of the General Assembly.

Textbook Changes

Ordinarily a change in textbooks is an expensive thing to the people and is only profitable to the publishers. At the present, however, we have an old adoption which has expired and we are now running with the old books most of which are out of date—obsolete, worn, unsightly and insanitary. A

visit to a country school room will prove this statement. If the old books, or any part of them, should be re-adopted under the present law, the adoption would be of the old books in the same form as when adopted several years ago and not of a revised edition thereof; the law so requires it. Inasmuch as books now in the hands of the pupils are old and worn and it will be necessary to buy new books under any adoption, would it not be wise to buy an up-to-date book of approved character upon each subject? Then, too, the price paid for the old book and which would have to be paid if the same book is bought again, is almost twice as high as a book of better quality and more modern on the same subject would cost today if bought under the Free Textbook Act. Hence, it would be economy for the State to make a complete adoption for all elementary grades.

MONEY FOR FREE TEXTBOOK

The last General Assembly wisely passed a free Textbook law which the highest Court of Kentucky has upheld as constitutional.

No funds with which to pay for the books were appropriated and the Court of Appeals held that the children of Kentucky must wait for free textbooks until this General Assembly should meet and provide the necessary revenue.

There are many reasons why this should be done. Every progressive State in the Union now provides free textbooks for its children. The Government of the United States for the last several years, has provided free textbooks for the children in the Elementary grades in the District of Columbia, and Congress is now about to amend that law so as to provide free textbooks for all pupils in both the elementary schools and in the High Schools of the District of Columbia, and in addition give all other supplies including pencils, tablets, etc., at the expense of the National government, a part of which expense the people of Kentucky pay. If free books are so good for the District of Columbia and we must help pay for them, why not let our own boys and girls have them?

It is not a political question, for both Democrats and Republicans in Congress in the House and Senate voted for free textbooks in the District of Columbia, and States both north and south have adopted the system. Only a few nights ago I heard the Governor of Louisiana broadcasting from a Station in Shreveport, in which he told of the advantages of free textbooks in Louisiana, and lauded the system.

The biggest asset of our State is its fine young girls and boys. Most of these are born of poor parents and in humble homes, for the wealthy class have long ago learned birth control and but few children are found in palaces. It follows, therefore, that the burden of textbooks falls on the backs of poor families, the tenants, section men, shop workers, miners, farmers and laboring people, while the corporate wealth which is large and the rich individual contribute nothing.

Is this fair? All taxpayers contribute to the pay of teachers, to the building of school houses, and other school purposes. Why not let them contribute in like manner to textbooks? Let me say that free textbooks do not increase the tax burden. Books must be bought with money taken from the pockets of the individual and paid at the book store, or paid in less amount in the form of taxes, to which the corporations and other taxpayers besides parents will contribute. What is the difference between paying for the books in the form of taxes as you pay for other school supplies, and paying it directly to the book store, except that you must pay more to the book store than would be required in taxes. Considered from any and every angle the money the parent pays for textbooks for his children is a direct tax upon him which he cannot avoid because the law requires him to send his children to school, penalizes him if he does not, and at the same time specifies the books he must buy and the prices he shall pay. Why should all the burden of that part of the education of boys and girls which comes from textbooks be lashed upon the backs of parents who generally are hard

pressed to feed, cloth and care for a large family, the future citizens, soldiers and defenders of the country.

Besides, to pursue the old plan by which the individual buys the books is the worst kind of economy; in fact, it is an extravagance of the most deplorable type. For example, the Spelling book now in use costs the parents fifty (50c) cents. A better Spelling book can be provided by the State for less money than half that price, and so with all other books.

The Textbook Commission in last April made an adoption under the existing free text book law, and contracted for and purchased the highest type of textbook upon each subject taught in the grades. In that adoption we saved on Arithmetics alone $111,602.93 over the price you are now paying; on Drawing Books we saved $38,223.72; Physiologies $54,884.58; on Readers, $182,748.82; on History, Geography and Civics $348,212.92, and upon other books a like saving, making a total saving of more than $1,200,000.00 for the first year, and an enormous savings for each subsequent year of the adoption, and these books so selected and adopted were the best ever offered the children of Kentucky.

This adoption was set aside upon a technicality through one of the many lawsuits which have been instituted to obstruct free textbooks. The only sound, sane, sensible economic way to buy textbooks for the 600,000 children of Kentucky is to buy them at wholesale and save more than one-half the cost which the parents are now paying and will have to pay if not purchased by the State and let the corporate wealth of the State bear part of the burden.

For these and other reasons, I hope and trust that the General Assembly will make provisions for the $700,000 or $800,000.00 necessary to buy the free textbooks provided for by the Act of 1928.

More Doctors for Rural Communities

The scarcity of physicians and general practitioners in the rural communities of the State has become so acute as to

make it alarming. Most of the large cites are crowded with splendid talent along the various lines but this does not prevail in the country, especially outside the county seats and towns. A few years ago every county had in it a number of physicians devoting their time exclusively to country practice. There are many communities in the State now where it is twenty or more miles to the nearest physician, and this is discouraging to the inhabitants, especially where the roads are not good.

Under present conditions the expense and time required for a young man to finish a course in medicine is so great as to discourage all but those who can obtain considerable financial aid. Many otherwise fine young prospects are thus prevented from entering the profession and this accounts for the scarcity of country physicians.

To remedy this situation I suggest that at least one medical college be established at one of our five State educational institutions and that it be operated either in connection with an existing hospital or that a hospital suitable for such purposes be erected at the expense of the State where medical students may have hospital experience.

Promising prospects both young men and young women will be invited and encouraged to attend this school of medicine maintained by the State with the understanding and agreement on the part of the student that he or she will return to his home community in the country, after graduation, and locate and take up the practice of his profession among neighbors and continue thereat for a definite number of years. In this way in the course of a few years the State will be supplied with well trained, capable young physicians.

Constitutional Convention

Our archaic State Constitution, overlaid with amendments, should, in my judgment, be re-written. If in the wisdom of the Assembly, such action would be advantageous to the State, the necessary steps provided by the constitution for the calling of a constitutional convention should be taken.

Crippled Children's Commission

For some years past, this organization has been struggling to obtain enough funds to straighten and adjust, through surgical operation, the limbs of the unfortunate crippled children of the State and have succeeded beautifully. The Commission devotes its time without pay. The State has contributed approximately $100,000.00 per year. Many lame children have been the beneficiaries of the efforts of this Commission, and many others are awaiting surgical operations, care and treatment. A larger appropriation is asked.

The work commends itself.

Respect for Law

Respect for law is ebbing throughout the country. This is a bad omen. No doubt this is due in part to lax law enforcement and partly to the antiquated system of handling prisoners at our penal institutions.

Courts should be encouraged to uphold and enforce the law according to its letter and spirit, and public officials, especially peace officers, should be authorized to use reasonable means in apprehending criminals and afterwards protected in the performance of their duty.

Mob Violence

Mob violence is inexcusable in all cases and the failure of public officials, such as sheriffs and jailers, to protect prisoners charged with crime from mob violence, no difference how large or threatening the mob, should be grounds for removal from office instanter.

A recent case or two has happened in our State which makes us hang our heads in shame. The law should be strengthened so that when a jailer or sheriff under any circumstances allows a mob to take a prisoner the officer ipso facto passes out of office.

Re-Districting

Can the General Assembly longer ignore the plain mandate of the Constitution of Kentucky, contained in Section 33, which unequivocally directs the General Assembly to "divide the state into thirty-eight Senatorial districts, and one hundred Representative districts, as nearly equal in population as may be without dividing any county, except where a county may include more than one district, which district shall constitute the Senatorial and Representative districts for ten years. At the expiration of that time, the General Assembly shall then, and every ten years thereafter, redistrict the State, according to this rule."

The State has not been redistricted since 1918, and some of our legislative districts have several times as much population as others, the unfairness of which is too obvious to require comment.

Work of Geological Department

In the last biennial period the Geological Department has industriously prosecuted the work of topographically mapping, classifying, geologizing and surveying regions of the State, not heretofore covered by this work, and in doing so has completed about 70% of the State topographically and all but about thirty-five counties geologically, all of which is shown on a splendid new map in colors recently brought out by the Department.

I am informed that no State in the Union has accomplished more through its Geological Survey in the period mentioned than has Kentucky, and it is confidently asserted by the Department that the work can be fully completed in the coming biennial period if reasonable appropriation therefor is made by the General Assembly.

Aviation

Aviation is the coming big program and Kentucky must keep abreast with the times. Our neighboring states have already launched upon legislative aviation programs.

We should enact such legislation as will encourage the establishment of air ports in all parts of the State, and such as will tend to encourage commercial aviation both in the transportation of passengers and mail and express.

One of the most needed measures is one requiring pilots to undergo both physical and mental examinations and obtain a license before engaging in the business of conducting airoplanes.

Farm Relief

The Federal Government has been doing its utmost to encourage farmers and has passed farm relief measures, one of which created a new Farm Board with wide powers. The example is fine, and if there is anything that the General Assembly can do for the advancement of agriculture through legislation, I know it will find pleasure in giving the subject careful consideration.

Water Power

Development of the tremendous water power of our rivers now unused in large measures, should be encouraged.

Nevertheless, the operating companies should be properly regulated and controlled for the good of the State and the protection of the people.

Tourist Business

The tourist business is the biggest of all businesses in America. Motorists paid four hundred and fifteen (415) million dollars in gas tax in 1929, and this was devoted to road construction.

Tourists spend millions wherever they go. Americans like to motor and to motor fast. It is invigorating. It is estimated that this year we will travel one hundred and fifty-six (156) thousand million miles on good roads, and we will scatter over the country through which we motor more than a billion dollars at hotels, restaurants, rooming houses, stores, cold drink stands and other places.

It is good business. We should invite tourists to come to Kentucky and when they come, show them a hospitably good time and keep them as long as possible. It pays in more than one way.

Statues of Henry Clay and Ephriam McDowell

Through the generosity of the artist and sculptor, we have now stored away in the basement of this capitol, plaster casts from which the bronze statues of our great statesman Henry Clay and our first great surgeon, Ephriam McDowell were made for erection in the Federal capitol at Washington.

From these casts can be made at small expense duplicates of the Washington statues, and they would adorn the rotunda of this Capitol if placed there.

Better Traffic Rates

A recent survey made by traffic experts and the Bureau of Business Research of the University of Kentucky, in connection with the complaint of discrimination brought by the State of Kentucky before the Interstate Commerce Commission, shows:

Freight rates in Kentucky on raw materials and agricultural products are generally higher, and freight rates on manufactured products are very much higher than the rates of surrounding States. Operating conditons on Kentucky railroads do not justify these higher freight rates.

The Railroad Commission of Kentucky should be granted authority equal to that given the Federal and surrounding State commissions in their respective jurisdictions and additional appropriations to properly administer such law and to continue to represent the State in interstate matters before the Interstate Commerce Commission.

Chain Stores

Many of our old, substantial, independent merchants have been and are being driven out of business by the activi-

ties of the chain store organizations, which like great octopuses are reaching their long viper-like tentacles into every nook and corner of our country to suck the life blood from our home people engaged in business. Many, if not all, of these concerns are owned by foreign capital, are operated from foreign offices; pay little or no taxes, deposit their moneys only temporarily in our banks and move it on to headquarters through the next mail, pay low salaries, sell inferior goods, give short weight and measure, fight our local business people, invest in no property, and prey upon the public in divers and sundry ways, all to their great profit and to the hurt of our people who pay the taxes. These organizations are not bearing their fair share of the burden of the government, but are enjoying an unreasonable share of the profits from business.

Some method should be devised by which these conditions can be speedily remedied, and I recommend the appointment of a committee from each house for the study of this subject and recommendation of suitable legislation at this term.

More Office Space is Needed

The partial destruction by fire of one of the Old Capitol buildings some months ago, left no suitable office space for several large departments of State and space in private buildings was rented. The Highway Department, being without quarters, hurriedly constructed a one story brick building near the old State garage which is now being used as its office and is intended for garage purposes some time in the future.

The partially destroyed building could be and perhaps should be restored. On it we carried fire insurance and have collected therefrom $50,000.00. All space in both the new and old Capitol buildings have been overcrowded for years. Space for filing valuable new and old records is required. The situation will become more acute from year to year.

Perhaps it would be wise to erect a new modern fireproof office building, six or eight stories high, on grounds back of the new Capitol Building, in which may be housed those departments of State which are now renting space in private buildings. This could be done without the immediate expenditure of a large sum by adopting the plan which is employed by the University of Kentucky in building dormitories on its campus under an Act passed by the General Assembly at a recent session, whereby the cost is amortized and met by rents which would otherwise be paid to private individuals for office space.

Proposed Chicago Exposition

Before another General Assembly meets here, Kentucky will likely be asked to participate in a new World's Fair at Chicago and to supply an exhibition of Kentucky products and resources. If this request is to be met, provisions should be made at this session.

Annual Exposition in Business and Financial Centers

Kentucky is such a storehouse of natural wealth, largely undeveloped, that it would no doubt prove very profitable to us to put on annually a week or more Exhibition in New York, Chicago, Cleveland, Detroit, and other financial and business centers for the purpose of advertising our mineral resources, timber products, farm products, tobacco, fruits and other things in which we excel. Other States, even foreign countries, are doing this to their advantage. Municipalities are providing appropriations for like purposes, and I believe Kentucky could well afford to encourage and promote such displays of our resources and advantages.

Dignity of Labor

The problems of the toiling masses should be given careful consideration and the burdens of labor made as light as possible. To this end I recommend that the General Assem-

bly give patient hearing and careful consideration to suggestions of the friends of labor concerning legislation directly affecting this great group.

Useless Jobs Should Be Abolished

The taxpayers should be relieved of the burden of salaries to persons holding useless jobs. I am informed there are several such jobs around the Capitol over which I have no control and which could be and should be abolished, without injury to the service of the State. Some of these job holders, I am informed, scarcely ever come to the office or perform any service whatever for the State.

Some years before I came into office there was created the office of Executive Inspector for the Highway Department and the appointment lodged with the Governor. I have watched the different incumbents of this office, and some time ago reached the conclusion that while the position is good in theory, it is in fact of no real service to either the Governor or to the Highway Department. I have, therefore, decided that it could be abolished, and to that end have caused it to be vacated and it is now vacant, and although it is one of the best pieces of patronage, viewed from a patronage standpoint, to which the Governor may lay claim, it is not worth to the State the amount it costs. I, therefore, recommend that you abolish the office of Executive Inspector.

What other departmental head will recommend the abolition of a good salaried job exclusively under his jurisdiction? Let him speak now.

Department of Mines

This Department has been re-organized and is functioning to the satisfaction of both the producer and the miners. Its powers however should be broadened and its authority extended to take in oil and gas operations, especially where they interfere with coal operations.

It has been suggested and it is hard to see why the operators of mines inspected by the Department should not pay the cost of the inspection just as the banker pays the cost of an examination of his banks by the Department of Banking, or the hotel pays a fee to the Board of Health for inspection.

This would save the State a large sum of money each year and the burden would be placed upon those who are served by the Department of Mines.

Progress Commission

With its great natural resources and advantages, Kentucky should have started a campaign to publicize its wealth years ago, but it failed to do so until 1928, when the General Assembly created the "Kentucky Progress Commission," composed of twelve (12) members appointed by the Governor who give their time and valuable service without compensation. This body was authorized to organize the Kentucky Progress Associaton and to receive memberships.

In naming the Commission I selected twelve (12) of the highest type business men of whom I knew, located in different sections of the State and who had evidenced their fitness by civic progressiveness. This Commission has accomplished splendid results and deserves well of the General Assembly.

Dairying

One of the big as well as profitable industries of the State is dairying. Perhaps no State in the Union is better suited to the production of milk, butter and cheese than Kentucky, but it is only recently that we have discovered this and have begun to increase our dairy herds and to make it a profitable business.

The Dairy Organization of the State now finds need of wider markets for its products and in order to have access to these markets it must raise the standards of inspection and certification. It now asks that the General Assembly

enact laws, fixing the standards and authorizing the Board of Health of Kentucky to enforce the same and certify to the purity of the products so that they may be shipped into any and all markets.

Supplement

Some of the more important documents, recommendations, reports and contracts which are referred to herein, are collected and attached hereto as a supplement for the information of the General Assembly.

Conclusion

Kentucky is a land of promise and of opportunity. Recently our people have caught a new vision of its potentialities and possibilities and are starting out enthusiastically to attract capital, business and enterprise to our State in an effort to industrialize it so that our ambitious youth may be employed at home instead of seeking a livilihood in foreign States. Too many of our fine young men and women have been forced to leave Kentucky to woo the goddess of fortune in strange lands, and we lost them. Through organization and cooperation we can silence the knockers and maligners of our State and our people, induce new business, foster new enterprises and make the Blue Grass State so attractive and such a good place in which to do business that not only will wandering Kentuckians return and abide at home but we will get other thousands of industrious, active, enterprising, worthwhile citizens who will join with us in the development of the natural resources and advantages of the State and make of it what the Creator of the Universe intended it to be, a great combination agricultural and industrial Empire, occupied and ruled by prosperous, happy and contented people.

To the General Assembly I offer assistance and hearty cooperation, and, felicitating you upon your great opportunity of service to the people, pray the God of wisdom and love

ever preside over your deliberations and guide and direct you. To Kentucky and its new program I pledge unswervingly my enthusiastic, loyal, devoted support to the end.

Never since the coming of white men to this region has unity of action and cooperation been more to be desired.

Rising to the higher levels of compassionate Brotherhood, may we as did our illustrious fathers, most earnestly and reverently invoke the spirit of Kentucky's motto

"United We Stand,
Divided We Fall,"

than which there is no better or truer.

Respectfully submitted,

FLEM D. SAMPSON, *Governor*
Commonwealth of Kentucky.

SUPPLEMENT TO THE MESSAGE OF GOVERNOR SAMPSON

Delivered to the General Assembly January 14, 1930, Frankfort, Kentucky

KENTUCKY'S PROGRAM

The new spirit in Kentucky is working through the Progress Commission and other agencies to accomplish many good things for the State, among them the following:

(1) Promotion of genuine good will, friendship, brotherhood and co-operation among our people—the deposing of partisanship, corrupt, dirty politics, jealousy and envy, so that all our people of every section of the State may join heartily and co-operatively in this timely, energtic movement for a better Kentucky for everybody;

(2) The completion and realization of the Mammoth Cave National Park project;

(3) Acquisition of extensive State Parks and game and bird refuges, including a large well-developed lake and public park at Cumberland Falls, with the falls preserved.

(4) The construction of standard gauge steel and concrete highway bridges over all important streams crossed by trunk line thoroughfares;

(5) Free Textbooks of the best quality, the highest educational standards, at a saving of hundreds of thousands of dollars per year to the people;

(6) Completed highways into every section of the State;

(7) Establishment of the most important thoroughbred horse market in the world, located in the center of the Bluegrass region:

(8) New traffic structures with freight rates more equitable to Kentucky industry;

(9) Improved and facilitated water transportation.

(10) Increased dairying in all its aspects;

(11) New modern cement plant producing super-cement;

(12) More Kentucky tobacco in Kentucky manufacturing plants;

(13) A better organized and coordinated State government operating more efficiently at less expense, fostering and encouraging progress and construction that will develop our national resources and advantages;

(14) The inauguration of an attractively compelling, gripping publicity campaign for Kentucky with a definite and sufficient means of continuing it permanently;

(15) Exploitation of our natural resources, agricultural advantages and the development of our water power potentialties;

(16) The establishment of a modern exposition of Kentucky resources and products, in New York, Chicago, Detroit, Cleveland and other industrial and financial centers of the north and east, for brief periods each year, through which to enlist the interest of capital and industrial enterprise; and

(17) A definite and extended program of forestation for

all sections of the State as a means of replenishing our diminished timber supply and as a protection against soil erosion and floods, all important. The timber has been largely removed from all parts of the State and the soil somewhat depleted. This land should be replanted to timber trees and thus made to return a profit.

Many thousands of acres of land scattered everywhere is taken over each year by the State at tax sales and later bought from the auditor by individuals and companies for speculation. All lands so acquired by the State, after a reasonable period for redemption by the real owner, should become the permanent property of the State and thereafter be devoted to forestation, game and bird sanctuaries and park purposes, all for the public good. This will add greatly to the wealth of Kentucky and afford places of recreation, preserve wild life and be ever ready protection against floods. Forests are a growing source of wealth and will build the soil and beautify the landscape.

CUMBERLAND FALLS CONTRACT

THIS AGREEMENT, between Kentucky State Park Commission, a corporation created by Act of the General Assembly of Kentucky (hereinafter referred to as the "Park Commission"), of the first part, and Cumberland River Power Company, a corporation organized under the laws of the State of Delaware (hereinafter referred to as the "Company"), of the second part,

Witnesseth:

The Company owns certain lands in Whitley and McCreary Counties, Kentucky, including Cumberland Falls in Cumberland River, at and on which lands the Company proposed to construct in said Cumberland River, near Cumberland Falls, a dam and power plant and other structures for the purpose of generating electrical energy by water power. A map showing the location of the river, falls and proposed

dam and power plant, is attached hereto and made a part hereof, marked Exhibit "A." The development of this project is contingent upon the acquisition by the Company of a license satisfactory to it from the Federal Power Commission, which license is now the subject of an application pending before said Power Commission.

The Park Commission is interested in the preservation of the scenic beauty of the Falls and adjacent area, and it is also interested in the acquisition of a large acreage of land at and near the Falls for the establishment of a State Park for the benefit of the public generally.

In consideration of the promises and of the mutual covenants hereinafter contained, it is agreed between the parties hereto as follows:

One: The Park Commission shall lend its friendly cooperation and assistance to the Company in obtaining from the Federal Power Commission the license for which it has applied, and, subject to compliance with the terms and conditions hereof, consents to the construction by the Company of the dam and power plant according to the plans and specifications now on file with the Federal Power Commission; and the Company obligates itself to proceed forthwith with the construction of such dam and power house and to prosecute the work to completion with diligence, if and when a license satisfactory in terms to the Company, but containing the provisions in this contract provided for, is granted by the Federal Power Commission for the construction of such dam and power plant in accordance with the plans and specifications now on file with such Commission by the Company.

Two: The Company consents and agrees that the license shall contain a condition that the proposed dam be built in the Cumberland river not less than thirty-five hundred (3,500) feet up stream from the Cumberland Falls and beyond the view of a person standing at the Falls, and those conditions shall be faithfully kept and performed by the Company in the location and construction of the dam.

Three: The Company consents and agrees that the license shall contain a condition that the power plant shall be located at a point not less than four thousand (4000) feet down stream from the Falls and beyond the view of a person standing at the Falls, and those conditions shall be faithfully

kept and performed by the Company in the location and construction of the power plant.

Four: The Company consents and agrees that the license shall contain the following conditions:

> "At all times when water is not flowing over and past Cumberland Falls in volume in excess of ten thousand (10,000) gallons per minute the Company shall release for the purpose of the maintenance of such flow at least ten thousand (10,000) gallons of water per minute, day and night," and these conditions shall be faithfully kept and performed by the Company.

Five: A certain area of land which will include the Falls, the lake created by the dam and a portion of the waters of Cumberland River, will be defined in the license as the "Project Area," the title of which shall rest in the Company, but the Company consents and agrees that the license shall contain the following provisions:

> "Except when exclusion of the public is necessary to protect life or health or to prevent interference with the construction or operation of the power plant, all lands within the 'Project Area' shall be open and free to the public at all times. Such free access shall include the reservoir created by the dam and the right of fishing, bathing and boating therein and thereon. Under such regulations and upon such reasonable terms as may be fixed by the Park Commission, subject to the approval of the Company, the Park Commission may permit the erection of places of entertainment, play grounds, hotels and taverns, camps and cottages along the shores of the reservoir, or elsewhere on the 'Project Area,' and may grant to the owners thereof free access thereto and to the reservoir, subject in all cases, however, to any damage by overflow or otherwise from the maintenance and operation of the dam and power plant.

"No timber shall be cut or taken from the 'Project Area' by the Company at any time without the consent of the Park Commission, except to the extent that the by overflow or otherwise from the maintenance and operation of the dam and power plant.

Six: The Company agrees to and shall pay to the Park Commission, or upon its order, the sum of Two Hundred and Fifty Thousand Dollars ($250,000.00), with which the Park Commission shall acquire lands for State Park purposes or which may be used by the Park Commission in creating and developing a State Park and game preserve in the immediate vicinity of Cumberland Falls or for the construction or improvement of roads and highways, to and through said area. This payment is subject to the following modifications and conditions:

"(a) From said sum of Two Hundred and Fifty Thousand Dollars ($250,000.00), there shall be deducted the value of the lands and waters within the project area as defined in the license, which value for the purposes of this agreement alone shall be deemed to be the same price per acre as the average price paid by the Park Commission for all other lands acquired by it for Park purposes as aforesaid. In other words, and by way of illustration, if the project area shall contain four thousand (4,000) acres of land, and if the average price paid by the Park Commission for lands acquired by it for the purpose of this Park shall be Five Dollars ($5.00) per acre, then the cash to be paid to the Park Commission under this section of this contract would be the sum of Two Hundred and Fifty Thousand Dollars ($250,000.00), less the sum of Twenty Thousand Dollars ($20,000.00), or a net amount of Two Hundred and Thirty Thousand Dollars ($230,000.00).

"(b) Payment by the Company of any sum under this Paragraph Six is conditioned upon the acquisition

by the Company of a satisfactory license as provided in Section One. If and when a satisfactory license has been granted by the Federal Power Commission, the Company shall advance from time to time upon the order of the State Park Commission funds for the purchase of land for park purposes so long as the Company is not prevented by litigation or causes beyond its control from proceeding with the construction of the project. It is agreed that title to such land shall, in all cases, be taken in the name of 'Kentucky State Park Commission, upon terms whereby such land so purchased shall be conveyed by the Park Commission to the Company in the event the completion of the project is prevented for the reasons hereinabove enumerated; provided that each and every grantor of the Park Commission, his heirs, assigns or successors, shall have the privilege, within sixty (60) days after notice, of returning the money paid to him or it by the Park Commission for the lands and demand and have a reconveyance of the land by the Park Commission to him, or it, in which event the Company shall receive from the Park Commission the sum of money thus returned, and the Company shall not be entitled to the conveyance of said land but only to said money.

"(c) All payments by the Company under this section shall be made when and only upon the formal order of the Park Commission, signed by its Chairman and Secretary, and subject to the provisions of subsection (b) of this Paragraph Six, and shall be made when and as needed by the Park Commission for the purposes mentioned."

Seven: In the construction of the project and incidental thereto, it is contemplated that the Company will acquire a right-of-way not less than sixty (60) feet in width, wherever practical to do so, and the cost thereof is not exorbitant, and construct a temporary railroad from a point at or near Cum-

berland Falls Station on the Southern Railroad to a point at or near the site of the project; and it is also contemplated that the Company will construct over the same right-of-way such roadway for vehicular traffic as may be necessary for its own purposes in connection with the construction of the project.

It is contemplated that, so far as practical construction will permit, the existing county road will be used wherever the route of the proposed road and the existing county road follow the same course, provided the necessary consents for the use of the county road are granted.

Upon completion of the construction of the project, the Company will remove the railroad tracks and ties and will convey to the Commonwealth of Kentucky, or to the State Highway Commission, by deed, any right-of-way acquired and owned by the Company for railroad and road purposes, as aforesaid, and will turn over to the Commonwealth, or Highway Commission, all ballast and mental of every character and kind that may then be upon said railroad and highway, and will have and leave said highway in reasonably good condition for travel at the time it is turned over to the Highway Commission.

Eight: The Company agrees to so conduct the work of constructing the dam and power plant as to disturb as little as possible, the scenic beauty of the region around the Falls between the dam and the power plant, and no trees or shrubs are to be cut or destroyed in this region except where necessary to make way for construction, and the boulders and rocks below the dam and along the river, including the cliffs on either side down to the power plant below the Falls, shall be preserved in their natural state, so far as consistent with the practical construction of tunnel and power house.

Nine: It is contemplated that the construction and operation of the dam and power plant will necessitate the construction of a highway bridge over Cumberland River, at the dam, and the Company agrees, at its own expense, to con-

struct such river bridge, sixteen (16) feet in width, of steel or concrete, or both, over the crest of the dam, or near the dam, and to turn the use of same over to the State Highway Commission as a highway bridge to be maintained by said Commission and used as a highway bridge, free to the public; provided, that the Company shall have the right at all times, at its expense, to maintain and operate on and in said highway bridge, cable ways, tracks, cranes, racks, flood gates and other necessary equipment, all or any of which, if installed by the Company, shall be so located and arranged on the edge and floor of the bridge as not to interfere with the free use of the bridge by vehicles when the crane is not in operation, and so as to allow the free use of one-half of the width of the bridge by vehicles even while the crane is in operation.

Ten: The Company agrees that when the dam, tunnel and power plant are completed in the usual course of construction, it shall immediately proceed with the work of removing all shacks and other unsightly structures from the premises, and exercise reasonable care to restore the region in and around the dam and power plant to its natural condition, giving the entire premises a pleasing appearance.

Eleven: The Park Commission shall at all times have complete charge of Cumberland Falls, and the public shall have free and uninterrupted access thereto, day and night, for recreational and park purposes. The Company shall not use or employ Cumberland Falls in its business, or mar, or in any way change the physical structure of said Falls, or erect or maintain any turbine machinery or structure in or under said Falls.

Twelve: The Company agrees to remove all timber, shrubs, logs and brush from the lands which will be included in the reservoir so as to leave same reasonably clear.

Thirteen: On request of the State Park Commission, the Company agrees to provide a reasonable amount of electrical energy for the illumination of the Falls, recreational grounds

and places of entertainment within the Park Area and within a distance of Twenty-Five Hundred (2,500) foot of the Falls, without charge to the Park Commission, provided said places are not operated by the Park Commission, or any one, for profit, and are free and open to the public.

Fourteen: The Company agrees that the trees and shrubbery growing wild over the territory at the point where the tunnel is proposed to be constructed shall be preserved, and no timber upon the hills immediately surrounding the Falls shall be cut or destroyed, except when reasonably required for the construction of the project.

Witnesses the signatures of the parties hereto this 8th day of October, 1928.

A NATURAL PARK AT MAMMOTH CAVE

The Mammoth Cave area lies in the very heart of Kentucky—occupying portions of Edmonson, Hart and Barren counties, easily accessible from all portions of the State, as well as from surrounding states. It is only 96 miles by good road from Louisville, about the same distance from Nashville, Tenn., and lies near the center of American population. Within easy reach by automobile and railroad are Chicago, New

York, Boston, New Orleans, Philadelphia, Baltimore, Washington, Richmond, Memphis, Atlanta, Birmingham, St. Louis, Indianapolis, Detroit, Cleveland, Pittsburg, Cincinnati and the other great population centers of the East. It is in the very midst of prosperous and thickly populated states, the residents of which have learned to love travel, and who are willing to spend generously to see that which appeals to them.

The area included in the Mammoth Cave National Park consists of 70,618 acres, but the government will accept a minimum 46,000 acres and take over the property and improve it for park purposes. While desirable the acreage does not have to be contiguous. The Department of the Interior has compiled certain information and figures concerning other National parks, all of which are located in the far west, which are as follows:

Rocky Mountain National Park was established in 1915, and was visited by 31,000 tourists that year; in 1926 it received 225,027 tourists, an increase of 200,000 in eleven (11) years.

The Grand Canyon National Park was established in 1919, and received 37,745 visitors that year, while in 1926 it had 140,252 tourists.

LaFayette National Park, located in the State of Maine, was established in 1919, had 64,000 visitors the first year, while in 1926 it had 101,256 visitors.

Yellowstone Park was established in 1908, and received 19,542 visitors that year, and in 1926 there were 187,807 visitors.

Yosemite had 8,550 visitors in 1908, and 274,209 visitors in 1926.

Crater Lake Park had only 5,275 in 1908, and 86,019, in 1926, while Mt. Ranier Park had 2,826 visitors in 1908, and 161,796 visitors in 1926.

One of these parks took in $24,479,600 in a single year, and this does not take into consideration money spent by visi-

tors in other parts of the State the same year which was greater than that spent in the Park.

Figures for 1927, 1928 and 1929, show the attendance at these parks much greater and the returns much more important—the profits. So will it be with Mammoth Cave when established and running. It will pay for itself each year and the people of Kentucky will get the results and will have the opportunity of meeting thousands of fine people from different parts of the Nation and we will add thousands of new citizens to the State because no one can visit Kentucky without being charmed by its beauty and wealth, and want to live here.

The Mammoth Cave National Park is Kentucky's big opportunity. It is an investment that will bring big returns in different ways. If we fail to rise to the emergency and acquire this property and establish this Park forthwith, we are losing a great opportunity, demonstrating our want of interest in our own State, proving our lack of business acumen, denying our State a fair opportunity to do its best, and we will suffer humiliation as we realize we have failed in our duty.

Hon. L. F. Orr, Counsel for the State in the Freight Rate cases, submitted the following:

HIGH FREIGHT RATES IN KENTUCKY

Kentucky Commerce pays annually more than five million dollars in freight charges, in excess of what is its just proportion compared with what is being paid by adjoining states.

Your Railroad Commission, assisted by the Attorney General, has brought action before the Interstate Commerce Commission (Commonwealth of Kentucky v. Ahnapee & Western Railway Company, I. C. C. Docket 21373), seeking to have the freight rates between Kentucky and the states of Virginia, West Virginia, Maryland, District of Columbia, Delaware, New Jersey, Pennsylvania, New York, Vermont,

New Hampshire, Connecticut, Rhode Island, Massachusetts, Maine, Ohio, Indiana, Michigan, Illinois, Wisconsin, Iowa, Missouri, Kansas, Nebraska, Minnesota, North Dakota, South Dakota, Colorado and Utah readjusted to the level of the rates paid by Illinois, Indiana, Ohio, West Virginia and Virgiana, so that Kentucky will only pay its fair proportion.

Although the hearings in this case are drawing to a close, the work of obtaining fair freight rates for Kentucky has only begun. The entire freight rate structure of the United States is in the course of readjustment.

The following proceedings are pending, involving:

All of the class rates between points in the territory North of the Ohio and east of the Mississippi Rivers.

All of the class rates between points in the States above enumerated.

The rates between all points in the Southwest, and points East of the Mississippi River.

Practically all of the commodity rates from, to and between points in Southern territory including Kentucky.

Coal rates from Western Kentucky to Illinois and the Northwest.

Livestock rates from, to and between points in Kentucky and between points North of the Ohio River.

Grain and grain products, including flour, from, to and between points in the State of Kentucky.

Rates on unmanufactured tobacco from, to and between points in Western Kentucky.

Rates on clay and clay products from, to and between points in Kentucky.

Petroleum and petroleum products from, to and between points in Kentucky.

It is the customary procedure for the State to represent the business interests of the State in all proceedings. The Railroad Commission and the Attorney General are so directed by law (Section 826, Kentucky Statutes), but because of insufficient appropriations, they have been unable to par-

ticipate in any except the most important proceedings, and have been greatly hampered because of not having sufficient funds to properly represent the interests of Kentucky, even in the cases in which they have participated.

The Railroad Commission should be represented by the Attorney General and its own forces at all of these hearings.

Even the limited way the available finances have permitted your Commission and Attorney General to participate, has entailed the expenditure of $11,827.73 since April, 1928, detail of which follows:

Rate and Traffic Experts, (L. F. Orr and Charles Satterfield)	$3,099.89
Traveling Expenses	1,458.38
Printing and Incidentals,	4,675.94
Clerical,	2,593.52
	$11,827.73

Funds should be provided in Kentucky to continue the actions now pending and to participate in the other above-named proceedings, all of which are of the utmost importance to Kentucky Commerce.

Effect of High Freight Rates On Kentucky Commerce

Of the 3,300,000 native-born Kentuckians living in 1920, 795,000 were living in other states. This migration has been principally from inland Kentucky, off of the Ohio River, and has been caused by the lack of manufacturing to give employment to those citizens.

The census records show that slightly more than one-half person for each square mile of area is employed in industry in all of that inland section of Kentucky which is being discriminated against with high and unfair freight rates.

The territory directly to the North, which enjoys the favorable freight rates, gives industrial employment to more than seven persons for each square mile of area.

Kentucky contains less population between the ages of 18 and 54 (which is the ordinary active-employment age) than is contained in any state North of the Ohio River, and the census records show that the citizens between these ages which have migrated from Kentucky during the last decades, have practically all gone to the industrial territory on or North of the Ohio River.

Comparing the total value of products of manufacture for the States of Pennsylvania, Ohio, Illinois, Michigan, Indiana, Wisconsin, North Carolina, Maryland, Virginia, West Virginia and Kentucky, Kentucky ranks eleventh, and if you subtract from Kentucky totals the value of the products manufactured at the points on the Ohio River which have favorable freight rates, the showing for Kentucky would be even more discouraging.

Kentucky also ranks a bad eleventh as to wage earners and primary horse power employed in manufacturing.

The trend of migration since 1920 has been such that it is safe to say that there are now considerably more native-born Kentuckians residing in northern states than are shown by the 1920 census.

Transportation conditions in Kentucky, because of its fewer miles of railroad and heavier mineral tonnage produced, are very favorable.

Kentucky produces 20,495 tons of basic commodities per mile of railroad, which is 20% greater than that reported by any other state or region.

Illinois produced 8,945 tons of basic commodities per mile of railroad.

Illinois, Indiana, Ohio and Michigan combined, only produced 7,784 tons per mile of railroad.

The nearest approach to the Kentucky production is found in the States of Pennsylvania, West Virginia, Virginia, New York, New Jersey, Delaware and Maryland, where they, combined, produce 16,389 tons per mile of railroad.

Maine, Massachusetts, New Hampshire, Connecticut, Vermont and Rhode Island, combined, only produce 3,017 tons per mile of railroad.

Kentucky citizens are being subjected to the payment of excessive intrastate freight rates primarily because the Railroad Commission of Kentucky has not been given sufficient power to prescribe just and reasonable rates within the state.

The Interstate Commerce Commission has been given ample authority over interstate freight rates and all the states surrounding Kentucky have been given the same authority over intrastate freight rates within their borders, and all of these Commissions protect the commerce in their jurisdiction from discrimination and prejudice, but Kentucky carriers, because of being under very limited control, are now assessing freight rates on Kentucky commerce much higher than the freight rates paid by adjoining states, and thus the resources of surrounding states are being developed, and development is being retarded in Kentucky all at the expense of Kentucky.

As previously stated, in addition to the help already provided by law for the Commission, it needs traffic experts, accountants and engineers to enable it to properly administer the law. There should be made available to the Commission sufficient appropriation to enable it to employ such help when needed.

Unless the suggested assistance is given the Railroad Commission, it must perforce continue to function in only a limited way, and the citizens of Kentucky will continue to pay the present excessive freight rates.

Charities and Corrections

Recommendations Submitted by the State Board of Charities and Corrections as to Indispensable Relief and Improvements at the Various Charitable and Penal Institutions of the State:

There are seven of these institutions, including the State Penitentiary at Eddyville; Western State Hospital for the Insane, Hopkinsville; Central State Hospital for the Insane, Lakeland; Kentucky Reformatory, Frankfort; Institute for the Feeble-Minded, Frankfort; Eastern State Hospital for the Insane, Lexington, and the Kentucky Houses of Reform, Greendale. The inmate population of these seven institutions at this time, exclusive of officers and employees, is more than nine thousand.

That practically all these institutions are in a deplorable and shameful condition, by reason of overcrowding, is not debatable. The Eastern State Hospital at Lexington, with a capacity for nine hundred (900) patients, on December 16th had fifteen hundred and seven (1507). The Kentucky Reformatory, with cell and dormitory room for fifteen hundred (1500) prisoners, today has twenty-two hundred (2200). The Kentucky Penitentiary at Eddyville, with capacity to accommodate five hundred and forty (540) prisoners, has approximately one thousand (1,000). This overcrowded condition exists in all of the other institutions in about the same proportion.

The most vivid and accurate description of the horrible conditions existing at these institutions was set forth in an address delivered by Doctor F. G. LaRue, Superintendent of the Eastern State Hospital, before the Kentucky Conference of Social Workers, in Louisville, October 30th, 1929. The facts set out in this statement by Doctor LaRue is a severe and just indictment of the entire Commonwealth because of its gross neglect to properly care for its unfortunate wards. I only wish that every citizen of the Commonwealth could read Doctor La Rue's statement. I am taking the liberty of quoting two or three short paragraphs here:

> "We read with horror of days when maniacs were shackled and scourged when the evil spirit was lashed out of their bodies; we boast of our modernity, and yet

we see human beings who have committed no crime, whose only offense is the tragedy of a clouded brain, condemned to incarceration in antiquated fire traps where they are packed like sardines in a box.

"We are driven to a frenzy of political action by religious conviction of some candidate, or by some irrelevant and heat provoking question, fomented by politicians to catch votes, and we turn a deaf ear upon the tragedy of our apathy, a condition that is the shame of Kentucky.

"No one is immune to the blight which at any time may make of a most brilliant mind a hideous discord, and of a useful life a pitiful tragedy. We have confined in our institution (Eastern State Hospital) of this good State, ministers, lawyers, doctors, college graduates from Cornell, Purdue, Washington and Lee, University of Kentucky and many other colleges of note. No one has assurance that he will not some time be confined in a similar institution, since we have patients from all walks of life confined in the various institutions. The condition of these unfortunate people, in a majority of instances, is not brought about by their own fault, and no greater obligation devolves upon the Commonwealth than to make proper provision for the care and treatment of its insane. With proper facilities and treatment many more would be restored to society as useful citizens than are under provisions that now prevail.

"We Kentuckians are proud of the fact that we are Kentuckians. We boast of our history, our traditions and of our reputation for hospitality. We have never failed to donate our share for the aid of suffering humanity, and yet within our own state charitable institutions there are conditions existing that should make every true Kentuckian blush with shame."

Doctor LaRue closed his address with these paragraphs:

"We appeal to the newspapers, to the ministers who

preach the gospel of the compassionate Jesus, to the women of our good State, who are always first to be touched by, and who make an effort to relieve every form of human misery, to use their influence with the coming Legislature to devise ways and means of raising money to improve the deplorable conditions in our state institutions.

"He who calls himself a follower of that Man of Nazareth, Who was a healer of the sick, restorer of the blind, Who pitied the mentally ill and made well the sick mind, Whose concern was not for the fortunate but the unfortunate, may not, can not but join with those who would see the condition of Kentucky's unfortunate wards bettered, and arouse Kentuckians from their sluggish indifference which is dangerously near to heartlessness."

I do not believe that benevolent and hospitable citizens of Kentucky are willing longer to stand under this indictment. I know a great deal has been said, and there has been quite a lot of agitation, for the past several years, in favor of the betterment of these institutions, but it is my candid judgment that the people of the State are rapidly becoming informed as to the true conditions which exist. All elements of the two political parties have committed themselves on this proposition, and we confidently hope and believe that the coming Legislature will give the state institutions the consideration which conditions demand.

Free Textbooks and the Textbook Commission

It is unfortunate for the educational system of Kentucky that Superintendent Bell, the Bingham Press and other political forces, have through recent months, by newspaper interviews and otherwise, attempted to mislead the public concerning the textbook adoption. The object was to create a false impression on the public mind and to thus embarrass the Textbook Commission and the administration, at Frankfort. If the public knew all the facts concerning the Textbook Commission and its labors, how it has endeavored, in the face of great opposition, to select and adopt the best school books obtainable and to buy them at the lowest possible cost to the people, and, that the members of the Textbook Commission have put in many weeks at this job, without compensation and under many trials and tribulations, including all the obstructions of Superintendent Bell and other politicians and the Bingham Press, it would rise in mass and commend the Textbook Commission for its faithful service.

Many Lawsuits

Several lawsuits have been instituted in the name of Superintendent Bell and other enemies of free textbooks to

delay the work of the Commission, and many different high priced lawyers have been employed to prosecute these actions and to revile and denounce the Textbook Commission. The Commission has not filed any suit or brought about any of the delay which has resulted.

School Book Trust

Certain textbook concerns, operating outside Kentucky, great, rich corporations, have had their heels on the neck of parents and taxpayers of Kentucky for more than a generation and now desire to force the commission to adopt their books at an unreasonably high price, as has been done before, and have opposed the adoption made by the Textbook Commission because they were not given all the business, and I have no doubt, from information received, provided money and lawyers with which to institute and carry on the litigation.

Battle For People

The Textbook Commission and Governor Moody of Texas have just emerged victoriously from a similar battle with a School Book Trust over an adoption made there last spring. That grasping Book Trust is unwilling to allow the people to conduct their own business or to select their own books or fix their own prices. Instead they propose to provide the books and fix the prices. A bigger, better and more complete geography than the one we have been buying under the old adoption at $1.76, was recently selected and adopted by the Textbook Commission at a price less than half that sum. This concern has been taking unreasonable profits from the people and when we decline to pay their high prices, they at once encouraged lawsuits and sent out their propagandists, lobbyists and corruptionists to compel the Textbook Commission and the people to yield to them. To this kind of procedure I am unalterably opposed and so is the Textbook Commission and we have been fighting and will continue to fight to the

end to save the people and taxpayers from the unreasonable demands of such grasping book concerns.

Pilfering Pockets of Parents

This robbery of the people has been going on for a generation. Some of these book concerns have grown rich, pilfering the pockets of parents. They have sold you books under old adoptions at high prices that cost a few cents to print and bind. On the authority of some well experienced printers and business men in big publishing houses in Kentucky, I have learned that many books costing from 9 to 16 cents to print and bind, are sold at prices from 3 to 6 times as great as the cost of the books. If a book cost 15 cents to print and bind, it is sold for 60 to 90 cents. This is an unfair profit and should not be paid. In our last adoption, made in April, I discovered that certain standard books on penmanship—paper bound—were generally retailed at from 12 to 30 cents, each.

How We Obtained Better Prices

I obtained the service of some expert printers and binders who knew the cost of such things and they gave me the benefit of their experience. Two of these concerns offered to print and bind the little penmanship book, furnish all material, paper, ink, binding and do all the work, for 1½ cents per copy. I then found that we could obtain the plates with which to print the books, royalty and all, for 1½ cents per copy, and in this way produce the book for 3 cents to the State, whereas, the same book was being retailed throughout the country at from 12 to 15 cents, depending upon the place of sale. This is a fine illustration of what has been happening to the people. We also discovered in the same way that the average school reader for which we have been paying from 60 to 75 cents per copy, can be printed and sold at a profit for 20 cents where large quantities are required, and that a like saving can be effected in all school books.

Adoptions Made

Under the new adoption made by the present Textbook Commission last April and which was set aside by the enemies of free textbooks, we selected the best books published and bought them at a great saving, as will be shown by the following figures:

Big Saving

Under the old adoption, the arithmetics cost $200,010.69 but we bought a better and more complete Arithmetic for $88,407.76, a saving to the people of $111,602.93.

Under the old adoption, the English cost $233,379.14 but we bought a more modern and up to date English for $91,-565.18, a saving to the people of $141,813.96.

Under the old adoption, drawing books cost $104,089.09 but we bought them at $65,865.37, a saving of $38,223.72.

Under the old adoption, Physiologies cost $100,589.58, under the new adoption they were bought for $45,705.00, a saving to the people of $54,884.58.

Under the old adoption, the readers cost $418,813.38, but we bought better readers at $236,028.56, a saving of $182,-748.82.

Under the old adoption, the writing books cost $47,423.07 but we bought up-to-date writing books at $15,807.69, a saving of $31,615.36.

Under the old adoption, agriculture texts cost $23,012.10, we bought them for $8,437.77, a saving of $14,574.33.

Under the old adoption, spelling books cost $193,942.50, and we so arranged the matter as to get the spelling books as a compliment with other books, effecting a saving of $193,-942.50.

Books on history, geography and civics cost under the old adoption $537,424.46 but we bought them under the new adoption for $189,211.54, at a saving of $348,212.92, and obtained bigger, better and more complete books.

Total Saving

The total saving effected for the people was approximately $1,250,000.00. These figures are based upon the pupil children enumeration obtained from the office of the State Superintendent.

Lobbyists

A little investigation on the part of any parent or taxpayer will disclose the fact that lobbyists of the book trust, together with its allies, are largely responsible for the several lawsuits instituted against the Textbook Commission for the invalidating of the recent book adoption made by the commission, and for much of the uproar and confusion which have resulted.

Not Political Question

Free textbooks is not a political or partisan question, although the enemies of the system have sought to make it so. Progressive states of both the north and south, east and west, have adopted free textbooks. The great State of Texas, always democratic, has been enjoying free textbooks for many years; the States of Florida and of North Carolina have free textbooks, even Louisiana, a state where a Republican is hardly to be found, has adopted and is enjoying free textbooks. Other Southern States have adopted this progressive system.

So also is the great State of California, the highest in educational standards, a free textbook State; New York, Massachusetts, Pennsylvania, Illinois, Wisconsin and Ohio, and all the great progressive States have free textbooks. Why should Kentucky lag behind? Are not our boys and girls as bright and deserving as those of other States? Are they not entitled to the best opportunities?

People without regard to politics are espousing free textbooks. Members of the last General Assembly of Kentucky, both Democratic and Republican, voted for free textbooks,

and I am informed that a large per cent of the nominees for both houses of the General Assembly, on both sides of the political fence, are pledged to free textbooks. No, it is not a political or partisan question, it is a question of sound business, of good economics of progress, advancement, of equal opportunity for our boys and girls and of raising our standards of education in Kentucky.

Logic of Free Textbooks

For one, I am for free textbooks: First, because the State can purchase them in large quantities at a less price than individuals can buy them separately; and, second, because many boys and girls will be without books if they are left to their own meager resources; and, third, because it is the duty of every citizen and every property holder, individual and corporation, to contribute to the education and training of the youth of Kentucky, and I believe it unfair to place all the burden of educating and training the children upon the shoulders of the parents who already have the burden of feeding and clothing these future citizens who are to soon take up the responsibilities of administering this government, and formulating our policies, of protecting the flag; and, fourth, because the corporate wealth which constitutes a large per cent of our total wealth will be afforded an opportunity to contribute to the cost of textbooks under the free textbook law, and thus will the burden of the cost of textbooks be evenly distributed; and, fifth, because I am anxious to raise the standards of education in Kentucky and I believe free textbooks will help to do this by affording our boys and girls the very best facilities for raising this standard.

Adoption Required

The law requires an adoption this year. Confronted by all these facts, the Textbook Commission has been pondering the question of what is best to do for all the people, and this question we would like to submit to all the taxpayers of Kentucky for their consideration and solution.

High Prices For Obsolete Books

The prices are so unreasonably high on some books bid for readoption that the commission cannot afford to readopt them when a better book can be bought for less money, thus making it necessary to readvertise for bids to supply other books, and this will require considerable time. There are other books in the old adoption that are so obsolete, antiquated and out of date that they must be rejected for that reason and another advertisement placed for new bids for books to take their places. All this will take time, and even though an adoption was hurried with the greatest expedition, it would be impossible to have a complete new set of books in the hands of the pupils before the first of the next calendar year; and this would be too late to be of much service, if any, to either pupils or the schools this school year. Would it be wise under these facts, I ask the parents, to make an adoption now to take effect immediately? Or, would it be better to make an adoption of such books as are acceptable, rejecting the others and readvertising for bids, all adoptions to take effect at the first of the next year?

Free Book Law Valid

The highest court of the State has decided that the free textbook law, passed in 1928, is constitutional and valid in all respects, but it held that its operation must be delayed until the General Assembly meets in January and provides the revenue with which to buy the books. If an adoption should be made now to take effect immediately parents will be required to buy and pay for the books from their own pockets, and this would be a heavy burden. Under existing circumstances, many would feel that they had not been treated fairly when free textbooks seem a certainty next year, and there would be some ground for such complaint, for a man who bought books this year, and paid for them with his own money, would contribute as a taxpayer next year to the purchase of books for other children. This would be a double burden upon such parents and is unfair.

Cost $2,000.000.00

The first year under the old adoption, the parents of Kentucky paid out more than two million dollars for textbooks. This is a huge sum. We do not feel that the book publishers under present conditions should be privileged to reach their hands into the pockets of Kentucky parents this year and take away additional millions. It would serve no good purpose.

Tax Question

How insincere and illogical are those enemies of free textbooks who profess to oppose this program because of the burden of taxation incidental thereto. Textbooks we must have and the cost of textbooks is a part of the school taxes actually paid whether you so designate it or not.

Cost of Book Is Tax

Call it what you will the textbook companies at the last adoption took from the pockets of Kentucky parents approximately $2,000,000.00 in one year, and this was no easier to pay than if it had been called taxes. It will happen again if Supt. Bell and his associates should succeed in their suits in opposition to free textbooks.

Why Not Pay A Small Sum To Sheriff Instead of Big Sums To Book Concerns?

Our opponents are quibbling about to whom the money shall be paid and by what name it shall be designated, taxes or textbook cost. If a man pays his taxes to the sheriff and walks across the street to a book store and pays out another sum of equal or greater amount for books for his children to use at school, he is out real hard money just as though it was all paid as taxes to the sheriff. It is no easier to pay money to a book dealer than to the sheriff. The burden is not lessened.

Old System Bad

Books cost from 30% to 60% more when handled in the old way through dealers, than under the free textbook system. The people will save several hundred thousand dollars each year by buying textbooks in large quantities as may be done under the free textbook act, instead of through dealers.

Parents Preferred

The books must be bought and if the parents who have the red blood to beget and the courage to rear and educate children are to bear all the burden of the cost of books a premium is placed upon the family slacker and upon the un-American, childless home, and a burden is laid upon that good red blooded and courageous American who begets and rears and educates children because he is brave enough and loyal enough to his country to rear and care for a family. But for such parents the race would decay and pass from the face of the earth. If there is to be a premium on any class let it be placed upon the parent who has the big family, and if there is to be a burden in taxation, let it go upon his shoulders who has not assumed the burden of parenthood, who is a slacker in the most sacred relations of life and who is doing nothing to perpetuate his race or to sustain and defend his government, or his country.

Large Families

America is great because our pioneer fathers and mothers reared large, strong, healthy families and populated the country with stalwart Americans. That is the glory of the Republic but for which it would be a wild, tangled forest. France and some of the old European countries early learned birth control and exercised it to such an extent that the nation became decadent, weak and servile. No nation can long so endure. The Germans were a prolific race, large families of strong, able-bodied boys and girls, and they have prospered, increased and spread to every part of the world. Such a

race is always powerful; but the burden should not be placed wholly upon the parent.

Parents Pay All Under Old System

Under the old system parents have been compelled to buy the books unaided. Parents have borne this part of the public tax alone—and it is a tax through all the years. To the cost of the construction of school houses and the payment of teachers, all taxpayers contribute, including corporations. In this way all taxpayers take part and thus lift off the backs of parents some of the burden—parents deserve help and protection.

Corporations To Help Buy Books

If free textbooks are provided by the state from revenue raised by taxation on property, the property of all, including that of railroads, banks, mining companies, manufacturing establishments and the great wealth of the state will contribute. Then all will share the burden alike. In this way more than one-half the burden of taxation—the cost of books—will be lifted from the backs of parents and placed with those who so long have escaped this tax.

Farmer and Laborer Have Paid For Books

That class of wealth and that owned by the childless are the only ones who are not now allowed to contribute to this fund for books and they should be glad to contribute to this fund because their property will be safer in a society where there is general education and enlightenment such as comes from free schools and free textbooks than in one of ignorance and crime.

Luxury Tax

A slight tax on luxuries would hurt no one and would provide the revenue necessary for free textbooks and also for the improvement of our penal and charitable institutions

which is almost imperative. A luxury tax is merely a tax on luxuries. A luxury is something which one does not need but which he buys merely to gratify an extravagent taste or appetite, or indulges in for pleasure only. The Federal Government has often resorted to luxury taxes, so has our state and other states.

Other States Do

In fact, almost every state in the union now collects revenue from a tax upon one of the following luxuries:

1st: Diamonds and jewelry;
2nd: Soft drinks;
3rd: Amusements;
4th: Cigarettes;
5th: Malt extracts (home brew ingredients);
6th: Cosmetics;
7th: Chewing gum;
8th: Sporting goods and other like items.

One or more of the foregoing items would supply the necessary revenue, and we do not need to levy taxes upon all. We must only raise such revenues either by a tax on luxuries or otherwise as will be sufficient to take care of free textbooks, the rehabilitation of our penal and charitable institutions, our universities and teachers' colleges and such other institutions as the state maintains, and this world be so infinitesmal as to be wholly unnoticeable but by the chronic agitator.

Attempt To Deceive People

Mr. Bell and others have been active in circulating reports that the State Textbook Commission has adopted or is about to adopt inferior books. Let me assure the friends of education in Kentucky that books of as high standard and in many instances of higher standard than now in use, will be adopted. We propose to have the very best books obtainable for the children of Kentucky.

While it was not so well understood in 1927 when I was a candidate, yet I was elected by an overwhelming majority when free textbooks was perhaps the outstanding issue of the campaign, and the people of Kentucky are stronger for this measure today than they were then. The hundreds of thousands of children of Kentucky and the millions of boys and girls of the Nation are the hope of Kentucky and of the Republic of tomorrow. If Kentucky is to take her real place among the galaxy of the forty-eight (48) great States, and if our nation is to continue to lead the world in industry, in peace, justice and righteousness, we must see to it that the children of Kentucky and of the nation are property trained industrially, mentally, physically, morally and spiritually.

Permit me again to express to you my deep sense of gratitude for the generous support that you have given me in this great movement. You could render your children no greater service than to help them to have equal opportunities to improve their hands, their head and heart with those who are more favored. It was education that made it possible for Herbert Hoover to rise from the lowly station of an orphan boy to be one of the best trained and best equipped men to lead this mighty Republic. In your homes, many of them humble, are some of the future Governors, Congressmen, Senators and great leaders in every walk of life, provided, of course, that they have proper opportunities.

Dedicate Life To Service of People

My life dedicated to the great purpose of doing what I can to help those who toil to improve their working conditions, increase their reward and to enjoy the opportunities of this great country, and to contribute what I can for the welfare of your children. I know that I shall have the hearty co-operation of you and your friends in helping to thwart the purposes of these great selfish interests and that we, pulling together, shall finally take from the throats of the parents

and teachers of Kentucky the hands of this mighty school book octopus.

Senator Brock moved that this Joint Session do now dissolve.

Said motion was agreed to.

The Speaker having resumed the Chair,

He laid before the House the following Standing Committees for this session of the House, viz.:

A message was received from the Senate announcing that they had passed the following resolution, viz.:

Resolution providing for the purchase of Carroll's Kentucky Statutes, Baldwin's Revision 1930.

Whereas, there has just been published a new revision of Carroll's Kentucky Statutes, containing all laws of a general nature to January 1, 1930, complete in one volume, and

Whereas, it is desirable and expedient that copies of this new revision be made at once for the use of the Committees and members of the General Assembly, therefore:

Be It Resolved by the Senate, the House of Representatives concurring therein:

That the State Librarian be and is thereby authorized and directed to purchase from the publishers of said Statutes twenty-five (25) copies of the same; fifteen (15) copies to be for the use of the Committees and Members of the House of Representatives, and ten (10) copies to be for the use of the Committees and Members of the Senate.

All of said statutes are to be and remain the property of the Commonwealth of Kentucky, to be returned to the Librarian at the close of the session.

A sum sufficient to pay for the purchase of said Statutes aforesaid is hereby appropriated for that purpose out of any moneys in the State Treasury not otherwise appropriated.

Since the Statutes aforesaid are complete in every detail and contain all the laws of the Commonwealth of Kentucky to January 1, 1930, and the business of the Assembly will be

greatly expedited by the use of them, an emergency is declared, and this resolution shall take effect immediately upon its passage.

Said resolution was concurred in.

To Committee on Roads and Highways No. 1.

The House took up for consideration from the Calendar a resolution of the following title, viz.:

H. Res. 5. Resolution providing for a contingent fund for the Clerk of the House and Clerk of the Senate.

In accordance with the provisions of the Constitution, said resolution was read the second time by its title only.

Ordered that said resolution be placed in the Orders of the Day.

A message was received from the Senate announcing that they had passed the following resolution, viz.:

Be it Resolved by the Senate of Kentucky, the House of Representatives concurring therein, That

When the General Assembly adjourns today it adjourn to meet Tuesday, January 21, 1930 at 1:30 o'clock p. m.

Said Resolution was concurred in.

Mr. Kinchloe moved that the privileges of the floor be extended to former Congressman Moorman.

Said motion was agreed to.

The Speaker laid before the House the following communication from the State Budget Commission in accordance with the provisions of Sections 1992a-11 and 1992a-12 of the Kentucky Statutes, viz.:

Frankfort, Kentucky
January 16, 1930.

To the General Assembly of the Commonwealth of Kentucky:

The Budget Commission submits to you for your consideration its report as provided by law.

There has been filed with this Commission for each of the previous fiscal years ending June 30, 1928 and June 30, 1929, a report from each budget unit of this State entitled by any provision of law to receive and expend public funds. Each of these reports shows the total funds received from appropriations, distributions of the State revenue, and from each and every other source during the period covered by said reports, and itemized statements of expenditures thereof showing persons to whom, the purposes for which, and amounts paid in each instance, together with the total receipts and disbursements for each fiscal year. All of said reports are here referred to, and are submitted to the General Assembly for careful investigation and consideration of the members of the House and Senate, and all others interested therein.

After hearing representatives of the respective budget units in reference to their receipts, disbursements, and their future needs for the successful maintenance and operation of the State's activities, this Commission has made an estimate of the revenue available for these purposes for the next budget period and finds that it will be unable, on account of the lack of revenue, to recommend all of the appropriations requested. It regrets that the funds will not be available to

meet the actual needs of the various State agencies, and no additional revenue having so far been provided for that purpose it is recommending only the appropriations provided in the bill submitted herewith upon the most equitable basis possible, and for such purposes as, in its judgment, will best serve the interests of the State.

The records of the Auditor's office show that the average annual increase for the past few years in the general expenditure fund has been about $200,000.00. The receipts into the general expenditure fund for the fiscal year ending June 30, 1929, (as shown in Statement No. 5, Page 127, Auditor's Report) were $9,478,753.76. The disbursements from said fund for the same year, (as shown in Statement No. 6, Page 127, Auditor's Report) were $9,384,569.83. This took care of a budget for the year of 1929 of $4,318,672.00, after the payment of the miscellaneous governmental expenses, including costs of criminal prosecutions, Commonwealth's and County Attorneys, and clerk's commissions on fines and forfeitures, compensation of county tax commissioners, compensation of county boards of supervisors, exonerations to sheriffs, amounts authorized and paid to trustees of jury funds of the various counties, etc., not budgeted but authorized under the provisions of Section 57 of the appropriation bill for the year ending June 30, 1929.

A budget totaling $4,466,301 for 1931 and $4,683,834 for 1932 for the various State departments is hereby presented for your consideration. It is the desire of the Budget Commission to hold the State's expenditures within its revenue. Therefore, basing its estimate on the previous year and such meagre information as is obtainable on the present year in the preparation of the present budget and the accompanying appropriation act recommended to you for adoption, the Commission has anticipated all available revenue for the biennial period of 1931 and 1932 that it believes can possibly accrue under the State's present sources of income, and warns the Assembly that in its opinion any further appropriation with-

out revenue raising measures to meet same will cause a deficit in the biennial period.

In presenting this report we are suggesting that if all the departments be kept intact there must be a budget with which to carry on their specific duties.

Respectfully submitted,

STATE BUDGET COMMISSION

FLEM D. SAMPSON
Governor
JOHN B. LEWIS
Chairman State Tax Commission
CLELL COLEMAN
Auditor of Public Accounts

Together with the appropriation measures attached to said communication, viz.:

Frankfort, Kentucky.
January 16, 1930.

To the Brother Elks of the Kentucky
House of Representatives.

Frankfort Lodge No. 530 Benevolent Protective Order of Elks extends to you a very cordial invitation to visit their lodge and to take advantage of their club room features while you are in this city.

You will be most welcome at any time.

Fraternally,

A. A. Hulette, Exalted Ruler.

Mr. Hargrove offered the following Resolution, viz.:

Whereas, a report recently submitted to this house sets out that there are 191 state owned passenger automobiles, many of which are in Frankfort.

And Whereas, at this season of the year many of these cars are not in regular and continuous use.

And Whereas, these state owned cars should be used as far as possible to expidite affairs of state and especially the comfort, health, welfare and efficiency of all state officials including representatives and senators.

And Whereas, the State Capitol is a considerable distance from the place of residence of most of the members of the General Assembly, necessitating the expenditure of quite a sum for taxi fare or a needless waste of time and under exposure waiting for street cars.

Therefore, Be It Resolved by the House of Representatives of the Commonwealth of Kentucky, that the Sergeant at Arms of the House be authorized to call upon those persons in Frankfort who have charge of any state owned or state operated cars and request aforesaid persons to tender to him the use of these cars when not employed in more urgent business for the state. And that the Sergeant at Arms shall designate as many members of the House as are necessary to drive these cars for the purpose of transporting members of the General Assembly from their place of residence to the Capitol building or vice versa, providing however that no car shall be taken out of city of Frankfort while being used for such purpose.

And provided further that any member of the House is hereby empowered to direct any driver or operator of any car bearing an official license tag to transport him to the Capitol or his place of residence in Frankfort at any time without cost.

B. L. Hargrove,
Graves Co.

Mr. Clark moved that the reading of the Journal of yesterday's proceedings be dispensed with.

Said motion was agreed to.

Mr. Stucker moved that a leave of absence be granted to Mr. Everhart.

Said motion was agreed to.

Mr. Lebus offered the following resolution, viz.:

Whereas, the Frankfort Chamber of Commerce, Rotary Club and Lions Club did, on the evening of January 21, 1930 delightfully entertain the members of the Legislature and state officials at a banquet at the New Capitol Hotel, and

Whereas, all present enjoyed the opportunity of meeting each other on that occasion, and the splendid banquet,

Be It Resolved by the House of Representatives of the Commonwealth of Kentucky:

1. That the House of Representatives extend its vote of thanks and appreciation to the Chamber of Commerce, the Rotary Club and Lions Club for the splendid banquet and fine treatment they gave and furnished to the members of this House, and

2. That the clerk be directed to mail copies of this resolution, signed by the speaker and the clerk, to the Chamber of Commerce, Rotary and Lions Clubs.

Said resolution was adopted.

Mr. Hamilton offered the following resolution, viz.:

Whereas, our Congress of the United States, some years ago passed an adjusted Service Certificate Law in recognition of the services of our soldiers during the World war which becomes payable January 1945.

Now, Therefore, Be It Resolved by the House of Representatives of the Commonwealth of Kentucky:

That the House of Representatives calls upon Kentucky

members in Congress to try and speedily change the law so this Certificate can be paid at once,

Be It Further Resolved that the Clerk of this House be ordered to send a copy of this Resolution to each of Kentucky's Representatives in Congress.

Said resolution was adopted.

Mr. Dennington offered the following Resolution, viz.:

A resolution opposing franchise privileges to any private individual, firm or corporation to erect any dam across any river or stream for the purpose of furnishing electric power, unless the General Assembly of the State of Kentucky retains power to fix the rates and provide for distribution of the electric current.

Whereas, the inhabitants of the Province of Ontario, Canada, are enjoying the blessings resulting from the use of electricity in their homes and on their farms for domestic purposes at about one-third of the rates charged in the United States for similar purposes; and

Whereas, the general use of electric current for light and power would be a great blessing to the inhabitants of Kentucky residing in cities, towns, villages and on the farms and

Whereas, to induce the use of light and power by the inhabitants of Kentucky the rates must be reasonable and the distribution must be regulated by law.

Therefore, be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky: That the House of Representatives of the General Assembly of Kentucky is opposed to granting franchises or privileges to any private individual, firm or corporation to erect any dam across any river or stream in this Commonwealth for the purpose of furnishing any electric light or power to the citizens, towns, villages, municipalities or manufacturers of this State or any other state, unless the power to fix the rates and to provide for the proper distribution of the elec-

tric current is retained by the General Assembly of the State of Kentucky.

Said resolution was adopted.

Mr. Meyers moved that when the House adjourns today it adjourns to meet again tomorrow at ten o'clock A. M.

To Committee on Kentucky Statutes.

A message was received from the Senate announcing that they had passed a bill which originated in that body of the following title, viz.:

S. B. 1. An Act relating to registration and other means of identification of voters for elections in cities of the 1st class and providing for a tax to be levied by such cities to defray the expense of such registration; repealing an act insofar and to the extent that same relates to and governs registration for elections in cities of the 1st class, such act being entitled "An Act relating to registration for elections in cities and towns having a population of five thousand inhabitants or more," approved March 21, 1924, and being Chapter 64 of the Acts of the General Assembly of the Commonwealth of Kentucky for 1924.

Ordered that said bill be printed and referred to Committee on Suffrage and Elections.

Mr. Hargrove moved that the session of today be extended indefinitely.

Said motion was agreed to.

The Contest Board, heretofore selected by this House, in accordance with the provisions of the Constitution and Statutes of this Commonwealth, to hear the contests and to determine the rights to seats in this House from the districts and counties hereafter set forth, offered the following reports, viz.:

1. In the case of H. Walter Pierce vs. J. Roy Johnson from the 5th Legislative District.

Said report as offered by the Committee is as follows, viz.:

REPORT OF CONTEST COMMITTEE

Your committee to investigate the contest brought by H. Walter Pierce against J. Roy Johnson for the Legislative seat of the 5th District in the General Assembly of the Commonwealth of Kentucky being duly drawn by lot according to law within three days after the assembling of the House for the 1930 session, appeared before the bar of the House and members and were duly sworn by the Speaker, the Honorable John Milliken.

Now your committee after carefully considering both the facts and the law in this contest as presented by the pleadings and proof filed with the Chief Clerk of the House, Mr. Thomas, as well as the oral arguments presented by the attorneys for both contestee and contestant, ask leave to submit the following report:

Your committee finds that the contestee, J. Roy Johnson, at the time of the election, November 6, 1929, was Captain of Company "I," 149th Infantry, Kentucky National Guard, but does not consider that this position is incompatible with that of a member of the House of Rrepresentatives.

Your committee, therefore, recommends that the contest case of H. Walter Pierce v. J. Roy Johnson for the seat as Representative from the 5th Legislative District of Kentucky be dismissed.

Submitted to the honorable members of the Kentucky House of Representatives this 23rd day of January, 1930.

S. J. Douthitt.
J. F. Harrison.
B. L. Hargrove
Harry J. Meyers.
U. G. Anderson.

Mr. Douthitt moved that said report be adopted.

Said motion was agreed to.

2. In the case of Franklin Reynolds vs. Dorsey Ratliffe from the 95th Legislative District.

Said report as offered by the Committee is as follows, viz.:

REPORT OF CONTEST COMMITTEE

Your committee to investigate the contest brought by Franklin Reynolds against Dorsey Ratliffe for the Legislative seat of the 95th District in the General Assembly of the Commonwealth of Kentucky being duly drawn by lot according to law within three days after the assembling of the House for the 1930 session, appeared before the bar of the House and members and were duly sworn by the Speaker, the Honorable John Milliken.

Now your committee after carefully considering both the facts and the law in this contest as presented by the pleadings and proof filed with the Chief Clerk of the House, Mr. Thomas, as well as the oral arguments presented by the attorneys for both contestee and contestant, ask leave to submit the following report:

Your committee finds that the contestee, Dorsey Ratliffe, was the legally selected nominee of the Republican Party for Representative of the 95th Legislative District of Kentucky, and as such was entitled to have his name placed upon the ballot as such nominee or candidate, and that he received the majority of all votes cast for Representative at the regular and general November election in 1929, and that he is entitled to the seat as Representative from the 95th Legislative District of Kentucky. Your committee, therefore, recommends that the contest case of Franklin Reynolds vs. Dorsey Ratliffe for the seat as Representative from the 95th Legislative District of Kentucky be dismissed.

Submitted to the honorable members of the Kentucky House of Representatives this 23rd day of January, 1930.

S. J. Douthitt
J. F. Harrison.
B. L. Hargrove.
Harry J. Meyers.
U. G. Anderson.

Mr. Douthitt moved that the report of said Committee be adopted.

Said motion was agreed to.

Thereupon the Speaker declared the said J. Roy Johnson and Dorsey Ratliffe entitled to all of the rights and privileges of this House.

The hour of twelve o'clock Meridian having arrived, Mr. Hargrove moved that the House do now recess until one-thirty o'clock P. M.

Said motion was agreed to.

AFTERNOON SESSION

The hour of one-thirty o'clock P. M. having arrived, the Speaker resumed the Chair and called the House to order.

Thereupon the House resumed consideration of the reports of the Contest Committee aforesaid.

3. In the case of James A. Campbell vs. M. D. Hoskins from the 84th Legislative District.

Said majority report as offered by the Committee is as follows, viz.:

REPORT OF CONTEST COMMITTEE

Your committee to investigate the contest brought by James A. Campbell against M. D. Hoskins for the legislative seat of the 84th District in the General Assembly of the Commonwealth of Kentucky being duly drawn by lot according to law within three days after the assembling of the House for the 1930 session, appeared before the bar of the House and members and were duly sworn by the Speaker, the Honorable John Milliken.

Now your committee after carefully considering both the facts and the law in this contest as presented by the pleadings and proof filed with the Chief Clerk of the House, Mr. Thomas, as well as the oral arguments presented by the attorneys for both contestee and contestant, ask leave to submit the following report:

Your committee finds that M. D. Hoskins was the duly selected nominee of the Republican party and that he did on the face of returns receive a majority of the legal votes cast for the seat of Representative from the 84th Legislative District on November 5, 1929. They find that at the time of his election he was Mayor of the City of Pineville, he not having resigned until December 2, 1929, but they do not believe that such office is incompatible with that of Representative, since the term of office as Mayor would have expired before the term as Representative began.

We, therefore, recommend to you that the contest case of James A. Campbell vs. M. D. Hoskins for the seat of the 84th Legislative District be dismissed, and that the contestee, M. D. Hoskins, retain the seat as Representative from the 84th Legislative District in the General Assembly of the Commonwealth of Kentucky.

Submitted to the Honorable Members of the Kentucky House of Representatives this 23rd day of January, 1930.

S. J. Douthitt, Chairman.
Harry J. Meyers.
U. G. Anderson.

Mr. Harrison of the Minority offered the following substitute for the report as offered by the Committee, viz.:

MINORITY REPORT

To the Honorable House of Representatives of the General Assembly of the Commonwealth of Kentucky:

We the undersigned members of the Committee selected by the House of Representatives of the General Assembly of Kentucky to investigate the contested election case between James A. Campbell, contestant, and Dr. M. D. Hoskins, contestee, beg leave to submit to the membership of this House the following minority report:

First: It is proven in the record in this case, and admitted by the contestee, Dr. M. D. Hoskins, that he was the legally elected, qualified and acting Mayor of the city of Pineville, Kentucky, at the time he became a candidate for Representative from — District, composed of Bell County, and that he held said office and did not resign the office of Mayor until December 2, 1929; that he never filed or offered to file any resignation or duplicate thereof in the clerk's office of the court of the county in which he resides before the regular election November 1929, as required by Sec. 3745. It is the opinion of the undersigned that Dr. Hoskins, the contestee, was "holding an office under this state" as contemplated by Section 3745 of the Kentucky Statutes, and that "all votes" given for him at said election were therefore void as provided by said Section of the Statutes. It is the opinion of the undersigned that under the Statutes referred to that Dr. Hoskins was not entitled to have received or counted any votes for him as a candidae for Representative.

Second: The record in this case shows, without contradiction, that the contestant, James A. Campbell, possessed all of the qualifications, set out and required by the Constitution and Statutes, to make the race for Representative and that his name was legally on the ballot, and under the law that the votes cast for him were legal and proper, and that he

was the only legal candidate before the people for the office of Representative from Bell County.

Third: The undersigned have diligently endeavored to determine what the law is under the facts disclosed in this case. In the case of Rodman vs. Harcourt, 4 B Monroe (Ky. 224) the Court of Appeals held that a justice of the peace was an officer under the state within the meaning of the Constitution then in force and that he could not hold that office and the office of post master. If a justice of the peace is an officer under the state within the meaning of the Constitution, then it follows that the mayor of a town, which is a much more important office, is likewise an office under Kentucky Statutes 3745. In the case of Wood v. Miller, 242 S. W. (Ark.) page 573, The Supreme Court of Arkansas had before it the question of whether or not the office of a member of the Legislature was incompatible with that of the office of the judge of the municipal court of the city of Pine Bluff, and the court called attention to the fact that Article 5, Section 10, of the Constitution of Arkansas provided that:

"No senator or representative shall during the time for which he shall have been elected be appointed or elected to any 'civil office' under this state and it was held in said case that a representative could not be elected during his term to the office of judge of the municipal court. Our statute provides that 'a person holding an office, post or employment under the state or United States which is incompatible with a seat in the legislature, shall not be voted for as a senator or representative until he has resigned his office, post or employment nor until a duplicate of his resignation has been filed in the clerk's office of the court in the county in which he resides; and all votes given for him before such resignation is filed shall be void'."

In view of the provisions of said Statute and the cases cited, and in view of the fact that this House, as well as the Kentucky Senate, has invariably sustained the contestant in every case where the contestee failed to resign an office that

he held. We cannot escape the conclusion that Dr. Hoskins could not be voted for, as the Statute says, until he resigned, and having failed to resign, every vote cast for him is illegal and void. We, therefore, respectfully recommend that this House sustain the minority report in this case and seat the contestant, James A. Campbell, as the Representative from the 84th Representative District from Bell County.

Respectfully submitted,

J. F. Harrison
B. L. Hargrove

Mr. Hargrove moved that said substitute be adopted.

Mr. Ardery moved the previous question.

Thereupon the Speaker announced "Shall the main question be now put?"

Which was decided in the affirmative.

Mr. Gilbert moved that said substitute lie on the Clerk's desk.

Said motion was agreed to.

4. In the case of John G. Klefot vs. William G. Lutz from the 53rd Legislative District.

Said majority report as offered by the Committee is as follows, viz.:

REPORT OF CONTEST COMMITTEE

Your committee to investigate the contest brought by John G. Klefot against William G. Lutz for the Legislative seat of the 53rd District in the General Assembly of the Com-

monwealth of Kentucky being duly drawn by lot, according to law, within three days after the assembling of the House and members, and were duly sworn by the Speaker, the Honorable John Milliken.

Now your committee, after carefully considering both the facts and the law in this contest, as presented by the pleadings and proof filed with the Chief Clerk of the House, attorneys for both contestee and contestant, ask leave to submit the following report:

Your contest committee finds that the election and the certificate of election of William G. Lutz were and are illegal, fraudulent and void for the reason that same were procured through corrupt, fraudulent and illegal parctices engaged in by the election workers, election officers, the city police and adherents of the contestee, William G. Lutz, and that except for such illegal practices said John D. Klefot would have received a majority of the votes cast and did in fact receive a majority of the legal votes cast in said district for said office; that the said John G. Klefot is therefore entitled to the seat in the House of Representatives from the 53rd Legislative District.

Submitted to the honorable members of the Kentucky House of Representatives this 23rd day of January, 1930.

S. J. Douthitt, Chairman
J. F. Harrison
B. L. Hargrove
Harry J. Meyers

Mr. Anderson of the Minority offered the following substitute for the report as offered by the Committee. viz.:

BEFORE THE HOUSE OF REPRESENTATIVES OF THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF KENTUCKY

MINORITY REPORT OF CONTEST COMMITTEE IN THE CASE OF

JOHN B. KLEFOT ..... *Contestant*

VS.

WILLIAM G. LUTZ ..... *Contestee*

As a member of the contest committee and having sat with the Committee in all its hearings, beg leave to make a minority report of all the facts and conclusions heard and reached upon the hearing and upon the minority report facts and evidence, recommend the dismissal of the contest in the Fifty-Third Legislative District.

It is claimed by contestant that the contestee secured his certificate of election through fraudulent practices and that contestant in reality received the largest number of votes.

The contestant produced evidence from various localities in the City of Louisville outside of the 43rd Legislative District to show election irregularities but none in the 53rd district. On the hearing the Honorable Ed Walker, Counsel for the contestant, conceded that the evidence should be confined to the 53rd Legislative District and based his entire argument on the evidence in that district.

It is our opinion that the evidence should be so confined and all other evidence excluded, and when this is done there is nothing left upon which to base the contestant's case.

There were only four witnesses who testified as to anything with reference to the 53rd Legislative District.

The precincts questioned in this testimony were:

20th precinct—3rd ward
37th precinct—3rd ward
57th precinct—3rd ward
58th precinct—3rd ward

In the 20th precinct it was claimed that five persons voted who were not entitled to vote in that precinct.

Even if we should concede this to be true, which we do not, it would in no wise affect the result of the election, but on the other hand the contestee produced the five questioned voters and each established his right to vote in this precinct.

In the 37th precinct it was claimed that four people voted illegally. The only name identified by the contestant was shown to have appealed her case to the Circuit Court and was adjudicated a legal voter.

In the 57th precinct it was claimed that an inefficient Election Officer was using the Registration Book and that voters were allowed to vote without verifying their right to do so as indicated by the Registration Book. On the other hand not a line of proof is submitted as to whether or not any person voted illegally.

It was claimed that approximately 100 people so voted, all without proof. It was also claimed that the Republican Election Officers attempted to peep through the curtains of the Election Booths to observe how the voters voted.

It is the opinion of the undersigned member of this Committee that even if such an attempt had been made it would have been impossible to observe a voter stamping his ballot. There is no evidence to the contrary.

It was claimed that in the 58th precinct, a Republican Election Officer attempted to peep through the curtains of the Election Booth on ten different occasions when voters were standing about. It is the opinion of this member of this Committee, from the testimony, that it would have been impossible for the Election officer in question to have seen the ballots even if he had made the attempts claimed by the contestant.

It is the opinion of this member of this Committee, that even though all the claims of the contestant are allowed and all the votes thrown out questioned by him, there is still a clear majority of more than 400 votes for the contestee.

If we disallow the 5 votes in the 20th precinct, the 4 votes in the 37th precinct, the 100 votes in the 57th precinct and the 10 votes in the 58th precinct, making a total of 119 votes, the contestee still has a majority of 314 votes. These are the utmost claims made by the contestant.

It is therefore, the opinion of this member of this Contest Committee that the contestant's notice of contest should be dismissed at his cost, and I so urge in the interest of justice and fair play.

This 23rd day of Jan. 1930.

Respectfully submitted,

A. G. Anderson.

Mr. Anderson moved that said substitute be adopted.

Mr. Meyers moved that the vote by which said report as offered by the Committee was adopted be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Thereupon the Speaker declared the said John G. Klefot duly and regularly a member of this House from the Fifty-third Legislative District of the Commonwealth of Kentucky, and that after taking the oath of office as required by the Constitution and Statutes of the Commonwealth, would be entitled to all of the rights and privileges of this House.

5. In the case of Fred A. Gnau vs. Harold Stucker from the Fifty-second Legislative District.

Said majority report as offered by the Committee is as follows, viz.:

REPORT OF CONTEST COMMITTEE

Your committee to investigate the contest brought by F. A. Gnau against Harold Stucker for the Legislative seat of the 52nd District in the General Assembly of the Commonwealth of Kentucky, being duly drawn by lot, according to law, within three days after the assembling of the House for the 1930 Session, appeared before the bar of the House and members, and were duly sworn by the Speaker, the Honorable John Milliken.

Now your committee, after carefully considering both the facts and the law in this contest, as presented by the pleadings and proof, filed with the Chief Clerk of the House, Mr. Thomas, as well as the oral arguments presented by the attorneys for both contestee and contestant, ask leave to submit the following report:

Your contest committee finds that the election and the certificate of election of Harold Stucker for the Legislative seat of the 52nd District in the General Assembly of the Commonwealth of Kentucky were and are illegal, fraudulent and void, for the reason that same were procured through corrupt, fraudulent and illegal practices engaged in by the election workers of Harold Stucker, election offcers, city police,

and the adherents of the contestee, Harold Stucker; and but for said illegal practices the said F. A. Gnau would have received a majority of the votes cast, and did in fact receive a majority of the legal votes cast, in said district for said office; that the said F. A. Gnau is, therefore, entitled to the seat in the House of Representatives from the 52nd Legislative District.

Submitted to the Honorable members of the Kentucky House of Representatives this 23rd day of January, 1930.

S. J. Douthitt, Chairman,
J. F. Harrison
B. L. Hargrove
Harry J. Meyers

Mr. Anderson of the Minority offered the following substitute for the report as offered by the Committee, viz.:

BEFORE THE HOUSE OF REPRESENTATIVES OF THE GENERAL ASSEMBLY OF THE

COMMONWEALTH OF KENTUCKY

MINORITY REPORT OF CONTEST COMMITTEE IN THE CASE OF
FREDINAND A. GNAU ..... *Contestant*

VS.

HAROLD L. STUCKER ..... *Contestee*

As a member of the Contest Committee and having sat with the committee in all its hearings, beg leave to make a minority report of all the facts and conclusions heard and reached upon the hearing, and upon the minority report facts and evidence, recommend the dismissal of the contest in the Fifty-second Legislative District.

It is claimed by contestant that the contestee secured his certificate of election through fraudulent practices and that contestant in reality received the largest number of votes.

The contestant produced witnesses from various localities in the City of Louisville, outside of the Fifty-second Legislative District. It is the opinion of this member of the Committee that all this evidence should be excluded. Even if this evidence were considered it is not of such character as to show any fraudulent practices such as affect the race in the Fifty-second Legislative district.

The evidence produced by Mr. Gnau concerns the

1st Precinct 3rd Ward
5th Precinct 1st Ward
20th Precinct 1st ward
33rd Precinct 1st Ward

I do not believe the evidence produced in any wise affects the final result of the election certified by the Election Commissioners.

In the 1st precinct of the 3rd Ward the contestee should have received 108 votes and the contestant 37 votes. As a matter of fact no votes were certified by either the contestee or the contestant in this precinct. This, therefore, represents a net loss to the contestee of 71 votes.

In the 5th precinct of the 1st ward, we find no evidence which in any wise showed fraudulent practices. In fact the Democratic majority in this precinct was slightly above normal.

In the 20th precinct of the 1st ward the contestant claimed the polls were located in an inaccessible place and that the Democratic voters were thereby prevented from coming to the polls. We found nothing in this contention that would affect the result of the race because contestant only showed that one person was prevented from voting by reason of the location of the polls. The utmost claim made by the contestant was that 25 Democrats did not vote. If such a number had voted it would have meant a hundred per cent vote in the precinct. It is the opinion of members of this committee that a normal Democratic vote voted in the 20th precinct of the 1st ward.

In the 33rd precinct of the 1st ward it was claimed that there were nuns who did not vote. It was claimed by contestant that the reason this happened was that in 1928 pictures were taken by newspapermen of the nuns going to the polls and they were embarrassed and did not register and vote in 1929. It is not shown that the contestee had anything to do with the photographing of the nuns, and besides such action occurred in 1928 and therefore is not relevant to the election of 1929. On the other hand the contestant gives as his reason for the nuns not voting that the head of the order in Lafayette, Indiana, issued instructions prohibiting the nuns from voting. We fail to see therefore why the failure of the nuns to vote if they did, furnishes any ground of contest.

In this precinct the contestant was certified 15 votes by the election officers, whereas, he should have been accredited with 158 votes. This was due to an innocent error of omission on the part of the election officers. This, therefore, represents a net loss to the contestant of 143.

The contestee was accredited with 3,182 votes and the contestant 2,895 votes, by the election commission, a majority of 287 votes for the contestee. After allowing the contestant 143 votes lost in the 33rd precinct of the 1st ward, and the contestee 71 votes lost in the 1st precinct of the 3rd ward, the contestee secured an undisputed majority of 215 votes.

Upon this statement of fact gleaned from the evidence it is my opinion that Mr. Gnau's notice of contest, in justness and fairness, should be dismissed at his cost.

This 23rd day of January, 1930.

Respectfully submitted,

U. G. Anderson.

Mr. Anderson moved that said substitute be adopted.

Said motion was disagreed to.

Mr. Douthitt moved that the majority report as offered by the Committee be adopted.

Said motion was agreed to.

H. Res. 6. Resolution relating to legislative investigation of the Highway Department and Commission.

Ordered that said bills be read the second time.

The Constitutional provision as to the second reading of said bills at length being dispensed with, said bills were read the second time by their titles only.

Ordered that said bills be placed in the Orders of the Day.

Mr. Gilbert moved that a Committee of three members be appointed by the Speaker to escort the Hon. John G. Klefot and the Hon. Fred A. Gnau, newly elected members of this House from the Fifty-third Legislative District and from the Fifty-second Legislative District, to the bar of this House for the purpose of taking the oath of office as prescribed by the Constitution and Statutes of this Commonwealth.

Said motion was agreed to.

Thereupon the Speaker appointed Messrs. Meyers, Gilbert and Via as members constituting said Committee.

After a time said Committee escorted the said Representatives, the Hon. John G. Klefot and the Hon. Fred A. Gnau to the bar of the House where they took the oath of office as prescribed by the Constitution and Statutes of this Commonwealh.

Mr. Meyers moved that the House do now adjourn.

Said motion was agreed to.

And then the House adjourned.

FRIDAY, JANUARY 24, 1930.

The House was opened with prayer by the Reverend J. A. McCammon of the Church of the Nazarene of Frankfort, Kentucky.

The roll was called and the following members answered to their names, viz.:

J. D. Via	G. W. Wigginton	
J. E. Walters	Robert Williams	

Mr. Everhart moved that the reading of the Journal of yesterday's proceedings be dispensed with.

Said motion was agreed to.

Mr. Hamilton offered the following resolution, viz.:

Whereas, this House of Representatives several days ago in a resolution called upon the State Auditor to furnish to this House of Representatives a list and names of State officials and employees who were furnished automobiles by the State, now

Therefore Be It Resolved that the State Auditor and State Purchasing Agent be directed to furnish to this House not later than fifteen days what it cost the State in the year of 1929 to operate each car in the way of gasoline, oil and tires and garage bills, also the following information to be furnished if any State owned cars used in 1929 were traded in on new modeled cars.

Said resolution was adopted.

Mr. Douthitt offered the following Resolution, viz.:

CONCURRENT RESOLUTION RELATING TO THE CONTROL OF MOTOR VEHICLES FOR HIRE ENGAGED IN INTER-STATE COMMERCE

Whereas, In the absence of control, there has grown up a class of interstate motor bus operation which is entirely unregulated and altogether irresponsible and subject to the regulation of no state or federal authority whatever, and

Whereas, The traveling public is being constantly victimized by such operators crossing state lines between

Kentucky and neighboring states, and who resort to all sorts of illegitimate and unscrupulous activities at the expense of travelers who are unable to obtain redress, and

Whereas, The regularly certificated bus lines operating under Commission of Motor Transportation are a source of large revenue to the state, and now constitute one of the state's major public utilities, and

Whereas, The activities of the unregulated interstate "wildcat" operators subject both the legitimate bus lines and other forms of transportation to unfair, injurious and unscrupulous competition, and

Whereas, The present condition is highly detrimental to the interests of the State of Kentucky, to the legitimate transportation interests, to the traveling public and to the public generally, and

Whereas, Such conditions present an urgent need for adequate federal regulation, at least as to proper certification and control,

Now, Therefore, be it Resolved by the General Assembly of The Commonwealth of Kentucky:

That the Legislature of the State of Kentucky recommend to the Congress of the United States and to the Intersate Commerce Commission that legislation providing for such Federal regulation be immediately enacted.

Said resolution was adopted.

It is so ordered by the House, upon the request of Mr. Via that he be granted a leave of absence for several days.

Mr. Via moved that the House resume consideration of the matter under discussion on yesterday and take from the Clerk's desk the report of the Committee in the contest case of James A. Campbell vs. M. D. Hoskins from the 84th Legislative District.

Said motion was agreed to.

(For Committee report and Substitute therefor see Journal of yesterday.)

Mr. Ardery moved that the Substitute, which is the Minority Committee Report as offered by Mr. Harrison, be adopted.

Mr. Douthitt moved that the House do now resolve itself into a Committee of the Whole House for the purpose of hearing the Attorney General discuss the merits and demerits of the case.

Said motion was disagreed to.

Mr. Walters moved the Previous Question.

Thereupon the Speaker announced "Shall the main question be now put?"

Which was decided in the negative.

Said Substitute or Minority Committee Report was then adopted.

The yeas and nays being required thereon by Messrs. Strange and Harrison, were as follows, viz.:

Those who voted in the affirmative were—

F. B. Adcock	J. Watt Brown	H. G. Crabtree

Mr. Hargrove moved that the vote by which said Substitute for the report of the Committee in the case of Campbell vs. Hoskins be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Thereupon the Speaker declared the said James A. Campbell duly and regularly a member of this House from

the 84th Legislative District of the Commonwealth of Kentucky, and that after taking the oath of office as required by the Constitution and Statutes of the Commonwealth, entitled to all of the rights and privileges of this House.

Mr. Dorman moved that when the House adjourn today, it adjourn to meet again on Monday, January 27 at one o'clock P. M.

Said motion was agreed to.

Mr. Meyers moved that the vote by which the House agreed that when the House adjourn today it be to meet again on Monday, January 27 at one o'clock P. M. be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Mr. Gilbert moved that a Committee of two members be appointed by the Speaker to escort the Hon. James A. Campbell newly elected member of this House from the Eighty-fourth Legislative District, to the bar of this House for the purpose of taking the oath of office as prescribed by the Contution and Statutes of this Commonwealth.

Said motion was agreed to.

Thereupon the Speaker appointed Messrs. Meyers and Gilbert as members constituting said Committee.

After a time said Committee escorted the said Representative, the Hon. James A. Campbell, to the bar of the House where he took the oath of office as prescribed by the Constitution and Statutes of this Commonwealth.

Mr. Gnau moved that the privileges of the floor for this session be extended to Messrs. Lutz, Stucker and Hoskins.

Said motion was agreed to.

Mr. Via moved that the privileges of the floor be extended to Mr. Newton Bright, Commissioner of Agriculture.

Said motion was agreed to.

Mr. Pickett moved that the privileges of the floor be extended to former State Senator White L. Moss.

Said motion was agreed to.

The hour of twelve o'clock Meridian having arrived, that being the hour, under the Rules of this House, for the consideration of the Orders of the Day,

Mr. Strange moved that the Rules be suspended and that the roll of the Counties and Legislative Districts be called for the introduction of bills.

Said motion was agreed to.

Thereupon the call of the Counties and Legislative Districts, the following bills were introduced, ordered printed and referred as follows, viz.:

By Mr. John Y. Brown:

H. Res. 9. Resolution authorizing Elizabeth R. Hawkins and the personal representatives of W. S. Farmer and H. H. Elder, respectively, to file suit against the Commonwealth of Kentucky.

To Committee on Claims.

A message was received from the Senate announcing that they had passed resolutions which originated in that body of the following titles, viz.:

S. Res. 14. Whereas, it is resolved by this Joint Resolution of the House and the Senate of the Kentucky Legislature that it is its privilege and pleasure to extend an invitation to Sgt. Samuel Woodfill of Fort Thomas, Kentucky, to address in joint session the Kentucky Legislature at 11:30 a. m., January 28th, 1930.

Be It Further Resolved that this body is happy to have this opportunity of meeting and honoring a fellow Kentuckian who Gen. Pershing described as the outstanding hero of the World War.

Be It Further Resolved that the members of this body have noted with keen pride the career of this distinguished soldier—his thirty-three years of service under the flag, the fact that he has been decorated by nineteen nations for unusual valor, that he represented America at the dedication of the unknown soldier's grave at Washington.

Be It Further Resolved that Kentuckians have viewed with keen satisfaction the many honors that have come to their son from other peoples and nations and now take this manner of showing their own and Kentucky's admiration for this great soldier, citizen and American.

It Is Further Resolved that every member of the House and Senate that composed this branch of our government be urged to attend this session.

Said resolution was concurred in.

S. Res. 8. Whereas, there is a noted and continued decrease in the number of physicians in the rural communities of the Commonwealth of Kentucky, and whereas, such continued decrease and limited medical service threatens the future good health of the deserving people in the rural sections of our State;

Therefore be it resolved by the Senate of Kentucky, the House of Representatives concurring therein:

That a committee, composed of three members of the Senate and five members of the House of Representatives, be appointed by the presiding officer of each body, to investigate the needs as outlined in this resolution, and recommend or advance such legislation as is needed, to the General Assembly, to meet this public demand, and be it further resolved that no expense to the State be incurred in carrying out the provisions of this resolution.

Said resolution was concurred in.

S. Res. 13. Whereas, it is represented that ex-Senator T. Coleman DuPont is offering to purchase and grant to the State of Kentucky a tract of land surrounding and including the Cumberland Falls for State Park purposes, and

Whereas, the Cumberland River Power Company pro-

poses to erect a power dam near the Cumberland Falls upon conditions which it claims will not injure the said falls, and

Whereas, it is represented that the citizens of Southeastern Kentucky, that section of Kentucky which is most directly interested in this development, are practically a unit in favor of the development, and

Whereas, the said Senator DuPont has been extended an invitation to appear before the Kentucky Legislature and present his offer and plans to that body, now

Therefore, Be It Resolved that the citizens of Southeastern Kentucky be invited to have representatives of that section of the State appear before a joint session of the Kentucky Legislature for the purpose of presenting to that body their views upon this matter.

That parties both for and against said proposition be allowed to present the views of the people of said section.

Mr. John Y. Brown offered the following amendment to said resolution, viz.:

Amend S. Res. 13 by adding the following paragraph to the resolution:

"That citizens of other portions of Kentucky be invited to appear before this body to present the views of those favoring acceptance of the DuPont offer."

Said amendment was agreed to.

Said resolution, as amended, was then concurred in.

The Committees to which the same had been previously referred reported bills and resolutions of the following titles, viz.:

By Mr. John Y. Brown of the Committee on Education No. 1:

H. B. 108. An Act to repeal Section 4421a-1 to 4421a-4, inclusive, Carroll's Kentucky Statutes, Baldwin's 1928 Supplement, which deals with appointments, qualifications, oath of office, length of term, and vacancies, and provides rules and regulations for the meetings of the State Textbook Commission.

By Mr. L. B. Murphy of the Committee on Roads and Highways No. 1:

S. Res. 5. Joint Resolution providing for the appointment of a Committee to investigate the conduct and affairs of the State Highway Commission, members of the State Highway Commission, officers, employes and agents thereof; etc.

With a Committee amendment thereto.

With the expression of opinion that said bill and resolution ought to pass.

Said bill and resolution were each read at length the first time and ordered to be placed on the Calendar.

The House took up for consideration from the Calendar bills of the following titles, viz.:

H. B. 71. An Act to assist disabled ex-service men and women of the World War in obtaining from the Federal Government the relief authorized by Acts of Congress, and continuing in existence for that purpose the Kentucky Disabled Ex-service Men's Board and appropriating funds therefor.

H. B. 21. An Act entitled "An Act changing the name

of Chinnville, Greenup County, Kentucky, to that of Raceland, Greenup County, Kentucky.

H. B. 23. An Act to repeal and re-enact Sec. 1055 of the Kentucky Statutes, relating to the Jefferson Quarterly Court.

H. B. 14. An Act relating to education in this Commonwealth and appropriating money from the General Fund of the Treasury of the Commonwealth to be used for education purposes in connection with the public school system of this Commonwealth and conferring authority and power upon the State Board of Education.

With Committee amendments thereto.

H. B. 8. An Act to refund to the owner of a motor vehicle the license fee in case of loss by theft, accident, fire or otherwise.

H. B. 25. An Act relating to operation and driving of motor vehicles and the licensing of drivers and operators thereof.

With Committee amendments thereto.

H. B. 87. An Act entitled "An Act changing the name of Dolan, Perry County, Kentucky, to that of Combs, Perry County, Kentucky."

Ordered that said bills be read the second time.

The constitutional provision as to the second reading of

said bills at length being dispensed with, said bills were read the second time by their titles only.

Ordered that said bills be placed in the Orders of the Day.

The House took up for consideration from the Orders of the Day a bill of the following title, viz.:

H. B. 32. An Act to amend and re-enact Sec. 1213a, Kentucky Statutes, Carroll's 1922 Edition.

With a Committee amendment thereto.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That Section 1213a, Kentucky Statutes, Carroll's 1922 Edition, be amended and re-enacted so that said section as amended and re-enacted will read as follows:

Any person who with intent to defraud shall make or draw or utter or deliver any check, draft, or order for the payment of money upon any bank or depository, knowing at the time of such making, drawing, uttering, or delivery that the maker or drawer has not sufficient funds in such bank or other depository for the payment of such check, draft or order in full upon its presentation; or who after having made, uttered or delivered any check, draft, or other order for the payment of money upon any bank or other depository shall withdraw or cause to be withdrawn, the money or any part thereof to the credit of the maker of such draft, check, or other order for the payment of money without leaving with such bank or other depository a sum sufficient to cover such check, draft, or other order for the payment of money, shall be guilty of a misdemeanor, if the amount of such check, draft or order be under Twenty Dollars, and upon conviction thereof shall be fined not exceeding One Hunderd Dollars

($100.00), or confined in the county jail not less than one day nor more than ninety days, either so fined or imprisoned or both in the discretion of the court or jury trying the case, and if the amount of such check, draft or order be for Twenty Dollars ($20.00) or over, he shall be guilty of a felony, and upon conviction thereof shall be confined in the penitentiary for not less than one year nor more than two years, and the drawer of such check, draft, or order shall be prosecuted in the county in which he delivers same.

Provided, however, that if the person who makes, issues, utters, or delivers any such check, draft, or order shall pay the same within five days from the time he receives actual notice, verbal or written, of the dishonor of such check, draft, or order, he shall not be prosecuted under this act, and any prosecution that may have been instituted within the time above mentioned, shall, if payment of said check, draft, or order be made as aforesaid, be dismissed upon payment of the cost by the defendant.

The making, drawing, uttering, or delivering of such check, draft, or order as aforesaid, shall be strong prima facie evidence of intent to defraud.

All acts or parts of acts in conflict herewith, to the extent of such conflict, are hereby repealed.

Said Amendment as offered by the Commitee is as follows, viz.:

"Amend H. B. 32 by inserting in page 1, Sec. 1, line 8 of the printed bill the words 'or credit with' after the word 'in' and before the word 'such' in said line of said bill."

Said Amendment as offered by the Committee was then agreed to.

Mr. Hamilton offered the following Amendment to said bill, viz.:

"Amend H. B. 32 by adding to line 39 'Since it is essential to the benefit of the public, an emergency is declared and this Act shall be effective upon its passage and approval.' "

Said Amendment was agreed to.

Ordered that said bill be engrossed and read the third time.

The constitutional provision as to the third reading of said bill at length being dispensed with and the same being engrossed, said bill was read the third time by its title only and passed.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 71. An Act to assist disabled ex-service men and women of the World War in obtaining from the Federal Government the relief authorized by Acts of Congress, and continuing in existence for that purpose the Kentucky Disabled Ex-Service Men's Board and appropriating funds therefor.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That the Kentucky Disabled Ex-Service Men's Board, created by an Act approved February 27, 1922, and recreated by Acts of the General Assembly approved March 21, 1924, February 24, 1926, and February 16, 1928, be continued in existence for an additional period of two (2) years for the purpose of assisting disabled ex-service men and women of the World War, who are residents of Kentucky, and who are or may be entitled to aid from the United States Government pursuant to federal legislation for the benefit of disabled veterans and their dependents, in preparing and presenting their said claims to the proper federal agencies and authorities and in securing and expediting action thereon; to relieve and prevent congestion and delay on the proper consideration, rating and final adjudication of said claims and to, as far as possible, cause every disabled veteran and the dependents of every disabled veteran to receive promptly and regularly the maximum relief and benefits to which they are entitled under the federal law.

§ 2. Said Kentucky Disabled Ex-Service Men's Board shall, during the time for which its existence is extended by Section 1 of this Act, be composed of three (3) members: One of whom shall be the Lieutenant-Governor of Kentucky,

ex-officio, another of whom shall be the State Commander of The American Legion, Department of Kentucky, ex-officio, and the third member shall be elected annually by these two members. The members of the Board shall serve without salary or compensation, but they shall be paid their actual and necessary traveling expenses while in the discharge of their official duties.

§ 3. The words, "veterans" and "ex-service men and women," as used in this Act, include any individual who served on active duty in the army, navy, or marine corps of the United States between the dates of April 6, 1917, and July 2, 1921, inclusive, and who has received an honorable discharge from such service.

§ 4. Said Kentucky Disabled Ex-Service Men's Board shall elect a Secretary and such assistants as may be found necessary whose duties shall be to prepare in proper form, present, and prosecute the claims of disabled ex-service men and women and their dependents with the United States Veterans' Bureau and other federal agencies, and to secure and expedite action on said claims; to keep in contact with the United States Veterans' Bureau, so that the status of any claims may be known at any time; to continue a survey of the State to make certain that no disabled man or his dependents are neglected, and to perform such other duties as the Board may direct. The secretary and such assistants as may be authorized shall be paid a salary fixed by the Board and shall be paid actual and necessary traveling expenses while engaged in the performance of duties as the Board may direct.

§ 5. For the purpose of carrying out the provisions of this Act, there is hereby appropriated out of State funds, not otherwise appropriated, to the Kentucky Disabled Ex-Service Men's Board, the sum of twenty thousand ($20,000.00) dollars per year for two (2) years. The Board shall keep an accurate and detailed account of all receipts and disbursements, and its books shall be subject to examination and audit by the State Inspector and Examiner. Any part of the fund

unused at the expiration of the period for which the Board is created shall be turned back to the general State fund.

§ 6. The Kentucky Disabled Ex-Service Men's Board shall have the power to expend such reasonable sums as may be necessary to employ clerical and stenographic assistants, who shall be paid their actual and necessary traveling expenses while engaged in the performance of their duties, and to establish and maintain offices.

7. The Kentucky Disabled Ex-Service Men's Board shall cease to exist on July 1, 1932.

§ 8. All laws and parts of laws inconsistent herewith are hereby repealed.

§ 9. There being many hundreds of disabled ex-service men who have not received the benefits of federal legislation to which they are entitled because of lack of knowledge of the federal law as amended and the United States Veterans' Bureau regulations and procedure, and other remedial causes, and it being considered that if this Board ceases to function, the disabled ex-service men will not receive the information, assistance, and benefits to which they are entitled, an emergency is hereby declared to exist and this Act shall take effect from and after its passage and approval as required by law.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 74. An Act amending Subsec. 1 of Sec. 492 of the Kentucky Civil Code of Practice to authorize sales of property held for twenty years after the execution of the deed or the probation of the will which forbids the sale, where such changes shall have occurred in the value or the condition of the property as to make a sale and reinvestment of the proceeds materially beneficial to the owners and for the appointment of a trustee to conserve and reinvest such proceeds of sale under the direction of the Court.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That subsection 1, of section 492 of the Kentucky Civil Code of Practice be amended by adding thereto the following words: "except that property held under such deed or will for more than twenty years after the execution of the deed or the probation of the will may be sold for reinvestment of the proceeds where there shall have occurred such changes in the value or the condition of the property as to make such sale and reinvestment materially beneficial to the grantees or devisees. In such case the court shall appoint a trustee to make the reinvestment in such other real or personal property as it may approve; the trustee to hold and conserve the property so bought upon the same terms as provided in the deed or will, and thereafter, under directions of the court may resell and reinvest the proceeds as a prudent management of the estate may require," so that said subsection, when so amended, shall read as follows:

1. No sale shall be ordered if forbidden by the deed, will or contract under which the property is held except that property held under such deed or will for more than twenty years after the execution of the deed or the probation of the will may be sold for reinvestment of the proceeds where there shall have occurred such changes in the value or the condition of the property as to make such sale and reinvestment materially beneficial to the grantees or the devisees. Said last named motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 23. An Act to repeal and re-enact Sec. 1055 of the Kentucky Statutes 1922 Edition, relating to the Jefferson Quarterly Court.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonmonwealth of Kentucky:

That Section 1055, Kentucky Statutes, 1922 Edition, be repealed and re-enacted so that the same, when thus re-enacted shall read as follows:

Section 1055. Records books of judge and court; clerk; clerks and their compensation in certain counties:

The judge of the Quarterly Court shall keep a record of all of his official acts out of term time, and shall keep a docket, order book, and execution book in which shall be recorded, as clerks are required to do, the proceedings of the court, and shall fix a rule day for the return of executions and other process. The record books shall be paid for by the county. He may appoint a clerk of his court, who shall have power to file papers and issue all process and administer the oaths; Provided, that in counties having a population of one hundred

and fifty thousand or more the county judge elected at a regular election for said office, shall, on the first Monday in July succeeding his election, appoint for a period of four years a clerk and four deputy clerks of the Quarterly Court, who shall have power to file papers and issue all processes, and for their services the clerk shall be paid at the rate of thirty-six hundred dollars per annum, and one deputy clerk at the rate of eighteen hundred dollars per annum, and three deputy clerks at the rate of fifteen hundred dollars per annum, said salaries to be paid in monthly installments and by the fiscal court of the county in which said clerk and deputies are appointed, out of the county treasury from money raised for county purposes, and all fees collected from the Quarterly Court which heretofore have been paid to the county judge in said counties shall be paid into the treasury of the county. Said collections shall be made by the clerk, who shall settle monthly with the county judge and pay the amount found by such settlement in his hands immediately into the county treasury.

Said clerk and deputies shall, before entering upon the discharge of their duties, execute bond before the county court, with security approved by the court, to the Commonwealth of Kentucky, for the faithful performance of their duties.

Ordered that said bill be read the third time.

The Constitutional provision as to the third reading of said bill at length being dispensed with said bill was read the third time by its title only and passed.

Resolved that the title thereof be as aforesaid.

Mr. Everhart moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Mr. Strange moved that the session of today be extended indefinitely.

Said motion was agreed to.

Mr. Truesdell moved that the House do now meet in Joint Session with the Senate of Kentucky for the purpose of hearing Sergeant Woodfill, veteran and hero of the World War.

Said motion was agreed to.

The Senate of Kentucky appeared and in order entered upon the floor of the House of Representatives and the Hon. James B. Breathitt, Lieutenant Governor and President of the Senate, took the Chair and presided, and the Hon. John S. Milliken, Speaker of the House of Representatives, having taken his seat on the right of the President of the Senate, the two Houses were convened in Joint Session which was composed of a majority of all the members elected to each House.

Mr. Young, Senator from Owensboro, moved that the roll call of the two Houses be dispensed with.

Said motion was agreed to.

The Lieutenant Governor and presiding officer of the Joint Session appointed Messrs. Truesdell, Strange and Napier as a Committee to escort Sergeant Woodfill to the place at the Clerk's desk.

After a time the said Committee appeared upon the floor of the House with Sergeant Woodfill who addressed the General Assembly of Kentucky.

Mr. Strange moved that this Joint Session do now dissolve.

Said motion was agreed to.

The Speaker having resumed the Chair,

Mr. Strange moved that the House do now recess until one-thirty o'clock P. M.

Said motion was agreed to.

AFTERNOON SESSION

The Speaker resumed the Chair and called the House to order.

A message was received from the Senate announcing that they had concurred in a Resolution which originated in this House, entitled:

H. Res. 1. Resolution requesting tax reduction on manufactured tobacco products to the Congress of the United States.

(For Resolution see House Journal of January 7.)

The House took up for consideration from the Orders of the Day, a bill entitled:

With a Committee Amendment thereto.

Said bill is as follows, viz.:

H. B. 14. An Act relating to education in this Commonwealth and appropriating money from the General Fund of the Treasury of the Commonwealth to be used for education purposes in connection with the public school system of this Commonwealth and conferring authority and power upon the State Board of Education, upon recommendation of the Superintendent of Public Instruction, to supervise and administer the expenditure of money so appropriated, defining the purposes for which the money so appropriated shall be used, and providing conditions upon which it shall be received; and

generally to provide for a more efficient system of public schools in this Commonwealth.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. There is hereby appropriated annually out of the General Fund of the State Treasury the sum of one million five hundred thousand ($1,500,000.00) dollars for the purposes herein stated and defined. The same shall be expended and administered under the direction and supervision of the State Board of Education upon the recommendation of the Superintendent of Public Instruction, as provided in this Act.

§ 2. The money herein appropriated shall be known and designated as a fund for the equalization of educational opportunities in this Commonwealth. Equalization of educational opportunities, as used in this Act means the raising of the level of expenditures per pupil for educational purposes in school districts where the level of educational opportunities is below the level or standard fixed and prescribed by law and by the State Board of Education as hereinafter provided. This equalization relates to funds expended other than the per capita distribution made to all of the school districts under the provisions of the Constitution and laws of the Common School Fund.

§ 3. Any board of education that has had its budget and salary schedule approved by the State Board of Education, as provided by law, and has levied the maximum school tax permitted by law, shall have the privilege of applying for aid from the fund appropriated by this Act.

§ 4. If the State Board of Education, upon investigation, finds that any applicant for an apportionment from the fund created by this Act, by using all of the State per capita and one-half its local revenue, cannot employ its teachers for a minimum term of seven months and pay them a minimum salary of $75 per month, estimating on the basis of one teacher for every forty children of school age, then the State Board

of Education upon recomendation of the Superintendent of Public Instruction shall have authority to apportion from the funds created by this Act sufficient revenue to enable such board of education to employ its teachers for a minimum term of seven months and pay salaries based upon a minimum of $75 per month with additional amounts for high school and college training as provided in the salary schedule adopted by the local board of education and approved by the State Board of Education, estimating one teacher for each forty pupils in the census.

§ 5. The funds created by this Act shall be prorated on or before February first of each year by the State Board of Education on recommendation of the Superintendent of Public Instruction to each board of education meeting the provisions of this Act.

§ 6. Any board of education may, not later than September first of each year, upon blanks furnished by the State Board of Education upon recommendation of the Superintendent of Public Instruction, make application for funds provided by this Act. When such application is made the State Board of Education, upon recommendation of the Superintendent of Public Instruction, and in conformity with the provisions of this Act, shall determine the amount of money appropriated by this Act which shall be apportioned to such board of education in proportion to its needs as herein determined, and the action of the State Board of Education shall be final and conclusive.

§ 7. The money appropriated and apportioned to any board of education for equalization of educational opportunities shall be received by such board and held and expended by it under the same liability and responsibility as provided by law for other funds which come into the hands of such board.

§ 8. The money appropriated by this Act shall be set apart in the State Treasury to the credit of the State Board of Education, and the State Treasurer as Treasurer of the

State Board of Education, shall hold the same inviolate and as a separate fund. He shall pay out such money on warrants of the State Auditor, who shall issue such warrants on the State Treasurer as Treasurer of the State Board of Education, only on requisitions signed by the Chairman of the State Board of Education.

§ 9. All laws and parts of laws in conflict with this Act are hereby repealed.

Said Amendment as offered by the Committee is as follows, viz.:

"Amend H. B. 14 by substituting in place of $1,500,000.00 the amount of $1,250,000.00 as if appears in line 3, Sec. 1 of page 1 of the printed bill."

Mr. Strange moved that said bill be recommitted

To Committee on Education No. 1.

Said motion was disagreed to.

Mr. Park moved the Previous Question.

Thereupon the Speaker announced "Shall the Main Question be now put?"

Which was decided in the affirmative.

Said Amendment as offered by the Committee was then agreed to.

Ordered that said bill be engrossed and read the third time.

The Constitutional provision as to the third reading of said bill at length being dispensed with and the same being

engrossed, said bill was read the third time by its title only and passed.

The yeas and nays being taken thereon in accordance with the provisions of the Constitution, were as follows, viz.:

—18

Resolved that the title thereof be as aforesaid.

Mr. John Y. Brown moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Mr. Nichols moved that the privileges of the floor be extended to Mr. W. J. McGill, former member of this House.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 8. An Act to refund to the owner of a motor vehicle the license fee in case of loss by theft, accident or otherwise.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That it shall be required, in every case where there is a loss by fire, theft, accident or otherwise of an automobile, auto truck, motorcycle or motor vehicle whereon a license fee is paid in the Commonwealth of Kentucky. That the said owner of such automobile, auto truck, motorcycle or motor vehicle on which a license fee is paid shall be refunded the license fee from the date of such loss of any motor vehicle to the time or date on which such license expires.

§ 2. If an automobile, auto truck, motorcycle or any motor vehicle upon which a license fee is paid is damaged by accident, or otherwise so as to render said vehicle useless and unfit for service, the automobile, auto truck or motorcycle or any motor vehicle upon which a license is paid shall be deemed a loss to said owner.

§ 3. The owner shall present a sworn and proven statement to the county court clerk in the county where said license fee was paid and may then receive a refund covering the time from the loss of such motor vehicle to the date of expiration of said motor license.

§ 4. The sum so refunded shall be taken from the funds paid for motor license and the county court clerk shall have full faith and credit for refunds under this Act.

§ 5. All laws and parts of laws in conflict are hereby repealed.

Ordered that said bill be read the third time.

The Constitutional provision as to the third reading of said bill at length being dispensed with said bill was read the third time by its title only and passed.

The yeas and nays being taken thereon in accordance with the provisions of the Constitution were as follows, viz.:

Resolved that the title thereof be as aforesaid.

Mr. Patton moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Mr. Vallandingham moved that Miss Jane Rogers Martin be made Honorary Page of this House for the Session.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 25. An Act relating to operation and driving of motor vehicles and the licensing of drivers and operators thereof.

With a Committee Amendment thereto.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That every driver of every motor vehicle, whether hired chauffeur, or owner, shall be subject to the payment of any damage caused by his negligent operation of said automobile,

when said damage shall be proven against him, as evidenced by judgment of a court, and said chauffeur or driver, or owner, shall be compelled to pay said damage to the injured party, for personal injuries or damage to his automobile or property, and from the said date of any such judgment until said judgment is satisfied, and said chauffeur, owner, or driver shall be deprived and prevented from driving or operating any motor vehicle, for himself or any other person or persons, on the roads or streets of this Commonwealth, until such judgment has been satisfied in full.

Every person guilty of the violation of this Act, on conviction, shall be fined not less than $10.00 nor more than $100.00, and confined in the County Jail for not less than 15 days nor more than 50 days, or both, in the discretion of the jury or Court.

Said Amendment as offered by the Committee is as follows, viz.:

Amend H. B. 25 by adding thereto, "It shall be the duty of the Clerk of the Court in which the judgment is rendered to notify the State Automobile Department of the rendition of the said judgment and should the said judgment be satisfied the said Clerk should so notify the said department."

Said Amendment as offered by the Committee was agreed to.

Mr. Gnau offered the following Amendment to said bill, viz.:

"Amend H. B. 25 by striking therefrom in lines 8, 9, 10 and 11 the words 'And paid chauffeur, owner or driver shall be deprived and prevented from driving or operating any motor vehicle for himself or any other person or persons on the roads or streets of this Commonwealth until such judgment has been satisfied in full.' "

Said Amendment was disagreed to.

Mr. Thomas moved that said bill be laid on the Clerk's desk.

Said motion was agreed to.

Mr. Harrison moved that the reading of the Journal of yesterday's proceedings be dispensed with.

Said motion was agreed to.

Mr. Gilbert offered the following resolution, viz.:

Whereas holding in subjection, in any degree, a foreign people is repugnant to the ideals upon which this Government was founded and,

Whereas the people of this country, through their representatives, have repeatedly promised the Filipino people their independence and,

Whereas it is to the best interests of this country, as well as to the best interests of the Philippines, from a military, from an economic and from a moral standpoint that the two governments and peoples be separate and independent,

Now, Therefore, Be It Resolved, that it is the sense of this House of Representatives of the State of Kentucky that there be granted to the Filipino people immediate and complete independence.

Said resolution was adopted.

The Clerk produced and read to the House the following communication, viz.:

To the Members of the Kentucky Legislature:

I wish to take this opportunity of extending to the members of the Kentucky Legislature the greeting of Frankfort Post No. 7 of the American Legion.

To those members of the Senate and House of Representatives, and to the attaches of both branches who are veterans of the World War, an invitation is hereby extended to them to attend the meetings of this post during the session. The next meeting being on Friday, January 31, 7:30 P. M., at the Frankfort Hotel.

The members and attaches who are ex-service men will please turn in their names to Major Chas. W. Longmire, Sergeant-at-Arms of the House of Representatives, so that individual invitations may be sent them to attend future meetings.

Members of the Frankfort Post who are directly or indirectly connected with the Legislature are:

Hon. Landon B. Hamilton, Member of House.

Maj. C. W. Longmire, Sergeant-at-Arms of House.

Mr. R. F. Fields, Asst. Clerk of Senate.

Mr. J. H. Henderson, Correspondent for Courier-Journal.

The Speaker laid before the House the following invitation:

January 29, 1930.

Hon. John S. Milliken,
Speaker of House of Representatives.
Frankfort, Kentucky.

Dear Mr. Speaker:

I have been instructed by the Governor to ask you to make an announcement to the members of the House of Representatives concerning the Governor's reception which is to be held at the Mansion at eight o'clock this evening. Invitations were placed on the desks of all members of the House. However, it has been ascertained that several invitations were misplaced. Therefore, it will be greatly appreciated if you will announce to the Members of the House of Representatives that all members, their families and friends are cordially invited to attend this reception.

Yours very respectfully,
Earl Maxwell Heavrin, Sec'y to Governor.

Mr. Dorman moved that the session of today be extended indefinitely.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day, a resolution entitled:

H. Res. 6. Joint resolution providing for the appointment of a Committee to investigate the conduct and affairs of the State Highway Commission, members of the State Highway Commission, officers, employes and agents thereof, etc.

Said resolution is as follows, viz.:

Whereas, There have been charges and counter charges made by the members of the State Highway Commission, directed against the acts and official conduct of the members of said Commission, and of certain engineers and employees connected with said Commission, and

Whereas, The Governor of the Commonwealth of Kentucky, by reason of alleged conditions existing in the conduct of the business of said Commission and of alleged conditions existing in the State Highway Department has deemed it expedient to request and require the resignations of members of the State Highway Commission, the State Highway Engineer, and other engineers and employees of said Commission, and

Whereas, The Franklin County Grand Jury has, after extended investigations into the official acts and conduct of the State Highway Commission, the State Highway Engineer and other employees of said Commission, recommended to this General Assembly that it cause a complete and thorough investigation to be made concerning the official conduct of the members of the State Highway Commission, the State Highway Engineer, and other engineers and employees of the State Highway Commission, and of those connected with and dealing with said Commission, and

Whereas, There is a widespread feeling among the citizens and taxpayers throughout Kentucky that there are conditions existing in the State Highway Commission and State Highway Department that should be corrected, either by legislation or otherwise, and a widespread feeling among the citizens and taxpayers that the money appropriated by previous

General Assemblies has not been wisely, fairly, or economically expended, and

Whereas, The State Highway Commission has been brought in disrepute with the various county officials throughout the State of Kentucky by reason of the failure of the said Commission to carry out their promises relative to matching county funds advanced by various counties, and in order to ascertain the extent of such failure and of the commitments made by the State Highway Commission to the respective counties, and

Whereas, The members of this General Assembly are acting for and are responsible to the taxpayers of the Commonwealth of Kentucky, and are desirous of having the fullest information relative to needed legislation, and are desirous that the citizens and taxpayers of the State of Kentucky may have full and complete information concerning the acts and official conduct of any and all officials and employees of the Commonwealth of Kentucky having control of the expenditure of public funds of the Commonwealth of Kentucky; now, therefore,

Be it resolved by the General Assembly of the Commonwealth of Kentucky, that:

§ 1. The President of the Senate shall, upon the passage and approval hereof, appoint a committee of three from the personnel of the Senate, not more than two of whom shall be members of or affiliated with any one political party, and the Speaker of the House of Representatives shall likewise appoint a committee of four from the personnel of the House of Representatives, not more than three of whom shall be members of or affiliated with any one political party, the said committee to be known as a committee of the General Assembly of the Commonwealth of Kentucky. Said committee shall have all of the powers hereinafter enumerated and all of the powers granted by Section 39 of the Kentucky Constitution.

§ 2. Said committee is hereby authorized, empowered,

and directed to fully and throughly investigate the conduct and acts of members and former members of the State Highway Commission, the State Highway Engineer, and former State Highway Engineers, and all employees and former employees and agents of said Commission, and the conduct and acts of any and all persons having or who have had any transactions or who have proposed contracts or transactions with any of the above mentioned persons, whether in the making of, letting, securing, or advertising, a contract for the construction of roads, bridges, or the advertising or letting or proposals for advertising or awarding of a contract or contracts for the sale of bonds for road or bridge or other purposes.

§ 3. Said committee is further authorized, empowered, and directed to make a full and complete investigation of any and all acts or activities of members and former members of the State Highway Commission and State Highway Engineer and former State Highway Engineers, and any and all employees and former employees of said Commission, concerning any pernicious political activities, and concerning any other acts or activities which have resulted or which may result, in the judgment of the committee, to affect or impair the efficiency of said State Highway Department and of said Commission, and of acts which, in the judgment of the committee, have brought or had the tendency to bring into disrepute or disfavor said Commission and said Department.

§ 4. The enumeration of powers and duties hereinabove outlined shall not be construed as a limitation upon the power of said committee, but said committee shall have, in addition to the foregoing enumerated powers, the power and duty to inquire into any and all acts and activities of the members and former members of said Commission, the State Highway Engineer and former State Highway Engineers, and other engineers and employees and former engineers and employees of said Commission which, in the judgment of the committee,

may be pertinent or enlightening to the General Assembly in the performance of its duties relative to any needed legislation.

§ 5. Said committee is hereby further authorized, empowered, and directed to employ such clerical, stenographic, and any other assistance deemed necessary or advisable by the committee, including expert accountants, expert engineer or engineers, and any other class of skilled or professional service which, in the judgment of the committee, may be necessary and expedient to make a thorough and complete examination and report concerning all matters within the scope and duties of the committee as herein contemplated.

§ 6. Said committee is hereby clothed with full and plenary powers to subpoena and place under oath each member and each former member of the State Highway Commission, the State Highway Engineer and each former State Highway Engineer, and any and all other persons having, or who have had, any connection or transactions of any kind or character with the State Highway Commission or the State Highway Engineer, or any official, employee or agent thereof, and any and all persons having, or who may have any knowledge whatever pertaining to any or all activities of said Commission or of the conduct or affairs of any of the members or former members of said Commission, official agent or employee and of any and all persons who may be able to throw any light whatever upon the affairs and conduct of said Commission and of the officials, agents and employees thereof, or of any person having any connection with any project, improved or proposed to be improved by said Commission, in order that the fullest knowledge concerning the results and activities of said Commission and of said State Highway Department, officials, agents and employees, or any one in any way connected therewith, may be known to this committee and thru this committee to this General Assembly.

§ 7. Said committee shall have full and plenary power to subpoena and demand the presence of any and all persons

and to administer oath to any and all such witnesses, and require each and every witness to answer any and all questions propounded by the committee or any member thereof pertinent, in the judgment of said committee, to the investigation to be conducted by said committee as herein provided. Said committee shall have the further power to require any and all persons subpoenaed by it to appear at the time and place mentioned in the subpeona, and the right to investigate and require the production by any and all witnesses to any and all books, papers, documents, contracts, proposed contracts, advertisements, agreements and any other data or written instruments or papers deemed pertinent or necessary or advisable to this investigation by said committee.

§ 8. Said committee shall meet and organize immediately after passage and effective date of this resolution, or as soon thereafter as practicable, and organize by electing from its members a chairman and secretary, and the committee shall have the further power, and it shall be its duty to adopt rules and regulations governing its meetings and procedure.

§ 9. Said committee is further authorized and empowered to conduct any hearing or hearings which it may deem necessary or expedient, at any place within or without this Commonwealth.

§ 10. Said committee may require such services and assistance as it may deem necessary from the Attorney General or his assistants, from the Auditor of Public Accounts, and each and every State official or employee.

§ 11. There is hereby appropriated out of the State treasury the sum of $20,000.00, or so much thereof as may be necessary, to be expended by said committee in employing necessary assistance as herein provided, and for paying the expenses of the committee and of all persons required to attend the meetings of the committee as witnesses, and such other expenses as the committee may find necessary, or in its judgment expedient. The Auditor of Public Accounts is hereby directed to issue his warrants upon the State treasury,

and the State Treasurer is directed to pay same upon certification of said committee presented to the Auditor of Public Accounts, signed by the chairman and attested by the secretary of said committee, within the limits of the appropriation herein made, same to be charged as legislative expense. If any person shall fail or refuse to obey any subpoena issued by said committee to attend the meeting of said committee at the time and place specified in such subpoena, or if any witness shall refuse to be sworn or shall refuse to answer any question propounded by said committee or any member thereof, such person shall be guilty of contempt of the General Assembly, and may be cited by the committee for such contempt as provided in Section 39 of the Constitution.

§ 12. Said committee is directed to proceed as rapidly as practicable with the conduct of said investigation, and to make a preliminary report to the General Assembly on or before March 1, 1930.

§ 13. The Sergeant-at-Arms and his assistants of the House of Representatives and the Sergeant-at-Arms and his assistants of the Senate shall be at the disposal of said committee to serve subpoenas issued by said committee, and it shall be the duty of the sheriffs in the respective counties to serve said subpoenas when requested by said committee.

Mr. Munford moved that said resolution be recommitted

To Committee on Roads and Highways No. 1.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 108. An Act to repeal Sections 4421a-1 to 4421a-4 inclusive, Carroll's Kentucky Statutes, Baldwin's 1928 Supplement, which deal with appointments, qualifications oath of office, length of term, and vacancies, and provides rules and

regulations for the meetings of the State Text-book Commission, and enacting in lieu thereof a section providing that all powers, duties, obligations, and responsibilities now conferred upon and required of the State Textbook Commission shall be transferred to, conferred upon and required of the State Board of Education, composed of the Superintendent of Public Instruction, Ex-Officio Chairman, the Secretary of State, and the Attorney General.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That Section Four Thousand Four Hundred Twenty-One a-One, (4421a-1), to Four Thousand Four Hundred Twenty-One a-Four, (4421a-4), inclusive, Carroll's Kentucky Statutes, Baldwin's 1928 Supplement, be, and the same are, hereby repealed, and that the powers and duties conferred upon and required of the State Textbook Commission, under Sections Four Thousand Four Hundred Twenty-One a-Five, (4421a-5), to Four Thousand Four Hundred Twenty-One a-Thirty-Five, (4421a-35), inclusive, Carroll's Kentucky Statutes, Baldwin's 1928 Supplement, be, and the same are, hereby transferred to, conferred upon and required of the State Board of Education, composed of the Superintendent of Public Instruction, ex-officio chairman, the Secretary of State, and the Attorney General, which Board shall assume and perform any and all duties now required of the present State Textbook Commission.

All laws and parts of laws in conflict herewith shall be, and the same are hereby repealed.

Whereas, there is general confusion throughout the Commonwealth because of the fact that no textbooks have been adopted for the present school year, an emergency is hereby declared to exist, and this Act shall become effective upon its passage and approval.

Mr. John Y. Brown moved that said bill be recommitted to

Committee on Education No. 1.

Said motion was agreed to.

Mr. Napier of the Committee on Enrollment reported that they had examined and found to be correctly enrolled, resolutions which originated in the Senate, of the following titles, viz.:

S. Res. 8. Resolution to devise plans to replenish the physicians of rural districts of this Commonwealth.

S. Res. 13. Resolution inviting citizens of S. E. Kentucky to present their views on the DuPont proposition to acquire Cumberland Falls.

S. Res. 14. Joint Resolution of the House and the Senate of Kentucky Legislature that it is its privilege and pleasure to extend an invitation to Sgt. Samuel Woodfill of Fort Thomas, Kentucky to address Joint Session of the Kentucky Legislature at 11:30 a. m. January 28, 1930;

Thereupon all other business was suspended, said resolutions were read at length and compared in open session and found to be correctly enrolled.

Thereupon the Speaker in open session and in the presence of the House affixed his signature thereto.

Ordered that said resolutions be delivered to the Enrolling Clerk of the Senate.

Mr. Strange moved that the House do now recess until 1:30 P. M.

Said motion was agreed to.

AFTERNOON SESSION

The Speaker resumed the Chair and called the House to order.

Mr. Everhart moved that the privilege of the floor be extended to Hon. James Garnett of Louisville.

Said motion was agreed to.

Mr. Peters moved that the privilege of the floor be extended to Mr. E. B. Miller.

Said motion was agreed to.

Mr. Strange moved that a leave of absence be granted to Mr. Nolte.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day, a resolution entitled:

S. Res. 5. Joint Resolution providing for the appointment of a committee to investigate the conduct and affairs of the State Highway Commission; members of the State Highway Commission, officers, employees and agents thereof; clothing said committee with plenary power to subpoena witnesses, require the production of papers, documents, contracts, proposed contracts; making an appropriation of $10,000 for the expenses of said committee; setting out the manner of organization of said committee; fixing the time for which preliminary report shall be made to the General Assembly; directing the committee to employ all assistants deemed expedient; calling upon the Attorney General and all other state officials and employees to respond to requests made by said committee, and directing the Sergeant-at-Arms of the House of Representatives and Senate, and the sheriffs

of the various counties to serve any subpoenas or orders of arrest of said Committee.

With Committee Amendments thereto.

Said resolution is as follows, viz.:

Whereas, There have been charges and counter charges made by the members of the State Highway Commission, directed against the acts and official conduct of the members of said Commission, and of certain engineers and employees connected with said Commission, and

Whereas, The Governor of the Commonwealth of Kentucky, by reason of alleged conditions existing in the conduct of the business of said Commission and of alleged conditions existing in the State Highway Department has deemed it expedient to request and require the resignations of members of the State Highway Commission, the State Highway Engineer, and other engineers and employees of said Commission, and

Whereas, The Franklin County Grand Jury has after extended investigations into the official acts and conduct of the State Highway Commission, the State Highway Engineer, and other employees of said Commission, recommended to this General Assembly that it cause a complete and thorough investigation to be made concerning the official conduct of the members of the State Highway Commission, the State Highway Engineer, and other engineers and employees of the State Highway Commission, and of those connected with and dealing with said Commission, and

Whereas, There is a widespread feeling among the citizens and taxpayers throughout Kentucky that there are conditions existing in the State Highway Commission and State Highway Department that should be corrected, either by legislation or otherwise, and a widespread feeling among the citizens and taxpayers that the money appropriated by

previous General Assemblies has not been wisely, fairly, or economically expended, and

Whereas, The State Highway Commission has been brought in disrepute with the various county officials throughout the State of Kentucky by reason of the failure of the said Commission to carry out their promises relative to matching county funds advanced by various counties, and in order to ascertain the extent of such failure and of the commitments made by the State Highway Commission to the respective counties, and

Whereas, The members of this General Assembly are acting for and are responsible to the taxpayers of the Commonwealth of Kentucky, and are desirous of having the fullest information relative to needed legislation, and are desirous that the citizens and taxpayers of the State of Kentucky may have full and complete information concerning the acts and official conduct of any and all officials and employees of the Commonwealth of Kentucky having control of the expenditure of public funds of the Commonwealth of Kentucky; now, therefore,

Be it resolved by the General Assembly of the Commonwealth of Kentucky, that:

§ 1. The President of the Senate shall, upon the passage and approval hereof, appoint a committee of three from the personnel of the Senate, not more than two of whom shall be members of or affiliated with any one political party, and the Speaker of the House of Representatives shall likewise appoint a committee of three from the personnel of the House of Representatives, not more than two of whom shall be members of or affiliated with any one political party, the said committee to be known as a committee of the General Assembly of the Commonwealth of Kentucky. Said committee shall have all of the powers hereinafter enumerated and all of the powers granted by Section 39 of the Kentucky Constitution.

§ 2. Said committee is hereby authorized, empowered and directed to fully and thoroughly investigate the conduct

and acts of members and former members of the State Highway Commission, the State Highway Engineer, and former State Highway Engineers, and all employees and former employees and agents of said Commission, and the conduct and acts of any and all persons having or who have had any transactions or who have proposed contracts or transactions with any of the above mentioned persons, whether in the making of, letting, securing, or advertising, a contract for the construction of roads, bridges, or the advertising or letting or proposals for advertising or awarding of a contract or contracts for the sale of bonds for road or bridge or other purposes.

§ 3. Said committee is further authorized, empowered, and directed to make a full and complete investigation of any and all acts or activities of members and former members of the State Highway Commission and State Highway Engineer and former State Highway Engineers, and any and all employees and former employees of said Commission, concerning any pernicious political activities, and concerning any other acts or activies which have resulted or which may result in the judgment of the committee, to affect or impair the efficiency of said State Highway Department and of said Commission, and of acts which, in the judgment of the committee, have brought or had the tendency to bring into disrepute or disfavor said Commission and said Department.

§ 4. The enumeration of powers and duties hereinabove outlined shall not be construed as a limitation upon the power of said committee, but said committee shall have, in addition to the foregoing enumerated powers the power and duty to inquire into any and all acts and activities of the members and former members of said Commission, the State Highway Engineer and former State Highway Engineers, and other engineers and employees and former engineers and employees of said Commission which, in the judgment of the committee, may be pertinent or enlightening to the General Assembly in

the performance of its duties relative to any needed legislation.

§ 5. Said committee is hereby further authorized, empowered, and directed to employ such clerical, stenographic, and any other assistance deemed necessary or advisable by the committee, including expert accountants, expert engineer or engineers, and any other class of skilled or professional service which, in the judgment of the committee, may be necessary and expedient to make a thorough and complete examination and report concerning all matters within the scope and duties of the committee as herein contemplated.

§ 6. Said committee is hereby clothed with full and plenary powers to subpoena and place under oath each member and each former member of the State Highway Commission, the State Highway Engineer and each former State Highway Engineer, and any and all other persons having, or who have had, any connection or transactions of any kind or character with the State Highway Commission or the State Highway Engineer, or any official, employee or agent thereof, and any and all persons having, or who may have any knowledge whatever pertaining to any or all activities of said Commission or of the conduct or affairs of any of the members or former members of said Commission, official, agent or employee and of any and all persons who may be able to throw any light whatever upon the affairs and conduct of said Commission and of the officials, agents and employees thereof, or of any person having any connection with any project, improved or proposed to be improved by said Commission, in order that the fullest knowledge concerning the results and activities of said Commission and of said State Highway Department, officials, agents and employees, or any one in any way connected therewith, may be known to this committee and thru this committee to this General Assembly.

§ 7. Said committee shall have full and plenary power to subpoena and demand the presence of any and all persons and to administer oath to any and all such witnesses, and

require each and every witness to answer any and all questions propounded by the committee or any member thereof pertinent, in the judgment of said committee, to the investigation to be conducted by said committee as herein provided. Such committee shall have the further power to require any and all persons subpoenaed by it to appear at the time and place mentioned in the subpoena, and the right to investigate and require the production by any and all witnesses to any and all books, papers, documents, contracts, proposed contracts, advertisements, agreements and any other data or written instruments or papers deemed pertinent or necessary or advisable to this investigation by said committee.

§ 8. Said committee shall meet and organize immediately after passage and effective date of this resolution, or as soon thereafter as practicable, and organize by electing from its members a chairman and secretary, and the committee shall have the further power, and it shall be its duty to adopt rules and regulations governing its meetings and procedure.

§ 9. Said committee is further authorized and empowered to conduct any hearing or hearings which it may deem necessary or expedient, at any place within or without this Commonwealth.

§ 10. Said committee may require such services and assistance as it may deem necessary from the Attorney General or his assistants, from the Auditor of Public Accounts, and each and every other State official or employee.

§ 11. There is hereby appropriated out of the State treasury the sum of $10,000.00, or so much thereof as may be necessary, to be expended by said committee in employing necessary assistance as herein provided, and for paying the expenses of the committee and of all persons required to attend the meetings of the committee as witnesses, and such other expenses as the committee may find necessary, or in its judgment expedient. The Auditor of Public Accounts is hereby directed to issue his warrants upon the State treasury,

and the State Treasurer is directed to pay same upon certification of said committee presented to the Auditor of Public Accounts, signed by the chairman and attested by the secretary of said committee, within the limits of the appropriation herein made, same to be charged as legislative expense. If any person shall fail or refuse to obey any subpoena issued by said committee to attend the meeting of said committee at the time and place specified in such subpoena, or if any witness shall refuse to be sworn or shall refuse to answer any question propounded by said committee or any member thereof, such person shall be guilty of contempt of the General Assembly, and may be cited by the committee for such contempt as provided in Section 39 of the Constitution.

§ 12. Said committee is directed to proceed as rapidly as practicable with the conduct of said investigation, and to make a preliminary report to the General Assembly on or before March 1, 1930.

§ 13. The Sergeant-at-Arms and his assistants of the House of Representatives and the Sergeant-at-Arms and his assistants of the Senate shall be at the disposal of said committee to serve subpoenas issued by said committee, and it shall be the duty of the sheriffs in the respective counties to serve said subpoenas when requested by said committee.

Said Committee Amendments are as follows, viz.:

Committee Amendment 1. "Amend S. Res. 5 by changing the sum of '$10,000.00' in line 2, Section 11, on page 6, to read 'the sum of $20,000.' "

Mr. D. Smith offered the following Amendment to the Amendment as offered by the Committee, viz.:

"Amend Amendment as offered by the Committee by changing '$20,000' in line 2, sec. 11, page 6 to '$50,000.' "

Mr. Walters moved the Previous Question.

Thereupon the Speaker announced "Shall the main question be now put?"

Which was decided in the affirmative.

Said Amendment to the Committee Amendment was then disagreed to.

Amendment No. 1 as offered by the Committee was then agreed to.

Committee Amendment No. 2. "Amend S. Res. 5 by changing in line 6 of Sec. 1 on page 3 the word 'three' to 'four,' and changing the word 'two' in line 7 of Sec. 1 on page 3 to read 'three.' "

Amendment No. 2 as offered by the Committee was agreed to.

Said resolution was then adopted, as amended.

S. Res. 15. Concurrent resolution memoralizing Congress of the United States to pass S. B. 3154 and H. B. 8711 creating a memorial at Henderson, Kentucky, to the memory of John James Audubon.

Said resolution is as follows, viz.:

Whereas, there is now pending before the Senate of the United States and the House of Representatives, bills introduced by the Honorable James M. Robsion and the Honorable D. H. Kincheloe, authorizing the erection of a suitable memorial on the site of the Audubon Mill at Henderson, Kentucky, commemorating the achievements of John James Audubon, the great American Naturalist; and

Whereas, this great American naturalist whose name is known to every school child and who won the title of "The American Woodsman," maintained his home at Henderson and there conceived the idea of his work that lies at the base of his fame; and

Whereas, there is now an opportunity to have a suitable memorial erected there, now

Therefore be it resolved by the Senate of the Commonwealth of Kentucky, the House of Representatives concurring:

That the Congress of the United States of America be and is hereby petitioned to pass Senate Bill 3154 and House Bill 8711, introduced in the Senate of the United States by the Honorable J. M. Robsion and the House of Representatives by the Honorable David H. Kincheloe, which provides for the erection of a suitable memorial to the memory of John James Audubon, at Henderson, Kentucky.

Be it further resolved that it is the sense of the Senate of the Commonwealth of Kentucky, the House of Representatives concurring that the two United States Senators and

eleven Congressmen representing this Commonwealth of Kentucky in the Congress of the United States should support said measures and they are hereby petitioned to so do.

Be it further resolved, that the Chief Clerk of the Senate, upon the passage of this resolution and the concurrence therein by the House of Representatives, send to the President of the United States of America and to the President of the Senate of the United States and to the Speaker of the House of Representatives of the United States and to each of the Senators and to each of the Congressmen representing this Commonwealth a copy of this resolution.

Said resolution was concurred in.

Mr. Meyers moved that the House do now adjourn.

Said motion was agreed to.

And then the House adjourned.

Mr. Page moved that the reading of the Journal of yesterday's proceedings be dispensed with.

Said motion was agreed to.

Mr. Parks moved that the privileges of the floor be extended to Mr. James Wagers.

Said motion was agreed to.

A message was received from the Senate announcing that they had passed a bill and a resolution which originated in that body entitled:

S. B. 35. An Act to repealing Sec. 4356e-2 and 4356t-3 Kentucky Statutes, as compiled in Baldwin's Kentucky Statute Service issued in 1926 being Sec. 1, 2, and 3 of Chapter 195 of the Acts of General Assembly of 1926 and enacting in lieu thereof an Act creating a commission to be known as "The State Highway Commission of Kentucky."

Ordered that said bill be printed and referred

To Committee on Roads and Highways No. 1.

S. Res. 17. Joint resolution providing for the appointment of a committee of Senate and House members to make an investigation, and report on the advisability and practibility of the repair of the east wing or Executive Building on the old Capitol grounds.

Whereas, on February 23, 1929, the east wing or executive building of the old capitol was partially destroyed by fire, and to such an extent as to be unfitted for permanent occupancy or use by the State Geological Survey, the Railroad Commission, Highway Commission, and Workmen's Compensation Board, and perhaps other Boards or Commissions which had then or theretofore been using same for office purposes; and

Whereas, these departments and commissions or some of them are scattered to various points, and occupying rooms for which the State is compelled to pay rent; and

Whereas, the State collected in insurance the sum of $50,000 by reason of said loss and damage, and it is believed that with a reasonable expenditure the said building may be made habitable and usable by and for the departments above mentioned and for other offices and boards, and that it is both practicable and economical to repair the damage, which repairs will in the main consist of adequate roofing;

Be it resolved by the Senate, the House of Representatives concurring:

That a committee be named, said committee to be composed of three members of the Senate, named by the President thereof, and three members of the House, namd by the Speaker thereof, the joint committee to make investigation, survey and examination looking to the advisability and practicability of making repairs to and improvement of the Executive wing of the Old Capitol so as make same habitable by and usable for such Boards, Departments and offices of the Commonwealth as may be assigned to said quarters by the Sinking Fund Commission, said survey and examination to be made as expeditiously as possible, and a report thereon made to the Senate and House.

2. If it appear to the committee that adequate repairs and improvements may be economically made, and sufficient to make the building habitable and usable, then the committee is directed to prepare and present for the consideration of the Assembly an appropriate measure looking to that end, making such recommendation, and asking for the setting aside of such sum as shall, in their opinion be necessary to meet such recommendation, including in such measure an emergency clause, if deemed proper, so as to procure speedy fulfillment of their suggestions.

Said resolution was concurred in.

And that they had passed a resolution which originated in this House, entitled:

H. Res. 10. Resolution of the Legislature of Kentucky inviting Governor Harry F. Byrd to address it at his convenience.

(For resolution see House Journal of January 27.)

The Speaker of the House laid the following communication from the Governor of Kentucky, before the House, viz.:

January 30, 1930.

To the Speaker and
House of Representatives.

Gentlemen:

I have the honor to herewith transmit to the House of Representatives for its examination and consideration a complete copy of the report of audit of the State Highway Department of Kentucky, made by Humphrey Robinson and Company, Accountants and Auditors of Louisville, together with a letter of transmittal thereto attached, signed by Humphrey Robinson and Company, of date January 28, 1930.

Respectfully,
FLEM D. SAMPSON, *Governor*
Commonwealth of Kentucky.

Said report is as follows, viz.:

REPORT OF AUDIT, STATE HIGHWAY DEPARTMENT
Commonwealth of Kentucky

Twenty Months Ended November 30, 1929

Humphrey Robinson and Company, Accountants and Auditors, Bank Examiners for Louisville Clearing House Association, Columbia Building, Louisville, Ky.

January 28, 1930.

Honorable Flem D. Sampson,
Governor of the State of Kentucky,
Frankfort, Kentucky.

Dear Sir:

We have this day handed to the members of the State Highway Commission, our report of audit of the books and records of the State Highway Department for the twenty months ended November 30th, 1929.

This audit was commenced, at your request, on December 6th, 1929. A force of nine men was engaged during the greater part of the time necessary to complete this audit.

For your information, we submit the following brief summary of the result of our investigations.

The accounting records, with a few exceptions which are noted in detail in our report, are in good condition and, as a whole, have been carefully and accurately maintained. In view of the great volume of detailed transactions and the multiplicity of items handled by the Accounting Department, the percentage of clerical errors and minor discrepancies found in this audit was quite small and was no greater than we encounter in the average audit.

All of the accounting records were thoroughly checked and audited. All Revenues, other than Tax Revenues, as shown by the records, were verified as far as was practicable and possible, with the sources of same. All Tax Revenues were verified with the records of the State Auditor. All Revenues were checked in detail with the credit advices issued by the State Auditor, and were found to have been correctly entered and accounted for.

Unusual care was exercised in the examination of the records supporting the disbursements of the Department. Approximately eight thousand vouchers and their supporting documents were checked in detail. With a few minor exceptions, which have been noted on page thirty of our report, all were found in order.

The various construction project contract files, which were available, were examined. On account of the fact that many of these files were lost in the recent fire, we were of necessity forced to list some exceptions to the figures submitted in our report relative to road construction costs. These exceptions are noted on pages forty, forty-one and forty-seven in our report.

It will be noted that, in the period from July 1st, 1926 to November 30th, 1929, the Department has completed grade

and drain projects for a total of 1,107 miles, and surfacing projects (all types) for a total of 1,402 miles.

According to the Estimated Statement of Condition as of March 31st, 1930, the Department has not exceeded its anticipated revenues for the biennial period ending March 31st, 1930.

We are submitting, in our report, certain recommendations and suggestions for the consideration of the Commission in regard to some of the books and accounts. Taken as a whole, the method of internal check on the receipts and disbursements is good. This internal check could be amplified and strengthened to some extent, if several more employes were assigned to the Accounting Department. This Department has been handicapped because of a lack of sufficient employes.

In conclusion, we can state that, in this audit we have found no evidence of any dishonesty on the part of any executive or employe of the Department.

Yours respectfully,

LIB:AB Humphrey Robinson and Company.

SUMMARY

Honorable Flem D. Sampson,
Governor of the State of Kentucky,
Mr. James A. Scott, Chairman
Mr. A. B. Rouse, Secretary
Mr. Con W. Craig, Member
Mr. Chas. W. Ryans, Member
} STATE HIGHWAY COMMISSION,
Frankfort, Kentucky.

Gentlemen:

We submit herewith report of our audit of the books and accounts of the State Highway Department for the twenty months ended November 30th, 1929.

In the early part of 1928, the biennial accounting period of the Department was changed from June 30th, to March 31st, and the books were closed at March 31st, 1928. Statements of Receipts and Disbursements, as submitted in this report, cover the period from April 1st, 1928 to November 30th, 1929, inclusive.

We are submitting an estimated Statement of Condition of the State Highway Department as of March 31st, 1930. All book Assets and Liabilities as of that date were verified by us in the manner and to the extent stated in the respective schedules.

The estimated revenues and disbursements contained in this statement were based on the budget estimates as compiled by the Department at the beginning of the present biennial period and the revised estimates made in August, 1929.

The estimated liability, account of Uncompleted Contracts, was computed by us and is set forth in detail in the "Schedule of Estimated Costs to Complete Roads and Bridges Under Construction at November 30th, 1929."

In February, 1929, the general office building occupied by the Commission was destroyed by fire. Practically all of the accounting records were saved, with the exception of a small number of disbursement vouchers and the contract files, which were completely destroyed. In order to prepare and submit schedules and statements relative to construction and maintenance contract projects, it was found necessary to collect the information from several sources. We have attempted to prepare these statements in as complete form as possible, but we were compelled to make several exceptions on account of the contract files being incomplete. These exceptions are scheduled in detail in this report.

The accounting records, with a few exceptions, are in good condition and, as a whole, have been carefully and accurately maintained. In view of the great volume of detailed transactions and the multiplicity of items handled by the Accounting Division, the percentage of clerical errors and dis-

crepancies found in this audit was quite small and was no greater than we encounter in the average audit.

Since 1925, when the present accounting system and forms were designed and installed, many new problems have arisen and changes have been made in methods of handling and distributing certain items. In several instances we believe that the records could be redesigned to advantage. Adequate records should be installed to record the transactions with regard to the sale of the Toll Bridge bonds and the keeping of the Toll Bridge accounts as provided in the Toll Bridge Act passed by the 1928 General Assembly. The Budget System records should be designed and installed at least by the beginning of the next biennial period, viz.: April 1st, 1930. Adequate records should be designed and installed to record the operation of the quarries recently purchased by the Department. At present no records have been devised for crediting the quarries with the stone they produce, and charging the various maintenance projects with the stone used on them.

Due to recent resignations, changes, etc., the Accounting Department has been greatly handicapped. In order to keep the large volume of current work up to date, the Auditor has found it necessary to devote considerable time to detail work and has not had the time to design and install the necessary additional records. This condition should be remedied at once. The auditor should be given additional help and should be furnished with at least one expert accountant.

The records of the Equipment Division were thoroughly audited, as stated in the section of this report covering that Division. Attention is called to the fact that no inventory records, nor controls of any kind are maintained on the stocks located in the various District Garages. A good record of the stocks in the Central Garage and Warehouse at Frankfort is kept, and the same control should be maintained on the stocks in the District Garages. We were informed that this will be corrected.

The stocks in the Central Garage and Warehouse at

Frankfort have not been physically inventoried since August, 1928. Numerous items were listed by us from the perpetual inventory card records. The Central Garage and Warehouse were visited and the accuracy of the card records was tested by actual count of the items listed. No variances of consequence were found.

The money values of the various inventories have never been set up nor maintained on the General Ledger of the Division. We suggest that a complete physical inventory be taken and reconciled with the card records as to quantities and that the money values be set up on the books.

The method of handling the receipts and disbursements may be briefly summarized as follows:

The Tax Revenues, i. e., Gasoline Tax, Motor License Tax, Ad Valorem Tax, etc., which constitute the major portion of the Department's receipts, are entered on the books from information furnished monthly by the State Auditor's office.

Federal Aid money is received in the form of U. S. Treasurer's checks made payable to the State Treasurer. These checks come first to the Department merely for the purpose of entry on the records and to obviate the necessity of obtaining the information from the State Treasurer's or State Auditor's offices. After entering same these checks are delivered to the State Auditor.

Prior to August, 1929, County Aid was deposited by the Counties in Banks to the credit of the State Highway Commission. As earned by construction, this money was withdrawn from the banks on checks signed by the State Highway Engineer, payable to the State Treasurer. At present, County Aid money is being deposited with the State Treasurer by the Counties.

Some sundry small receipts, such as refunds, sales of miscellaneous equipment, oil and gasoline, blue prints, etc.,

are received in the form of checks payable to the State Highway Department and, in rare instances, actual cash. It is, therefore, obvious that the employes of the Department handle practically no actual cash.

No disbursement of any nature is ever made in actual cash. All disbursements are in the form of vouchers, or certifications to the State Auditor. These are prepared in duplicate. The original is sent to the State Auditor and the duplicae is retained in the Department's files. To each voucher is attached the supporting invoices, pay rolls, contractors' estimates, etc. These supporting papers bear numerous approvals of field and office employes, and are thoroughly audited before presentment to the State Auditor for payment.

Attention is called to the schedules in this report relative to the verifications of the receipts and disbursements. These schedules state the manner and extent of the verifications of these items. With the few minor exceptions noted in these schedules, we find all receipts and disbursements to have been correctly entered on the books. Also, with the several minor exceptions noted, we can state that all disbursements were properly supported and approved. In regard to the numerous payments to contractors on monthly estimates, we would state that we made no attempt to audit the sundry quantity and material items by comparison with the original preliminary estimates. These items are certified by several field engineers and are checked and rechecked by several employes in the Central Office. This, in our opinion, is an engineering problem and was not considered within the scope of the Auditors' duties. It is our understanding that the engineers from the U. S. Bureau of Public Roads, who are now engaged in an investigation of the Department, will make a check of this nature.

It would be possible, through collusion, for contractors to be paid for more work than they actually perform, but in-

quiry into the methods employed by the Department leads us to believe that every precaution is being taken to protect the interests of the State in this respect.

BOOKS AND ACCOUNTS:

General Ledger:

All postings to the General Ledger were checked to the books of original entry. The footings of all accounts were proved.

Revenue and Collection Register:

The entries in this book were checked with the credit advices received from the State Auditor's office. All footings were verified.

Voucher Register:

All Cash Disbursement from the Road Fund are distributed through the Voucher Register. The entries and distributions were checked with the vouchers. The additions were verified.

General Journal:

General Journal entries were scrutinized and traced to the General Ledger. All footings were verified.

Construction Ledger:

Trial balances were taken from the "Due From Government" and "Due From Counties" sections of this Ledger. The entries relative to Construction Costs were verified with the vouchers.

Reconstruction Cost Ledger:

Trial balances were taken from this Ledger and were

found to agree with the adjusted Controlling Accounts in the General Ledger.

Maintenance Cost Ledger:

Trial balances were taken from this Ledger and were found in approximate agreement with the adjusted Controlling Accounts on the General Ledger.

Analysis Ledger:

This Ledger has not been kept in accordance with the instructions given at the time it was installed. It was discountinued entirely in September, 1927. In our opinion, this Ledger is an important part of the records for statistical purposes and should be kept as originally designed.

Bank Register:

All balances in banks at November 30th, 1929, as shown by this register, were reconciled and verified with the respective banks. A trial balance from this register proved in agreement with the General Ledger Controlling Account.

We hereby certify that, subject to the comments contained in this report, the attached statements correctly represent the estimated financial condition of the State Highway Department at November 30th, 1929, and its Receipts and Disbursements for the period from April 1st, 1928, to November 30th, 1929, as reflected by its books and records.

In conclusion, we desire to express our appreciation of the courtesy and co-operation extended us by the members of the Commission and all of the Executives and Employees of the Highway Department in the conduct of this audit.

Respectfully submitted,

Humphrey Robinson & Co.

Adjusted Balance—per Auditor's Books		$793,226.30

Due from U. S. Government on Completed Projects $17,322.29

Represents amount due on account of uncollected Federal Aid alloted on projects completed prior to November 30th, 1929, as shown by trial balance from the Construction Ledger. As far as possible, the individual balances were verified with the records of the U. S. Senior Highway Engineer at Frankfort. Statement of the individual projects is as follows:

COUNTY	Project No.	Amount
Grayson	186 D S	$13,681.72
Henderson	51 C G	795.88
Hopkins	164 C B	56.32*
Lincoln	149 B	.30*
Muhlenberg	164 B	106.80*
Russell	142 B	2,489.93*
Scott	174 A G S	191.34*
Total		$17,322.29

*These items could not be verified as absolutely accurate, but are thought to be approximately correct.

Due From Counties on Completed Projects.....$240,166.85

Represents amounts due from the various Counties on account of construction work on completed Federal and State projects, as shown by a trial balance from the Construction Ledger. These balances were discussed in detail with the Executives, and any considered uncollectible were eliminated. Detailed list of these balances follows:

COUNTY	Project No.	Amount

In addition to the above balances due from Counties, which are considered collectible, the records show the following balances which are considered doubtful of collection, and which we have eliminated from the Estimated Statement of Condition.

COUNTY	Project No.	Amount
Boone-Kenton	F A 15	$ 486.33

In our opinion, the above balances should be charged off the books.

Maintenance Labor Expense Revolving Fund.....$25,000.00

The balance in this account was verified by reconciling the statements received from the bank. All reimbursements of this fund were verified with the deposits, as shown by the bank statements. All cancelled checks were checked with the Check Register. The balance on December 6th, 1929, as shown by the bank statement, was verified with the bank. Deposits in transit were also verified with the bank. Statement follows:

Balance per Statements of Wilson & Muir, Bardstown, Ky.	$24,068.03
Plus Deposits in Transit	68,068.97
Total	92,137.00
Less Outstanding Checks—per Verified List	67,137.00
Balance, per General Ledger	$25,000.00

Advanced to Toll Bridge Bond Fund.....$495,436.42

This account represents the net amount paid from the Road Fund for the purchase, maintenance, operation, etc., of three toll bridges and the preliminary engineering costs to date of twenty-five other proposed toll bridges. These expenditures were made under authority created by the "Murphy Toll Bridge Act," passed by the 1928 General Assembly.

The charges to the various Toll Bridge Accounts were verified with the vouchers which were properly supported by approved invoices, pay rolls, etc. The vouchers covering the purchase of the three bridges were supported by agreements spread on the Minute Books. In one case, the original purchase agreement, approved by the Attorney General, was on hand, as were also certifications from the County Clerks as to the deed having been recorded. In the other two cases, the original purchase agreements, deeds, etc., had been destroyed in the fire. Certified copies of these papers should be obtained and filed.

The revenues from the three bridges now being operated were verified with the banks in which the daily toll collections

are being deposited. The balances in these banks as of November 30th, 1929, were verified with the banks. The method of collecting tolls was investigated and, in our opinion, a fair check is being maintained. All toll collectors are bonded.

The following schedule shows the detailed expenditures and revenues as distributed to each project.

Summary:

Purchase Price	$495,071.61		
Preliminary Engineering	197,258.75		
Maintenance and Operation	21,968.71		
Total	$714,299.07		
Less Revenues	218,862.65		
Net Amount Advanced from Road Fund	$495,436.42		

Anticipated Revenues $8,638,038.54

These estimated revenues, insofar as the Federal and County Aid are concerned, represent the uncollected Federal Aid alloted and the uncollected County Aid pledged on road

and bridge projects under construction at November 30th, 1929. These are reflected in detail in the schedule, "Estimated Cost to Complete Road and Bridge Projects Under Construction at November 30th, 1929." It will be noted that the amount of anticipated County Aid, as shown by the Statement of Condition, has been reduced from the amount shown in the detailed schedule. This was done to eliminate a doubtful County pledge, amounting to $88,710.17.

The anticipated Interest on Road Fund Balances was based on the estimated revenue of this nature for the biennial period ending March 31st, 1930. The actual collections to November 30th, 1929, were deducted from the total estimated amount to be collected.

The anticipated Tax Revenues were computed on two bases, and, in the interest of conservatism, the method producing the least amount was used in this statement. The Tax Revenues for the corresponding months of the prior year, plus ten percent for normal increase, were used if the computation produced a lower amount rather than if based on the total estimated revenues, as compiled by the Department at the beginning of the present biennial period.

Road Warrants Outstanding.....$2,588,807.66

This account was verified in detail with the Warrant Registers in the State Treasurer's office. The Department's records were adjusted to agree with the above total.

Old State Aid Due Counties.....$15,197.58

Represents the balance of this liability, as shown by the General Ledger, as follows:

COUNTY	Amount
Boone—(City of Walton)	$15,328.58*
Less: Overpayment to Henderson County	131.00
Net Liability	$15,197.58

*This was paid to the City of Walton during December, 1929.

The overpayment to Henderson County should be collected, or charged off.

Truck License Refunds Due Counties.....$105,792.32

Represents the unpaid liability for these Refunds at November 30th, 1929, as shown by the General Ledger Accounts.

This liability is set up at the beginning of each period from information furnished by the Motor License Department. Beginning with the present biennial period, viz.: April 1st, 1929, these Refunds have been handled through the Motor License Department, and only the net revenues have been reported to the State Highway Department. Statement follows:

COUNTY	Payable 1924-1925	Payable 1925-1926	Payable 1926-1927	Payable 1927-1928	Totals
Christian	$3,338.50	$3,553.40	$3,876.17	$4,009.53	$14,777.60

Undelivered Labor Expense Fund Checks.....$204.06

These checks have been re-deposited in the Road Fund, and credited to the above account. This was verified only with a list on file in the Auditor's office.

Estimated Disbursements $2,478,322.21

Represents the unexpended balance of the items shown under this caption on the Estimated Statement of Condition. These were computed on the basis of the total estimated disbursements, as compiled by the Department at the beginning of the present biennial period. The actual disbursements to November 30th, 1929, were deducted from the total estimated amounts.

Estimated Cost to Complete Road and Bridge Projects Under Construction at November 30, 1929 ..... $4,805,565.76

This liability was computed by us from information taken from the Contract Files, Construction Ledger, etc. We are submitting a detailed schedule which shows the computations as applied to each separate project. Due to changes, revisions, errors in preliminary estimates, etc., it is impossible to arrive at the exact amount of the liability on account of uncompleted contracts. Unusual care was exercised in the compilation of this schedule, and it is believed that the liability, as stated, is as approximately correct as can be determined.

It will be noted that, in the interest of conservatism, we have included in this liability an additional five percent of estimated contract costs to provide for excess engineering costs, unforeseen overruns, revisions and other contingencies. The following schedule may be summarized as follows:

Total Contract Bid or Modified Estimate of Costs		$12,177,155.58
Estimated Engineering Costs		748,113.68
Five Percent Added to Provide for Unforseen Contingencies		608,857.79
Estimated Cost to Complete Reconstruction Contracts		23,558.20
Total		$13,557,685.25

VERIFICATION OF RECEIPTS

The foregoing statement shows the sources and amounts of all funds received by the State Highway Department during the one year and eight months ended November 30th, 1929. All revenues were checked in detail with the advices of credit from the State Auditor's Office.

In addition, and as far as was possible and practicable, the more important items of revenues were verified directly with the sources of same by correspondence.

The following schedules and remarks state the manner and extent of our verification of these receipts.

Federal Aid—Account of Construction:

The Revenues from the U. S. Government, or what is known as Federal Aid, were verified in detail with the records of the Government's Senior Highway Engineer at Frankfort. All Federal Aid Revenues for the one year and eight months ended November 30th, 1929, as shown in the Statement of Revenues, were found to agree with the Government Engineer's records.

County Aid—Account of Construction, Maintenance, Etc.:

The contribution received from the various Counties during the one year and eight months ended November 30th, 1929, were handled in three different ways. Part was collected directly from the Counties, part was handled through various banks located throughout the State, and part was collected through what is known as the "County Trust Fund," which went through the State Treasurer's Office.

In order to verify the Revenues received directly from the Counties, we sent out 25 letters to various County Judges and County Road Commissions. We have received replies to 18 letters, verifying the greater part of the Revenues of this nature. We submit herewith a list of the Counties which did not reply to our letters. This list shows the dates and amounts of the Counties' contributions, and to which projects they were credited on the books of the Department.

In order to verify the funds received through the various banks throughout the State, letters were sent to all banks, requesting statements and cancelled checks covering funds deposited by the various Counties and withdrawn by the Highway Department. The statements and cancelled checks sent us by the banks were checked with the records of the Department, and were found in agreement. We were unable to secure statements or cancelled checks from three banks which are reported to be in financial difficulties, although we received certification of the balances from the liquidating agents. We are informed, however, that the balances in two of these banks, aggregating $68,672.84, have been guaranteed by the County contributing the funds, and that the Department will suffer no loss of County Aid on account of the failure of the banks. The banks referred to and the amounts of the balances at November 30th, 1929, are as follows:

County	Project No.	Bank	Balance
Leslie	S P 28 B	Perry County State Bank, Hazard, Ky.	$10,409.45
"	" " 28	Lothair State Bank, Lothair, Ky.	6,465.91
Perry	" " 109 A G	Perry County State Bank, Hazard, K.	34,880.24
"	109 " "	Hazard Bank & Trust Co., Hazard, Ky.	33,792.60

Under this method of collecting County Aid, the Counties were required to deposit the amount of their pledges in a

designated bank to the credit of the State Highway Commission, before the construction contract was let. The banks were required to furnish bonds securing these deposits. From time to time, as construction progressed, the State Highway Commission checked on these funds and replenished the Road Fund. The Road Fund was not charged with the amounts deposited by the Counties, nor were the Counties credited with same until the Highway Commission checked on these funds.

This method has now been practically discontinued, and the County Aid is being collected through the "County Trust Fund," and handled by the State Treasurer's Office. This method and the verification of the collections made in this manner are discussed in a later paragraph.

We are submitting herewith a schedule which shows the status of the various bank accounts as of November 30th, 1929. This schedule shows the balances in banks at June 30th, 1928, the date of our last audit, the amounts deposited by counties and the total amounts withdrawn by the Department to November 30th, 1929, and the balance in bank at November 30th, 1929. With the exception of the three banks from which we could not obtain statements, all deposits, withdrawals and balances agree with the Department's records. The total deposits, total withdrawals and balances at November 30th, 1929; were verified with the respective banks. Statement follows:

The County Aid collected through the "County Trust Fund" was verified in detail with the records of the State Treasurer. These funds originally are deposited by the Counties with the State Treasurer and are transferred to the Road Fund as earned by progress on the construction of the project.

This method of collecting County Aid was commenced in August, 1929, and, in our opinion is the most practical and satisfactory method which has yet been devised, especially from an auditor's viewpoint. It eliminates the necessity of correspondence with County Judges and numerous banks, and the County contributions can be verified with more clerity and accuracy than under either of the other two methods heretofore discussed.

We respectfully suggest that, whenever possible, County contributions be handled through the "County Trust Fund" and the State Treasurer's Office.

Tax Revenues:

All Tax Revenues, viz: Motor License Tax, Gasoline Tax, Millage Tax, Auto Bus Tax, Truck License Tax and Miscellaneous Tax Revenues were checked in detail with the records in the office of the State Auditor. All were found to be correctly entered on the books of the State Highway Department.

Other Revenues:

Bond Premiums Collected from Contractors:

This is not a real cash revenue, but represents deductions from final estimates paid to contractors, who have been allowed to perform their contracts without furnishing the usual surety bonds. This concession is given only to contractors who, at previous times, have done satisfactory work, or who submit evidence of adequate financial ability. This practice has been in effect since July, 1924, and has resulted in a considerable saving in Road Construction Costs since that time. Road Construction Costs have been charged with these pre-

miums, and the statements of road construction costs in this report contain these premiums wherever they apply. The amount of these premiums, as applied to each respective project, is calculated in the field by the District Engineers, and shown as a deduction from the final estimate to the contractor.

The individual credits to the Bond Premium Account during the year and eight months ended November 30th, 1929, were verified by checking the calculation of each of the items.

The Department has had to finish but one project on which the contractor had not furnished bond, and, in this case, the final cost exceeded the original contract estimate by approximately $7,500.00. The total Bond Premiums collected since 1924 have amounted to over $400,000.00.

We are informed that a recent opinion from the Attorney General will cause the Department to discontinue this practice, and to require Surety Bonds from all contractors on future work.

Equipment Division Sales:

These Revenues were verified with the records of the Equipment Division. The duplicate copies of the sales invoices on the file in the Equipment Division were checked in detail with the records of the Accounting Division.

Interest on Road Fund Balances:

Represents interest received on the Road Fund. These Revenues were verified in detail with the records of the State Auditor's Office.

Revenues from Railroads—Account of Construction:

Represents amounts received from several railroads covering part of the cost of constructing overhead crossings, underpasses, etc. These items were verified in detail by correspondence with the respective railroads.

Miscellaneous Revenues:

These consisted of Revenues from the sources as designated under this caption in the Statement of Revenues. These amounts were accepted by us as correct, as shown by the books, without attempt at verification. On account of the numerous sources, and the great number of small items involved, it was deemed impracticable to attempt a verification of these items similar to that employed with reference to the other revenues.

Attention is called to the fact that, for each period shown in the Statement of Revenues, these items formed a very small part of the total revenues. For the year ended March 31st, 1929, they represented 0.075% of the total revenues. For the eight months ended November 30th, 1929, they were 0.048% of the total.

VERIFICATION OF DISBURSEMENTS

Disbursements are made in the form of vouchers or certifications to the State Auditor. These are prepared in duplicate and to each voucher is attached its supporting invoice, pay roll, etc. The original vouchers are sent to the State Auditor's office and the duplicate copies are retained in the Department's files.

These vouchers are approved by the Highway Commission, the Highway Engineer and by the Department's Auditor. The supporting invoices and pay rolls are approved by the proper authorities in the field, such as District Engineers, Resident Engineers, Maintenance Supervisors, etc. These vouchers are numbered serially and entered in the Voucher Register and are distributed as charges to the proper accounts.

In February, 1929, the Department's office building was destroyed by fire. Practically all of the accounting records were saved, with the exception of some of the vouchers, which had not been filed. In order to verify the book entries covering these missing vouchers, we visited the State Auditor's office, and checked the entries with the original vouchers in his possession.

All vouchers issued during the one year and eight months ended November 30th, 1929, were checked in detail to the entries in the Voucher Register. The distribution of all vouchers was also checked in detail.

All vouchers were scrutinized for the approvals of the three major executives, viz.: the Secretary of the Commission, the State Highway Engineer and the Auditor of the Department. All supporting invoices, pay rolls, etc., were checked with the vouchers and these were scrutinized for the approvals of the field engineers, department heads, etc. A thorough test-check of numerous pay roll vouchers was made by comparing the pay rolls with the personnel card records in the custody of the Department's Auditor. These cards, in-

sofar as the field employes of the Construction and Maintenance Division are concerned, are in excellent condition, and the comparison of the pay rolls with the cards, as to names and rates, affords a very efficient check on the field pay rolls. The personnel cards, covering the employes at the Central Office in Frankfort, are not as complete nor up-to-date as those for the field employes, and it was found necessary to resort to the Minute Book approvals in order to make a complete test-check of the pay rolls of all departments. We have the assurance of the Auditor that these cards will be put in good condition at an early date.

All vouchers were found to have been properly entered on the books. All were found to be supported by properly approved invoices, pay rolls, etc., except in several instances which are set out in detail in a subsequent schedule.

In regard to the exceptions listed, it can be stated that, in view of the great volume of detail, and the multiplicity of items handled by the Accounting Division, the percentage of clerical errors and exceptions was quite small, and was no greater than we encounter in the average audit.

We have classified these exceptions and submit the following list of those we were unable to clear.

Vouchers not Approved by State Highway Engineer:

Voucher Number	Payee	Date Issued	Amount of Voucher
1458	J. D. Marcum	Aug. 7, 1928	$40.00

2250	General Motor Truck Co	Sept. 29, 1928	29.91*

*—These invoices lacked only the approval of the Equipment Engineer.

The following Expense Accounts were not signed by the person submitting Expense Statements:

Voucher Number	Name	Date	Amount
1748	R. W. Kirby	Aug. 14, 1928	$26.96
3236	Prentice O'Rear	Nov. 27, 1928	21.04
1941	J. T. Lynch	Sept. 11, 1928	44.04
3237	R. W. Kirby	Nov. 27, 1928	21.90
3237	L. E. V. Stickler	Nov. 27, 1928	26.14
3237	J. S. Purdy	Nov. 27, 1928	33.63

The above exceptions are stated, but the Minute Books of the Commission recorded that all of the above vouchers were approved by the Commission.

Approximately eight thousand vouchers were checked during the course of this audit. To each voucher is attached supporting invoices, or pay rolls, numbering from one to sixty or more in some cases. Many thousands of supporting documents were examined and the twenty-one items listed as exceptions represent all that were not in proper form. These items, however, had been approved by the Commission, as recorded in the Minute Books.

In checking the various supporting invoices, pay rolls, etc., it was noted that, in many cases, approvals were made with rubber stamp signatures. This has been the practice for several years and was discussed with the executives. In our opinion, approvals should be made with pen and ink signatures.

Road Construction:

Charges to the various Construction Projects were verified with the vouchers. The supporting contractors' estimates, invoices, pay rolls, etc., were checked in detail with the vouchers.

We examined the available contract files. All of the files on construction projects let prior to and in process at the date of the fire were destroyed. Duplicates of the files, covering projects in process only, were secured from the various District Engineers' offices.

The available files were examined on projects let during the period from July 1st, 1926, to November 30th, 1929. The files on contracts let prior to July 1st, 1926, had been previously examined by us in the course of audits covering past periods.

These files were examined for the following reasons:

First—To determine whether or not the project was awarded to the lowest bidder.

Second—If not awarded to the lowest bidder, the reason for not doing so.

Third—On uncompleted projects, to ascertain that the State is protected by a satisfactory surety bond, where so required.

Fourth—To determine that Supplemental Agreements, Extra Work Orders, etc., were properly authorized.

Fifth—To compare the amounts paid to Contractors, as shown by the Estimates, with the records of the Accounting Department.

(†)—See list of comments and exceptions following this schedule.

In addition to the points enumerated above, we examined the Minute Books of the Commission. This was done to see that all projects had been properly awarded and that all Supplemental Agreement with contractors, extra work orders, etc., had been authorized by the Commission. In several instances, we were unable to find that the awards of some contracts, etc., had been recorded in the Minute Books. The cross reference index to the Minute Books was destroyed in the fire and it was found to be an extremely difficult and tedious task to locate these items in the Minutes.

The Commission has not let many contracts since February 23, 1929, consequently there were very few Bid Tabulations on hand.

We are submitting herewith schedules covering the Road Construction operations from July 1st 1926, to November 30th, 1929. The information contained in these schedules was compiled from the Contract Files, the Construction Ledger, Minute Books and other available data. (Tip-ins between pages 404-405.)

COMMENTS AND EXCEPTIONS REGARDING ROAD AND BRIDGE PROJECTS COMPLETED DURING THE PERIOD FROM JULY 1, 1926 TO NOVEMBER 30, 1929.

SP47C—Bath:

Contract on this project was awarded in the amount of $74,214.61. After $8,686.68 had been expended, construction was abandoned. We have shown in the preceding schedule only the amount actually disbursed.

FA138B—Breathitt:

The minutes of the meeting of April 13th, 1926, approve the contract on this project to the extent of $130,000.00. We were unable to locate the approval for the execution of the contract in the amount of $162,470.97.

FA153C—Caldwell:

The minutes of the meeting of March 8th, 1928, ordered

a deduction from the final estimate on this project for liquidated damages of 109 days at $30.00 per day. Damages were actually deducted for 106 days at $20.00. A copy of the contract filed in the office of the Government Senior Highway Engineer showed that damages were to be assessed at the rate of $20.00 per day. The discrepancy in the number of days was probably caused by an allowance of extra time due to an overrun.

SP9A—Calloway:

The minutes of the meeting of July 27th, 1926, approve the contract on this project in the amount of $17,343.59, but state the road is to be widened. The estimates were evidently revised to show the increase in width and the contract was executed based on the revised estimates.

FA133B—Floyd:

The minutes of the meeting of November 11th, 1925, approve the contract on this project in the amount of $94,-341.65. We were unable to locate any authority for the execution of the contract in the amount of $102,040.25.

SP60AG—Franklin:

The minutes of the meeting of July 12th, 1928, approve the contract on this project in the amount of $57,910.37. On July 24th, 1928, the commission approved a change in the route of this project. The contract was evidently executed based on the revised estimate.

SP54C—Fulton:

The minutes of the meeting of July 13th, 1926, approve the contract on this project in the amount of $99,374.00. On July 27, 1926, the commission authorized a change in the width of the road from 14 ft. to 16 ft. The contract was evidently executed based on the revised estimate.

FA31B—Meade:

The minutes of the meeting of July 14th, 1925, approve

the contract on this project in the amount of $58,502.40. Later this project was extended approximately two miles. The contract was evidently executed based on the revised estimate.

SP40B—Metcalf:

The minutes of the meeting of September 28th, 1926, approve the contract on this project subject to the execution of a supplementary agreement, but state no amount for which the contract was approved. The supplementary agreement was executed.

SP13B—Oldham:

We were unable to locate in the minute books the approval for the execution of the contract in the amount of $47,944.68.

SP32B—Scott:

Minute Book No. 2, page 538 states that all bids on this project were held in abeyance. The next reference to this project in the minutes is in Book No. 2, page 557, which instructs the engineer to return the contractor's certified check submitted with the bid as "contractor has signed the contract." No further reference to the award of this contract was found.

FA145—Trimble:

The minutes of the meeting of April 13th, 1926, approve the contract on this project in the amount of $37,962.40. We were unable to locate the approval for the execution of the contract in the amount of $41,395.40.

SP1A—Warren:

This project was awarded without the contractor furnishing bond. Bond premium in the amount of $1,297.71 was deducted from the final estimate and a journal entry for same was given to the Accounting Department. Through error, the entry was never recorded. This error will be corrected in January, 1930.

COMMENTS AND EXCEPTIONS REGARDING ROAD AND BRIDGE PROJECTS UNDER CONSTRUCTION AT NOVEMBER 30, 1929

FA185AG—Anderson:

The minutes of the meeting of October 2nd, 1928, approve the contract on this project in the amount of $139,827.64. We were unable to locate the approval for the execution of the contract in the amount of $150,427.64.

SP34B—Martin:

The minutes of the meeting of September 13th, 1927, approve the contract on this project but recite no amount for which it was to be executed.

SP49A2—Elliott:

The minutes of the meeting of December 12th, 1927, approve the award of SP49A, a section of this project, and state that the balance of the project, which is SP49A2 would be awarded on or after July 1st, 1928. We were unable to locate in the minute book the approval of this latter section.

We were unable to locate bid tabulations in the files on the following contracts, which were awarded after February 23rd, 1929, viz.:

FR86AG—Marshall
SP152AB—Washington
SP21BS—Campbell
SP32AB—Bourbon
SP95AS—Spencer
SP30AG—Bell
SP—110AG—Bell

Road Maintenance:

Expenditures for Road Maintenance are divided into two classes, viz.: Reconstruction Maintenance and General Maintenance. Most of the Maintenance work is done by State forces. Some Reconstruction Maintenance is done by con-

tract, as well as some Surface Treatment, which is charged to General Maintenance.

Charges to the various Maintenance Accounts were verified with the vouchers. The supporting invoices, contractors' estimates, pay rolls, etc., were checked in detail with the vouchers.

We examined the available Reconstruction and Surface Treatment Contract files. These were on hand only for those contracts let since the date of the fire, and were very incomplete. It was found to be impossible to check the awarding and authorization of these contracts with the Minute Books. These contracts are authorized in groups, and in many cases the group totals contained both Reconstruction projects and General Maintenance Surface Treatment projects. We are submitting, in later schedules, the Reconstruction and Surface Treatment Contract Costs as taken from the two Maintenance Cost Ledgers. The figures contained in these schedules were verified with information contained in the Contract Files as far as possible.

Trial balances were taken from both the Reconstruction Maintenance and the General Maintenance Cost Ledgers. A large number of clerical errors were discovered in the General Maintenance Cost Ledger. These were corrected, however, and both ledgers were left approximately in balance with the controlling accounts on the General Ledger. A summary of the distribution of the Maintenance Costs, as shown by the trial balances from these ledgers, follows:

Maintenance—Road Signs:

The charges to this account were verified with the vouchers. All were properly supported and were correctly entered on the books.

Truck Licenses Refunded to Counties:

Truck Licenses Refunded to Counties during the period

from July 1st, 1928, to November 30th, 1929, were verified with the approved vouchers on file, and were found to have been correctly entered on the books.

Workmen's Compensation Claims:

Charges to this account were verified with vouchers, and with the card record kept by the Auditor. All vouchers since January, 1929, were found to be supported by letters from the Attorney General authorizing payment. Vouchers issued prior to January, 1929, were supported by documents approved by the Executive Inspector. The Department is carrying its own compensation risk. We were informed that Workmen's Compensation insurance premiums, based on the pay rolls, would be extremely large. No reserve is being set up to provide for possible losses. and the liability for unpaid death claims has not been set up on the books. As computed by us, this liability amounted to $27,272.78 at November 30th, 1929.

Topographical Survey:

The vouchers charged to this account were found to be supported by pay rolls and expense accounts, as submitted by the State Geological Survey. Under a Legislative Act, the Department appropriates $75,000.00 per annum for the State Geological Survey.

Advertising, Blue Print Expense and Commission on Freight Refunds:

The sundry small charges to these accounts were verified with the vouchers. All were properly approved and supported.

Settlement of Old Claim—Edmonson County:

Represents payment of balance of Old State Aid and Interest due Edmonson County, as shown by the voucher and supporting documents attached. This voucher bears the unanimous approval of the Highway Commission, as to the payment of the claim, and the approval of the Attorney General as to its legality.

Interest on Outstanding Road Warrants:

The charges to "Interest on Outstanding Road Warrants" were verified with the records of the State Auditor.

Operating Expenses

Charges to the various Operating Expense Accounts, as shown by the schedules submitted, were verified with the vouchers. The supporting invoices, pay rolls, etc., were checked in detail with vouchers.

The Analysis Ledger, originally installed with the present accounting system, has not been maintained for some time. The analysis of these expense accounts has been kept on blank columnar paper, and is not up to date. In order to prepare the following schedules, we found it necessary to analyze these expenses for the two months ended November 30th, 1929.

While it is not absolutely imperative that this Analysis Ledger be kept, it furnishes, in our opinion, statistical information which should be valuable to the executives.

Equipment Division

We did not audit the detailed disbursements as shown by the records of the Equipment Division, as this was covered by the check of the vouchers charged to the Equipment Division on the books of the Accounting Department. The inter-departmental accounts were checked in detail, and were reconciled as shown in a subsequent schedule in this section of this report.

At the time the books were closed at March 31st, 1929, these two accounts were not reconciled and each department closed its books showing different amounts. This difference represented vouchers entered and submitted for payment by the Equipment Division, and several other small unadjusted items, which were not taken into account by the Accounting Department until after April 1st, 1929.

We have suggested to the Auditor and the Chief Clerk of the Equipment Division that these inter-departmental ac-

counts be reconciled each month, and that, at the end of each fiscal period, all vouchers certified by the Equipment Division be entered before the books are closed. In this way, both sets of books will agree as to the Equipment disbursements and revenues for the period. We were informed that this suggestion will be followed.

A complete check of the pay rolls for the Central Office Equipment Division employes, the pay rolls for the Central Garage and the District Garages was made. This check covered the period from July 1st, 1928, to November 30th, 1929. The personnel card records were incomplete, and could not be used to verify names, rates, etc. However, the Commission Minute Books were consulted for authority as to employment, rates, increases, releases, etc. One minor discrepancy was noted and was called to the attention of the proper executives. This has been adjusted and corrected.

The Central Garage time clock cards were checked with the pay rolls. Extensions and footings of both time clock cards and pay rolls were test-checked to the extent of 50%, and no discrepancies were found. All pay rolls were checked with the entries in the Voucher Register.

Purchase invoices were test-checked with the signed and approved purchase orders. Numerous items were compared and prices were verified with the quotations, bids, etc., in the Equipment Division files. Receipts of various materials, etc., were compared with the signed receiving slips.

Perpetual inventory card records are maintained on the stocks of equipment stored in the Central Garage and a large warehouse on the south side of Frankfort. Approximately 350 items were listed by quantities as shown by the inventory records. The Central Garage stock room and the warehouse were visited, and physical counts of these items were made.

With the exception of some few items, the stock on hand was found to agree with the inventory records. In selecting the items to verify, special attention was paid to the unit values, and we tested a reasonable percentage of the more expensive items in each classification of material. Special attention was also paid to the nature of the items in order to verify the quantities of articles which could be used or disposed of by a dishonest employe, or other person.

The bulk of the inventory is stored in the warehouse in South Frankfort. This building is located in a rather remote section of the city, and the contents are not safeguarded by the presence of a night watchman.

The Department has no control on the stocks at the District Garage. No perpetual inventory card records are maintained on these stocks. This situation was discussed with the executives, and we were informed that immediate steps will be taken to correct this deficiency.

In our opinion, a complete physical inventory of all Equipment Division stocks should be taken at the earliest possible date. Some parts of the stock have not been inventoried since August, 1928. A complete inventory should be made at least once annually. We were informed that the approximate money value of the inventory in August, 1928, was $170,000.00, and that the money value at this time would probably be more than double this amount.

We believe that the money values of the various inventories should be set upon the General Ledger, thus establishing a value control on the perpetual inventory cards.

In regard to the operations of the Equipment Division during the year and eight months ended November 30th, 1929, we submit the following schedules.

Resolved that the title thereof be as aforesaid.

Mr. Meyers moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

S. B. 40. An Act to repeal section 16 of chapter 12 of the Acts of the 1928 Legislature, appropriating for the State Banking Commission a sum of $40,000 for the fiscal year ending June 30, 1930, for the purpose of paying salaries, printing, stamps, supplies and other expenses of the operation and maintenance of said department, and enacting in lieu thereof an act providing that Banking Department shall have for the fiscal year ending June 30, 1930, for the purpose of paying all salaries, printing, stamps, supplies and other expenses of the operation and maintenance of said department, and enacting in lieu thereof an act providing that the Banking Department shall have for the fiscal year ending June 30, 1930, for the purpose of paying all salaries, printing, stamps, supplies, and other expenses of the operation and maintenance of said Department, all of the fees realized from examinations of the sundry banks and building and loan associations as now provided by law, for the fiscal year ending June 30, 1930.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That section 16 of chapter 12 of the Acts of 1928, approved March 24, 1928, be, and the same is hereby repealed.

§ 2. There is hereby set aside and appropriated for the use of the Department of Banking, for the fiscal year ending June 30, 1930, for the purpose of paying all salaries, printing, stamps, supplies and other expenses of operation and main-

tenance of said Banking Department, all of the fees realized from examinations of the sundry banks and building and loan associations as now provided by law, for the fiscal year ending June 30, 1930, or so much of said fees as will be necessary to maintain said Banking Department, for the fiscal year ending June 30, 1930.

Providing that such fees collected shall not exceed the sum collected and expended during the year 1929 by said Banking Department, and all such fees hereafter collected in excess of the necessary expense of conducting said Banking Department shall be returned to the Banks in the proportion paid into the said Banking Department by the said Banks.

§ 3. Owing to the biennial appropriation for each fiscal year, ending June 30, 1929, and June 30, 1930, being insufficient to maintain said Department to July 1, 1930, and that there is at present an actual necessity existing for funds to further carry on the operation and maintenance of said Banking Department, an emergency is declared to exist and this act shall take effect immediately after its passage and approval by the Governor.

Ordered that said bill be read the third time.

The Constitutional provision as to the third reading of said bill at length being dispensed with said bill was read the third time by its title only and passed.

The yeas and nays being taken thereon in accordance with the provisions of the Constitution, were as follows, viz.:

Mr. Morris moved that the reading of the Journal of Thursday's proceedings be dispensed with.

Said motion was agreed to.

Mr. Hargrove offered the following resolution, viz.:

A resolution requesting the Attorney General to furnish to the Senate and House each Monday during this term of the Legislature, a list of the registered lobbyists, giving their names, residence and the Company that they represent.

Be it Resolved by the General Assembly of the Commonwealth of Kentucky:

Whereas, Under Sections 1999a-1 to 1999a-8 "every person, corporation or association employing any person to act as agent or counsel to promote or oppose in any manner the passage by the legislature of any legislation affecting the pecuniary interests of any individual, association or corporation as distinct from those of the whole people of the State," and

Whereas, said persons are required under the law to register in the office of the Attorney General, giving their names and addresses, and the company that they represent and

Whereas, there are many such persons now engaged in lobbying in favor of and against important legislation now pending before the General Assembly of Kentucky, and

Whereas, the members composing the Senate and House of Representatives come from all sections of the State and are unacquainted with such lobbyists and are unable to judge of the sincerity of their motives and purposes without knowing who they are and what they represent, and

Whereas, it is not convenient for the different members of the General Assembly to visit the Attorney General's office and to examine said register from time to time without great inconvenience and loss of time.

Now, Therefore, Be It Resolved, that the Attorney General of this State be requested to furnish a list on Tuesday, February 4, 1930, and on each Monday thereafter of all reg-

istered lobbyists, giving their names, residence and the company that they represent, and that he be requested to furnish on each Monday thereafter, as long as this legislature is in session, such additional lobbyists with their names, addresses and company that they represent to the House and Senate so that they may be informed as to who are lobbyists and what company they represent. That the Clerk be requested to have printed and placed on the desk of each member of the House and Senate a list of all said lobbyists so furnished, giving their names, addresses and the companies that they represent.

Said resolution was adopted.

Mr. John Y. Brown offered the following petition from various and sundry citizens, organizations and clubs in this State, viz.:

PETITION FOR PRESERVATION OF CUMBERLAND FALLS AND SURROUNDING AREA FROM EXPLOITATION FOR COMMERCIAL USES, AND FOR ITS PERPETUAL PRESERVATION AS A PART OF THE STATE PARK SYSTEM.

The undersigned citizens of Kentucky, in the service of their immemorial right of petition, secured to them by Section 1 of the Bill of Rights in the Constitution of Kentucky, present for consideration by the General Assembly the following matters:

I

Situation of Cumberland Falls

The cataract known as Cumberland Falls in the Cumberland River, with the surrounding territory, lying partly in Whitley County and partly in McCreary County, is the largest waterfall in the Appalachian system of mountains, and, except Niagara Falls, the largest, most beautiful and majestic waterfall in the United States east of the Rocky Mountains.

It is located at a point reached by three primary highways of the State, which, being improved, render it easily accessible to all parts of the county by way of U. S. Highway 25 and U. S. Highway 27. It is thus potentially and actually the most valuable scenic asset in the Appalachian range of mountains and, with the possible exception of Mammoth Cave, by far the greatest attraction for domestic and tourist travel and sojourn in Kentucky.

The country adjacent to the Falls, and the River above and below the Falls, unique in its scenery and its wild, native flora, and in these respects far superior to Niagara itself.

II.

Organization of State Park Commission

At the 1924 session of the General Assembly, a preliminary law was enacted, organizing the Kentucky State Park Commission, at the instance and with the approval of Hon. William J. Fields, then Governor, for the avowed chief purpose of acquiring and preserving Cumberland Falls as a State Park, for sole ownership by Kentucky's people and its use by them and others as a part of the State Park System.

At the 1926 session of the General Assembly, public sentiment in Kentucky for State Parks had developed to a point where the Kentucky State Park Commission had justified its existence, and an Act was passed (Chapter 192, Acts of 1926, pp. 878-883) reorganizing it more effectively and giving it power to acquire by purchase or gift, areas suitable for incorporation into the State Park System.

At that time, there was no money available for the purchase or condemnation of property needed for a State park. Notwithstanding that fact, Governor Fields then advocated and urged that the power of condemnation be given to the Commission, but the antagonism of interests opposed to the acquisition of Cumberland Falls as a State Park proved too powerful and the 1926 Act did not provide the power of condemnation.

III

Senator du Pont's Offer

Immediately following the 1926 session, an effort was made to raise, by voluntary subscriptions from the people at large, sums of money sufficient for the purchase of Cumberland Falls and a sufficient amount of adjoining territory to preserve and protect it, and to make of it an adequate State Park, but enough money for that purpose was not available until about the end of the year 1927, when Hon. T. Coleman du Pont, then United States Senator from Delaware, a native of Kentucky, came forward with an offer to donate the sum of $230,000.00 for the purchase of the site of the Falls and 2,200 acres of land adjoining it, on both sides of Cumberland River, this amount being the price at which the owners of the property had offered to sell it.

A signed option was given by the owners of the property to a citizen representing Senator du Pont, subject, however, to the terms of a prior option, *at the same price,* which had been given some years previously to the Cumberland Hydro-Electric Company or its representatives, who desired to acquire the site of the Falls in order to construct, at or near the Falls, a dam and power project which would divert from the Falls more than 99 per cent of the normal flow of the water, and thus utterly destroy its scenic beauty and its attractiveness as a resort or for use as a State Park.

The holder of the prior option, upon learning of the option given to Senator du Pont, exercised the prior option, thereby defeating the option obtained for Senator du Pont.

Senator du Pont's offer was communicated to the Kentucky State Park Commission as it was organized prior to January, 1928, and was by resolution of the Commission, unanimously approved and accepted by it.

IV

Contract for Benefit of Power Plant

At the 1928 session of the General Assembly, Hon. Flem D. Sampson, then Governor of Kentucky, in his message to

the General Assembly, commended to its consideration the generous offer of Senator du Pont.

Subsequently the Governor changed his mind and reorganized the State Park Commission, and, as thus reorganized, the Commission attempted to enter into a contract with the Cumberland Hydro-Electric Company, seeking to exploit Cumberland Falls for power purposes, in which contract it was agreed that the Power Company, with the approval of the Kentucky State Park Commission, upon obtaining authority for that purpose from the Federal Power Commission, might proceed to construct its dam and power plant and to divert from Cumberland Falls, in its discretion, *all the water normally flowing* over the Falls *except* a stipulated quantity *amounting to less than one per cent of the normal flow.*

Pursuant to this contract, the Kentucky State Park Commission agreed to cooperate (and it has cooperated) with the Power Company in the effort to secure the necessary license from the Federal Power Commission according to an application theretofore made to that Commission by the Cumberland Hydro-Electric Company.

Your petitioners and those interested in the preservation of Cumberland Falls from exploitation and spoilation by private interests have vigorously opposed the grant by the Federal Power Commission of the license sought by the Hydro-Electric Company, and thus far no final action has been taken by the Federal Power Commission.

V

Meantime, the Cumberland Hydro-Electric Company had closed its prior option for the purchase of Cumberland Falls and surrounding area, and had thereby defeated the secondary option given to Senator du Pont. It thus became impossible for the Kentucky State Park Commission, as organized prior to 1928, to acquire the Falls and surrounding territory for State Park purposes, by gift or with money provided for

its purchase by Senator du Pont, though it sought in every possible way to do so.

Therefore, at the 1928 session of the General Assembly, an effort was made to prepare the passage of a bill empowering the Kentucky State Park Commission to exercise the right of condemnation—a right ordinarily granted without opposition to any department of the State Government for the purpose of enabling it to discharge its appropriate public functions.

The grant of this power of condemnation was opposed by interested parties, and the bill to confer that power upon the Commission failed of passage at the 1928 session of the General Assembly, due largely to the changed attitude of the reorganized State Park Commission.

VI

Renewal of Senator du Pont's Offer

The option secured by Senator du Pont covers approximately 2,200 acres of land in a body, lying on both sides of Cumberland River, including the site of Cumberland Falls and of the proposed dam and power project. The then owners of this land, at the time of giving the option to Senator du Pont, offered to take $230,000.00 for it, and Senator du Pont offered to pay that amount for its purchase.

In furtherance of the wishes of thousands of Kentucky citizens and in evidence of his abiding interest in his native State, Senator du Pont has renewed his offer, and a copy of his renewal offer, signed by him is attached to this petition.

VII

Secrecy of Negotiations With Power Interests

The contract between the State Park Commission and the Power Interests, though signed on October 8, 1928, was not made public until December 5, 1928, when it was sprung upon the Federal Power Commission as officially and conclusively committing the State of Kentucky to the power project.

Even the Attorney General of Kentucky, who is by law made the legal adviser of the State Park Commission, was not apprised of the contract or the negotiations preceding its execution. When he learned of it, he promptly declared it illegal, and, at the first opportunity, filed with the Federal Power Commission a printed brief in opposition to the power project. This brief challenges not only the legality but the wisdom of the contract, and comments emphatically upon the secrecy attending its negotiation. Its analysis of the contract itself is a demonstration of its illegality and its unfairness to the people of Kentucky.

VIII

Advocate of Power Project

(1) Some advocates of the power project are of course sincere in their belief that the interests of Kentucky's people, and especially of the local community, will best be served by the power projects, even at the sacrifice of Cumberland Falls. They are clearly mistaken in this, judged by the experience of New York, New England, Virginia, North Carolina, Tennessee, California, and many other states in capitalizing their lesser scenic attractions, or judged by our own determination to spend millions to make a National Park of Mammoth Cave.

We respect the beliefs of those who are sincere and disinterested. Upon further study of the subject, we trust they can see their way clear to accept Cumberland Falls as a gift, while wisely spending millions for Mammoth Cave.

(2) On the other hand, many advocates of the power project are purely selfish in their advocacy. With them the petitioner have no concern except to point out, at the proper time, the basis of their selfish interest.

IX

Advocates of Exclusive State Park

This petition is presented to each House of the General

Assembly for the purpose of bringing before it matters deemed vital to the best interests of Kentucky.

Every one of many good reasons given for the preservation of Mammoth Cave applies to the preservation of Cumberland Falls. These two unique natural wonders, located at different points in the State, will each aid the other in attracting attention to our State and pouring into its lap the revenues of tourist traffic, which are especially beneficial to the surrounding communities, in sharp contrast to the utter lack of local benefits from a power project.

Included among the earnest advocates of preserving Cumberland Falls unspoiled, we can not forbear to mention:

Corbin Kiwanis Club
Corbin Lodge of Elks
Corbin American Legion Post
Corbin Woman's Improvement Club
Corbin Division No. 379 Railway Conductors
Barbourville Kiwanis Club

Prayer for Redress and Relief

Your petitioners earnestly urge upon their Representatives in both Houses of the General Assembly to come to their relief in the matter of this petition by adoption or enactment of such measures as will checkmate the illegal and unwise action of the Kentucky State Park Commission and require that Commission, on behalf of the people of Kentucky, to accept the voluntary gift so generously offered by Senator du Pont for the acquisition of Cumberland Falls.

Coleman Du Pont

Wilmington, Delaware. January 10, 1930

Kentucky State Park Commission,
Frankfort, Kentucky.

Gentlemen:

I have noted the ever-widening interest in Kentucky (and throughout the country) in the acquisition of Cumberland Falls for exclusive State park purposes.

The preservation of the Falls and the adjacent territory, unspoiled by exploitation for commercial uses, is a project very near to my heart.

Some years ago I offered to contribute not to exceed $200,000.00 for Cumberland Falls and 500 to 1,000 acres of land. I now understand not less than 2,000 acres of adjacent land can be acquired that will be good for park purposes. Therefore, I am willing to increase by offer to not to exceed $230,000.00.

I do not want to take part in any controversy between the advocates of Conservation and the advocates of the Power Project, but my interest in Cumberland Falls has not abated, and if I can make it possible for my native State to acquire the Falls for park purposes, it will give me the greatset satisfaction.

I, therefore, wish to say that my offer of May 6, 1927, increased as above indicated, heretofore communicated to your Commission and so generously commended by the Governor of the State in his message to the General Assembly in January, 1928, is still open for your acceptance. I am glad to do anything within reason to promote this cause, which is very dear to me.

I hope my offer will be accepted in my life time as, in case of my death, it cannot be considered as binding upon my estate.

This offer to remain open for four months from date.

Yours very sincerely,

(Signed) COLEMAN DU PONT.

Original signed offer filed with similar petition.

Mr. John Y. Brown offered the following resolution, viz.:

Whereas, there has been introduced heretofore a resolution for a hearing on the Cumberland Falls Park situation and same has been passed by both houses and

Whereas, no date was set for said hearing;

Therefore, be it resolved by the House of Representatives, the Senate concurring therein:

That the date for said hearing be set for Tuesday, February 11, 1930, at ten o'clock a. m.

Said resolution was agreed to.

Mr. D. P. Smith offered the following resolution, viz.:

A joint resolution for the appointment by the President of the Senate and the Speaker of the House of a Committee to be appointed to make an investigation and report to the General Assembly at the present session what legislation can and should be enacted to give employment to the convicts now, and who may be, in the penitentiary when the Hawes Cooper bill, dealing with convict made goods, wares and merchandise shipped into any state, becomes effective.

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

That, whereas, the State of Kentucky now has many able-bodied men confined in the state penitentiary at Eddyville, Kentucky, and in the state reformatory at Frankfort, Kentucky, and will when the Hawes-Cooper bill becomes effective which prohibits convict made goods, wares and merchandise shipped into any state and will have many of said convicts when said Act goes into effect, January 19, 1934, who are now employed in manufacturing goods, wares and merchandise which are shipped into and sold in other states and territories

which convicts are now leased at from ninety cents to one dollar per day per man, and which labor yielded to the State of Kentucky for the fiscal year ending June 30, 1929, $590,-054.78, and

Whereas, all of said contracts for the lease of said convict labor, except two, will expire on or by the 16th of April 1931, and before the said Hawes-Cooper bill becomes effective and before the next regular session of the legislature which convenes in 1932 and,

Whereas, on the expiration of said contracts, the State of Kentucky is liable to have, and unless prompt action is taken at the present session of the legislature, many idle convicts which will be producing no income, and the number of which convicts are increasing, and

Whereas, the income from the lease of convict labor for the year ending June 30, 1929, amounted to more than one-fourth of the cost of maintaining all of the penal and charitable institutions in the State,

Now Therefore, Be It Resolved by the House of Representatives and Senate of Kentucky in session assembled, that the Speaker of the House of Representatives appoint three of its members and that the President of the Senate appoint two Senators as a joint committee to investigate and report to this General Assembly, as early as possible, what legislation, if any, in the judgment of said committee should be enacted at this session for the purpose of giving employment to said labor and to prevent idleness in said institutions because of the Hawes-Cooper Federal Statute.

Said resolution was adopted.

The Speaker laid before the House the following invitation, viz.:

Hon. Speaker and Members House of Representatives,
State Capitol,

Frankfort, Kentucky.

Honorable Sirs:

You are hereby most cordially invited to take dinner in the Domestic Science Department of the Kentucky State Industrial College for Colored Persons, Frankfort, Kentucky, Wednesday, February 19, at 5:30 p. m.

A message was received from the Senate announcing that they had passed the following resolution, which originated in that body, viz.:

Whereas, an invitation has been extended to Senator Coleman du Pont, of Delaware, to appear before a joint session of the Legislature for the purpose of explaining his reputed proposition to purchase the Cumberland Falls and adjacent territory, and to donate same to the State Park Commission of Kentucky for State Park purposes, and

Whereas, it is represented that the Cumberland River Hydro Electric Company is proposing to erect a power dam on the Cumberland River, in the vicinity of said Cumberland Falls, at an expense of approximately $7,000,000, in such a way that it claims that the said Falls will not be molested nor the scenic beauty of same, or surroundings, impaired, and

Whereas, it is further represented that the citizens in the section of the State which is involved, are practically a unit in favor of the combined power project and State Park, and

Whereas, Senator du Pont and the citizens of the Southeastern Kentucky have been extended an invitation to appear before a joint session of the Legislature for the purpose of presenting their views on this subject.

Now, therefore, Be It Resolved that the Cumberland River Hydro Electric Company also be invited to appear before this Joint Session and present its views and explain

its proposition in connection with the erection of said power dam and the creation of a State Park.

Said resolution was concurred in.

The Committees to which the same had been previously referred, reported bills of the following titles, viz.:

By Mr. Eimer of the Committee on Cities of 2nd and 3rd Classes:

S. B. 12. An Act relating to the government of cities of the second class in the Commonwealth of Kentucky and providing for City Manager Form of government.

By Mr. Weathers of the Committee on Fish and Game:

H. B. 141. An Act to change the classification of the town of Grayson from that of a sixth class town to that of a fifth class city.

Ordered that said bills be read the second time.

The constitutional provision as to the second reading of said bills at length being dispensed with, said bills were read the second time by their titles only.

Ordered that said bills be placed in the Orders of the Day.

The House took up for consideration from the Orders of the Day, a bill entitled:

B. H. 104. An Act authorizing the Clerk of the Court of Appeals to appoint from among his deputies, with the assent of the Court of Appeals, an Assistant Clerk of the Court of Appeals.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. The Clerk of the Court of Appeals, with the assent of the Court of Appeals, may appoint from among his deputies an Assistant Clerk of the Court of Appeals who, in case of the absence or indisposition of the principal, may do the business of his office in his name and the Clerk of the Court

of Appeals shall be responsible for the acts of such assistant who, before he acts under such appointment, must take the oath prescribed by the Constitution.

Ordered that said bill be read the third time.

The constitutional provision as to the third reading of said bill at length being dispensed with, said bill was read the third time by its title only and passed.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 20. An Act repealing Chapter 77, Acts of 1926 as amended by Chapter 49, Acts of 1928, relating to the creation of a State textbook commission and the adoption of textbooks for the public schools of the Commonwealth of Kentucky, and enacting in lieu thereof laws providing that a list of books approved by the State Board of Education shall be furnished each county board of education and each board of education in each independent school district embracing a city of the first, second, third, fourth or fifth class; providing that persons, firms or corporations desiring to sell textbooks in the Commonwealth of Kentucky shall list and file same with the Superintendent of Public Instruction; providing for filing fees and bonds for textbook publishers; giving local board of education in the Commonwealth of Kentucky authority to adopt books to be used in the public schools of their respective districts; providing penalties for the violation of the provisions of this Act, and generally providing for a better method of adopting textbooks in the Commonwealth of Kentucky.

With a Committee Amendment thereto by way of Substitute therefor.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That Chapter 77 of the Acts of 1926 providing for the appointment of a textbook commission and the adoption of textbooks for Kentucky, as amended by Chapter 49, Acts of 1928, be repealed and the following enacted in lieu thereof:

§ 1. Any person, firm or corporation desiring to offer textbooks for adoption and use in the public schools of Kentucky, shall, before such textbooks may be lawfully adopted or purchased by any board of education, comply with the following conditions: Such person, firm or corporation shall file with the Superintendent of Public Instruction

(1) Copies of all textbooks which such person, firm or corporation desires to offer for adoption and use, together with a sworn statement of the list price, the lowest net wholesale price and the lowest net exchange price at which each of such books is sold in any adopting unit;

(2) Copies of any revision or special editions of any such textbooks and the statement describing exactly and in detail each and every point of difference from the regular edition filed and the list price, the lowest wholesale price and the lowest net exchange price at which such revision or special edition is sold anywhere in the United States.

(3) A fee of five dollars ($5.00) for each book filed except where a series of books is filed, in which case he shall pay five dollars ($5.00) for the first book of the series and one dollar ($1.00) for each additional book of the series. The fund created by the provisions of this section shall be used to cover the cost of compiling and publishing lists of books and for other costs of administering the provisions of this Act;

(4) A bond, running to the people of the Commonwealth of Kentucky with a responsible surety company authorized to do business in the Commonwealth of Kentucky as surety thereon, in a sum to be determined by the Superintendent of

Public Instruction, but not less than two thousand dollars ($2,000.00) nor more than ten thousand dollars ($10,000.00), conditioned as follows:

(a) That such person, firm or corporation will furnish any of the books listed in such statement and in any supplementary statement subsequently filed within five years from the date of the bond to any school district in the State of Kentucky or to any dealer appointed by such district, at the lowest net wholesale price contained in said statement, f. o. b. the publisher's nearest shipping point.

(b) That such person, firm or corporation will reduce such prices automatically in Kentucky whenever reductions are made anywhere in the United States, so that at no time shall any book so filed and listed as above provided be sold in the Commonwealth of Kentucky at a higher net wholesale price than is received for such book elsewhere in the United States.

(c) That in case such person, firm or corporation prepares an abridged or special edition of any book so listed by him and sells such special edition elsewhere at a lower net wholesale price than the net wholesale price set out in the above statement, such person, firm or corporation shall file a copy of such special edition, together with the price thereon, in a supplemental statement with the Superintendent of Public Instruction.

(d) That all books sold in the Commonwealth of Kentucky shall be equal to and identical with the specimen books deposited in the office of the Superintendent of Public Instruction, as above provided, as regards size, paper, binding, print, illustrations, subject-matter and other particulars which may affect the value of textbooks.

(e) That such person, firm or corporation shall not enter into any agreement, understanding or combination to control the price of textbooks or to restrict competition in their sale in the Commonwealth of Kentucky.

The form of such sworn statement and such bond shall

be prescribed by the Attorney General. Such bond shall be in force for the adoption period of five school years for which a book is offered. Such person, firm or corporation may at any time while such bond is in effect, file a supplemental statement covering additional books or special editions of books already filed, which supplemental statement shall expire at the date of expiration of the original statement and bond. Prior to the expiration of any statement and bond, such person, firm or corporation may file a new statement and bond for a further period of five years, but if he fails to do so, his right to offer textbooks for adoption and use in the public schools of Kentucky shall expire on the date of expiration of the former bond.

§ 2. (1) Such person, firm or corporation's sworn statement of prices shall be passed upon by the State Board of Education, and when such statement and bond have been approved by said board, the Superintendent of Public Instruction shall send a notice of such approval to such person, firm or corporation, who shall then be entitled to offer the books for adoption and sale as hereinafter provided.

(2) The Superintendent of Public Instruction shall within sixty days after the effective date of this Act, and annually thereafter before February first of each year send a printed list of books which have been approved by the State Board of Education to the superintendent of schools in each county and to the superintendent of schools in each independent district embracing a city of the first, second, third, fourth or fifth class. The books on such list shall be approved by the State Board of Education upon the recommendation of the Superintendent of Public Instruction. The Superintendent of Public Instruction shall consider the size, paper, binding, print, illustrations, content and other particulars which may affect the value of textbooks, together with the price thereof, in determining the books that shall be placed on such list. From such list local boards of education, on the recom-

mendation of their superintendent, shall adopt books for use in their respective school districts.

§ 3. On or before July 1, 1930, each board of education, on recommendation of the superintendent, shall adopt from the list of books submitted by the Superintendent of Public Instruction, as provided in this Act, a list of such textbooks as may be necessary for the conduct of the schools in its district to be used in such schools during the ensuing five years. Not later than April first prior to the expiration of said five-year period, or any subsequent five-year period, each board of education, on recommendation of its superintendent, shall likewise adopt from the list of books submitted by the Superintendent of Public Instruction a similar list for use during the ensuing five-year period. Not later than May first, the superintendent of the district shall report its adoption to the Superintendent of Public Instruction, giving the complete list with titles and publishers of the books adopted, provided the board of education of any city school district or districts of any county and the board of education of the county school district embracing such city or cities may agree upon an adoption for the county as a whole, so that all such schools of any county may use the same basal texts according to such agreed adoption.

§ 4. After July 1, 1930, no textbook shall be used in the public schools of Kentucky as a basal textbook unless it has first been adopted by the board of education having jurisdiction of said school in accordance with the provisions of this Act; provided the board of education in any district may be permitted to authorize the gradual introduction of any book or series of books by allowing the grade or class to finish the old book with which the children are supplied at the time of the adoption, but nothing in this section shall apply to the use of supplementary books as they may be needed from time to time, except that such supplementary books shall be selected by boards of education from the approved list submitted by the Superintendent of Public Instruction.

§ 5. Each board of education in the Commonwealth may appoint a dealer or dealers to act as official retail agent or agents for the sale of books for use in such school district. Publishers whose books have been adopted by the board of education shall sell such books either to said official retail agents or to the board of education itself, at the lowest net wholesale price and the lowest net exchange price listed in the statement filed with the Superintendent of Public Instruction f. o. b. the publisher's nearest shipping point, provided that such official retail agent has given a reasonable bond, if required, to such publisher; and all orders given by such official retail agent or board of education shall be promptly filled. Such official retail agent shall sell such books at retail, at prices which do not exceed by more than twenty per cent the net wholesale price, and in cases where old books displaced by a new adoption are offered by pupils in exchange for the corresponding new books, at a price not to exceed by more than twenty per cent the net exchange price listed by the publisher. The board of education may revoke the appointment of such agent on July first in any year by giving notice prior to May first in such year, and at any time if such agent violates the requirements of this Act or fails to give reasonable bond requested by any publisher.

§ 6. It shall be the duty of the superintendent of schools in each district to notify the Superintendent of Public Instruction of any violation by the publisher of any of the conditions contained in the publisher's bond on file with the Superintendent of Public Instruction. If the Superintendent of Public Instruction finds that such violation has occurred, he shall declare the publisher's bond forfeited, and shall instruct the Attorney General to bring suit thereon against the publisher. In case judgment is received, any sum paid on such bond shall be placed to the credit of the general school fund of the Commonwealth.

§ 7. When a pupil removes from any school district, the Board of Education of the district from which such pupil

moves shall purchase from such pupil, if requested so to do, the textbooks in actual use at the time by such pupil in such district. The price to be paid shall be based upon the condition of the books, and the same may be sold by the board of education, or furnished to indigent children in such district.

§ 8. No person, firm or corporation shall secure or attempt to secure the adoption of any school textbook or books in any school district in this Commonwealth by rewarding, promising to reward, directly or indirectly, any person in any public school in the Commonwealth. No person, firm or corporation shall offer or give any emolument to any person in any school district for any vote or promise to vote, or the use of his influence for any school textbook or books to be used in this Commonwealth.

§ 9. No superintendent, teacher, or other official, or employee of any institution supported wholly or in part by public funds shall act, either directly or indirectly, as agent for any person, firm or corporation whose school textbooks are filed with the Superintendent of Public Instruction as provided by law. Such sample textbooks as may be submitted for examination shall either continue to be the property of the bidder or shall become the property of the school district in which they are submitted for examination.

§ 10. Any person violating any of the provisions of this Act shall, on conviction thereof, be punished by a fine not to exceed five hundred dollars ($500.00) or by imprisonment not to exceed three months, or both such fine and imprisonment, at the discretion of the court.

§ 11. Whereas the schools in this Commonwealth are now operating without a legal textbook adoption, and whereas this Act provides for an adoption to be made before July 1, 1930, an emergency is hereby declared to exist and this Act shall become effective upon its passage and approval.

Said substitute is as follows, viz.:

An Act repealing Chapter 77, Acts of 1926, as amended by Chapter 49, Acts 1928, relating to the creation of a State textbook commission and the adoption of textbooks for the public schools of the Commonwealth of Kentucky, and enacting in lieu thereof laws providing for a State textbook commission to be appointed by the State Board of Education; providing that such textbook commission shall prepare an approved list of books from which a board of education in an independent school district embracing a city of the first, second, third, fourth or fifth class may select basal texts for use in its respective school district; providing that such approved list shall be furnished to the boards of education in such cities; providing that the State textbook commission created by this Act shall adopt a uniform series of books for use in the county school districts and graded common school districts other than those in cities of the fifth class; providing that persons, firms or corporations desiring to sell textbooks in the Commonwealth of Kentucky shall list and file same with the Superintendent of Public Instruction; providing for filing fees and bonds for textbook publishers; giving county boards of education, upon the recommendation of their superintendents and by a majority vote of the entire boards, the privilege of selecting books from the approved list submitted to city boards of education; providing penalties for the violations of the provisions of this Act, and generally providing for a better method of adopting textbooks in the Commonwealth of Kentucky.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That Chapter 77 of the Acts of 1926 providing for the appointment of a textbook commission and the adoption of textbooks for Kentucky, as amended by Chapter 49, Acts of 1928, be repealed and the following enacted in lieu thereof:

There is hereby created a State Textbook Commission of nine members, eight of whom are to be appointed by the State Board of Education within ten days from the effective date

of this act, together with the Superintendent of Public Instruction who shall be ex-officio secretary of the Commission, but in no event shall any member of the Department of Education be appointed a member of the Commission, except as provided above. The appointive members shall be educators of high qualifications who are actually engaged in educational work in the state, and whose educational qualifications shall not be less than graduation from a standard senior college.

Two of the appointive members shall be appointed for a term beginning with the date of appointment and expiring June 30, 1930; two for a term beginning with the date of appointment and expiring June 30, 1931; two for a term beginning with the date of appointment and expiring June 30, 1932; and two for a term beginning on the date of appointment and expiring June 30, 1933. At the expirations of the terms of the first appointees, and thereafter, the terms of the appointed members of the Textbook Commission shall be for a term of four school years.

The members of the State Textbook Commission shall have their organization meeting within ten days after the date of appointment. They shall elect one of their members as chairman and adopt rules and regulations for the procedure of the Commission, which shall not be in conflict with the laws of the State of Kentucky.

§ 1. Any person, firm or corporation desiring to offer textbooks for adoption and use in the public schools of Kentucky, shall, before such textbooks may be lawfully adopted by the State Textbook Commission or purchased by any board of education, comply with the following conditions: Such person, firm or corporation shall file with the Superintendent of Public Instruction:

(a) Copies of all textbooks which such person, firm or corporation desires to offer for adoption and use, together with a sworn statement of the list price, the lowest net wholesale price and the lowest net exchange price at which each of such books is sold in any adopting unit.

(b) Copies of any revision or special editions of any such textbooks and the statement describing exactly and in detail each and every point of difference from the regular edition filed and the list price, the lowest wholesale price and the lowest net exchange price at which such revision or special edition is sold anywhere in the United States.

(c) A fee of five dollars ($5.00) for each book filed except where a series of books is filed, in which case he shall pay five dollars ($5.00) for the first book of the series and one dollar ($1.00) for each additional book of the series. A fee provided by this section shall be paid at each and every adoption or readoption period. The fund created by the provision of this section shall be used to cover the cost of compiling and publishing lists of books, for necessary expenses of the Textbook Commission and for other costs of administering the provisions of this act. If, and when, the balance of this fund, in the judgment of the State Board of Education, exceeds that which is necessary for the aforesaid purposes, the excess, upon the action of the State Board of Education shall be transferred to the general school fund of the State.

(d) A bond, running to the people of the Commonwealth of Kentucky with a responsible surety company authorized to do business in the Commonwealth of Kentucky as surety thereon, in a sum to be determined by the State Board of Education, but not less than two thousand dollars ($2,000.00) nor more than ten thousand dollars ($10,000.00), conditioned as follows:

(1) That such person, firm or corporation will furnish any of the books listed in such statement for a period of five years from the date of the bond to any school district in the State of Kentucky or to any dealer appointed by such district, at the lowest net wholesale price contained in said statement, f. o. b. the publisher's nearest shipping point.

(2) That such person, firm or corporation will automatically reduce such prices in Kentucky whenever reductions are made anywhere in the United States, so that at no time

shall any book so filed and listed as above provided be sold in the Commonwealth of Kentucky at a higher net wholesale price than is received for such book elsewhere in the United States.

(3) That in case such person, firm or corporation prepares an abridged or special edition of any book so listed by him and sells such special edition elsewhere at a lower net wholesale price than the net wholesale price set out in the above statement, such person, firm or corporation shall file a copy of such special edition, together with the price thereof, in a supplemental statement with the Superintendent of Public Instruction.

(4) That all books sold in the Commonwealth of Kentucky shall be equal to and identical with the specimen books deposited in the office of the Superintendent of Public Instruction, as above provided, as regards size, paper, binding, print, illustrations, subject-matter, and other particulars which may affect the value of textbooks.

(5) That such person, firm or corporation shall not enter into any agreement, understanding or combination to control the price of textbooks or to restrict competition in their sale in the Commonwealth of Kentucky.

The form of such sworn statement and such bond shall be prescribed by the Attorney General. Such bond shall be in force for the adoption period of five school years for which a book is offered. Such person, firm or corporation may at any time while such bond is in effect, file a supplement statement covering additional books or special editions of books already filed, which supplemental statement shall expire at the date of expiration of the original statement and bond. Prior to the expiration of any statement and bond, such person, firm or corporation may file a new statement and bond for a further period of five years, but if he fails to do so, his right to offer textbooks for adoption and use in the public schools of Kentucky shall expire on the date of expiration of the former bond.

§ 2. The Textbook Commission created by this act shall select and publish not later than May 1, 1930, and not later than March 1, in any subsequent adoption year, a list, of ten books in each subject, taking into account the needs of the various types of school organizations. One of the books for each subject and grade so listed shall be the one on the uniform list for counties and graded school districts as provided by this act. Not more than two books for any subject and grade shall be from the same person, firm or corporation. If there are not submitted to the commission as many as ten books in any subject and grade of sufficient merit to warrant their being listed, the Commission may list fewer than ten, but in such event it may not list more than one book for the same subject and grade from the same person, firm or corporation. Such list as soon as prepared shall be sent to the chief administrative officer of the various school units of the State. The list of books prepared by the State Textbook Commssion as set out in this section shall remain unchanged for a period of five years. From this list the board of education in an independent school unit embracing a city of the first, second, third, fourth or fifth class, upon the recommendation of its superintendent, shall, not later than June 1, 1930, and not later than May 1st of any subsequent adoption year, select and adopt for use for a period of five school years in its school system one book for each subject and grade to be used as a basal text in its city school system. If any board of education, county or city, finds that any book in use in its system at the time this act becomes operative is not on the list approved or adopted by the State Textbook Commission as provided in this act, it shall have the privilege of readopting such book for a five year period. Provided, the board of education of any independent school unit embracing a city of the first, second, third, fourth or fifth class, upon the recommendation of its superintendent and the majority vote of the entire board of education, may adopt a basal text or the complete series of basal texts from the uni-

form list of books to be used in school districts outside of cities of the first, second, third, fourth and fifth classes.

§ 3. The Commission shall also adopt, not later than May 1, 1930, and not later than March 1st in any subsequent adoption year, a uniform series or system of basal textbooks for use in the public schools of the county school districts and independent school districts in other than cities of the first, second, third, fourth and fifth classes. The Commission shall also cause to be printed the list of books so adopted and send such lists to the administrative officer of each school unit of the State. In making such adoption of basal textbooks, the Textbook Commission created by this act shall designate the subject and grade for which the adopted book is intended, and not more than one book shall be adopted for use in any one subject and grade. The adoption under this section shall be made for a period of five school years. Provided that a county board of education, by a majority vote of the entire board, upon the recommendation of its superintendent, may select basal textbooks to be used in the county school district from the list adopted and approved for city school districts by the State Textbook Commission.

§ 4. After July 1, 1930, no textbook shall be used in any public school in Kentucky as a basal textbook, unless it has been approved and adopted by the State Textbook Commission, or approved by the State Textbook Commission, and adopted by the board of education having jurisdiction over such school district, in accordance with the provisions of this act; provided that a change of a textbook, or textbooks, made by the State Textbook Commission, or by the board of education of any independent school district, embracing a city of the first, second, third, fourth or fifth class, shall not become effective until grades or classes of respective school districts of counties or cities of the State have completed work for which the adopted book then in use was originally intended, but nothing in this act shall apply to the supplementary books as may be needed from time to time.

§ 5. Each board of education in the Commonwealth may appoint a dealer, or dealers, to act as official retail agent, or agents, for the sale of books for use in such school district. Publishers whose books have been adopted under the provisions of this act shall furnish such books either through such official retail agents, or through respective board of education, at the lowest net wholesale price and the lowest net exchange price listed with the Superintendent of Public Instruction, f. o. b. the publisher's nearest shipping point. Such official retail agent, or agents, shall give a reasonable bond, if required, to respective publishers who have contracts to furnish adopted texts. All orders given by such retail agent, or board of education, shall be promptly filled. Such official retail agent, or agents, shall sell such books at not more than twenty per cent in excess of the net wholesale price. Where old books, displaced by a new adoption, are offered by pupils in exchange for the corresponding new books, such new books shall be offered at a price not to exceed by more than twenty per cent the net exchange price listed by the publisher. If any such agent violates the requirements of this act, or fails to give reasonable bond requested by any publisher, the board of education that appointed such agent, by giving notice prior to May 1 in any year, may revoke the appointment of such agent of July 1 of that year.

§ 6. It shall be the duty of the superintendent of schools in each district to notify the Superintendent of Public Instruction of any violation by the publisher of any of the conditions in the publisher's bond on file with the Superintendent of Public Instruction. If the Superintendent of Public Instruction finds that such violation has occurred, he shall instruct the Attorney General to bring suit thereon against the publisher. In case judgment is received, any sum paid on such bond shall be placed to the credit of the general school fund of the Commonwealth.

§ 7. When a pupil removes from any school district, the board of education of such district shall purchase from such

pupil, if requested so to do, the textbooks in actual use at the time by the pupil in such district. The price to be paid shall be based upon the condition of the books, and the same may be sold by the board of education, or furnished to indigent children in such district.

§ 8. No person, firm or corporation shall secure or attempt to secure the adoption of any school textbook or books in any school district in this Commonwealth by rewarding or promising to reward, directly or indirectly, any person in any public school in the Commonwealth. No person, firm or corporation shall offer or give any emoluments to any person in any school district for any vote or promise to vote, or the use of his influence, for any school textbook or books to be used in this Commonwealth.

§ 9. No superintendent, teacher, or other official, or employee of any institution supported wholly or in part by public funds shall act, either directly or indirectly, as agent for any person, firm or corporation whose school textbooks are filed with the Superintendent of Public Instruction, as provided by law. Such sample textbooks as may be submitted to members of the State Textbook Commission for examination shall continue to be the property of the bidder if claimed within 30 days after adoption or shall be sold by the State Board of Education and the money covered into the State school fund.

§ 10. Any person, firm or corporation violating any of the provisions of this act shall, on conviction thereof, be punished by a fine not to exceed five hundred dollars ($500.00), or by imprisonment not to exceed three months, or by both such fine and imprisonment, at the discretion of the court.

§ 11. Whereas the schools in this Commonwealth are now operating without a legal textbook adoption, and whereas this act provided for an adoption to be made before July 1, 1930, an emergency is hereby declared to exist and this act shall become effective upon its passage and approval.

Mr. Meyers moved that the session of today be extended until the matter under consideration be disposed of.

Mr. Terry offered the following resolution, viz.:

Whereas, the financial statement of the Kentucky Progress Association, as listed in the report of the Kentucky Progress Commission to the 1930 General Assembly, shows that the sum of $34,504.04 was derived from paid memberships to said Progress Association, and

Whereas, this General Assembly should know from what sections of the State these paid memberships have come, and

Whereas, such knowledge would indicate to this General Assembly whether or not the appeal of said Progress Association for paid memberships has been well received by the State as a whole or by a few exceptional areas, and

Whereas, it also would be of general interest to this General Assembly to secure such knowledge in order for it to ascertain whether or not many hundreds of these paid memberships to said Progress Association have been contributed by poorly paid employees of certain State departments, who under duress and intimidation of pro-administration bosses, have joined said Progress Association rather than lose their jobs and their means of livelihood thereby, now

Therefore be it resolved that the Kentucky Progress Commission submit to this General Assembly, within ten days from this date, an itemized report of the memberships in the Kentucky Progress Association. Said report is hereby ordered to contain the name of each member, his address, his business connection where shown on the records of said Progress Association, the date of the membership and the price paid therefor.

Said resolution was adopted.

Mr. Douthitt moved that Master Robert Sidney Douthitt be made Honorary Page for this session.

Said motion was agreed to.

A message was received from the Senate announcing

that they had concurred in a resolution which originated in this House, entitled:

H. Res. 14. Resolution requesting the Attorney General to furnish to the Senate and House each Monday during this term of the legislature a list of all registered lobbyists, giving their names, residence and the company that they represent.

H. B. 260. An Act authorizing and empowering the Kentucky State Park Commission to acquire property for State park purposes by the exercise of the power of eminent domain, and instructing it to do so, when so directed by the General Assembly, and prescribing procedure to be taken for that purpose by the Attorney General and declaring an emergency.

Ordered that said bills be read the second time.

The constitutional provision as to the second reading of said bills at length being dispensed with, said bills were read the second time by their titles only.

Ordered that said bills be placed in the Orders of the Day.

Mr. Hargrove moved that the session of today be extended indefinitely.

Said motion was agreed to.

Mr. Hargrove moved that when the hour of twelve o'clock Meridian arrive, that the House do then recess for one hour.

Said motion was agreed to.

The hour of eleven o'clock having arrived, that being the hour heretofore set for the Special Order of the Day, the House took up for consideration the Substitute as offered by the Committee to a bill entitled:

H. B. 20. (For title see House Journal of yesterday.)

(For Substitute as offered by Committee, see Journal of yesterday.)

Mr. Thompson offered the following Amendments to the Substitute to said bill, viz.:

"Amend Substitute to H. B. 20 by inserting the following words between the word 'education' and 'by' on page 6, Section 3 and line 13 'of a County maintaining a school term of at least nine months.' "

Said Amendment was agreed to.

"Amend Substitute for H. B. 20 by adding the following words on page 5, Sec. 2, between line 16 and line 17 after the word 'years' 'and not more than 33 1/3% of the list of books now in use shall be changed at any one adoption period of five years.' "

Said Amendment was agreed to.

"Amend Section 5 of Substitute for H. B. 20 by changing 'twenty per cent' in Section 5 wherever it occurs to "fifteen per cent.' "

Said Amendment was agreed to.

Mr. Strange offered the following Amendment to said Substitute, viz.:

"Amend Substitute to H. B. 20 by inserting in line 3, Section 5, page 7, of the printed bill after the words 'school districts' and before the word 'publishers' 'or any school unit may purchase and distribute books etc., to its own patrons instead of having an agent or dealer to handle the books.' "

Said Amendment was agreed to.

Mr. Gnau moved the Previous Question.

Thereupon the Speaker announced "Shall the Main Question be now put?"

Which was decided in the affirmative.

Said Substitute as offered by the Committee and as amended, was then adopted.

Ordered that said bill be engrossed and read the third time.

The constitutional provision as to the third reading of said bill at length being dispensed with and the same being engrossed, said bill was read the third time by its title only and passed.

The yeas and nays being taken thereon in accordance with the provisions of the Constitution, were as follows, viz.:

The following pair was announced:

Mr. John Y. Brown and Mr. Byers.

Mr. John Y. Brown, if present and voting, would vote in the affirmative;

Mr. Byers, if voting, would vote in the negative.

Mr. Meyers offered the following Amendments to the title of said bill, viz.:

"Amend the title to H. B. 20 in line 16, page 1, the word 'fifth class' be stricken and in lieu thereof the words 'first five classes' be inserted."

Amend title to H. B. 20 by striking therefrom the words "upon recommendation of their superintendents and."

Said Amendments were each agreed to.

Resolved that the title thereof be as amended.

An emergency is hereby declared and this act shall become effective upon its passage and approval

For the following reason:

Whereas the schools in this Commonwealth are now operating without a legal textbook adoption, and whereas this act provides for an adoption to be made before July 1, 1930, an emergency is hereby declared to exist and this act shall become effective upon its passage and approval.

Mr. Meyers moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

The Speaker laid before the House the following communication from the Lieutenant Governor and President of the Senate and the Speaker of the House of Representatives:

To the Members of the House and Senate of the General Assembly of 1930:

Pursuant to the authority vested in us by Senate Resolution No. 5, which was signed on yesterday by the Governor, we do respectfully report that the following members of the two Houses of the General Assmbly have been appointed by us to conduct the investigation of the affairs of the Highway Commission.

From the Senate, the Lieutenant-Governor appoints Charles G. Franklin, of Hopkins County; Senator E. C. Moore, of Casey County, and Senator H. D. Fitzpatrick, of Floyd County.

The Lieutenant-Governor would state that in usual parliamentary procedure, he would have appointed Senator Gates Young to this Committee, as he was the author of the Resolution, but that Senator Young requested that he be not appointed in view of the fact that his introduction of the Resolution might be construed that his mind was already fixed as to the conduct of the Highway Commission, and requested that some other Senator, whose attitude was not so clearly expressed, be appointed in his place.

From the House, the Speaker appoints Tyler Munford of Union County; John Y. Brown of Fayette County; J. R. Dorman of Jessamine County; Virgil Eversole of Harlan County.

The Speaker desires to state that it would have been his pleasure to name Mr. Andrew Nichols, of Nelson County, on the Committee, but the excuse might be given by some that since he has been so active in the fight on the floor of the House, that he might not make a fair juror, although the Speaker does not concur in that opinion.

It is the hope of the President of the Senate and of the Speaker that the Committee named will meet immediately and proceed as expeditiously as possible with the conduct of the investigation.

Given under our hands as Lieutenant-Governor and Speaker of the House respectively, this the 4th day of February, 1930.

JAMES BREATHITT, JR.,
Lieutenant-Governor.

JOHN S. MILLIKEN,
Speaker of the House of Representatives.

Mr. Strange moved that a leave of absence be granted to Mr. T. M. Johnson.

Said motion was agreed to.

Mr. Morris moved that the Rules be suspended and that the Committee on State and National Parks make a report.

Said motion was agreed to.

Thereupon Mr. Morris of the Committee on State and National Parks to which the same had been previously referred reported a bill of the following title, viz.:

H. B. 6. An Act creating the office of County Detective to the County Attorney in counties containing cities of the second class, prescribing the method of appointment and removal, the duties, powers and salary and the method of payment of such officer.

With Committee Amendments thereto.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That in all counties of the Commonwealth having therein cities of the second class, there is hereby created the office of County Detective to the County Attorney. Said County Detective shall be appointed by the County Attorney for a term of four years, but may be removed at any time by said County Attorney.

§ 2. It shall be the duty of such County Detective to assist the County Attorney in the investigation and preparation of the facts and evidence in all criminal cases arising in the County Court and all cases within the jurisdiction of the County Attorney and he shall aid the County Attorney in all other criminal matters pertaining to his office, and in such manner as he may from time to time be directed by said County Attorney in such county.

§ 3. Said County Detective shall have the same powers of arrest and the same right to execute process, as is now given by law to the sheriffs in such counties.

§ 4. The salary of said County Detective shall not be less than Eighteen Hundred ($1,800.00) Dollars nor more than Twenty-four Hundred ($2,400.00) Dollars per annum, to be paid by the Fiscal Court in such County, and shall be pay-

able out of the county levy in such county in equal monthly installments.

H. B. 219. An Act to repeal, amend and re-enact Sec. 1 of chapter 128 of the Acts of the General Assembly 1928, approved March 21, 1928, relating to revenue and taxation,

Be made a Special Order for Tuesday, February 11, at one o'clock p. m.

Said motion was agreed to.

Mr. Napier offered the following resolution, viz.:

Whereas, in the past two years a great deal of prose has been written and published, not only in Kentucky but all over the world concerning the Kentucky license tag bearing the words "For Progress" and

Whereas, the actual soul and spirit of progress cannot be expressed in the vulgarities of prose and,

Whereas, we have such gems of spiritual justice and poetical genius as Mulligan's poem "In Kentucky" the last verse of which reads as follows:

The song birds are the sweetest
In Kentucky
The thoroughbreds are the fleetest
In Kentucky
Mountains tower proudest

Thunder peals the loudest
The landscape is the grandest
And politics the damndest
In Kentucky.

And, Whereas, we believe that the poetical genius of Kentucky should have a legitimate expression spread upon the records of the House Journal by a unamimous vote,

Whereas, be it resolved by the General Assembly that the following verses be so spread upon the records as a poetical expression of adverse criticism of this present custom of having the words "For Progress" on the rear license tag.

I'm a-gin' to leave these diggins
Toot my horn an' travel south
Where the moonshine runs like water
An' ther aint no northern drouth.

I'm a-goin' to where the sun shines
Ever' day the year around
An the night air is so balmy
That they sleep out on the ground.

In a week I'll be a settin'
With some money in my hand
Where the ocean rolls in glory
Shootin craps thereon the sand.

In a week I'll be a-drivin'
Through a very different clime
Where I cannot see "Kentucky"
Preaching "Progress" from behind.

Said resolution was adopted.

Mr. Strange offered the following resolution, viz.:

H. Res. 17. Concurrent Resolution to set a time for the hearing in joint session of H. B. 219, relating to the Mammoth Cave National Park.

Whereas, There is now pending in the House of Representatives H. B. 219, in which measure is proposed the acquiring of Mammoth Cave National Park, and

Whereas, it is desirous that both the opponents and proponents of the Mammoth Cave National Park Project be heard by all members of this General Assembly,

Be it, therefore, resolved by the House of Representatives, the Senate concurring therein,

That a joint session of the House and Senate be held on Tuesday, February 11, at 10:30 A. M. at which time an opportunity will be given both proponents and opponents of said bill to discuss same.

Said resolution was adopted.

Mr. Williams moved that W. W. Barrett and E. B. Crutcher be extended the privileges of the floor.

Said motion was agreed to.

Mr. John Y. Brown moved that the session of today be extended indefinitely.

Said motion was agreed to.

Said motion was agreed to.

A message was received from the Senate announcing that

they had concurred in a resolution which originated in this House entitled:

H. Res. 15. Resolution fixing date for hearing on Cumbeland Falls Park situation.

(For Resolution see House Journal of February 3).

With the following Amendment thereto, viz.:

"Amend H. Res. 15 by striking out the date 'Tuesday, February 11th, 1930' and inserting in lieu thereof 'Thursday, February 13, 1930'."

Said Amendment was concurred in.

Said resolution was then adopted as amended.

Ordered that said resolution be delivered to the Enrolling Clerk of this House.

And that they had passed bills which originated in that body of the following titles, viz.:

AFTERNOON SESSION

The Speaker resumed the Chair and called the House to order.

The House took up for consideration from the Orders of the Day, a bill entitled:

S. B. 12. An Act relating to the government of cities of the second class in the Commonwealth of Kentucky.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That any city of the second class may become or-

ganized and be governed under the provisions of this act by proceeding as hereinafter provided. Organizing under this act shall not change the corporate entity of any such city, but the body politic and corporate shall remain the same body that it now is.

§ 2. All laws applicable to and governing cities of the second class and not inconsistent with the provisions of this act shall continue to apply to and govern each city that may organize under this act; and all by-laws, ordinances and resolutions in force in any such city and not inconsistent with the provisions of this act shall continue to be in force until altered or repealed in manner provided for in this act.

§ 3. It shall be the duty of the county judge in the county in which is located a city of the second class proposing to take the sense of its voters, as herein provided, upon the question of organizing and being governed under this act, upon the application by written petition signed by a number of legal voters of said city equal to twenty per centum (20%) of the votes cast in said city at the last preceding election for mayor, to receive said petition, and at the next regular term thereafter to make an order on his order book directing an election to be held in said city at the next regular election and not earlier than sixty days after said application is lodged with said judge, which order shall direct the sheriff, or other officer of said county who may be appointed to hold said election, to open the polls at each and all voting places in said city for the purpose of taking the sense of the qualified voters of said city upon the question as to whether or not the citizens in said city are in favor of the organization and government of said city under the provisions of this Act. The question to be submitted to the voters shall be: "Are you in favor of the organization and government of the city of (naming the city in which said vote is to be taken) under the city manager form of government, according to the provisions of an Act entitled (naming this act, and giving the year and date of passage, or approval, or both)." It shall be the duty of the

county clerk to give the sheriff of the county, or to such officer as may be appointed to hold said election, a certified copy of the order of the county court, as it appears on the order book, within five days after such order is made; and it shall be the duty of said sheriff, or other such officer, to have said order published in some weekly or daily newspaper published or circulated in said county, for at least two weeks before the election, and also to advertise the same by printed or written handbills, posted in at least three places in said city, for the same length of time. If there is no weekly or daily newspaper published in said city, or the proprietor of said newspaper refuses to publish such notice, the printed or written handbills provided for or shall be sufficient notice. If it shall be found that a majority of the legal votes cast at the election hereinabove provided for were given for or against said proposition submitted, it shall be the duty of the canvassing board to certify that fact, which certificate shall be delivered to the clerk of the county court and a copy thereof delivered to the clerk or recorder of the city, and at the next regular term of said court, the county judge shall cause the same to be spread on the order book of said court, and the entry of said certificate in the order book, or a copy thereof, shall be prima facie evidence of the facts therein contained. When a majority of the votes cast shall be in favor of organizing and governing the city under the provisions of this act, and said fact shall be certified as hereinabove provided, by the said canvassing board to the county clerk, and a copy thereof shall also be certified to the city clerk, said city shall thereafter be organized and governed by the provisions of this act. Said copy of said certificate shall be spread upon the records of said county, as herein provided, and upon the records of said city at the next regular meeting of the city legislative body.

§ 4. All the present city offices save those of mayor and police judge shall at the expiration of the mayor's term, or at the expiration of the term of police judge, whichever one shall first expire, be ipso facto abolished; provided, how-

ever, that the term of any officer elected by the people shall not expire until the expiration of such term.

§ 5. If the vote shall be in favor of the organization and government of the city under the city manager form of government, then, at the first succeeding regular election at which the mayor, or police judge, of such city is elected, there shall be elected by the qualified voters of said city, four commissioners and a mayor, or police judge, as the case may be, who shall hold office under the provisions of this act, and such city manager form of government shall become effective, and go into operation upon the qualification and installation in office of the mayor or police judge, as the case may be, and commissioners elected at such election.

§ 6. No person shall be elected to said office of mayor or police judge, or commissioner, without first having been nominated in the manner hereinafter prescribed. On the third Saturday before the day for the regular election there shall be held a primary election. Said primary election shall be conducted by the same officers chosen and acting in the same manner, with the same rights and duties, as in the later regular election. Each applicant for nomination shall, at least ten days before the day of said primary election, file with the county clerk a petition signed by at least one hundred voters, and in the following form:

We the undersigned, qualified voters of the city of ..... (naming it), and residing each at the place indicated opposite his or her name signed hereto, do hereby request that the name of ..... (naming the applicant) be placed on the ballot as that of an applicant for nomination for the office of ..... (naming the office sought) at the primary election to be held in our city on the third Saturday before the next regular election. We know the applicant to be a qualified voter of the city and a person of good character, and is, in our judgment, qualified for the duties of said office.

Names	Numbers	Streets

Such petition shall be verified by the affidavit of some person or persons as to the genuineness of the signatures and addresses of the signers. No voter shall sign more than one such petition with reference to each office that is to be filled; and in the event that any voter shall sign more than one petition of applicants for nomination for mayor or police judge, or shall sign the petitions of more than four applicants for nomintaion for commissioners, then the name of such petitioner shall not be counted as a valid name on any of said petitions with reference to such office. Immediately upon the expiration of the time for filing such petitions the said county clerk shall cause to be published for three consecutive days in the official newspaper of the city, and in such other papers as he may designate, in proper form, the names of the persons as they will appear upon the primary ballots; and the said clerk shall thereupon cause the primary ballots to be printed, authenticated with a facsimile of his signature. Provided, however, that immediately upon the expiration of the time for filing such petitions, if it should appear that there are not more than two applicants for the nomination as mayor or police judge, as the case may be, or not more than eight applicants for the nomination for commissioner, such applicants for mayor or police judge, as the case may be, and such applicants for commissioner shall thereby be nominated and the names of such nominees shall not be placed upon the primary ballots for such primary election, and no primary election shall be held for nomination for such office. Upon said ballots the names of said applicants for each nomination shall be printed as provided in section 9 of this act with a square at the right of each name, and above the names of the applicants for nomination for mayor, or police judge, as the case may be, shall be printed the words, "Vote for one," and above the names of the applicants for nominations for com-

missioners shall be printed the words, "Vote for four." The ballots shall contain no party designation or emblem of any kind, nor any sign indicating any applicant's political belief or party affiliation. Having caused said ballots to be printed, the said county clerk shall cause to be delivered at each polling place a number of said ballots equal to twice the number of votes cast in such polling precinct at the last preceding general municipal election for mayor. The persons who are qualified to vote at the general municipal election shall be qualified to vote at such primary election, and the law applicable to challenges made at a general municipal election shall be applicable to challenges made at such primary election. The officers of election shall, immediately upon the closing of the polls, count the ballots and ascertain the number of votes cast in each precinct for each of the applicants, and make return thereof to the county clerk upon proper blanks to be furnished by said clerk, within six hours of the closing of the polls. On the day following the said primary election the county board of election commissioners shall canvass said returns so received from all the polling precincts, and shall publish in the official newspaper of the city at least once, the result thereof. Said canvass by the county board shall be publicly made. At such primary election the two applicants receiving the highest number of votes for nomination for mayor or police judge, as the case may be, shall be thereby nominated; and the eight applicants receiving the highest number of votes for nominations for commissioners shall be thereby nominated.

§ 7. The expenses of all primary elections under the provisions of this act shall be paid by the city.

§ 8. At the regular elections held under this act the names of the nominees shall be placed upon ballots differing from those used at the nomination only in that they (the election ballots) shall contain only the names of the successful nominees and the heading "city ballot," and the one nominee receiving the greater number of votes cast for mayor or police

judge (as the case may be), and the four nominees receiving the greatest number of votes cast for commissioners shall be elected, respectively, mayor or police judge (as the case may be), and commissioners.

§ 9. At all elections held under this act the ballots shall be on a different sheet from all other ballots to be used in any election and shall be in the form therein prescribed, except the word "city ballot" shall be at the head thereof, and the names of all candidates for each office shall be printed on said ballot in a single column. The names of the candidates for each office shall be printed on the first fifty ballots as arranged in alphabetical order and on each of the succeeding fifty ballots the names shall be printed in the same order, except that the first name on the preceding fifty ballots shall be shifted to the last place on the next succeeding fifty ballots, which last name so shifted from the first place on said previous lot of fifty ballots shall be succeeded by the second name thereon at all times, and so on thereafter throughout, a like change or rotation being made in the printed order of names for every fifty ballots.

The provisions for the general election law of the state of Kentucky as to the duties of the county clerk and other public officers in the matter or printing and distributing ballots, of the issuing of them to the voters, of receiving and depositing them in ballot boxes and of counting and preserving them, and in all other particulars except as otherwise provided herein shall be applicable in all respects to the election of the municipal officers under the provisions of this act, provided that it shall be the duty of the sheriff of each county in which is a city of the second class operating under the provisions of this act, to provide for each precinct in said city a separate box for the reception of ballots used in the election of the municipal officers. And provided, further, that it shall be the duty of the officers of election in each precinct to issue the ballots herein provided for in the same manner as other ballots are issued at said elections, by writing the name and

the residence of the voter upon the primary stub and his register number upon the secondary stub of the city ballot, and by observing as to these ballots, such other regulations for the issue and deposit of ballots as may be prescribed for elections generally. It shall be unlawful for any election officer or other person within the election booth to tell or to indicate, by word of mouth or otherwise, to a voter what may be the political affiliation of any candidate, and a violation of this provision shall be a misdemeanor, punishable by a fine not exceeding two hundred dollars. At the opening of the polls at any election herein provided for each judge shall appoint an inspector and challenger, whose duty it shall be to act as such in the precinct in which he is appointed and in so acting said inspector and challenger shall be governed by the provisions of the general election law with reference to inspector and challenger.

§ 10. Every fourth year after the election at which a mayor and said four commissioners shall be elected, and at the corresponding times in the year, a primary election and a regular election shall be held in the same manner and for the same offices; and every fourth year after the election at which such police judge and said four commissioners shall be elected, and at the corresponding times in the year, a primary election and a regular election shall be held in the same manner and for the same offices.

§ 11. Any legal voter of not less than twenty-five years of age and possessing the other qualifications prescribed by law, shall be eligible to election to any office under this act.

§ 12. The mayor shall be elected for a term of four years, beginning on the first Monday in January following his election; and shall receive an annual salary of eighteen hundred dollars.

§ 13. The commissioners shall be elected each for a term of two years, beginning the first Monday in January, following their election; and each shall receive an annual salary of fifteen hundred dollars.

§ 14. The mayor and the four commissioners shall constitute a board of commissioners. In this board of commissioners shall be vested all the legislative, executive and administrative power of the city, save as herein otherwise provided.

§ 15. Three members of the board of commissioners shall constitute a quorum, but the affirmative vote of at least three members shall be necessary to the adoption of any motion, resolution or ordinance, to the making or approval of any contract, or to the passage of any measure. Upon each vote the yeas and nays shall be recorded and each motion, resolution and ordinance shall be reduced to writing and read before the vote is taken thereon. Each resolution, measure or ordinance shall be signed by the mayor, or by two commissioners, and recorded before it shall take effect. The mayor shall have no veto power. The board of commissioners, shall, at the beginning of its term of office, elect, by a majority of all its members, one commissioner to act as mayor pro tem.; and the commissioner so chosen shall be invested with all the powers and shall perform all the duties of the mayor, in the event of his absence from the city or his inability to attend to the duties of his office.

§ 16. The mayor shall preside at meetings of the board of commissioners and perform such other duties consistent with his office as may be imposed by the board of commissioners. He shall be recognized as the official head of the city for all ceremonial purposes, by the courts for the purpose of serving civil processes, and by the governor for military purposes. In time of public danger or emergency he may, with the consent of the board of commissioners, take command of the police and maintain order and enforce the laws.

§ 17. Under the City Manager Form of Government the board of commissioners shall select and employ a city manager who shall not be an officer or official of the city but the executive agent of the mayor and board of commissioners in the management of city affairs. Neither the mayor nor board

of commissioners nor any commissioner shall dictate the appointment of any person to office or employment by the city manager, or in any manner interfere with the city manager or prevent him from exercising his own judgment in the appointment of officers and employees in the administrative service. Except for the purpose of inquiry the board of commissioners and its members shall deal with the administrative service solely through the city manager and neither the board of commissioners nor any member thereof shall give orders to any of the subordinates of the city manager, either publicly or privately. Any such dictation, prevention, orders, or other interference on the part of the mayor or of a member of the board of commissioners with the administration of the city shall be deemed to be a misdemeanor and upon conviction and so convicted shall be subject to a fine not exceeding five hundred dollars or imprisonment for a term not exceeding sixty days, or both, and such conviction shall operate to remove him, and the judgment of the court shall declare the office vacant.

§ 18. The city manager shall be chosen by the board of commissioners solely on the basis of his executive administrative qualifications. The choice shall not be limited to inhabitants of the city or state. He shall be employed for an indefinite period. He shall be removable at will by the board of commissioners, but such removal shall not be effected by a reduction in the compensation of the city manager, and if removed at any time after having served for six months he may in writing demand written charges and a public hearing on the same before the board of commissioners prior to the date on which his final removal shall take effect, but during such hearing the board of commissioners may suspend him from office. Such public hearing shall be fixed by the board of commissioners not to exceed thirty days after such demand therefor. During the absence or disability of the city manager the board of commissioners shall designate some properly qualified person to perform the duties of the office. The city

manager shall receive such compensation as may be determined by the board of commissioners.

§ 19. The city manager shall be responsible to the board of commissioners for the proper administration of all affairs of the city, and to that end shall make all appointments, except as otherwise provided in this law. Except when the board of commissioners is considering his removal, the city manager shall be entitled to be present at all meetings of the board of commissioners and of its committees and to take part in their discussion.

§ 20. The board of commissioners shall, upon the written advice of the City Manager, create by ordinance such administrative departments as in the judgment of the board are reasonably required for the efficient, orderly and economical administration of the business affairs of the city; and may at any time create new departments, combine or abolish existing departments, or establish temporary departments; and may also prescribe by ordinance the functions of each department and provide for the appointment or employment of a director of each, or of one or more of such departments. Directors of departments shall be appointed by the city manager, and may be removed by him at any time. Any person employed in any department may be removed at any time by the director of such department, or by the city manager, subject to such civil service rules and regulations as may be deemed necessary for the efficient and non-political handling of city affairs.

§ 21. The board of commissioners, the city manager, and any officer or board authorized by them, or either of them, shall have the power to make investigations as to city affairs, to subpoena witnesses, administer oaths, and compel the production of books and papers.

§ 22. Once each year the city manager shall prepare and submit to the board of commissioners an annual budget for the ensuing fiscal year, based upon detailed estimates furnished by the several departments and other divisions of

the city government, according to a classification as nearly uniform as possible. The budget shall present the following information; (a) An itemized statement of the appropriations recommended by the city manager for current expenses and for permanent improvements for each department and each division thereof for the ensuing fiscal year with comparative statements in parallel columns of the appropriations and expenditures for the current and next preceding fiscal year, and the increases or decreases in the appropriations recommended; (b) An itemized statement of the taxes required and of the estimated revenues of the city from all other sources for the ensuing fiscal year, with comparative statements in parallel columns of the taxes and other revenues for the current and next preceding fiscal year, and of the increases and decreases estimated or proposed; (c) A statement of the financial condition of the city; and, (d) Such other information as may be required by the board of commissioners. Copies of the budget shall be printed and available for distribution not later than two weeks after submission to the board of commissioners and a public hearing shall be given thereon by the board of commissioners or a committee thereof before action by the board of commissioners.

§ 23. The board of commissioners shall pass an annual appropriation ordinance, which shall be based on the budget submitted by the city manager. The total amount of appropriations shall not exceed the estimated revenues of the city. Before the annual appropriation ordinance has been passed, the board of commissioners, with the recommendation in writing of the city manager, may make appropriations for the current department expenses, chargeable to the appropriations for the year when passed, to an amount sufficient to cover the necessary expenses of the various departments until the annual appropriation is in force. No other liabilities shall be incurred by any officer or employee of the city, except in accordance with the provisions of the annual appropriation ordinance, or under continuing contracts and loans

authorized under the provisions of this charter. At any meeting after the passage of the appropriation ordinance, and after at least one week's notice, the board of commissioners may amend such ordinance, so as to authorize the transfer of unused appropriations for one purpose to another purpose, to appropriate available revenues not included in the annual budget.

§ 24. At the termination of each fiscal year an annual audit shall be made of all the accounts of all city officers. The board of commissioners shall require said audit to be made of said accounts, by qualified public accountants, selected by the board of commissioners, who have no personal interest, direct or indirect, in the financial affairs of the city, or of any of its officers or employees, and the board of commissioners shall cause the result of such examination to be published in the official newspaper and in pamphlet form, and a copy of the report in pamphlet form shall be given to each voter who may apply for same at the proper office. Provided further, that the board of commissioners may, at any time, provide for an examination or audit of the accounts of any officer or department of the city government.

§ 25. The mayor and each commissioner shall execute a bond to the city, upon which an action may be maintained by any person or persons, interested in the keeping of the covenants therein contained, in the penal sum of ten thousand dollars, conditioned upon the faithful performance of his official duties, such bonds to be approved by the county judge, and filed as matters of public record. The board of commissioners shall require bonds with adequate surety of such amounts as it may deem advisable, from the city manager, and from any other city employee whose duties, in the opinion of said board, require a bond for faithful performance. Any premiums on any or all bonds provided for in this act may, at the discretion of the board of commissioners, be paid by the city.

§ 26. Nothing herein shall be construed to apply to the

organization, existence, or conduct of the affairs, of the board of education.

§ 27. Every ordinance or resolution ordering the construction or reconstruction of any street or sewer, or making or authorizing any contract involving the expenditure of more than one thousand dollars, or granting any franchise of the right to use or occupy the streets, highways, bridges, or public places of the city for any except a mérely temporary purpose shall after its introduction and before its adoption remain on file at least one week for public inspection in the completed form in which it shall be put upon its final passage; and no such ordinance or resolution shall go into effect until the expiration of ten days after its passage, except in case of emergency the public health or safety shall require that it take immediate effect, which fact shall be declared by the unanimous vote of the board of commissioners.

§ 28. The board of commissioners shall meet at least once a week for the transaction of its business. It shall fix by ordinance the times of holding its regular meeting. Any special meeting may be called by the mayor or by two commissioners. All meetings shall be public.

§ 29. In case of the death, resignation or inability of the mayor, causing a permanent vacancy in said office, the mayor pro tem. shall act as mayor and shall possess all the rights and powers and perform all the duties of the mayor and receive his salary, under the official title, however, of mayor pro tem., until such vacancy in the office of mayor is filled by an election ordered by the board of commissioners for the purpose, at which time the mayor pro tem., if his term as commissioner be then unexpired, shall resume his duties as such commissioner. In the event that any commissioner shall for more than thirty days be necessarily absent from the city, or for the same period shall be unable from sickness or other cause to discharge the duties of his office, or in the event the mayor pro tem. shall be filling the office of mayor as contemplated as hereinabove provided for such period, the board of

commissioners may fill such office temporarily by appointment, and said appointee shall discharge the duties of the commissioner whose place may thus be temporarily filled until such commissioner shall return or become fit for and resume his duties, and any such temporary appointee shall serve without compensation. In the event of a permanent vacancy in the board of commissioners caused by the death, resignation or inability of any member thereof, or in the event a permanent vacancy in the office of mayor shall be filled by the mayor pro tem., such vacancy shall be filled by appointment by the other members of the board until the vacancy shall be filled by the election of a successor at the next regular election of municipal officers, as is prescribed by law, and such temporary appointee shall for the time he serves as such, receive the salary of the commissioner whose place he has been appointed to fill. A vacancy shall exist when any elective officer fails to qualify within ten days after notice of his election, or dies (or resigns), or moves his domicile outside the city, or remains outside the city, for a period of six months, or is convicted of a felony, or is judicially declared insane, or is removed from office in any manner.

§ 30. In case of misconduct, inability, or wilful neglect in the performance of the duties of his office, the mayor or any commissioner may be removed from office by a unanimous vote of the other four members of the board of commissioners. But no such officer shall be so removed without having been given the right to have a full public hearing with representation by counsel, and with witnesses summoned in his behalf and required to testify. The findings of fact at any such hearing, and the reasons for any such removal, shall be stated in writing and filed as matter of public record.

§ 31. If during the ten days next following the passage of any such ordinance as cannot within said ten days become effective a petition signed by a number of voters equal to at least twenty-five per centum (25%) of the total number of votes cast for both candidates for mayor at the last preceding

regular election for mayor, stating the residence of each signer, and verified as to signatures and residences by the affidavits of some one or more persons, shall be presented to the board of commissioners, protesting against the passage of such ordinance, such ordinance shall be suspended from going into effect, and shall be reconsidered by the board of commissioners. If such ordinance be not then repealed, the board shall submit to the voters of the whole city at either a special or a regular election according to law, the following question: "Shall the ordinance (briefly describing it), go into effect?" and if a majority of the votes cast upon such question be in the negative, the ordinance shall not go into effect. But if a majority of the votes cast upon such question be in the affirmative, the ordinance shall go into effect as soon as the result is officially ascertained and declared.

§ 32. If a petition signed by a number of voters equal to at least twenty-five per centum (25%) of the total number of votes cast for both candidates for mayor at the last preceding regular election for mayor, stating the residence of each signer, and vertified by affidavits of some one or more persons as to the signatures and residences, requesting the board of commissioners to pass an ordinance therein set forth—if such petition be presetned to the board of commissioners, and if the ordinance therein requested to be passed be one that the board has a legal right to pass, then the board shall either pass such proposed ordinance without alteration, within ten days after such petition is filed, or submit the question of its passage to the voters of the city at the next regular election. At such election the question submitted shall be: "Shall the proposed ordinance—(briefly describing it), be passed?" If a majority of the votes cast upon said question be in the affirmative, the proposed ordinance shall be thereby passed, and shall become effective, as soon as the result is officially ascertained and declared. And such ordinance shall not be amended or repealed, except by the voters at a regular biennial city election. Any number of proposed ordinances requested by peti-

tion as above provided for may be voted on at any election. The board of commissioners may submit the question of repeal or amendment of any such ordinance to the voters at any succeeding regular city election; and if a majority of the votes cast on such questions be in favor of the repeal or amendment, such ordinance shall be thereby repealed, or amended, as the case may be.

§ 33. Whenever a question of passage of a proposed ordinance or of the going into effect, or the repeal, or the amendment of an ordinance is to be submitted to the voters at an election, the board of commissioners shall cause the proposed ordinance or ordinances, or the ordinance and amendment, as the case may be, to be printed once in the official newspaper of the city, and in such other newspapers as the board of commissioners may direct, before such election.

§ 34. Whenever the citizens of any city, which shall have been organized and governed under the provisions of this act for a period of not less than four years, shall desire that the organization and government of such under the provisions of this act shall terminate and cease, and shall desire that said city be organized and governed under the "Councilmanic Form of Government," under the provisions of an act entitled: "An act for the government of cities of the second class in the Commonwealth of Kentucky," approved March 19th, 1894, as amended, and said citizens shall file with the county judge of the county in which is located said city, written petitions signed by a number of the legal voters of said city equal to twenty-five per centum (25%) of the votes cast in said city at the last preceding general election, it shall be the duty of the county judge of said county to receive said petition and at the next regular term thereafter to make an order on his order books, directing an election to be held in said city at the next regular election and not earlier than sixty days after said application is lodged with said judge, which order shall direct the sheriff or other officer of said county who may be appointed to hold said election, to open the polls at each and all the vot-

ing places in said city for the purpose of taking the sense of the qualified voters of said city upon the question as to whether or not the citizens of said city are in favor of the abandonment of the organization and government of said city under the provisions of this act, and the adoption of the "Councilmanic Form" of government as provided for in said act above named and the amendments thereto. The question to be submitted to the voters shall be: "Shall the city of ..... (naming said city) abandon its organization and government under the "City Manager" form of government as provided for in an act entitled (naming this act, and giving the year or date of passage or approval, or both), and be organized and governed under the "Councilmanic" form of government as provided for in an act entitled: "An Act for the government of cities of the second class in the Commonwealth of Kentucky, approved March 19th, 1894, and the amendments thereto." It shall be the duty of the county clerk to give to the sheriff of the county or to such other officer as may be appointed to hold said election, a certified copy of the order of the county court as it appears on the order book, within five days after such order is made and it shall be the duty of said sheriff or other officer, to have such order published in some weekly or daily newspaper published or circulated in said county, for at least two weeks before the election, and also to advertise the same by printed or written handbills posted in conspicuous places in said city, for the same length of time. If there is no weekly or daily newspaper published in said city, or the proprietor of such paper refuses to publish said notice, the printed or written handbills provided for shall be sufficient notice. The sheriff or other such officers shall have the advertisements and notices herein provided for, posted as herein required, within seven days after he receives the orders of the county court. It shall be the duty of the canvassing board to certify the result of said election to the county court, which certificate shall be delivered to the clerk of the city and at the next

regular term of said court the county judge shall cause the same to be spread upon the order book of said court and the entry of said certificate on the order book, or copy thereof shall be prima facie evidence of the facts therein contained. When a majority of the votes cast shall be in favor of said proposition to be submitted, and said facts shall be certified to as hereinbefore provided, by the said canvassing board to the county clerk and a copy of which shall be certified to the city clerk and said copy of said certificate shall be spread upon the records of said county, as herein provided, and upon the records of said city at the next regular meeting of the board of commissioners, thereupon said city shall cease to be governed by the provisions of this act, but thereafter shall be governed by the "councilmanic" form of municipal government as provided for in an act entitled: "An act for the government of cities of the second class in the Commonwealth of Kentucky," and the amendments thereto, which said act was approved March 19th, 1894, independent of the provisions of this act. Provided that the commissioners then or theretofore elected shall continue in office and administer the government of such city until the expiration of the terms for which they were elected; and, provided further that elections under this section shall not be held at the same time commissioners are elected.

§ 35. Nothing in this act shall be construed to prevent any city of the second class in the Commonwealth of Kentucky from becoming organized and being governed under the commission form of municipal government as provided in subdivision 13 of Article 3 of Chapter 89 of the 1922 Edition of John D. Carroll's Kentucky Statutes, and being Sections 3235c-1 to 3235d inclusive thereof, by the following the procedure therein provided for.

§ 36. All acts, or parts of acts, in conflict herewith are, to the extent of such conflict, hereby repealed.

§ 37. If any section of this act be held to be invalid, or unconstitutional, such fact shall not affect any other section

of this act, it being the intention of the General Assembly in enacting this act to enact each section separately; and if any proviso or exception contained in any section of this act shall be held to be invalid, or unconstitutional, such fact shall not affect the remaining portion of such section, it being the intention of the General Assembly to enact each section of this act and each proviso and each exception thereto, separately.

Mr. John Y. Brown offered the following Amendments to said bill, viz.:

"Amend S. B. 12, printed copy, page 8, Section 12, line 3 by adding thereto the following words, to-wit: 'but provided that the Mayor and Commissioners elected under this act may at any time reduce said salary to an amount not less than one dollar per annum'."

"Amend S. B. 12. Printed copy, page 8, Section 13, line 3, by adding thereto the following words, to-wit: 'but provided that the Mayor and Commissioners elected under this act may at any time reduce said salary to an amount not less than one dollar per annum'."

Said Amendments were each agreed to.

Ordered that said bill be read the third time.

The Constitutional provision as to the third reading of said bill at length being dispensed with, said bill was read the third time by its title only and passed, as amended.

T. R. McRoberts. —1

Resolved that the title thereof be as aforesaid.

Mr. Meiman moved that the vote by which said bill was passed, be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Mr. Napier of the Committee on Enrollments reported that they had examined and found to be correctly enrolled bills and resolution of the following titles, viz.:

S. B. 17. An Act to repeal chapter 188 of the Acts of the General Assembly of the Commonwealth of Kentucky passed at the regular session of the General Assembly of 1926, and being an act to authorize the Governor to appoint a Commissioner of Pardons.

S. B. 19. An Act to change and fix the time, place and terms of Circuit Court in the Twentieth Judicial District.

S. Res. 18. Resolution inviting a representative of the Cumberland River Hydro Electric Company to present its views and explain its proposition in connection with the erection of a power dam and the creation of a State Park.

Thereupon all other business was suspended, said bills and resolution were read at length and compared in open session and found to be correctly enrolled and thereupon in open session and in the presence of the House, the Speaker affixed his signature thereto.

Ordered that said bills and resolution be delivered to the Enrolling Clerk of the Senate.

Mr. Dunn moved that the House do now adjourn.

Said motion was agreed to.

And then the House adjourned.

The Speaker laid before the House the following communication, viz.:

Frankfort, February 5, 1930.

Hon. John S. Milliken,
Speaker, House of Representatives,
Frankfort, Kentucky.

Dear Sir:

Since offering my resignation as a member of the Highway Investigating Committee I have been urged by my friends in the House to reconsider this action and serve as a member of this committee. After taking the matter under advisement I have reached the conclusion that if I can be of any service to the State of Kentucky, even tho' it is a personal sacrifice, I should not hesitate to give such service. So in view of this I hereby withdraw my resignation.

Yours respectfully,

TYLER MUNFORD.

Mr. Meyers moved that the Rules be suspended and that the House take from the hands of the Committee on Roads and Highways No. 1, a bill entitled:

S. B. 35. An Act repealing section 4356t-2 and 4653t-3, Kentucky Statues, as compiled in Baldwin's Kentucky Statutes, as compiled in Kentucky Statute Service issued in the year 1926, being Sections 1, 2, and 3 of Chapter 195 of the Acts of the General Assembly 1926, and enacting in lieu thereof an act creating a commission to be known as "The State Highway Commission of Kentucky."

And be not advanced to a reading.

H. B. 277. An Act to amend Chapter 90B, Sec. 3720b, Carroll's Kentucky Statutes, 1922 edition, entitled "Negotiable instruments in general."

Ordered that said bills be read the second time.

The Constitutional provision as to the second reading of said bills at length being dispensed with, said bills were read the second time by their titles only.

Ordered that said bills be placed in the Orders of the Day.

Mr. J. A. Thompson moved that the Rules be suspended and that a bill entitled:

H. B. 163. An Act to repeal and re-enact Sec. 1893-1 of the 1928 supplement to Carroll's Kentucky Statutes, 1922, being Sec. 1 of Chapter 67 of the Acts of the General Assembly of 1928, providing that no license shall be required for fishing in private lakes and ponds within this State.

Be called from the Committee on Game and Fish and advanced to a reading.

Said motion was disagreed to.

The yeas and nays being required thereon by Messrs. Wiggington and Thompson were as follows, viz.:

Mr. Meyers moved that the vote by which the House refused to call said bill from the Committee and advance same to

a reading, be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 151. An Act permitting city jailers in cities of the second class to grant for good behavior time off of sentence of persons confined in the City Jail.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That in all cities of the second class wherein a city jail is maintained, the jailer of said city may, in his discretion grant to any prisoner confined in said city jail, one day time off of each ten (10) days sentence for which the said prisoner is confined in said jail.

§ 2. All laws, or parts of laws, in conflict herewith are hereby repealed.

Mr. Handmaker offered the following Amendment to said bill, viz.:

"Amend H. B. 151 by adding to line 1 Section 1 the words 'first and' after the words 'all cities of the'."

Mr. Handmaker moved that said bill be laid on the Clerk's Desk.

Said motion was agreed to.

In accordance with a resolution offered by Mr. Hamilton

and adopted by this House on January 24th, the following communication was produced and laid before the House, viz.:

The House took up for consideration from the Orders of the Day a bill entitled:

H. B. 140. An Act to amend and re-enact Chapter 83 of the 1928 Acts of the General Assembly and being an Act requiring all public officials of a county, municipalities or political subdivision less than a county, whose duty it is to collect or have the custody of public funds of such county, municipality or political subdivision or graded school district, to make,

publish and file annually an itemized sworn statement of all such funds received and disbursed by him during the fiscal year, except in cities of the 2nd class and except counties having therein a city of the 1st class, prescribing penalties for the violation thereof.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. Every public official of any county, city, town or political subdivision or graded school district less than a county, whose duty it is, by virtue of his office, to collect, receive or have the custody of public funds of said county, city, town or political subdivision, except in cities of the second class and except in counties containing a city of the first class, shall at the expiration of each fiscal year prepare an itemized, sworn statement of such funds so collected, received and disbursed by him, during the fiscal year just closed, which statement shall show the amount of public funds collected and received and from what sources received, the amount disbursed, for what purpose expended and to whom paid; and said official shall procure and include in or attach to said report as a part thereof a certificate from the cashier, or other proper officer of the bank or banks in which such funds are deposited, showing the balance of such public fund or funds to the credit of the official making such statement; and such officer shall within thirty days after the close of the fiscal year cause such statement to be published in full in a newspaper published in said county which has the largest circulation therein, and said officer shall file a written or printed copy of said statement, subscribed and sworn to, in the office of the clerk of the County Court of the county in which said officer resides, or holds office. Provided, that the publication required in this act shall be made in the size of type provided by law and at the rate provided by law, to be paid out of the public funds in the hands of the officer making such statement.

§ 2. Any public official who shall refuse or neglect to comply with the provisions of the first section of this act, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined not less than fifty dollars ($50.00) nor more than five hundred dollars ($500.00), at the discretion of the court, which fine shall be paid into the treasury of the county or town in which the officer convicted of said misdemeanor shall hold his office.

§ 3. All laws, or parts of laws, in conflict herewith are hereby repealed.

Ordered that said bill be read the third time.

The constitutional provision as to the third reading of said bill at length being dispensed with,

Said bill was read the third time by its title and passed.

The yeas and nays being taken on the passage of said bill in accordance with the provision of the Constitution were as follows, viz.:

Those who voted in the affirmative were—

Resolved that the title thereof be as aforesaid.

Mr. Weathers moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day a resolution entitled:

H. Res. 7. Resolution for the benefit of A. J. Bush, of Elizabethtown, Hardin County, Kentucky.

Said resolution is as follows, viz.:

Whereas, on the 2nd day of February, 1924, A. J. Bush, who was then employed by the State Highway Commission of the Commonwealth of Kentucky, whilst in the performance of his duties as such employe, was injured by a five-ton truck, the property of the Commonwealth of Kentucky and being used and operated at the time by the employees of said State Highway Commission, turning over on him, and

Whereas, his hip bone was fractured and driven through his hip joint, and he was otherwise seriously, painfully, and permanently injured, disabling and incapacitating him from manual labor for the remainder of his life, and

Whereas, said A. J. Bush is now 64 years of age and was at the time of his said injury earning $4.00 per day, and was because of said injury required to expend the sum of $1,200.00 for medical attention, hospital bills, &c., and is now unable to do manual labor, and has no education being unable to read or write, it is now the expressed sense of the General Assembly that said A. J. Bush should be compensated for said injuries and resultant loss of earning power.

Be it therefore resolved by the General Assembly of the Commonwealth of Kentucky:

That the Auditor of the Commonwealth be and is directed to draw his warrant for the sum of Twenty-Five Hundred ($2,500.00) Dollars, payable to said A. J. Bush, and the Treasurer is directed to honor said warrant and pay same to said A. J. Bush, and same to be charged to the General Road Fund of the Commonwealth of Kentucky.

Ordered that said resolution be read the third time.

The constitutional provision as to the third reading of said resolution at length being dispensed with,

Said resolution was read the third time by its title and passed.

The yeas and nays being taken on the passage of said resolution in accordance with the provision of the Constitution were as follows, viz.:

Resolved that the title thereof be as aforesaid.

Mr. G. C. Johnson moved that the vote by which said bill

was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 156. An Act relating to the compensation to be paid city attorneys in cities of the fourth, fifth and sixth classes.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That in addition to the compensation that may be allowed city attorneys by the legislative bodies of cities of the fourth, fifth and sixth classes, for his other legal services, he shall be allowed as compensation for his services in the police court thirty per centum (30%) of all fines and forfeitures recovered by him and paid into the city treasury. Provided, however, that if the fine be for a sum not exceeding twenty-five dollars ($25.00) exclusive of costs, a fee of five dollars ($5.00) shall be allowed him and taxed as costs against the defendant. Said commission shall be paid to the said city attorneys at the next council meeting after the collection of such fines and forfeitures.

§ 2. All laws and parts of laws in conflict herewith are hereby repealed.

Mr. Dugan offered the following Amendment to said bill, viz.:

"Amend H. B. 156, Sec. 1 line 3 of the printed form, by striking therefrom after the word 'he' the word 'shall' and

inserting in lieu thereof the words, 'may, at the option of the city council'."

Said Amendment was agreed to.

Ordered that said bill be engrossed and read the third time.

In accordance with House Resolution No. 17,

Mr. Strange moved the House do now meet in Joint Session with the Senate of Kentucky for the purpose of hearing Hon. M. H. Thatcher, Judge M. M. Logan and Mr. Max B. Nahm discuss the merits of acquiring Mammoth Cave as a National Park.

Said motion was agreed to.

Thereupon the Senate of Kentucky, in order, entered upon the floor of the House of Representatives.

The Speaker vacted the Chair, the Lieutenant Governor and President of the Senate took the Chair and presided over the Joint Session, whereupon the Speaker took a seat to the right of the Lieutenant Governor and President of the Senate.

After hearing addresses made by the gentlemen afore-

said, Mr. Strange moved that this Joint Session do now dissolve.

Said motion was agreed to.

Thereupon the Speaker resumed the Chair and called the House to order.

A message was received from the Senate announcing that they had passed a bill which originated in that body, entitled:

S. B. 26. An Act in relation to direct *ad valorem* taxes levied and collected by the United States upon property in the State of Kentucky.

Ordered that said bill be printed and referred to Committee on Revenue and Taxation No. 1.

Mr. Napier of the Committee on Enrollment reported that they had examined and found to be correctly enrolled, a bill and resolution which originated in the Senate, entitled:

S. B. 12. An Act relating to the government of cities of the 2nd class in Commonwealth of Kentucky and providing for City Manager Form of Government.

Thereupon all other business was suspended, said resolution and bill were read at length and compared in open session and found to be correctly enrolled, and thereupon the Speaker, in open session and in the presence of the House affixed his signature thereto.

Ordered that said bill and resolution be delivered to the Enrolling Clerk of the Senate.

The hour of one o'clock P. M. not yet having arrived, that being the hour heretofore set for the Special Order of the Day, to-wit:

H. B. 219. An Act to repeal, amend and re-enact Sec. 1 of Chapter 128 of the Acts of the General Assembly of Kentucky of 1928, approved March 21, 1928, relating to revenue and taxation, same being sec. 4019 as compiled in Baldwin's Kentucky Statute Service, 1928 Edition, Supplement Carroll's Kentucky Statutes.

With a Committee Amendment thereto.

Mr. Strange moved that the Rules be suspended and that the House do now take up for consideration said bill.

Said motion was agreed to.

Mr. Strange moved that after the consideration of said bill, that the House do then recess for five minutes.

Said motion was agreed to.

Thereupon the House took up for consideration from the Orders of the Day, said bill.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That Section One of Chapter 128 of the Acts of the General Assembly of One Thousand and Nine Hundred and Twenty-eight, approved March 21, 1928, relating to revenue and taxation, same being Section 4019 as compiled in Bald-

win's Kentucky Statute Service, 1928 Edition, supplementing Carroll's Kentucky Statutes, be repealed, amended, and re-enacted, so that when said section is repealed, amended and re-enacted, the same shall read as follows:

An annual ad valorem tax for state purposes of thirty (30) cents upon each one hundred dollars ($100.00) of value of all real estate directed to be assessed for taxation, as provided by law and fifty cents (50c) upon each one hundred dollars ($100.00) of value of all other property directed to be assessed for taxation, as provided by law, shall be paid by the owner, person or corporation assessed; except a tax at the rate of one-tenth of one per cent (0.1%) shall be paid annually upon the amount of deposits in any bank, trust company, or combined bank and trust company, organized under the laws of this State, or in any national bank of this State, as now provided by law; and also except building and loan associations incorporated under the laws of this State, and making loans to members only, which association shall be assessed except as otherwise provided by law in the manner and at the rate now set forth in Chapter 14 of the acts of extraordinary session of General Assembly of 1917 (sections 4019a-6, 4019a-7, and 4019a-8).

Of the aggregate amount of tax realized by all assessments made of and levied upon real estate, plus the aggregate amount of all tax realized by all assessments of franchise, shares of stock, money in hand, notes, bonds, accounts, and other credits, whether secured by mortgage, pledge, or otherwise, or unsecured, the tax on bank deposits and upon shares of building and loan associations.

Sixty-nine per cent. (69%) shall be used for the support of the common schools;

Three and five-sixths per cent. (3 5/6%) for the use of the sinking fund;

Six and seven-tenths per cent. (6 7/10%) thereof, plus fifty per cent. (50%) of the inheritance taxes collected, for

the support and erection of buildings for the University of Kentucky, at Lexington;

Two and one-third per cent. (2 1/3%) thereof, plus twelve and one-half per cent. (12½%) of the inheritance taxes, for the support and erection of buildings for the Eastern Kentucky State Normal School and Teachers College, at Richmond;

Two and nineteen-thirtieths per cent. (2 19/30%) thereof, plus twenty-five per cent. (25%) of the inheritance taxes for the support and erection of buildings for the Western State Normal School and Teachers College, at Bowling Green;

Two per cent. (2%) thereof, plus six and one-fourth per cent. (6¼%) of the inheritance taxes, for the support and erection of buildings for the Morehead State Normal School and Teachers College, at Morehead;

Two per cent. (2%) thereof, plus six and one-fourth per cent. (6¼%) of the inheritance taxes, for the support and erection of buildings for the Murray State Normal School and Teachers College at Murray;

Eight per cent. (8%) thereof for the use of the Kentucky National Park Commission in the acquisition and maintenance of lands and other property for National Park purposes within the area designated by an Act of Congress of the United States, approved May 25, 1926, entitled "An Act to provide for the establishment of the Mammoth Cave National Park in the State of Kentucky and for other purposes; and

Three and one-half per cent. (3½%) thereof, plus all funds realized from automobile licenses, gasoline taxes and motor bus licenses now collected by law, or that may hereafter be imposed or collected by law for the construction, reconstruction, maintenance and repair of roads and highways; and

The aggregate amount of all other state revenue realized from every other source not mentioned nor distributed above, shall be credited to the general fund for the use of the ordinary expense of the government.

And the Auditor of Public Accounts will make distribution of said tax in accordance with the said apportionment at the end of each month.

The tax herein provided for the University of Kentucky and the Normal schools shall be paid monthly, when and as collected, to the treasurers of these institutions in the amount set forth in this section, and shall be used by the University of Kentucky and the Normal schools for their maintenance and support, and when sufficient sums shall have accumulated in the treasuries thereof, it may be used for the erection of buildings and the purchase of land and equipment.

All acts and parts of acts in conflict herewith are hereby repealed to the extent of such conflict.

Said Amendment as offered by the Committee is as follows, viz.:

"Amend H. B. 219 by adding to line 56 of the printed copy the following:

" 'Provided, however, that none of the funds herein appropriated shall be used or expended in paying salaries or expenses of said Commission or in paying the salaries or expenses of clerical help and other employees, but said funds so appropriated shall be expended only in the acquisition of lands and other property for National Park purposes'."

Said Amendment was agreed to.

Mr. Hargrove offered the following Amendment to said bill, viz.:

"Amend H. B. 219 by substituting the word 'including' for the word 'except' in line 18, Sec. 1, also in line 28, Sec. 1 of the printed copy."

Said last named motion was agreed to.

Mr. Via moved that the session of today be extended indefinitely.

Said motion was agreed to.

Mr. Nichols offered the following resolution, viz.:

Whereas, the three State Asylums for the Insane and the State Feeble-Minded Institute and the two State Reformatories and the State's Tuberculosis Sanatorium, all are said to be crowded far beyond capacity, causing very bad sanitary conditions to exist in all of these State Institutions, and making treatment of disease extremely difficult and the danger of any epidemic or from fire alarming, and

Whereas, it would be criminal negligence on the part of this Legislature to adjourn without investigating these reported conditions, and providing some relief therefor;

Be It Resolved by the House of Representatives and the Senate of the Commonwealth of Kentucky, that the Speaker of the House be and he is hereby empowered to and shall appoint a committee of three from the personnel of the House,

and the Lieutenant Governor, a committee of three from the personnel of the Senate, said committee to act jointly and as one committee to investigate and ascertain as near as possible the true conditions existing in these said institutions and to report same together with recommendations for any relief to this House and Senate as expeditiously as possible.

Said resolution was adopted.

The Clerk produced and read the following communication:

Attorney General's Office

January 18, 1930.

In pursuance to House Resolution A, which requests that the head of each department furnish to the House of Representatives the name, position and salary of every employee in the department, I do hereby furnish you a complete list of the names and addresses, and amount of annual pay received by each member of the staff and each employee of the Attorney General's Department, namely:

J. W. Cammack, Attorney General, Owenton	$4,000.00
M. B. Hollifield, First Assistant, Mayfield	4,000.00
J. M. Gilbert, Second Assistant, Pineville	4,000.00
Clifford E. Smith, Third Assistant, Ashland	4,000.00
Samuel B. Kirby, Jr., Fourth Assistant, Louisville	3,500.00
S. H. Brown, Fifth Assistant, Russellville	3,000.00
Geo. H. Mitchell, Sixth Assistant, Lexington	2.400.00

Stenographers.

Miss Helen Warren, Frankfort	1,800.00
Miss Martha Smith, London	1,800.00
Mrs. Gertrude Hays, Pineville	1,800.00
Mrs. Jane Moore, Frankfort	1,800.00
Mrs. Sybil McKendrick Mason, Owenton	1,320.00
Miss Annie Mae Borders, Russellville	1,080.00
Miss Aline Donley, Frankfort	1,320.00

Janitor.

John Cambrion, Bardstown	960.00

Mr. Douglas C. Vest is employed by the Railroad Commission at a salary of $3,000.00, and does legal work in the Attorney General's Department when not engaged in the preparation of the Kentucky Freight Rate

case. The assistance that Mr. Vest renders to the Attorney General's Department makes available Gen. M. B. Holifield, who is in active charge of the prosecution for the Commonwealth of the Freight Rate case. If it were not for the assistance that Mr. Vest renders the Attorney General's Department in handling routine business, Gen Holifield would have to give practically all of his time to the general routine business of the department, and therefore neglect the prosecution of the Freight Rate case.

Mr. Clyde Reed, stenographer, is employed by the Highway Department, but works in the Attorney General's Department under the supervision of Mr. Clifford E. Smith, who is the attorney assigned to the Highway Department. The amount of stenographic work required to be done for Mr. Smith in handling Workmen's Compensation cases and claims for the Highway Department, and in preparing orders, agreements and forms for that department consumes practically all of the time of Mr. Reed, so that he is not available to do general routine work in the Attorney General's Department. In addition to the stenographic services rendered by Mr. Reed for said State Highway Department, a large volume of stenographic work done for Mr. Smith in handling the legal business of the State Highway Department is done by Miss Donley.

If there is any further information that you, or any member of the House, desire, please notify me, and I will be glad to furnish it.

A copy of this communication is being sent to Governor James Breathitt, President of the Senate.

Yours truly,

J. W. CAMMACK,
Attorney General

Court of Appeals

To the Honorable Speaker and the House of Representatives of the 1930 Legislature:

Pursuant to your "House Resolution A" passed on January 15, 1930, I am herewith enclosing you a statement with reference to the employes of the Court of Appeals as therein directed.

Of course you are familiar with the fact that the seven members of the Court of Appeals draw a salary of $5,000.00 each, and up to the very day you passed your Resolution there were four Commissioners of the Court drawing the same salary, viz.: Hon. J. P. Hobson, Hon. Truman Drury, Hon. Osso W. Stanley and Hon. Thomas D. Tinsley; but the latter on that same day resigned and his place has not been filled by the Court.

The other employes of the Court are:

Hill Cheshire, Sergeant-at-Arms, salary $3,000.00
James Edwards, Tipstaff, salary 2,000.00
Louis Cox, Bailiff, salary 2,000.00

The law clerks or stenographers for each Judge and Commissioner, who draw, under section 962a of the 1928, Supplement of the Statutes as amended by chapter 35 of the Acts of 1926, $150.00 per month or $1,800.00 per year, are:

Louise Pannel
Willie Schneck
Elizabeth Trumbo
Francis Settle
Strother Kiser
Jennie Cokendolpher
Elizabeth Meagher
Mary Gore Atkinson
Elizabeth Drury
Anna Lou Deeds
Lenore Hurd

The salaries of the Sergeant-at-Arms, Tipstaff and Bailiff of the Court are fixed by the Court itself under the provisions of section 962 of the same Supplement.

The above are all of the employes of the Court of Appeals of Kentucky.

Witness may hand as Chief Justice of the Court of Appeals of Kentucky, this February 3, 1930.

GUS THOMAS,
Chief Justice, Court of Appeals of Ky.

Clerk of Court of Appeals

January 18, 1930.

The Board of Printing Commissioners and Superintendent of Public Printing

(In response to House Resolution A of Wednesday, January Fifteen, 1930, relating to names and salaries of State Employees, Etc.)

January 23, 1930.

The Board of Printing Commissioners is composed of the following members, who serve without salaries as Board Members:

FLEM D. SAMPSON, Governor
CLELL COLEMAN, Auditor Public Accounts
J. W. CAMMACK, Attorney General
MRS. EMMA GUY CROMWELL, State Treasurer
MISS ELLA LEWIS, Secretary of State

This Board meets monthly, or bi-monthly as may be necessary to pass upon all printing accounts, and transacts such business relating to printing. (Printing contracts are let by competitive bidding, in accordance with the statutes, and awarded by the Board.)

The Superintendent of Public Printing and his assistant are employed by the Board of Printing Commissioners, according to statutory provisions, and have supervision and direction of their official acts, etc.

The name of the present Superintendent of Public Printing is John M. Meloan. His salary is fixed by statute and is $6.66 2/3 cents per day, or ..... $200 the month

The name of the present Assistant Superintendent of Public Printing is Joe D. Bradburn. His salary is fixed by statute and is $5.00 per day, or ..... $1.50 the month

The office of Superintendent of Public Printing has a porter and messenger, whose salary is Ten Dollars a month.

No other regular employees. During the sessions of the legislature only, a stenographer-bookkeeper is temporarily employed, whose duties are to keep a careful record of the status of each and every bill and resolution, etc., of the House and Senate, showing the day, hour and minute such bills take their course to and from the printing contractors, to and from the various clerks and through the office of the Superintendent of Public Printing, so that the General Assembly may at all times know where such bills are, and to safeguard in every particular the original manuscripts in transmission and printed bills in delivery. The Board of Printing Commissioners authorizes such employment for time put in, not to exceed Five Dollars the day.

Respectfully submitted,

JOHN W. MELOAN,
Superintendent of Public Printing.

KENTUCKY GEOLOGICAL SURVEY

January 18, 1930.

Pursuant to the House Resolution A of Mr. J. Watt Brown, of Wednesday, January 15, 1930:

I am pleased to give you herewith certified list of the permanent employees of the Kentucky Geological Survey:

Dr. W. R. Jillson, State Geologist, per mo.	$250.00

SEMI-ANNUAL DESCRIPTIVE REPORT DIVISION OF VOCATIONAL REHABILITATION, STATE DEPARTMENT OF EDUCATION

July 1—December 31, 1929.

To Members of the Board for Vocational Education:

We submit for your consideration the following report concerning the activities of this Division, July 1—December 31, 1929:

Monthly Reports: Monthly reports having been submitted, a brief statement is presented.

Facts Indicate Growth: Facts contained in this report indicate that the Division of Vocational Rehabilitation has accomplished more during the past five months of active service than in any previous twelve months.

Organization: Plan of organization previously adopted, providing for

a Directing Supervisor, who shall be responsible for the program, and two Assistant Supervisors, is held to be ideal by special authorities for a State such as the Commonwealth of Kentucky.

Administration: Because of the nature of the service, many grave duties and responsibilities are connected with the administrative phase of the work of this Division. Specialists in the field of rehabilitation contend that the main problem is one of administering the program. Special emphasis has been placed on this phase of the work during the period covered in this report.

General Activities: Along with the special emphasis on administrative phase promoting this program, the routine and general activities which must accompany growth have piled up.

a. The regular monthly correspondence has been multiplied by ten.
b. Contracts have been multiplied by two.
c. The number of cooperative agencies has been increased.
d. More direct cooperation is received from these agencies.
e. The demand for public information concerning service of this Division has been answered by mailing more than 1,000 mimeographed information forms.
f. For the development of a concrete program for presenting objectively results of the accomplishments of this Division, a map showing the service rendered the various counties of the Commonwealth is being developed. This shows that every county in the Commonwealth has been reached by this Division.
g. Photographs of the trainees and rehabilitants have been requested and are now being received.
h. Other general activities too numerous to mention could be cited.

Contracts: One hundred thirty-three contracts have been written, amounting to $17,074.29

Below we list some comparisons which indicate the growth of this Division:

July 1 to December 31, 1927:	
Total No. contracts written	42
Total amt. contracted for trainees	$5,533.27
July 1 to December 31, 1928:	
Total No. Contracts written	114
Total amt. contracted for trainees	$13,674.46
July 1 to December 31, 1929:	
Total No. contracts written	133
Total amt. contracted for trainees	$17,074.29

Vocations and Number Trained in Each:

a. Bookkeeping	23
b. Stenography	12
c. Secretarial	25

d.	Commercial Teaching	1
e.	Teacher-Training	19
f.	Barbering	5
g.	Shoe Repairing	6
h.	Watchmaking	3

j.	Illustrating, Designing	4
k.	Music	2
l.	Ministry	2
m.	Medicine	1
n.	Law	1
o.	Electical Engineering	3
p.	Radio Engineering	1
q.	Drafting	1
r.	Auto Mechanics	7
s.	Telegraphy	1
t.	Journalism	1
u.	Laboratory Technique	2
v.	Salesmanship	3
w.	Linotyping	2
x.	Poulty Raising, Dairying	1
y.	Woodworking	1
z.	Showcard Writing	2

Budget:

a.	The budget provides for approximately, for contracts	$30,000.00
b.	Total amt. contracted to date	17,074.29
c.	Eight contracts canceled totaling	900.00
d.	The amount contracted, $17,074.29 minus $900.00 equals the amount of contracts	16,174.29
e.	$30,000.00, the amount available in the budget for contracts, minus $16,174.29 for contracts, leaves amount available for contracts from January 1 to June 30, 1930	13,825.71
f.	Other expenses connected with this Division for the period covered in this report will total approximately	6,900.00

Direct Appropriation Essential: The Acts of the Legislature appropriating funds to be used by the Board for Vocational Education for promoting this service reads as follows:

> "For the purpose of the promotion of vocational rehabilitation of persons disabled in industry or otherwise and their return to civil employment, there is hereby appropriated out of the excess of the funds collected from the tax on premiums paid to insurance carriers writing compensation insurance in Kentucky not required for the maintenance of the Workmen's Compensation Board, not exceed the sum of $22,955.00."

Since the Rehabilitation Act provides for the rehabilitation of persons vocationally handicapped by public accident, disease and congenital causes, as well as industrial accidents, and because of the uncertainty of the amount of funds available annually, we recommend that the appropriation made in 1930 be a direct one out of the general expense fund, in accordance with appropriations made for other phases of work under the direction of this Board.

As recommended to the Budget Commission early in the month of October, the appropriation made by the General Assembly should read as follows:

> "For the purpose of the promotion of vocational rehabilitation of persons disabled in industry or otherwise and their return to civil employment, there is appropriated out of the general expense fund, $22,955.00."

Amount Due on Contracts:

The total amount due training agencies for the period July 1-December 31 of this year, according to contracts, monthly reports and correspondence on file and sworn statements presented, is $9,025.81

SEMI-ANNUAL REPORT TO THE BOARD FOR VOCATIONAL EDUCATION

July 1—December 31, 1929

Following is a list of the training agencies with which contracts have been made, with residence of trainees; objectives for which they are being trained; itemized cost of tuition and fees, supplies, transportation and artificial appliances; and total amount contracted for each trainee.

Teachers College and Western Ky. State Normal School

January 23, 1930.

I am handing you herein the salary list in compliance with the resolution which was passed by the House of Representatives.

Most respectfully,

H. H. CHERRY.

SPECIAL INFORMATION

The following pages contain the names and salaries of the faculty and other employees of the Western Kentucky Teachers College of Bowling Green, Kentucky.

The institution is in session 12 scholastic months each year.

ATTENDANCE: The institution enrolled, during the scholastic year 1928-29, 3754 different students who pursued regular courses of study. It enrolled 424 students in the Training School. 1626 students took work by correspondence, 826 students did work in study-centers. 40 children were in regular attendance at the Rural Demonstration School. This makes a total of 6706 students who received instruction of some type from the institution during the year.

Of the 3754 different students who were in actual attendance and who pursued regular courses of study 3219 took college courses.

ADDITIONAL TEACHERS: The list of the members of the faculty

and other employees submitted on the following pages does not include about 8 additional teachers that we will need beginning April 1, the opening of the mid-semester, at which time over 500 student teachers from rural sections will enter the institution. It does not include about 9 special teachers we shall need for the two summer schools of six weeks each which begin June 2.

State Highway Department

January 23, 1930.

In compliance with Resolution introduced by Representative J. Watt Brown, and passed by the House on Wednesday, January 15th, 1930, that "The head of each department, board or commission of the State Government is hereby requested to furnish to this body on or before January 24, 1930, the name, position and salary of every employee in his department, board or commission," I am attaching hereto list of employees of the Kentucky State Highway Department taken from December, 1929, payrolls, eliminating those that would not be on payroll made up after January 1, 1930.

This list of employees does not include anyone working for the Highway Department on hourly basis, but includes only salaried employees in both central office and field. I trust that this is the information requested in Resolution passed by your Honorable Body on January 15th.

Yours truly,

H. D. PALMORE,
State Highway Engineer.

KENTUCKY PROGRESS COMMISSION

January 23, 1930.

House of Representatives,
1930 General Assembly,
Frankfort, Kentucky.

Gentlemen:

In response to official notice of House Resolution A, requesting each department, board or commission of the State government to furnish to you the name, position and salary of every employee in said department, board or commission, I beg to state that the act creating the Kentucky Progress Commission, published in full in our report to the General Assembly (Kentucky Progress Commission Report to the General Assembly) specifically excludes salaries as required by Section 6 of the act. The members of the Commission draw no salaries, or expense accounts, and the Commission has paid no salaries from its appropriation. Section 10 of the act devotes the appropriation exclusively to "publicity purposes and the costs incidental thereto." Section 6 requires that the salaries of all employees and all overhead expenses be covered by the Kentucky Progress Association and these expenses do not fall upon the State.

Apparently the purpose of House Resolution A is to ascertain the amount of State funds being expended for salaries; however, if desired, a list of the employees whose salaries are paid out of the Association funds will be promptly furnished.

Respectfully submitted,

C. FRANK DUNN, Executive Secretary.

*ACT CREATING THE KENTUCKY PROGRESS COMMISSION BY THE 1928 KENTUCKY LEGISLATURE

An Act to promote the development of the Commonwealth of Kentucky, creating a Commission to be known as the Kentucky Progress Commission, prescribing the number and qualifications of the members thereof, constituting the Governor an ex-officio member and Chairman of the Commission; providing for employes, and the method for procuring funds to pay costs of operation; defining the powers and duties of the Commission; and appropriating funds to enable it to publicize the advantages and attractions of the Commonwealth.

Whereas, the Commonwealth of Kentucky, by reason of the natural resources, geographical location, transportation facilities, American-born labor supply, developed and potential electrical power, and favorable tax law offers advantageous locations for industries; and,

Whereas, its varied and fertile farming lands offer opportunities for agricultural development; and,

*Acts of the General Assembly of the Commonwealth of Kentucky, Chapter 163, 1928.

Whereas, its unusual and varied scenic attractions and historic setting should attract tourists in large numbers; and,

Whereas, a dissemination of this and other similar information regarding Kentucky, through said Commission and through the local civil organizations in various cities and towns of the Commonwealth would promote its growth and development, Now therefore,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. There is hereby created a Commission of twelve members, to be known as the Kentucky Progress Commission. The original members of this Commission and all vacancies occurring therein for any cause, shall be appointed by the Governor, who shall be ex-officio a member and chairman thereof, to serve until July 1, 1930, and until their successors are appointed and qualified.

§ 2. The members of the Commission shall be appointed without reference to their party affiliation. They, and each of them, shall be men of high standing and reputation, who have been active and experienced in some form of civic work, and by reason of such work and experience are known to be vitally interested in the progress and development of the Commonwealth of Kentucky.

§ 3. That the members of the Commission shall within a reasonable time after their appointment, and entering upon their duties as members of the Commission take the constitutional oath of office.

§ 4. That the said Kentucky Progress Commission is empowered, authorized and directed to organize a Kentucky Progress Association, to be composed of individuals, partnerships, corporations, associations, organizations or any other character of business interest within the Commonwealth who shall subscribe to membership therein through annual membership dues, and the funds so received shall be used by the Kentucky Progress Commission for paying its overhead ex-

penses and for furthering the purposes of said Commission and supplementing the appropriation provided herein, but no member of the association shall in anywise become liable for any obligation of the commission or association beyond his subscription by reason of his membership. The Kentucky Progress Commission herein created shall be the governing board of the Kentucky Progress Association and shall direct the affairs of said association. All of the expenses of said commission, including their traveling expenses, the salaries of all employes and all other overhead cost of operation of said commission shall be paid out of the funds received from the Kentucky Progress Association, and none of the funds herein appropriated shall be used or expended for said purposes but shall be expended only for such publicity purposes as deemed advisable by the said commission.

§ 5. The funds herein appropriated shall not be paid to the Kentucky Progress Commission, but to the extent of the appropriation shall be paid by the State Treasurer upon certification of the Governor and the Executive Secretary of the said Commission for accounts contracted as provided herein.

§ 6. The Commission shall hold its first meeting within thirty days following the approval of the bill by the Governor, and shall organize by the election of one or more Vice-chairmen, and a Treasurer. The Vice-chairman shall be elected from the membership of the Commission. The Commission in its discretion may select for Treasurer any banking institution in this Commonwealth, an individual or individuals, and if an individual or individuals should be selected it will be optional with the Committee whether the selection shall be made from its membership. The Commission shall select a Secretary who shall be selected because of his special qualifications in civic and publicity work. The Commission may employ number of employes necessary to carry out the purposes of the Commission, including clerical help whose salaries shall be paid out of the funds of the Kentucky Progress

Association. The Commission may adopt appropriate rules and regulations governing its meetings and other details in connection with its work.

§ 7. The principal office of the Commission shall be at the State Capitol, at Frankfort, where it shall be furnished with suitable office and equipment. The Commission may, however, from time to time as its business may require, open and establish other offices within the Commonwealth.

§ 8. The Commission shall promote the development of the Commonwealth of Kentucky, making a general study of its resources, facilities and advantages for agricultural, commercial and industrial development and for the attraction of tourists to the Commonwealth and shall have power and authority in general to do and perform all things not otherwise prohibited by law, which are calculated to promote the progress and development of the Commonwealth of Kentucky.

§ 9. It is hereby made the duty of each department of the State Government, created by and operating under existing laws, to co-operate in every way with the Kentucky Progress Commission, giving it access to all statistical data and information which it may posses and which may be utilized by said Commission in making its surveys.

§ 10. For the purpose of advertising the advantages and attractions afforded by the Commonwealth, there is hereby appropriated out of the general funds in the treasury of the Commonwealth of Kentucky, not otherwise appropriated, the sum of fifty thousand ($50,000.00) dollars a year for the fiscal years 1928-1929 and 1929-1930, to be expended under the supervision of said Commission, which shall be used only for said publicity purposes and the costs incidental thereto.

§ 11. The Commission shall prepare and submit to the General Assembly, which convenes in January, 1930, a report in which shall be compiled all of the useful data and information pertaining to the development of the Commonwealth which has been acquired by the Commission as a result of its study of the subject during the years 1928 and 1929. Said

report shall also contain the recommendations of the Commission covering future methods of advertising the Commonwealth and its resources and advantages, the location of new industrial and business enterprises, the development of its agricultural, mineral and natural resources, and the legislation needed, if any, to aid in the future development of the Commonwealth.

§ 12. All laws or parts of laws in conflict herewith are hereby repealed and in the event any section of this Act shall be held to be unconstitutional the same shall not affect the remaining sections thereof.

FIRST REPORT OF THE KENTUCKY PROGRESS COMMISSION TO THE 1930 GENERAL ASSEMBLY OF KENTUCKY

The 1928 Legislature Decides to Advertise Kentucky's Abundant Resources

The non-partisan* Kentucky Progress Commission of twelve members was appointed under Sections 1 and 2, Chapter 163 of the Acts of 1928, without salary, to formulate and put in process a plan to make a general study of and to advertise and publicize Kentucky's resources, advantages, attractions, geographical location, transportation facilities, American-born labor supply, developed and potential electrical power, favorable tax law offering advantageous locations for industries, its varied and fertile farming lands with their opportunities for agricultural development, its unusual and varied scenery, its historic shrines, its charm for tourists, and other assets; the study, advertising and publicizing of which are "calculated to promote the progress and development of the Commonwealth of Kentucky.

The **Commission has now been at work for three-fourths of its two-year term. The newness of its task, the bigness of the opportunity and the Commission's desire to work out a program that would recognize the participation rights of 120 counties and their respective cities and towns, that would tend to advance every section of the State alike and that would most effectively cover organization, survey and

*Section 2 of the Act so provided. The appointments made thereunder show that the Ex officio Chairman has appointed two-thirds of the Commission from his opposing party.

**Judge Jay W. Harlan, of Danville, and T. Russ Hill, of Middlesboro, served several months as Commissioners.

advertising to this end, compelled the Commission to proceed with considerable deliberation.

The Commission first analzed the Act itself, assembling for comparison the patterns of the State-wide agencies of other states, similar in purpose, including both state-wide structures set up by other state legislatures, supported by state appropriations, and statewide structures, such as state chambers of commerce and like organizations and associations, financed by voluntary membership. This study revealed that a number of states have commissions or boards or state agencies, created by Act of state legislatures and financed by state appropriations actively at work in state promotion and advertising.

Survey Shows Leading States Are Advertising Their Assets

The Commission finds that leading states have grasped the idea that the advertising and publicizing of a state is in itself a large single task if done effectively. Some states have made larger appropriations than Kentucky. In some states, cities and towns inspired by state appropriations and enabled by separate statutes are contributing to the state advertising out of their municipal tax money.* Some states have as yet, apparently, failed to grasp the growing competitive movement and are limiting their activities to statistics and incidental publicity, minimizing the possibilities of state advertising by small appropriations that would scarcely advertise a small town enterprise and confusing its purpose by placing the work in administrative hands already engaged with other specific matters.

The Commission finds the idea grows that state advertising can be made a vast state asset.

*Through previous foresighted legislation the Kentucky Legislature has already made this possible in Kentucky, and many of the Kentucky municipalities and counties are loyally supporting the Kentucky Progress Magazine with advertising.

Commission Believes Legislature Devised Model Plan

The Commission reached the conclusion that the Kentucky Legislature in its Act of 1928, with its bi-lateral plan creating

(1) A Progress Commission and limiting the use of the appropriation to advertising (see Section 10).
(2) Authorizing the Commission to organize a Kentucky Progress Association to finance operating expenses and supplement advertising funds,

has worked out a **plan which embodies in one legislative setup the combined essential merits of both the legislative and voluntary publicity agencies of those other states reviewed; and from gracious communications and comments from many other states it would appear that Kentucky is regarded as having the model law.

Singleness of Purpose

Section 11 of the Kentucky Act exemplifies the singleness of the legislative purpose in creating the Kentucky Progress Commission, and under its provision the Commission has been enabled through the uniform courtesy and co-operation of the existing Departments of the State Government, to avail itself of much valuable data and assistance for its own specialized uses. One of the early meetings of the Commission was held with the heads of State Departments.

The Commission has undertaken and conducted its surveys, its advertising plans and its organization of the Kentucky Progress Association with much care, co-ordinating this interrelated work into one simultaneous movement, directing its efforts and expenditures to what it considers to be the most economical and effective methods.

**The 1928 Legislature adjourned to permit a convention of 1,000 delegates, representing business and civic bodies from every section of the State, to meet in the House to consider the best plan for publicizing Kentucky. A committee of 15 business men, authorized by the convention to draft recommendations to the Legislature, approved the bi-lateral plan.

It will be noted, therefore, that in keeping with Section 10 of the Act, the use of the appropriation of $50,000 for the fiscal year 1928-29, and $50,000 for the fiscal year 1929-30 by the Commission, has been directed exclusively to the advertisement of the State and its resources, and that every payment therefrom has first been submitted to the Attorney General and withdrawn from the Treasury only upon certification; and that such other funds as have been expended by the Commission in conducting its activities have been derived through the Association as provided by the Legislature in Sections 4 and 5.

Surveys and Opportunities

The Commission has made a series of surveys and investigations to determine:

1. What other states had State Publicity Bureaus, the amount of their state appropriations, their status, and plans of operation.
2. What other states had voluntary state organizations, how financed, methods of operations, etc., revealing that voluntary funds for this purpose in some states exceeded $1,000,000.
3. The best media of advertising to promote tourist* travel into Kentucky.
4. The trend of industry in the nation and specifically in the South.
5. What advantages Kentucky has to offer outside industries and capital to come into Kentucky.
6. Size and importance of Kentucky industries compared with others, developing the fact that Kentucky enjoys marked leadership in many lines.
7. The form of publications used by other states—magazines, pamphlets and literature—for advertising and publicity.
8. The bank resources and deposits in Kentucky available for industry.
9. How Kentucky's tax rate compares with other states, showing that Kentucky has the second-lowest rate in the Union.
10. How Kentucky's fire insurance rates compare with other states.
11. How Kentucky's **indebtedness compares with other states—Kentucky is one of four that have no State bonded indebtedness. The remaining forty-four have a total bonded debt of $2,000,000,000.

*Roger Babson estimates that ourist trade, amounting to $3,500,000,000 annually, is the leading industry of America, and the best field in which to advertise for immediate results.

**Kentucky had warrants outstanding at end of fiscal year 1929 for $10,009,432.86, with cash on hand of $3,716,796.30. (Report of State Treasurer for fiscal years ending June 30, 1928, and June 30, 1929, page 50.)

12. The fuel resoruces of Kentucky—solid, liquid and gaseous—developed and potential for industrial purposes.
13. Natural resources in Kentucky available for manufacture—both mineral and agricultural.
14. The hundreds of tourist attractions from one end of the State to the other, and specific highway information as to how to reach them.
15. The availability and quality of labor in Kentucky for industry, and the percentage that is leaving Kentucky to go elsewhere to find employment.
16. Specific information on availability of materials, labor, transportation, etc., for the manufacture of cement, shoes, milk products, chemicals, rayon, artificial wool, wood plup for paper manufacture, corn stalks for paper manufacture, Fuller's earth, iron, ochre and clays.
17. The number and names of the commercial organizations in Kentucky through which the Commission could hope to work for the development of the State, assembling the names of 121 such organizations.
18. The number of towns and cities actually equipped with local survey data to properly compete for industries, revealing that only eight such communities existed at the time in Kentucky.
19. State-wide information as to Kentucky's raw materials, labor, transportation, power, etc., the amount of raw materials and manufactured products being sent out of Kentucky and the amount shipped in.
20. The number of mortgaged and abandoned farms in Kentucky and the best methods of rehabilitation.
21. How sales of Kentucky-produced thoroughbred horses and livestock, previously held in other parts of the United States, could be established in Kentucky.
22. Needed highways to outstanding tourist attractions, such as Kentucky Natural Bridge, Carter Caves, Dix Dam, etc., followed by recommendations that were adopted by the State Highway Commission.
23. Methods to capitalize Kentucky's State Parks, tourist resort hotels, and recreational facilities.
24. The effect upon Kentucky counties along the Mississippi River of levees erected on the Missouri side that were diverting the water to the Kentucky side to the detriment of Kentucky land owners.
25. Ways to assist in highway beautification.
26. Plans to encourage the air-marking of Kentucky cities and the procurement of landing fields.
27. Plans for historical marking of highways, based on experience of other states.
28. Projects undertaken during 1929 by counties to properly appraise current activities.

29. Opportunities to co-operate with the rapidly growing bridge program to open up additional touring territory and commerce.
30. How the Commission could help local chambers of commerce make standardized surveys and co-operate in advertising Kentucky.
31. How the Commission could help Kentucky farmers as an aid to county agents and the general program of the State College of Agriculture.
32. Prices Kentucky farmers are receiving as compared with farmers in other agricultural states.

Many of these surveys have been completed by the Commission, and the remainder are in process.

Publicity and Advertising

The Commission centered upon methods of advertising and publicity that would tend to develop at one and the same time all of the different objectives cited in the Act.

The following are some of the publicity and advertising media and methods used:

1. A magazine for nation-wide distribution. (Described in detail in this report.)
2. A motion picture of Kentucky. (Described in detail in this report.)
3. Tours conducted and aided by the Commission to many of Kentucky's leading attractions.
4. Paid advertising in leading tour books of the country (circulation 500,000), and all maps of the American Automobile Association, (circulation more than 1,500,000).
5. Paid publicity in **American Motorist**, a publication which reaches substantial motorists throughout the United States and Canada.
6. Purchased national clipping service and operates State clipping bureau, to gather and disseminate publicity.
7. Assembled over 5,000 **photographs for use in publicity about Kentucky.
8. A 5,000-mile †tour by airplane from Kentucky to the Pacific Coast and return to distribute Kentucky literature.
9. Distribution of 60,000 publications about Kentucky at National conventions in addition to thousands at State meetings.
10. Furnished illustrated articles, promotion stories and editorials to **Manufacturers Record**, railroad magazines, **Holland's Magazine**, automobile magazines and to the press.
11. Staged ***series of "See Kentucky" tours during summer of 1929 that attracted thousands of motoring visitors.

12. Invested in historical marking of highways to capitalize Kentucky's historic shrines.
13. Helped advertise and emphasize importance of opening of many newly-completed highways in various sections of the State.
14. Addressed organizations on Kentucky's attractions, highways, hotel facilities, resources and general touring information.
15. Addressed group meetings, to outline scope and significance of Legislature's advertising plan, at Ashland, Covington, Lexington, Harlan, Louisville, Pineville, Middlesboro, Corbin, Barbourville, Somerset, Hopkinsville, Murray, Mayfield, Paducah and other important points.
16. Broadcast by radio Kentucky's attractions and resources over *WHAS Louisville, WLAP Louisville, *WCKY Covington, WFIW Hopkinsville, *WLW Cincinnati, FBE Cincinnati, *WMAQ Chicago, WLS Chicago, and a *national chain. These received wide newspaper, magazine and other publicity.
17. Publications of the Commission (published or in process), by titles, are

Tourists, a Quick Asset

Kentuckians, recognizing the wide appeal of Mammoth Cave and its national park possibilities, the scenes of "My Old Kentucky Home," the birthplaces of Abraham Lincoln and Jefferson Davis, and other shrines and attractions, long have been engaged in efforts to capitalize the State's touring assets.

The Commission's publicity has been designed to co-operate with the many active agencies already spending thousands of dollars to this end.

Cumulative results showed:

†Thousands of tourists visited Kentucky. Wide interest has grown in the State Parks, the National and State shrines, the scenic sections, the historic spots and, as a by-product, the wealth of undeveloped mineral and agricultural resources in every section of Kentucky.

The best gauge of increase* in tourist travel probably is in the increase in gasoline tax collections. The first nine months of 1929 showed an increase of $839,722.33 over the corresponding period for 1928. **Hotels reported a substantial increase in trade. Many communities found their hotel equipment inadequate and new hotel projects were launched.

As specifically contributory:

(a) The Commission conducted a tour into Kentucky in June, 1928, for more than 200 touring bureau officials of the American Automobile Association, representing almost every state, by special train, busses and motor cars. (See **Kentucky Progress Magazine,** September, 1928, page 77.) Kentucky automobile clubs sponsored a similar tour in the summer of 1929. (See **Kentucky Progress Magazine,** September, 1929, page 17.)

*"Kentucky Highways" (December, 1929) under "Roads That Carry Millions Annually" published a traffic census showing U. S. Highway No. 60 alone was carrying 2,500,000 cars in 1929, compared with 1,500,000 cars in 1928.

**Members of the Kentucky Hotel Association in State convention December 9, 1929, reported an increase in tourist trade of 20% to 50% for 1929 over 1928.

†Mammoth Cave, which attracts thousands of tourists, showed a gain over 1928 of 12%, the Mammoth Cave National Park Assn. reported. Old Fort Harrod at Harrodsburg (Pioneer Memorial State Park) registered 32,259 tourists in 1929 (only about one-third registered), an increase of 65% over 1928, the State Park Commission reported. These tourists were from every State in the Union, Australia, Mexico, India, Canada, Greece, Switzerland, Portugal, South America, Germany, Siam, Panama, England, Ireland, Africa, Hwaii, Cuba, Syria, Alaska and France. Middlesboro reported that 20,000 tourists paid 50 cents each during the first four months to drive up Pinnacle Mountains over the new highway opened June, 1929. The automobile club at Paducah registered 10,585 tourists during 1929 (only small per cent of all visitors), representing three-fourths of the States of the Union, Canada, Cuba, Panama, England and Japan. Lexington reported thousands of tourists from practically the same sources as Harrodsburg with the addition of Holland, China, Chile, Brazil and Philippines.

(b) Editorial publicity that could not be bought resulted in widespread requests to the Commission for literature.

(c) Prominent touring agencies, such as Romany Guild, of Chicago; Land of the Sky Tours, of Cincinnati, and outside clubs of the American Automobile Association arranged special tours into Kentucky. The motion picture "Kentucky" and Progress Magazines were furnished to aid in organizing these tours.

(d) Organizations and corporations within the State had their own letterheads, pamphlets and even motion pictures made.

(e) Kentucky cities renewed efforts to obtain projected highway bridges.

(f) Magazines and newspapers sought and were furnished by the Commission special illustrated articles on Kentucky's tourist attractions, agricultural advantages, mineral resources and environment for home-seekers.

The Kentucky Progress Magazine

The Kentucky Progress Magazine, started as a monthly publication by the Commission in September, 1928, has apparently focused wide attention upon Kentucky. Comments of the press, prominent individuals, outside organizations and ex-Kentuckians, published in nearly every issue of the magazine, speak for themselves.

The Commission proceeded not without deliberation in deciding upon the character of its periodical and determined to invest liberally to produce the highest-class periodical practicable for State publicity purposes.

To attain this standard, the Commission adopted a rotogravure magazine to properly visualize Kentucky's attraction for tourists, investors and home-seekers, in a way that would adequately represent every section and every asset of the entire State.

It has been generously classed by many outside organizations and the press as the leading publication of its kind.

The magazine has had an average monthly circulation of 50,000. In October, 1929, when more than 40,000 copies were distributed at the American Legion Convention at Louisville, the circulation was 90,000.

The monthly distribution in bulk includes 2,100 national

newspapers, 10,000 to leading automobile clubs and several thousand for class use in the University of Kentucky, the State Teachers' Colleges, high schools and grade schools. Individual copies are sent each month to people interested in Kentucky's message, who reside in every state in the Union, Canada, Mexico, France, *England, Belgium, Germany, Australia, New Zealand, Panama and the Hawaiian Islands. Bound copies are in daily use in public libraries in cities of 30,000 and over, in the Congressional Library at Washington, on railway passenger trains, in bus depots and in civic clubs.

The executive secretary of the Commission edits the magazine.

The Motion Picture "Kentucky"

The recognized value of the motion picture medium to assemble and present pictorially the scenic beauty, rich history, highways and by-ways, wealth of mineral resources, industrial, agricultural, commercial and educational advantages and the development of Kentucky in the broadest and most inclusive way, induced the members of the Kentucky Progress Commission to undertake the production of a moving picture of the State.

The project was started in May, 1928, and scenes were taken continously as far as practicable throughout 1928 and 1929.

The method of taking the picture has produced a film presenting in practical form the attractions and resources of the State in highway sequence, for the guidance of tourists.

The name "Kentucky" was adopted as appropriate to its

*The Bedfordshire (England) Times and Independent, November 22, 1929, said: "The editor of The Bedford Daily Mail, Indiana, U. S. A., has forwarded a copy of a handsome publication called the 'The Kentucky Progress Magazine' (American Legion Edition). This brochure shows that 'Ole Kentucky' is a flourishing State, famous for many things besides mammoth caves, blue grass, 'My Old Kentucky Home,' and scenes in 'Uncle Tom's Cabin.' Blue grass grows in Bedfordshire, where it is rather an insignificant plant, but in Kentucky racehorses flourish on it. It is the native State of Abraham Lincoln and Jefferson Davis. It is a land of rolling plains, towering hills, nestling valleys, broad acres of corn, hemp and tobacco, of pastures, countless flocks and herds, of falling waters and limpid pools, of sylvan dells, birds, bees and flowers—in short an earthly paradise."

scope, and the continuity designed to unfold a story of Kentucky's recreational charm, its opportunities for investment and its various fields for expansion. Four sets of films, comprising 18,000 feet, have been produced.

The motion picture has been exhibited at the 1928 Kentucky State Fair, and during 1929, in the cities of Louisville, Lexington, Covington, Maysville, Augusta, Bedford, Stamping Ground, Frankfort, Danville, Somerset, Middlesboro, Pineville, Harlan, Morehead, Richmond, Bowling Green, Mayfield, Murray, Clinton, Hickman, Eddyville, Wickliffe, Paducah, Owensboro and other cities in the State. It was shown outside the State in New York, Chicago, Cincinnati and smaller centers.

As indicative of the attention it has attracted the U. S. Government asked for a copy of the film to show at the 1929 International Exposition in Seville, Spain. The University of Kentucky requested the film to use in its motion picture exhibitions throughout the State. A national booking company has offered to book the film free for showing in 1930. The Indian Refining Company reproduced 2,000 feet of the film and at no cost to the Commission paid for space in 150 theatres outside of Kentucky to advertise the State.

A number of outstanding comments, news and editorial, were published in the Kentucky Progress Magazine.

Representative audiences of from 200 to more than 3,000 have seen the picture at the various showings.

Industrial Investigations

In order to give maximum effect to the Legislative aim to secure new industries in Kentucky, the Commission was convinced that unprepared and sporadic efforts would be insufficient.

To meet an active, strongly-financed, well-organized movement among other leading States, it was apparent that an adequate foundation must be laid before any substantial State-wide industrial movement could be launched.

Industrial Advantages

A great deal of valuable data was available from many of the departments of State, industrial and civic organizations and industry-seeking corporations, all expertly collected and admirably documented and susceptible of being assembled into a composite unit.

The Commission prepared from these sources 50,000 copies of a pahphlet entitled, "Kentucky Leads", emphasizing that:

Kentucky has more than 20 industries that are the largest of their kind in the world; a number of others that are the largest of their kind in the United States, and still others the largest of their kind in the South.

Kentucky is well supplied with power for industries. It ranks third in the United States in coal production, having 10,454 square miles of coal land in the Eastern Kentucky field and 4,680 square miles in the Western Kentucky field. It ranks first in the Appalachian Range in oil production, with development in numerous sections of the State that is rapidly increasing. In 1927 Kentucky produced 6,733,000 barrels valued at over $15,000,000. It has in undeveloped oil shale (estimated by Dr. W. R. Jillson) 60,000,000 thousand barrels of 42-gallons each of artificial petroleum—enough oil at present rate of consumption to last the United States for upwards of 100 years. It has natural gas in many sections priced to industries at a lower rate than in any other state surveyed. Natural gas production in 1928, in thousand cubic feet, was 18,750,000 valued at $6,000,000. It has in various sections of the State hydro-electric and steam-electric power in utilization.

Kentucky has *thirty-six minerals susceptible of development and conversion into manufactured products, as well as a diversity of agricultural raw material available for manufacture.

*"Kentucky's Mineral Resources," by Dr. Willard Rouse Jillson

Kentucky is well supplied with **transportation facilities, and has more miles of navigable streams than any other state in the Union.

Kentucky taxes on industries are most favorable. The Commission has been able to find only one state in the Union with a lower county and state tax rate than Kentucky, and a comparison shows that taxes in one prominent industrial state are more than 400 per cent higher than on certain industries in Kentucky.

A recent State Tax Commission report shows that reported bank deposits in Kentucky have increased 3,026.8 per cent in the past ten years.

The county and municipal bonded indebtedness per capita of Kentucky is only $17.51, which is the lowest of any state studied.

Kentucky has a plentiful supply of dependable labor with only 1.3 per cent foreign, and 9.8 per cent negro.

Kentucky is strategically located with regard to the centers of population and industry (see pages 35 and 36 of this report) and the United States Weather Bureau at Washington, D. C., states that:

> "Kentucky holds an enviable mean between the extreme cold and long winters of the northern states, and the equally long heated summers of those to the southward."

To summarize, Kentucky has advantageous location, available cheap coal, electricity, oil and natural gas, a wide scope of undeveloped mineral resources, vast supplies of raw materials for factories, adequate transportation facilities by rail, motor and water, an unusually attractive tax rate, low living cost, an enviable climate, and a plentiful supply of dependable Anglo-Saxon labor.

Kentucky's industrial advantages are elaboarted under the title, "Useful Data and Information."

Kentucky Towns Find Need for More Local Surveys

The need of local surveys was demonstrated following the publication of these facts. Inquiries were received for desirable sites to manufacture shoes, milk products, cement, chemicals, rayon and artificial wool, wood-pulp paper and for deposits of Fuller's earth and other minerals.

The Commission promptly communicated these inquiries to 143 towns in Kentucky requesting them to file comprehensive briefs.

Only about eight towns were prepared to furnish the local information requested, and as a result several plants were apparently lost to Kentucky that might have been induced to locate in this State.

Commission Arranged for Supplemental Surveys

The Commission then employed the American Mining Congress, of Washington, D. C., to make supplemental surveys of the State and widely publicize its resources and advantages.

The first step taken by the American Mining Congress was the preparation and mailing of over 20,000 comprehensive questionnaires to merchants and manufacturers in every town in the State, asking for information as to the kind and value of all merchandise shipped into or out of Kentucky, and the state of origin or destination.

These *surveys will include the preparation of graphic charts, the tabluation of comprehensive statistics and extensive analyses of resources and opportunities. Upon their completion the Commission will be in a position to translate these into terms of industries, to intelligently solicit new industries, to make known the State's industrial requirements as well as its resources, and to expand markets for its present products.

*Still in process.

Industrial Conferences Are Called

Industrial conferences were called at centers throughout the State to which civic and commercial organizations sent delegates for the discussion of Kentucky's industrial problems. A total of forty-one towns were represented at the first three of these meetings, held at Owensboro, Bowling Green and Lexington. Similar group conferences were held at Pineville, London, Danville, Somerset, Madisonville, Covington, Maysville and Elizabethtown, with more in process, notably one at Louisville in January.

Each town was asked to enumerate its special advantages for industries and outline difficulties encountered in bringing in factories. Many important factors were revealed that are expected to help solve the problem of why Kentucky has not secured more industries in the past. It was again disclosed that many towns had no definite information to guide them in seeking industries best adapted to their localities; that they had inadequate statistics as to labor, water supply, transportation and other data usually sought by manufacturers. As a result, committees were organized in a large number of towns to further develop details for the Commission's surveys.

It was brought out that another way to get a new industry is to double the capacity of one already in existence by an appreciation of its importance in the community.

Dr. Henry Mace Payne, Consulting Engineer to the American Mining Congress, addressed these conferences and other large group meetings, noonday luncheon clubs and institutions of learning in the State, on the work of the Commission and on the problems of industrial development.

Dr. Payne radiocast three addresses over Station WHAS at Louisville, on "Kentucky and Her Resources," "Kentucky and Her Minerals," and "Kentucky and Her Historic Shrines." Responses to these radio talks were received from Salt Lake City, Omaha, Minneapolis, Chicago, Moline, Ill., Cleveland, Boston, New York, Philadelphia, Washington,

Wilmington, N. C., Sebring, Fla., San Antonio, Tulsa and other cities, with many requests for copies of the addresses, showing a wide range of receptivity and interest, with corresponding value in advertising the State.

These industrial addresses have been carried in whole and in part by the Associated Press and many local papers, the Manufacturers' Record and similar industrial journals, and have been the object of special bulletins and releases from the American Mining Congress and the Kentucky Progress Commission.

Agricultural Investigations

The Commission surveyed the scope and functions of existing agricultural agencies.

The State College of Agriculture, State Commissioner of Agriculture, State Sanitary Livestock Board, Kentucky Horticultural Society, Kentucky Livestock Improvement Association, Farm Bureau, Farmers Union and other agencies are doing excellent work and have constructive programs, therefore the Commission endeavored to select fields for cooperative work that would meet the aim of the Legislature to give the widest possible advertisement to Kentucky's agricultural advantages.

As a basis, the following conditions and opportunities were considered:

1. The fact that mortgaged and abandoned farms exist in many sections of Kentucky.
2. Assistance in developing county and district programs of work.
3. Locating more industries to manufacture agricultural raw material.
4. Creating additional markets for purebred livestock.
5. Additional beautification of highways.
6. Further study of State and National farm relief legislation as to its effect on agriculture in Kentucky.
7. Wider publicity.

Agricultural Problems

The valuation of farm lands in the United States was reported to be fifty-seven billion dollars, and farm mortgages, in recent years, to have increased from eight billion dollars to more than fourteen billion.

A survey of one Kentucky agricultural county revealed that the assessed valuation of its farm lands is eleven and one-quarter million dollars and the mortgages on these farms amount to more than eight million dollars. In this county there are dozens of abandoned farms and more than twenty-five thousand acres of its most fertile farms are today owned by land banks and insurance companies. Instead of showing any improvement, the situation is becoming worse each year, the survey showed. The conditions existing in this county are typical of other counties in Kentucky.

Kentucky Agricultural Advantages

To learn if Kentucky has superior agricultural advantages that would induce outside farmers to acquire Kentucky's mortgaged farms, a comparison with the great farming States of the mid-west was made. The result has been published by the Commission in a pamphlet entitled, "Why Not Move to Kentucky."

United States Government figures on the price of farm products received by producers on January 15, 1929, revealed the following:

Estimated Price of Farm Products Received By Producers January 15, 1929.

	Wheat, per bu.	Corn, per bu.	Potatoes, per bu.	Hay, all kinds, per ton	Butterfat, per lb.	Labor per month with out board	State and County Tax Rate
Kentucky	$1.39	$1.02	95c	$15 90	48c	$36.25	$1.55
Ohio	1.30	.83	75c	11.90	49c	53.50	2.15
Indiana	1.22	.79	75c	12.00	47c	47.25	2.24
Illinois	1.16	.77	70c	12.70	46c	53.25	6.25
Michigan	1.24	.86	35c	11.00	49c	55.25	2.84
Wisconsin	1.07	.80	35c	14.60	52c	57.75	2.13
Minnesota	.97	.68	35c	9.10	52c	49.50	4.56
Iowa	1.02	.71	60c	12.70	50c	56.00	6.00
Nebraska	.93	.73	55c	9.00	44c	55.75	1.66
Kansas	.93	.69	70c	7.10	43c	52.00	1.95

These figures show that Kentucky farmers can sell their products for considerably higher prices than can the farmers in others mid-west States, and that the costs of production as well as taxes in Kentucky are much lower. The only column where Kentucky shows to disadvantage is in butter fat, due to the quality produced by Kentucky farmers who have not specialized in dairying. Manufacturers state that, quality considered, butter fat is selling higher in Kentucky than any other State.

Kentucky farmers can produce a far greater variety of crops than can farmers in any of the States enumerated above. Crops high in protein grow in Kentucky that are not successful in northern States, so it is possible for Kentucky farmers to make a great saving in the purchase of commercial feed.

Kentucky also has a longer grazing season and her farmers do not need expensive barns, required in the north, on account of a milder climate.

These advantages properly advertised in northern and

western States should be the means of inducing many farmers to move to Kentucky.

Florida spends $75,000 annually in advertising her farming conditions. North Dakota spends $60,000 annually exhibiting her agricultural advantages at State fairs. Oregon appropriated $150,000 annually for five years for a similar purpose and three thousand families were brought into that State who purchased land to the amount of fourteen million dollars. California and Canada spend hundreds of thousands of dollars exhibiting their agricultural advantages at State fairs and conventions, and their exhibits were outstanding attractions at the Kentucky State Fair in 1929.

Co-operative Agricultural Program

The following steps, to keep abreast of general progress in this important field, are being considered by the Commission:

(a) To designate counties in which work can be started.
(b) Organize real estate boards in these counties.
(c) Call a meeting of representatives of lands banks, insurance companies and real estate men for the purpose of listing all mortgaged and abandoned farms in the territory selected for experimental activities.
(d) Publish in pamphlet form a list of these farms with accurate description and prices.
(e) Secure from the Industrial Department of the railroads names of farmers who have indicated their desire to move.
(f) Obtain the co-operation of real estate men in other states.
(g) Work out a plan of multiple listing for these farms.
(h) Advertise Kentucky's agricultural advantages in farm papers.
(i) Exhibit Kentucky's agricultural advantages at state fairs.

Assistance Enlisted

The Commission already has obtained the promise of cooperation of land banks and insurance companies. The State Real Estate Association, at its annual convention, passed a resolution approving this cooperative program and appointed a committee to work with the Commission in carry-

ing out its provisions. One county has already organized a real estate board and several other counties have approved the plan. This work will be pursued as funds are acquired.

An article entitled "If It Grows It Grows in Kentucky," outlining the agricultural advantages of Kentucky, was published in the December, 1928, issue of the Kentucky Progress Magazine, and 2,000 copies were distributed that month to the delegates attending the American Farm Bureau Convention at Chicago, representing farm organizations from every State in the Union. Copies of this article were also mailed to county agricultural agents in other States and as a result many letters were received from northern farmers who indicated that they were interested in moving to Kentucky and procured further information.

Further development of certain lines of agriculture by districts, so that the advantages of cooperative community efforts may be utilized, is a recognized necessity. Some sections of the State have developed along dairy lines, others in orchards, strawberries, etc. Added financial advantages accrue in districts where such opportunities are capitalized. The complete cooperation of both town and county is essential in planning a continuous program and the Commission has stressed the importance of this at many meetings.

Agricultural Industries

A report entitled "Decentralization of Industry" by Dr. H. A. Morgan, President of the University of Tennessee, shows that 73.8 per cent of the population of Kentucky is agricultural, and that counties that are dependent on agriculture, with few or no industries, have the highest tax rate as well as the least amount of funds available for roads and educational purposes.

Realizing that a proper balance between agriculture and industry within a county is necessary for development, the Commission is making an especial effort to encourage agricultural industries to locate in Kentucky.

The problem of farm relief is largely one of securing adequate markets for farmers by locating industries* within their county, that will furnish a convenient market without the expense of transportation costs. Markets are created by demand and not by supply.

The Commission called a meeting at the Capitol at Frankfort, on October 31, 1928, at which representatives from eleven milk products manufacturers met committees from nineteen Kentucky towns to hear advantages for the establishment of plants. The Commission assisted some of the committees in preparing briefs. Following this meeting additional milk products plants became established in various parts of the State and the Commission is continuing to seek plants for several towns where conditions warrant their establishment.

The Commission is endeavoring to obtain canning factories, and surveys have been made to find suitable locations for cornstalk paper mills, and a wood pulp paper mill.

Livestock Leadership

Kentucky has a reputation for purebred livestock and thoroughbred, standard-bred and saddle horses that is world-wide and the slogan "Bred in Old Kentucky" is appreciated by all breeders.

The Kentucky State Bankers' Association, cooperating with the Agricultural and Livestock Improvement Association of the Louisville Board of Trade, has accomplished an outstanding piece of work in increasing the number of purebred livestock in Kentucky. This work was recognized by the Agricultural Committee of the American Bankers' Association by publishing a bulletin entitled "Kentucky Leads" which shows that Kentucky led all of the States in the Union in banker-farmer work for 1928. The Progress Commission purchased 50,000 copies of this bulletin for distribution

*One Kentucky city procured a milk condensery that has paid over $1,000,000 to nearby farmers during the past year. Compare this with the fact that the growing of buckwheat in Pulaski County and hemp in Central Kentucky has been almost discontinued due to lack of Kentucky factories for these products.

throughout the United States. This publicity for Kentucky resulted in the American Jersey Cattle Club designating the 1929 Kentucky State Fair as the location for their Regional Jersey Show for the Southern States, following a trip to New York for the purpose of securing this show made by Commissioner of Agriculture Newton Bright, and W. S. Campbell, of Louisville, a member of the Progress Commission.

But while much work has been *done in Kentucky to increase production of purebred livestock, sufficient stress has not been given to the importance of assisting farmers in disposing of their stock.

The Commission has been advocating that thoroughbred horses produced in this State should be sold in Kentucky and not in Saratoga, New York. Several successful sales have been held at Lexington.

The advantages of holding combination sales of purebred livestock, so as to give an outlet for surplus stock to the small producer and enable him to reach buyers from all parts of the country at small cost to himself, were also advocated by the Commission. A sale was held at Danville, November 16, 1929, where buyers from several states were in attendance, and similar sales will be held twice a year at this point. Other Kentucky towns are being encouraged to follow the example set by Danville.

Other Agricultural Activities

The Commission believed that more tourists could be induced to visit Kentucky if more highways were beautified and appointed a committee with Mr. Thomas H. Stark, of Louisville, as chairman, to foster such a movement. Illustrated press material was sent to Kentucky newspapers and later plans for its accomplishment were effected by the Kentucky Highway Commission and the State Horticultural Society.

*Only four counties in the United States have eradicated all grade and scrub bulls—three of them, Union, Russell and Taylor, are in Kentucky. Taylor is first county in United States to eradicate both scrub boar and bull.

The Commission has made a careful study of all agricultural relief** legislation, to be in a position to advise individual farmers or farm organizations as to its advantages or disadvantages.

Considerable publicity has been given to Kentucky agriculture through articles in the Progress Magazine, through the distribution of pamphlets, by showing farm scenes in the motion picture "Kentucky," and by direct contact at numerous meetings in various parts of the State. The subject matter and titles of this publicity included 22 illustrated magazine articles, 9 editorials, 50 scenes in the motion picture and several bulletins.

Kentucky Progress Association

The 1928 General Assembly, apparently appreciating that the appropriation of $50,000 a year for two years was inadequate to inaugurate and prosecute the broad program of advertising and publicizing Kentucky's resources prescribed in the Act, excluded all operating expenses and wisely invested the total appropriation in advertising. The Legislature provided otherwise, at no cost to the taxpayers, for supplemental funds to include the salaries of employes, overhead expenses, etc., by authorizing the Progress Commission to organize the Kentucky Progress Association.

The Kentucky Progress Association is a voluntary organtion, "composed of individuals, partnerships, corporations, associations, organizations or any other character of business interest who shall subscribe to membership therein through membership dues" (Section 4) and who are thereby offered an opportunity to share as Kentuckians in the broad State undertaking. The Association's aims and purposes are similar to those of a State Chamber of Commerce.

Steps to Organize Association

To start, it was first necessary for the Commissioners, who serve without pay and who bear their own expenses, to borrow the sum of $1,500.

Next, an arrangement was effected by which the *Kentucky State Chamber of Commerce, upon the signed request of its members, was taken over by the Kentucky Progress Association.

With this nucleus the Commission was able to sustain its immediate operations until investigations could be made as to the success of plans and methods employed by similar State-wide agencies elsewhere.

A survey of the organization experience of 14 state chambers of commerce disclosed that an average of 49 per cent of their first year's membership dues was consumed by solicitation and collection costs, leaving only 51 per cent for operation. This cost was too high, in the opinion of the Commission, and a more economical plan was sought.

Representatives of professional organization-financing concerns appeared before the Commission, submitting proposals to conduct campaigns that entailed exorbitant fees payable in advance, yet held no plan for permanency.

The Commission then determined to set up its own division on organization, to be devoted to continuous efforts to procure members for the Progress Association and to be directed by a staff executive experienced in this field.

It also decided to start to organize in the same operation progress committees in the 120 counties of the State, composed of Association members, to establish necessary local contacts.

It was found not altogether practicable to at once launch an organization campaign. A State-wide appeal for $2,500,000 for Mammoth Cave National Park had just preceded, and a second intensive campaign for the National Park was in process for several months after the Commission took office.

*See financial statement at end of this section of report.

In these circumstances, the Commission decided to go before groups of leading business men, preliminary to further steps, at Louisville, Lexington, Covington and Hopkinsville to secure bulk memberships in amounts of $100. This appeal met with a prompt response, and a fund of about $8,000 was realized within a few weeks.

A membership solicitation was then set up and conducted as a unit in ten counties in the Western part of the State, with the expectation of continuing this plan until the entire 120 counties have been organized. Progress committees were formed and group meetings held in these counties at Murray-Benton, Eddyville, Kuttawa, Smithland, Paducah, Mayfield, Wickliffe, Bardwell, Clinton, Fulton, Hickman and other cities.

The campaign by grouped counties was then shifted to the Eastern part of the State, followed by similar methods in the Southeastern part. Memberships were secured and meetings held in Ashland, Greenup, Russell, Louisa, Harlan, Middlesboro, Pineville, Barbourville, Corbin and other cities in those sections.

The ultimate objective is to get as many individuals, counties and communities in the State as possible to participate. The solicitation of large interests has been reserved until the effectiveness of the Commission's publicity program, including the Progress Magazine, the motion picture "Kentucky," radio broadcasts, newspaper publicity, paid advertising and other activities may attain its full significance.

A total of 1,948 memberships in 100 counties, including chambers of commerce, luncheon clubs, community associations, firms and individuals, already has been enrolled, representing $40,215.99.

Recommendation

The opportunity offered the Commission by Section 11 of the Act, to make recommendations to the 1930 General Assembly as to future advertising, publicizing and capitalizing Kentucky's resources, is availed of as follows:

Study has made plain that—

A State with resources to develop and sell must adopt selling methods and provide some agency for that single purpose.

States and Communities, realizing this, are devoting amounts totaling millions to rivalry.

It takes several years of outlay and work to give any sort of effective start to such an undertaking.

One State alone in 1928 devoted $1,351,475 to advertising its resources, by voluntary subscriptions. Another State, $776,650. One city in 1928 devoted $333,000 to city advertising alone, another $350,000, another $300,000. Two cities $250,000 and $200,000, respectively. Three cities $150,000 each. A number of cities $75,000 and $60,000 each.* Louisville, Kentucky, is devoting $83,000 a year to advertising Louisville.

Other State voluntary organizations and State Chambers of Commerce, some independent of legislative cooperation, others in conjunction therewith, are investing amounts from $150,000 to $174,000 in advertising, publicizing and capitalizing State resources.

The idea of State appropriations as a State-wide basis for advertising State resources as an independent purpose began in a very small way as far back as 1911.

It was not until 1927 that it became a real movement; and Kentucky joined these pioneers in 1928 by the enactment of its present model law.

Most of these first State appropriations were made for two-year periods, as in Kentucky, and most of them allow for supplemental voluntary funds.

Several States, like Kentucky, started with $50,000 a year, and several with $75,000 a year. The State having the nearest type of law to Kentucky's Act increased its $50,000 annual appropriation to $75,000 at its very next Legislature (the present two-year period.)

That the legislative movement in general is but in its in-

*The names of these States and cities are available at the Commission's office.

ception is clear, in that the legislative sums devoted to the vast enterprise of advertising, publicizing and capitalizing the entire resources of a State are obviously inadequate to the possibilities.

Reasonably large single business enterprises dealing with only one commodity or comparatively small units for development spend more than $50,000 or $75,000 a year in private advertising and take years to accomplish results.

Kentucky now has the model law. Kentucky has the vast resources justifying very large investments.

These facts now being apparent, the Commission respectfully recommends the continuation of the Kentucky Act of 1928 and a substantial increase in the annual appropriation for the next two years.

Useful Data and Information

In accordance with Section 11 *of the Act, there are subtended hereto "such useful data and information pertaining to the development of the Commonwealth" as appear pertinent.*

1.* *Location, Climate and Area*

"Kentucky—in the middle of the map, right where she ought to be"—George Horace Lorimer.

Kentucky has an area of 40,181 square miles, and an enviable climate (see U. S. Weather Bureau report on page 21).

Kentucky is virtually the center of population of the United States and the area within a 500-mile radius of Louisville shows Kentucky is the center of:

Statistics of the U. S. Department of Commerce comparing 22 important States of the Union, show that Kentucky, with an average tax rate including State, county, schools and city, of only $1.55 for all purposes is next to the lowest. Only four other States have an average tax rate under $2.00. The highest rate is $7.64.

Kentucky as a State has no bonded indebtedness, and the bonded indebtedness of the counties, cities, towns and schools, is only $17.51 per capita, which is the lowest of any of the ranking commercial States in the Union. Only three other States have a bonded indebtedness under $30 per capita, and the highest is $140.63.

10.* *Agriculture*

The value of Kentucky's farm lands is the highest of any in the South.

Kentucky has an area of 40,181 square miles. There are 60.0 persons to the square mile in this State. Out of 25,715,840 acres, 22,612,772 acres are in farms of which 13,975,746 acres are improved according to the 1920 census. The per cent of land area in farms is 84.0 and 64.7 per cent are improved farm lands, divided into 270,626 farms. There is

Number tons marl used, 24,577—as compared to 17,220 in 1928.

Number tons ground limestone, marl and burned lime used was approximately 280,000 as compared to 222,755 in 1928.

Number farms using ground limestone, 8,714 in 91 counties, compared to 6,822 farms in 86 counties in 1928.

Number farms using marl—472 in 40 counties, compared to 293 in 38 counties in 1928.

Number farms using burned lime—648 in 26 counties, compared to 456 farms in 22 counties in 1928.

Ground Limestone

The amount of ground limestone used in counties having agents in 1923, was approximately 60,000 tons; in 1924, 75,000 tons; in 1925, 91,000 tons; in 1926, 102,000 tons; in 1927, 132,000 tons; in 1928, 198,629 tons, and in 1929, 247,405 tons. This means that more than 900,000 tons of ground limestone have been used in county agent counties during the past six years, or more than a million tons of ground limestone, burned lime and marl.

Marl

Attention has been given to the counties having marl. While no new counties have been added to the marl territory, yet many new beds have been found in the old territory and many samples have been sent to the

Experiment Station for anlysis during 1928. Since the beginning of marl work six years ago (September 20, 1923), 4,827 samples collected by members of the Department of Agronomy, county agents, and farmers have been analyzed by the Experiment Station.

****Timber***

A considerable portion of Kentucky's area is still covered with timber. In the Eastern section of the State most of the entire region is yet offering fields of pine, yellow poplar, red cedar, ash, hickory, walnut, gum and beech.

The lumber industry still ranks fourth from the top among the soil crops in Kentucky. The value of the forest products cut each year amounts to approximately $18,000,000. There are 10,000 men employed in the various timber trades, drawing $10,000,000 per year for their labor and creating wood products valued at nearly $32,000,000. The present area of potential forest land in the State is estimated at 10,500,000 acres. This includes 1,618,746 acres of unimproved farm land, 6,018,280 acres of woodland in farms, and over 2,800,000 acres of other forest land.

Kentucky farm woodlands are now yielding approximately 9,000,000 a year to their owners; and some care and management may be expected to result in a considerable increase of this amount. These woodlands are now the source of supply for many sawmills and allied industries and will have an increasing importance in that respect as the output of the commercial forests becomes restricted. In addition, woodlands yield huge quantities of fuel, poles and fence posts.

19. *Railroads*

Kentucky has 4,062 miles of railroad within the State.

Kentucky is served by the following trunk lines: Louisville & Nashville Railroad, Southern Railway System, Illinois Central Railroad, Chesapeake & Ohio Railway, New York Central Railroad, Pennsylvania Railroad, Baltimore & Ohio Railroad; Chicago, Indianapolis & Louisville Railway—The Monon; Nashville, Chattanooga & St. Louis; Mobile & Ohio Railroad, Tennessee Central Railroad and Norfolk & Western Railway.

These railroads during 1927 handled in the State of Kentucky 4,426,481 tons for each mile of railroad in Kentucky, which was the greatest tonnage handled in any section reported to the Interstate Commerce Commission for that year.

Kentucky, compared with sections east of the Mississippi per mile of railroad, ranked first in livestock production, first in mineral production, first in poultry production, first in total production per mile of railroad, third in fruit and vegetable production, fourth in hay, grain and seed, fifth in lumber production and sixth in manufacturing.

Kentucky railroads transport practically every variety of commodities used in commerce in the United States.

The above is indicative of the stability and prosperity of railroads serving Kentucky and of their excellent performance. Millions of dollars are now being invested in the State by the leading railroad companies to meet the ever-increasing demands of commerce.

20.* *Highways*

In 1918 there were 158.44 miles of "State Aid" roads.

In 1927 there were 3,260 miles of road under maintenance in the State Highway System, which in 1928 had increased to 3,618 miles, and in 1929 to 4,400 miles.

State Highway Department disbursements, including maintenance in 1927 were $11,484, 452.29, in 1928—$17,529,-857.59, an increase of 53%. In 1929, $16,377,724.74.

1927 ..... $100,000
1928 ..... $90,000
up to August 31 ..... 1929 ..... $155,000

While the revenue of this Department has increased over 300%, the expenses have remained stationary.

The increase in bus lines operating in and through Kentucky is evidenced by the applications for permits, reaching the Motor Transportation Department.

A total of 228 bus permits have so far been issued; of this number, 175 were renewals and 43 were new permits. Nineteen Interstate bus lines are now operating through Kentucky.

In addition to the existing bus lines, the Commissioner has before him 79 applications for permits to operate on roads to be completed within the next five years.

24.* *River Transportation*

Kentucky has more miles of rivers than any other State.

Kentucky has 1,255 miles of navigable streams (Mississippi, Ohio, Kentucky, Cumberland, Tennessee, Green, Barren, Rough, Tradewater and Big Sandy).

Kentucky is thus in the Mississippi system, which comprises 9,000 miles of navigable streams.

The canalization of the Ohio River, creating a 9-foot stage from above Pittsburg to Cairo, a distance of 1,000 miles, was completed and fittingly celebrated in 1929.

Kentucky is bounded by 655 miles of the Ohio River—more than two-thirds of the entire Pittsburg-to-Cairo mileage canalized.

President Hoover, on the occasion of the Ohio River canalization celebration, said in an address broadcast from Louisville:

23.* State Tax Commission.
24.* U. S. Engineer's Office.

"As the improvement of the Ohio and its tributaries has marched section by section during this past twelve years, the traffic has grown from 25,000,000 tons to over 50,000,000 tons annually. Yet it is only today this great branch line is connected with the main trunk of this transportation system, the Mississippi. It is only now that the full movement of goods can take place between the great cities of Pittsburgh, Cincinnati, Louisville, on one hand, and St. Louis, Memphis, New Orleans and the wide ocean on the other."

The Ohio River is "the third most important link to industrial progress in the world—Panama Canal is first and Suez Canal is second," the Louisville Real Estate Board was told recently.

River traffic in Kentucky, showing past small volume and indicating possibilities for future growth, follows:

Kentucky is not yet in full line with many other states in the development of aviation. Air mail beacons, emergency landing fields, and passenger carrying lines are yet to be established on a scale commensurate with the State and its industrial needs.

Kentucky has more miles of running water and of navigable streams than any other State.

In the principal game refuge are over 500 deer.

In recent years approximately 40,000 quail have been imported and released, and large numbers of pheasants and partridges distributed.

A new fish hatchery has been erected near Williamsburg, Whitley County, at a cost of $40,000.

Four thousand acres of land in Christian, Todd and Muhlenberg Counties have been purchased at $4 per acre as a permanent game refuge.

Two additional fish hatchery sites have been purchased in Lewis and Lyon Counties. The cost of these hatcheries and of stocking Kentucky waters with fish, is made possible through the fishing license law.

AFTERNOON SESSION

The Speaker resumed the Chair and called the House to order.

The Hour of one o'clock P. M. having arrived, that being the hour for the Special Order of the Day, the House took up for consideration from the Orders of the Day, said Special Order, to-wit:

H. B. 304. An Act to regulate the selling, offering for sale or exposing for sale of agricultural seeds; to provide for the inspection of same, and prescribing duties of the Commissioner of Agriculture toward enforcing this act; to provide punishment for violation of the same; and to appropriate money for carrying out its provisions; and to repeal all laws and parts of laws in conflict with this Act.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That the term "agricultural seeds" or "agricultural seed," as used in this act, shall be defined as the seeds of Canada Blue Grass, Kentucky Blue Grass, Brome Grass,

fescues, millets, tall meadow oat grass, orchard grass, red top, Italian ryegrass, kaffir corn, perennial ryegrass, sorghum, Sudan grass, timothy, alfalfa, alsike clover, crimson clover, red clover, sweet clover, white clover, Canada field peas, cowpeas, soy beans, vetches, and other grasses and forage plants, buckwheat, flax, rape, barley, field corn, oats, rye, wheat, and other cereals, which are sold, offered or exposed for sale within this state for seeding purposes within this state.

LABEL REQUIREMENTS OF AGRICULTURAL SEEDS

§ 2. Every lot of agricultural seeds, as defined in section one of this act except as herein otherwise provided, when in bulk, packages or other containers, shall have affixed thereto, in a conspicuous place, on the exterior of the container of such agricultural seeds, a plainly written or printed tag or label in the English language, stating:

(a) Commonly accepted name of such agricultural seeds.

(b) The approximate percentage by weight of purity; meaning, the freedom of such agricultural seeds from inert matter and from other seeds distinguishable by their appearance.

(c) The approximate total percentage by weight of weed seeds; the term "weed seeds," as herein used, being defined as the noxious weed seeds listed in section 2, sub-sction (d) and all seeds not listed in section one as agricultural seeds.

(d) The name and approximate number per ounce of each kind of the seeds or bulblets of the following named noxious weeds which are present, singly or collectively, as follows: (1) in excess of one seed or bulblet in each five grams of timothy, red top, tall meadow oat grass, orchard grass, crested dogstail, Canada blue grass, Kentucky blue grass, fescues, brome grasses, perennial and Italian rye grass, western rye grass, crimson clover, red clover, white clover, alsike clover, sweet clover, alfalfa and all other grasses and clovers not otherwise classified; (2) one in twenty-five grams of millets, rape, flax, and other seeds not specifid in (1) or (3) of this

sub-section; (3) one in one hundred grams of wheat, oats, rye, barley, buckwheat, vetches, and other seeds, as large or larger than wheat.

Noxious weed seeds or bulblets are defined as the seeds or bulblets of quack grass (Agropyron repens), Canada thistle (Cnicus arvensis), clover and alfalfa dodder (cuscuta epithymum), field dodder (Cuscuta arvensis), sourdock (Rumex acetosella), broom rape (Orobanche ramosa), corn cockle (Agrostemmgithago), and the bulbs of wild onion (Allium vineale).

(e) The approximate percentage of germination of such agricultural seed together with the month and year said seed was tested, provided, that the Commissioner of Agriculture shall test and publish the results of such tests as herein provided, together with the month and year such tests were made by the Commissioner of Agriculture together with the date of test as shown on label.

(f) Full name and address of the vendor of such agricultural seed.

Label Requirements of Mixtures of Agricultural Seeds

§ 3. Mixtures of agricultural seeds which contain not more than two kinds of such seeds in excess of five per cent by weight of each, when sold, offered or exposed for sale as mixtures, shall have affixed thereto, in a conspicuous place on the exterior of the container of such mixture of seeds, a plainly written or printed tag or label, in the English language, stating:

(a) That such seed is a mixture.

(b) The name and approximate percentage by weight of each kind of agricultural seed present in such mixture in excess of five (5) per cent by weight of the total mixture.

(c) Approximate percentage by weight of weed seeds as defined in Section 2-c of this Act.

(d) The name and approximate number per ounce of

each kind of the seeds or bulblets of the noxious weeds listed in section 2, sub-section (d) of this Act which are present singly or collectively in excess of one seed or bulblet in each fifteen (15) grams of such mixture.

(e) Approximate percentage of germination of each kind of agricultural seed present in such mixture in excess of five (5) per cent by weight, together with the month and year said seed was tested, provided, that the Commissioner of Agriculture shall test and publish the results of such tests as herein provided, together with the month and year such tests were made by the Commissioner of Agriculture together with the date of test as shown on label.

(f) Full name and address of the vendor of mixture.

LABEL REQUIREMENTS OF SPECIAL MIXTURES

§ 4. Special mixtures of agricultural seeds except as specified in section 3 of this Act, when sold, offered or exposed for sale as mixtures, in bulk, packages or other containers shall have affixed thereto in a conspicuous place on the exterior of the container of such mixture a plainly written or printed tag or label in the English language stating:

(a) That such seed is a mixture.

(b) The name of each kind of agricultural seed which is present in proportion of 5 per cent or more of the total mixture.

(c) The approximate total percentage by weight of weed seeds as defined in section 2-c of this Act.

(d) Approximate percentage by weight of inert matter.

(e) The name and approximate number per ounce ofeach kind of the seeds or bulblets of noxious weeds listed in section 2, sub-section (d) of this Act, which are present, singly or collectively, in excess of one seed or bulblet in each fifteen (15) grams of such mixture.

(f) Full name and address of the vendor of such mixture.

§ 5. Whenever the Commissioner of Agriculture receives information that agricultural seeds, or any mixture of the same, are being sold, offered for sale, or exposed for sale in this State in violation of any of the requirements of this Act, and is of the opinion that the interests of the public so require, he may present to any Court of competent jurisdiction of the county in which is located the residence or place of business of the person, firm, or corporation selling, offering for sale, or exposing for sale such seeds, his petition for an injunction to restrain the same, and thereupon the court, being satisfied that such seeds are being sold, offered for sale, or exposed for sale, shall issue its injunction to restrain such person, firm or corporation from selling, offering for sale, or exposing for sale such seeds.

EXEMPTIONS.

§ 6. Agricultural seeds or mixtures of same shall be exempt from the provisions of this Act:

(a) When possessed, exposed for sale, or sold for food purposes only;

(b) When sold to merchants to be recleaned before being sold or exposed for sale for seeding purposes;

(c) When in store for the purpose of recleaning or not possessed, sold or offered for sale for seeding purposes within the State;

(d) When sold by one farmer to another, provided that if such seed is advertised for sale and is delivered through a common carrier, then the seller shall be deemed to be a vendor and said seed and seller shall be subject to all of the requirements of this Article.

DUTIES AND AUTHORITY OF ENFORCING OFFICER

§ 7. The duty of enforcing this Act and carrying out its provisions and requirements shall be vested in the Commissioner of Agriculture, Labor and Statistics. The said commissioner upon notice to the seed trade of this State,

through the agricultural bulletins of the department of the Commissioner of Agriculture, Labor and Statistics, shall be empowered to adopt such reasonable "rules and regulations" as may be deemed necessary in order to secure the efficient enforcement of this Act; provided further, that the said commissioner shall maintain a laboratory with necessary equipment and may appoint such analysts, inspectors and assistants as may be necessary for the proper enforcement and carrying out of the provisions of this Act, and in his discretion, fix the salaries of said analysts, inspectors and assistants. It shall be the duty of the Commissioner of Agriculture, Labor and Statistics in his discretion to publish, or cause to be published, the results of the examination, analysis and test of any sample of agricultural seed or mixture of such seed, drawn as provided for in section 9 together with any other information he may deem advisable.

§ 8. The word "approximate" as used in this act shall be defined in the rules and regulations provided for in this Act, by the Commissioner of Agriculture, Labor and Statistics, who shall be guided by the "Rules and Methods of Testing" adopted and approved by the Association of official seed analysts of North America.

INSPECTION, SAMPLES AND TESTING.

§ 9. It shall be the duty of said commissioner, either by himself or his duly authorized agents, to inspect, examine and make analysis of and test any agricultural seeds sold, offered or exposed for sale within this state for seeding purposes within this state, at such time and place, and to such extent as he may determine. The commissioner, and his agents, shall have free access at all reasonable hours to any premises or structures to make examination of any such agricultural seeds, whether such seeds are upon the premises of the owner or consignee of such seeds or on the premises or in possession of any warehouse, elevator, railway or steamship

company and he is hereby given authority in person or by his agents, upon notice to the dealer, his agent or the representative of any warehouse, elevator, railway or steamship company, if present, to take for analysis a composite sample of such agricultural seeds. Said sample shall be thoroughly mixed and two official samples taken therefrom; each official sample shall be securely sealed. One of these official samples shall be furnished to the vendor or party in interest in person if present, and if not present shall be promptly forwarded to the shipper or owner and the other retained by said Commissioner or agent for analysis. In case a sample drawn as provided herein upon test or anlysis is found to fall below the statement on the tag or label attached to the lot from which said sample was secured or to violate any of the provisions of this Act, the vendor or consignee of said lot of seed shall be notified and a copy of said notice mailed to the person, firm or corporation whose tag or label was found affixed thereto.

VIOLATION DEFINED

§ 10. It shall be unlawful for any person, firm or corporation to sell, offer or expose for sale within this state any agricultural seeds, or mixtures of agricultural seeds as defined in this Act, for seeding purposes within this state without complying with the requirements of this Act, or falsely to mark or label any agricultural seeds, or to interfere in any way with the inspectors or assistants in the discharge of the duties herein named.

VIOLATIONS AND PROSECUTIONS.

§ 11. Every violation of the provisions of this Act shall be deemed a misdemeanor punishable by a fine not exceeding one hundred dollars, and if the Commissioner of Agriculture, Labor and Statistics shall find upon examination, analysis or test, that any person, firm or corporation has violated any of the provisions of this Act, he or his duly authorized agent

or agents may institute proceedings in a court of competent jurisdiction to have such person, firm or corporation convicted therefor, or the Commissioner of Agriculture, Labor and Statistics, in his discretion, may report the results of such examination to the Attorney General, together with sworn statement of the analyst, duly acknowledged, and such other evidence of said violation as he shall deem necessary. Provided, however, that no prosecution under this Act shall be instituted except in the manner following: when the Commissioner of Agriculture, Labor and Statistics finds that the act has been violated, he shall give notice to the person, or firm in whose hands the seed was found, designating a time and place for a hearing. This hearing shall be private and the person or firm involved shall have the right to introduce evidence either in person, by agent or attorney. If, after said hearing, or without such hearing, in case said person fails or refuses to appear the said commissioner decides that the evidence warrants prosecution, he shall proceed as herein provided.

It shall be the duty of the Attorney General, or in his discretion he may act through the Attorney of the Commonwealth of the County or City in which said violation has occurred, to institute proceedings at once against the person, or persons, firms, or corporations charged with such violation.

PROVISIONS FOR FREE TESTS.

§ 12. Any citizen of this state shall have the privilege of submitting to the Commissioner of Agriculture, Labor and Statistics samples of agricultural seeds for test and analysis, subject to such rules and regulations as may be adopted by said commissioner. Provided that the Commissioner of Agriculture, Labor and Statistics may by such regulations fix the maximum number of samples that may be tested free of charge and for any one citizen in any one period of time and fix charges for tests of samples submitted in excess of those tested free of charge.

§ 13. Be it further enacted that there is hereby appropriated annually to the State Board of Agriculture for the purpose of enforcing and carrying out the provisions of this Act the sum of Ten Thousand ($10,000.00) dollars out of the funds of the state not otherwise appropriated. Such salaries and expenses as may be ncessary for the proper enforcement of the provisions of this Act shall be paid from said sum herein appropriated, by warrant upon the Auditor of Public Accounts, drawn by the Commissioner of Agriculture, Labor and Statistics and he shall keep proper vouchers on file in his office for all expenditures.

§ 14. All laws or parts of laws in conflict with this Act are hereby repealed.

Mr. Parks offered the following Amendment to said bill, viz.:

Mr. Everhart moved that the reading of the Journal of Friday's proceedings be dispensed with.

Said motion was agreed to.

Mr. Dorman moved that the session of today be extended indefinitely.

Said motion was agreed to.

Mr. Meyers offered the following resolution:

Whereas, there was a joint Investigating Committee appointed from the House and Senate of the General Assembly of the Commonwealth of Kentucky for the purpose of investigating the activities of the State Highway Deparment in all of its phases, and

Whereas, said Committee has been meeting from time to time since its appointment, and hearing evidence of various witnesses, examined by the Attorney employed by said Committee and by various members of said Committee, and

Whereas, on February 11, 1930, a letter was addressed to the Chairman of said Committee by H. D. Palmore, State Highway Engineer, by order of the Highway Commission, requesting that the members of said Highway Commission and their counsel be present at the hearings of the Committee, and that said members of said Highway Commission be notified of said hearings in order that they may be present in person and by counsel, and further requesting that said Committee consent that the said Commission may have a copy of the transcript of the evidence heard by said Committee, and

Whereas, on February 14, 1930, the said H. D. Palmore, State Highway Engineer, received a reply from the Chairman of the Investigating Committee, informing him that acting upon the opinion of the Attorney for said Committee, they would not permit the said Highway Commission or any member thereof, to be present in person or by counsel during the taking of any testimony in regard to said investigation, and would only permit persons who are members of the press and the official stenographer of said Committee to be present at such hearings, and

Whereas, at a meeting of said Committee on February 14, 1930 at or about 3:00 P. M. in the office of the Lieutenant Governor of the Commonwealth, a member of said Committee made a motion before said Committee that all persons be excluded from the hearings of said Investigating Committee in the future except one representative from each newspaper and the attaches of the Committee and the Attorney for the Committee, and

Whereas, a vote being taken upon said motion, it was carried, and

Whereas, the official stenographer employed by said In-

vestigating Committee was ordered and directed by the employed attorney for said Committee not to permit the Highway Commission or any member or representative thereof to have access to or obtain a transcript or copy of transcript of the evidence heard by said Committee from its organization on, and

Whereas, obeying said instructions from said Attorney, the official stenographer of said Committee has upon request refused the said Commission the right or privilege of having a copy of said transcript of said evidence or examining same, and

Whereas, it is the purpose and intention of the General Assembly of the State of Kentucky to have a fair, open and impartial investigation of all of the activities of the Highway Department and each member and employee thereof for the past six years, and to obtain the true facts existing as to each and every transaction having taken place within said period of time, and

Whereas, in order to obtain said end, it is the sense of the General Assembly of Kentucky that all facts should be fully developed and all fairness and justice demand that the members of the present Highway Commission and prior commissions may have the right and privilege to face all witnesses and, if they so desire, cross-examine same in order that a fair and impartial report may be made as to the activities of the Highway Commission and its predecessors, and

Whereas, the expenses of said Highway Investigating Committee are being paid by the taxpayers of the Commonwealth of Kentucky by and through an appropriation of ($20,000) Twenty Thousand Dollars, out of which said Investigating Committee has employed counsel, stenographers and has power to employ other assistants; and said taxpayers are entitled to know the true facts in regard to the actions of all persons concerned and connected with the Highway Department of the Commonwealth; now therefore,

Be It Resolved by the House of the General Assembly of the Commonwealth of Kentucky, the Senate Thereof Concurring Therein:

1. That said Highway Investigating Committee and the members thereof are hereby ordered and directed by the General Assembly of Kentucky to permit to be present at all hearings before said Committee, each and every member of the present Highway Commission and its predecessors, together with such counsel as said Highway Commission or Commissions may desire.

2. That said Committee is hereby ordered and directed to give ample and proper notice of all meetings of said Committee for the purpose of taking testimony to said Highway Commission or Commissions and their Attorney.

3. It is ordered and directed that said Highway Investigating Committee permit and allow members of said Highway Commission or Commissions or their Counsel to cross-examine any and all witnesses who may testify before said Committee, and to permit the recalling of any witnesses who have heretofore testified, for the purpose of cross-examination; and that said Highway Commission or Commissions be permitted to introduce witnesses, records and other evidence in order to arrive at the true facts regarding the activities of the said Commission, Commissions or any employee thereof.

4. That said Highway Commission Investigating Committee is hereby ordered and directed to permit the official stenographer thereof to supply the State Highway Commission or Commissions or their counsel with copies of the transcript of the evidence heretofore taken and that may hereafter be taken from time to time as same is taken; and said official stenographer is hereby ordered and directed to furnish same to the Highway Commission or Commissions or the Attorney representing them.

5. That the provisions of this resolution shall take effect

immediately upon its passage and approval by the Governor of the Commonwealth.

Mr. Nichols moved that said resolution be laid on the table.

Said motion was agreed to.

There being no further action taken by the House and no motion being made to advance said bill to a reading the report of the Committee to the contrary notwithstanding said bill was rejected.

A message was received from the Senate announcing that they had passed a bill and resolution which originated in this House entitled:

H. B. 12. An Act to accept the provisions of an Act passed by the Congress of the United States approved May 22, 1928 "An Act to provide for the further development of Agriculture Extension Work between Agricultural colleges."

H. Res. 21. Resolution relating to the State Insane Asylums, Feeble-minded Institutions, State Reformatories and State Tuberculosis Sanitoriums.

Ordered that said bill and resolution be delivered to the Enrolling Clerk of this House.

Mr. Dorman moved that the Rules be suspended and that the House take up for immediate consideration from the Orders of the Day, a bill entitled:

S. B. 35. An Act repealing Sections 4356t-1, 4356t-2, and 4356t-3, Kentucky Statutes, as compiled in Baldwin's Kentucky Statute Service issued in the year 1926, being Sections 1, 2, and 3 of Chapter 195 of the Acts of the General Assembly of 1926, and enacting in lieu thereof an act creating a commission to be known as "The State Highway Commission of Kentucky" to be composed of four members, creating and defining four commission districts, providing qualifications and terms of office of the members of said Commission; providing for the appointment and qualifications of the members of said Commission; prescribing the powers and duties and fixing the compensation of the members of said Commission, and providing for the payment of their expenses and the expenses, salaries, and compensation of its employees; accepting the provisions of the Federal laws providing that the United States shall assist in the construction of rural post roads and other roads, and making appropriations for cooperative work with the United States Government; providing for the payment of the State's part of the construction of Federal Aid roads, and providing that the Attorney General and his assistants and the county attorneys of the respective counties shall render to the Commission such legal services as it may require without additional compensation; and providing for filling any vacancies which may occur in said Commission, and authorizing the State Treasurer to receive such moneys as may be paid to the Commonwealth by the United States for the Construction of Federal Aid roads; declaring an emergency, and repealing all laws or parts of laws in conflict herewith to the extent of such conflict.

With Committee Amendment thereto by way of Substitute therefor, and Committee Amendment to Committee Substitute.

Said motion was agreed to.

Thereupon the House took up for consideration from the Orders of the Day said bill, to-wit:

S. B. 35. (For title see Journal ante).

Together with the Committee Amendment thereto by way of Substitute therefor, and

With a Committee Amendment to said Substitute.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. Sections 4356t-1, 4356t-2, and 4356t-3, Kentucky Statutes, compiled in Baldwin's Kentucky Statute Service issued in the year 1926, being sections 1, 2 and 3 of chapter 192 of the Acts of the General Assembly of 1926, be and the same are hereby repealed.

§ 2. There shall be, and there hereby is created a commission to be known as, "The State Highway Commission of Kentucky," which shall consist of four (4) members to be appointed as hereinafter provided, from their respective districts. Each of said commissioners shall be appointed immediately upon the taking effect of this act, and shall serve for the terms herein provided. Road commission district number 1 shall be composed of the first, second and third congressional districts, as now composed; road commission district number 2 shall be composed of the fourth and fifth congressional districts, as now composed; road commission dis-

trict number 3 shall be composed of the sixth, seventh and eight congressional districts, as now composed; and road commission district number 4 shall be composed of the ninth, tenth and eleventh congressional districts, as now composed. On or immediately after the effective date of this act the President Pro Tempore of the Senate of the Commonwealth of Kentucky shall appoint a member of said Highway Commission from each of said road commission districts numbers 1, 2, 3, and 4, for the term to February 1, 1932. In case of any vacancy or vacancies occurring by death, resignation, or otherwise, except as hereinafter provided, before February 1, 1932, the President Pro Tempore of the Senate of the Commonwealth of Kentucky shall fill the same by appointment. On or immediately after February 1, 1932, and every four years thereafter, the Governor shall appoint a member of said commission from each of said districts for a term of four years, and in case of any vacancy or vacancies by death, resignation, or otherwise, occurring after February 1, 1932, the governor shall fill the same by appointment. Each of said appointments except appointments to fill a vacancy or vacancies occurring when the Senate is not in session, shall be confirmed by the Senate; provided, that in the event the Senate fails or refuses to confirm any appointment made by the President Pro Tempore of the Senate, or in the event he fails to make the appointments herein provided, before the adjournment of the present session of the Senate, and by reason thereof a vacancy or vacancies shall exist in the membership of the commission, then in either event the Chief Justice of the Court of Appeals of Kentucky shall fill such vacancy or vacancies by appointment, and such appointee or appointees shall serve until February 1, 1932; and, provided further, that if the Senate refuses or fails to confirm any appointment to the commission made by either the President Pro Tempore of the Senate or by the Governor as herein provided, then in that event, the person or persons whose appointment the Senate fails or refuses to confirm shall not thereafter be eligible to

appointment to said commission when the Senate is not in session. The said commission shall immediately after its appointment, or as soon thereafter as practicable, meet and organize by selecting a chairman and secretary thereof from among its appointed members, and three members thereof shall constitute a quorum for the transaction of its business. Each and every member of said commission shall be a citizen and resident of Kentucky and of the district for which he is appointed, and shall be not less than thirty years of age, a representative citizen, and be well informed as to the needs and requirements of the state with reference to roads, highways, and bridges. No person while in the employ of or while holding any official relation to any person, firm, or corporation selling or furnishing any materials entering into the construction, reconstruction, repair, or maintenance of any road, bridge, or highway of this State, or any part thereof, or who is pecuniarily interested therein as a stockholder, or otherwise, shall be a member of said Commission; nor shall the said commission appoint any person or persons as engineers, superintendents, or foremen sustaining such relation to such person, firm or corporation; nor shall such engineers, superintendents, or foremen thereafter become in any way connected with or interested in any such person, firm, or corporation while in the employ of the said commission; nor shall any of said commissioners or any engineer, superintendent, or foreman appointed by the commission, be a candidate for or hold any public office other than that of commissioner, or of employment under said commission, or be a member of any political committee either while acting as such commissioner or while holding employment thereunder. In case any of said commissioners, or its servants or employees, shall be a candidate for or hold any public office, or shall be a member of any political committee, his office as a commissioner or position as employee, as the case may be, shall be *ipso facto* vacated. Each of said commissioners, before enter-

ing upon the discharge of his duties, shall qualify by taking and subscribing to the constitutional oath, and an oath, that he is not, at the time of entering on the discharge of his duties, and will not thereafter, while a member of said commission, be, in the employ of or hold any official relation to any person, firm, or corporation selling or furnishing any materials entering into the construction, reconstruction, repair, or maintenance of any road, bridge, or highway of this State, or any part thereof, and is not and will not become pecuniarily interested therein as a stockholder, or otherwise, during his term, and is not and will not, during his term of office, be pecuniarily interested, directly or indirectly, in any person, firm, or corporation engaged in the business of building, constructing, reconstructing, or maintaining public roads, bridges, or highways; or in furnishing, soliciting, or executing bonds for any member or employee of the commission, or for any contractor dealing or about to deal with the commission. Before acting as a member of said commission a record of such oath shall be entered on the minutes of the commission, and said oath shall be filed in the office of the Secretary of State.

§ 3. Said commission shall have its principal office in the City of Frankfort, Franklin county, Kentucky.

§ 4. The commission shall provide a book in which shall be recorded all the minutes and orders of said commission at each meeting, which minutes and orders, after having been read to or by the commission while in session and approved by the commission, shall be signed by the chairman and secretary thereof. Such minutes and orders shall be recorded in a book wherein the leaves are permanently fixed and bound, and no loose leaf book shall be used therefor.

§ 5. The Commission shall meet at least once every two weeks, the time of such meetings to be fixed by the commission, but the dates of such meetings may be changed at the will of the commission. The chairman of the commission or any two members thereof may call extra or special meetings of the

commission; but such call shall be in writing and shall be so far in advance of the call meeting to enable each and every member of the commission to be present at the meeting, and such call for an extra or special meeting shall be entered on the minute book as a matter of record.

§ 6. It shall be the duty of the commission to make a careful investigation of all problems relating to the construction and maintenance of roads and bridges in the State. The commission shall examine all projects and ascertain the feasibility of all routes; and shall obtain information as to the proper type or character of road for any project. It shall examine all types of road materials which may be used, or the use of which is contemplated, in the construction, reconstruction, or maintenance of any road or bridge to be constructed by the commission or under its direction or supervision; and the commission shall, from time to time, examine and have examined and audited all of its books, papers, and records; and no invoice or bill to be paid out of the road or bridge funds shall be approved by the commission for payment or authorized by it to be paid unless and until each and every bill or invoice shall have been carefully examined, separately, by the commission while in session, for the purpose of ascertaining whether any such bill or invoice is in every respect a proper, just, equitable, and legitimate charge against the road or bridge funds; and each member of the commission shall have the privilege of calling before the commission, while in session, any person who may have knowledge or information respecting any of said bills or invoices; and further no salary or compensation shall be paid or caused to be paid by the commission to any person until such person has been appointed by the commission and his salary or compensation fixed by the commission. Provided, however, that common labor may be employed and paid for by the commission under such rules and regulations as the commission may adopt therefor.

§ 7. The Commission is empowered and authorized to employ such engineers, draftsmen, bookkeepers, and such other assistants and employees as it may deem necessary to efficiently and economically discharge the duties imposed upon it by law, and it is authorized and empowered to fix the salary or compensation of each person so employed which salary or compensation shall be paid out of the State treasury upon certification by the Commission to the Auditor of Public Accounts, and charged to the State Road Fund, except as otherwise authorized; it may remove any employee when, in its judgment, the good of the State so requires. The Commission shall, from time to time, assign each and every of its employees to such work as it may deem best. The chairman of the commission shall be the chief executive officer of the Commission.

If any person having a contract with the Commission shall fail or refuse to carry out said contract, then the Commission is hereby authorized to cancel such contract and relet same without advertisement; provided it can obtain a qualified contractor to perform such work at or less than the price at which the contract was let in the first instance; otherwise the work shall be advertised as required by law.

In the event it is ascertained in any fiscal period that the cost of any contract or contracts, or the cost of continued work on any contract or contracts will exceed the revenues for such fiscal period, the Commission hereby is given the power and authority to cancel any such contract or contracts, or any portion thereof, as may be necessary to keep expenditures within the revenues of the fiscal period. If such authority should be exercised, then the Commission is authorized and empowered to enter into a contract or contracts for the completion of such work at any time funds are available for such purpose, with advertising such work; provided it can obtain a qualified contractor to assume such work at the price at which the contract was let in the first instance; otherwise the work shall be advertisd as required by law.

No contract shall deviate from the contract, the provisions, plans or specifications upon which a contract has been awarded, without first having obtained written authority from the State Highway Commission so to do; and, if done without such written authority, neither the Commonwealth of Kentucky, nor the State Highway Commission, nor the Auditor of Public Accounts, nor the State Treasurer shall pay or be liable for any excess work or material not fully provided for in the original contract.

The Commission shall make a report to the General Assembly at the beginning of each of its sessions, giving in detail all information necessary to fully advise the members thereof of the work done since the next preceding report, and particularly showing in detail all moneys expended and the purposes for which spent.

Each member of the Commission shall be paid twenty dollars for each day upon which he may render service as a member of the Commission, and days engaged in traveling on the business of the Commission shall be considered as days on which he is rendering service as a member of the Commission; provided, however, that the compensation of no member of the Commission shall exceed four thousand dollars in any one year. In addition to the said compensation, each member of the Commission shall be allowed his actual and necessary traveling expenses, including hotel bills, while engaged in the performance of his duties under this act; provided, further, that each employee of the Commission shall be allowed, in addition to his salary or compensation, his actual and necessary traveling expenses while traveling under the direction of the Commission and while engaged in the discharge of his duties, said expenses to be approved by the Commission and certified to the Auditor of Public Accounts for payment.

The Commission may cause any road to be constructed or reconstructed by what is generally known as "force ac-

count'' when no satisfactory bid is received for the construction or reconstruction of such road, after the necessary steps have been taken as provided by law to obtain bids for such work; and may, in like manner and under like limitations, do any part of the work of construction or reconstruction of any road by ''force account.'' The expression ''force account'' is hereby defined to be work done by employees of the Highway Commission instead of through contractors; and for this purpose the Commission may employ such assistants and laborers as may be necessary to economically carry on said work.

The per diem and expense accounts of the Commissioners and employees shall be paid out of the State treasury and charged to the State Road Fund when presented and approved by the Commission, or when approved by the Attorney General; all annual salaries shall be paid monthly in equal installments; all compensation for those who are employed by the hour or day shall be paid twice a month. Said annual salaries and said compensations shall be paid out of the State treasury upon the certifications of the Commission to the Auditor of Public Accounts and charged to the State Road Fund, except as otherwise authorized.

The Commission, in its discretion, may require members of the Commission and any of the employees of the Commission to execute such bonds as the Commission may deem necessary. The premium on all of said bonds shall be paid as other expenses of the Highway Department are paid.

Upon the order of the Commission the Auditor of Public Accounts shall draw his warrant in a sum not to exceed twenty-five thousand dollars at any one time, payable to the Commission, which shall be paid by the State Treasurer to the Commission, and by the Commission placed in a fund to be known as the ''Labor Expense Fund,'' the same to be disbursed and paid out from time to time as the Commission may direct, for the performance of labor incident to the work

of the Department on roads under the charge of the Commission.

It shall be the duty of the Attorney General and of his assistants and of the county attorneys of the several counties to render to the Commission, without additional compensation, such legal services as it shall require of them in the discharge of its duties under the provisions of this act. Provided, however, that no county attorney can be required to render such service except in his county.

In addition to the duties imposed upon it in the preceding sections, the Commission may cause to be mimeographed and distributed from time to time bulletins containing useful information touching only the construction and maintenance of roads.

The Commission shall cause to be made all necessary surveys in the establishment and construction of the system of roads now or hereafter designated as such, and shall cause to be made and provided all necessary maps, prints, plans, and specifications of all work to be done on said roads, or any of them; and shall select the route, or any part of the route, between the points designated, and may deviate from existing or proposed routes when necessity for such deviation is found; it shall establish the width and grades of all roads, and provide suitable and adequate systems of drainage; it shall determine the type or character of all roads which shall be constructed in whole or in part between designated points, and shall cause to be prepared estimates of costs, advertisements for bids, contracts for construction or maintenance and all necessary forms in connection therewith; it shall have full power, within the limitations in this act, to designate roads and sections of roads for construction. After surveys, plans, specifications, and estimates have been completed for any road, or any part or section of any road, and the type and character of such road has been determined, it shall advertise in newspapers published in or out of this Commonwealth for,

and receive bids as provided in this act; it shall prescribe rules and regulations for the care and maintenance of roads after they have been constructed; it shall have full power to stop or regulate all traffic or travel over any road in process of construction or improvement and until same is ready to be opened to the public, and for that purpose it shall have power to designate other roads for the accommodation of all travel and traffic until the road under construction is entirely completed and it shall have power to establish temporary roads to accommodate travel and traffic until the road under construction is finally completed, and may make arrangements with the landowners for such necessary temporary rights of way for establishment of temporary roads, and it may contract and pay for same out of the road fund by certifying the cost thereof to the Auditor of Public Accounts; such temporary roads shall be designated and opened for travel by the Commission at least two weeks before work is begun on the road proposed to be constructed or improved. The Commission is empowered and auhtorized to advertise for bids and may enter into contracts for the purchase of and to purchase any and all materials and supplies of any kind or character necessary to be used in the construction or maintenance of roads and highways constructed or maintained under this law or laws hereafter enacted or other laws now in force, and may pay for such materials when delivered at the destination specified in the contract. For the faithful performance of any contracts entered into by the Commission and any contractor, the Commission may require bond or bonds, or secure same by any means they in their discretion may deem advisable or expedient. The Commission is hereby authorized and empowered to enter into contracts and agreements with the United States Government relating to the survey, construction and maintenance of roads under the provisions of the act of Congress, approvd July 11, 1916, entitled: "An act to provide that the United States shall aid the states in the construction of rural post roads, and other purposes,"

which act will be found in the United States Statutes at Large, page 355, or any act amendatory thereof, or any act of Congress having in view the same, or substantially the same object, which may hereafter be enacted, and to submit such plan or program of construction and maintenance as may be required by the Secretary of Agriculture or the United States, or any other officer who may be designated by Congress, and do all other things necessary fully to carry out the cooperation contemplated, or that may hereafter be contemplated and provided for by said act or any future act; the Commission shall have the power, and it is hereby authorized at its discretion to set apart and appropriate from the State Road Fund an amount equal to any sum or sums that have been or may be allotted to the Commonwealth of Kentucky by the United States Government, or any sum or sums that may be necessary to carry on cooperative work with the United States Government under existing or future laws and plans, and there is hereby appropriated from the State Road Fund sufficient funds to enable the said Commission to pay the Commonwealth's portion for the construction and maintenance of rural post roads, or other federal aid roads, as provided for in the present, or any future federal aid act; the Commission is hereby directed and authorized to prepare, or cause to be prepared, the necessary plans and specifications and to enter into contracts for and to supervise the construction of federal aid roads in accordance with the rules and regulations of the Secretary of Agriculture of the United States. The State Treasurer is hereby authorized to receive such money or moneys as may be due under the provisions of the present or any future federal aid act, and the same shall be paid out by him upon warrants of the Auditor of Public Accounts, which warrants shall be issued only in payment of claims certified to him by the Commission. The Commission shall have the power and authority at any time to add to the primary system of highways in this State, any and all roads, projects or sec-

tions thereof as may be designated or approved by the federal government as state or national highways, and may adopt as part of such system any federal routes.

In addition to the foregoing enumerated powers and duties, it shall be the duty of the Commission to perform any and all other duties imposed upon it by this or any other act, and particularly shall it be its duty to do and cause to be done all things necessary to construct and maintain the system of primary roads now or hereafter designated as such, and where there is no provision of law covering any necessary thing to be done in the construction and maintenance of said roads, it shall do or cause to be done such necessary things in the way and manner best calculated, in its judgment, to accomplish the necessary object, and it is intended that the provisions contained in this act shall not be treated as restrictions on its powers, save as expressly stated or clearly implied, that is to say, it is intended that it may do all things necessary in the construction or maintenance of said roads except where the power is by this or another statute, or by the Constitution, expressly or by clear implication denied or restricted. Wherever and whenever the word "Commission" occurs herein it shall mean "The State Highway Commission of Kentucky."

The Commission shall succeed to and be invested with all the rights, powers and duties now vested in or imposed upon the State Highway Engineer and/or the State Highway Commission by any and all other statutes now in effect, and it shall be the agent of the Commonwealth of Kentucky in carrying out all contracts now in effect which have been executed by the State Highway Commission as an agent of the Commonwealth of Kentucky.

All laws and parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

If any section of this act be held to be invalid, or unconstitutional, such fact shall not affect any other section of this

act, it being the intention of the General Assembly in enacting this act to enact each section separately; and if any proviso or exception contained in any section of this act shall be held to be invalid, or unconstitutional, such fact shall not affect the remaining portion of such section, it being the intention of the General Assembly to enact each section of this act and each proviso and each exception thereto, separately.

Whereas, it is very urgent and a public necessity to continue to construct and maintain the primary system of public highways and bridges in this Commonwealth, and in order that no delay happen an emergency is hereby declared to exist, and this act shall become effective from and after its passage and approval.

Said Substitute as offered by the Committee is as follows, viz.:

An Act repealing Sections 4356t-1, 4356t-2, and 4356t-3, Kentucky Statutes, as compiled in Baldwin's Kentucky Statute Service issued in the year 1926, supplementing Carroll's Kentucky Statutes, being Sections 1, 2 and 3, of Chapter 195 of the Acts of the General Assembly of 1926, and enacting in lieu thereof an act creating a commission to be known as, "The State Highway Commission of Kentucky," to be composed of eight members, creating and defining eight commission districts; fixing the qualifications and terms of office of the members of said commission; providing for the appointment of the members of said commission by the Governor, Lieutenant Governor, and Attorney General, acting as an "Appointing Board" for that purpose; prescribing the powers and duties and fixing the compensation of the members of said commission, and providing for the payment of their expenses, and the expenses, salaries, and compensation of its employees; accepting the provisions of the federal laws providing that the United States shall assist in the construction of rural post roads and other roads, and making appropria-

tions for co-operative work with the United States Government; providing for the payment of the State's part of the construction of Federal aid roads, and providing that the Attorney General and his assistants and the county attorneys of the respective counties shall render to the commission such legal services as it may require, without additional compensation; and providing for filling any vacancies which may occur in said commission, and authorizing the State Treasurer to receive such moneys as may be paid to the Commonwealth by the United States for the construction of Federal air roads; declaring an emergency, and repealing all laws or parts of laws in conflict herewith to the extent of such conflict.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. Sections 4356t-1, 4356t-2, 4356t-3, Kentucky Statutes, compiled in Baldwin's Kentucky Statute Service issued in the year 1926, supplementing Carroll's Kentucky Statutes, being Sections 1, 2, and 3 of Chapter 192 of the Acts of the General Assembly of 1926, be and the same are hereby repealed.

§ 2. There shall be, and there hereby is created a commission to be known as, "The State Highway Commission of Kentucky," which shall be composed of eight (8) members to be appointed as hereinafter provided from their respective districts. The members of said commission shall be appointed immediately upon the taking effect of this act, and shall serve for the terms to February 1, 1932. Road commission district number 1 shall be composed of all of the counties now embraced in the first congressional district; road commission district number 2 shall be composed of all the counties now embraced in the second congressional district; road commission district number 3 shall be composed of all of the counties now embraced in the third congressional district and in addition thereto Cumberland and Monroe Counties; road commission district number 4 shall be composed of all of the counties

now embraced in the fourth and fifth congressional districts and in addition thereto the County of Oldham; road commission district number 5 shall be composed of all the counties now embraced in the sixth congressional district, and in addition thereto Henry and Owen Counties; road commission district number 6 shall be composed of all of the counties now embraced in the seventh and eighth congressional districts, excepting and excluding therefrom Oldham, Henry, and Owen Counties; road commission district number 7 shall be composed of all the counties of Perry, Letcher, Leslie and all of the counties now embraced in the ninth congressional district, excepting and excluding therefrom the counties of Boyd and Lawrence; and road commission district number 8 shall be composed of the counties of Boyd and Lawrence and all of the counties now embraced in the tenth and eleventh congressional districts, excepting and excluding therefrom Perry, Letcher, Leslie, Cumberland and Monroe Counties. On or immediately after the effective date of this act the Governor, the Lieutenant Governor and the Attorney General of the Commonwealth of Kentucky, or a majority thereof, acting as an "Appointing Board," shall appoint a member of said, "The State Highway Commission of Kentucky," from each of said road commission districts numbers 1, 2, 3, 4, 5, 6, 7, and 8, for the term to February 1, 1932.

On or immediately after the effective date of this Act, the Governor, the Lieutenant Governor and the Attorney General of the Commonwealth shall meet as an "appointing board" for the purpose of making said appointments, and the time and place of the meeting of said "appointing board" may be fixed by any two of said officers, and a majority of said officers may call a meeting or meetings for the purpose of considering and making said appointments, and any two of said officers shall constitute a quorum for considering and making such appointments. On or immediately after February 1, 1932, the Governor, Lieutenant Governor and Attorney General

acting as an "appointing board" shall meet and appoint a member of said Commission from each of said districts, two of whom shall serve for one year, two of whom shall serve for two years, two of whom shall serve for three years, and two of whom shall sercve for four years. The members of said Commission so appointed on or after February 1, 1932, for the terms beginning February 1, 1932, shall determine by lot the respective terms for which each shall serve, and a record thereof showing the term of each member, as so determined, shall be entered on the minutes of the State Highway Commission, and a certified copy thereof filed in the office of the Secretary of State. On or immediately after February 1, 1933, and every year thereafter, the Governor, Lieutenant Governor and Attorney General of this Commonwealth acting as an "appointing board" shall appoint two members of said Commission for a term of four years, the appointments to be made by a majority of said officers as hereinabove provided, thus providing for a continuous commission having thereon a majority of experienced members. All vacancies which may occur by death or resignation, or otherwise, before or after February 1, 1932, shall be filled for the unexpired term in the same manner and by the same "appointing board" as the original members are to be appointed. Each of said appointments, except appointments to fill a vacancy or vacancies occurring when the Senate is not in session, shall be confirmed by the Senate. The said commission shall immediately after its appointment, or as soon thereafter as practicable, meet and organize by selecting a chairman and secretary thereof from among its appointed members, and five members thereof shall constitute a quorum for the transaction of its business. Each and every member of said commission shall be a citizen and resident of Kentucky and of the district for which he is appointed, and shall be not less than thirty years of age, a representative citizen, and be well informed as to the needs and requirements of the state with reference to roads, highways and bridges. No person while in the employ of or while hold-

ing any official relation to any person, firm, or corpoartion selling or furnishing any materials entering into the construction, reconstruction, repair, or maintenance of any road, bridge, or highway of this State, or any part thereof, or who is pecuniarily interested therein as a stockholder, or otherwise, shall be a member of said commission; nor shall the said commission appoint any person or persons as engineers, superintendents, or foremen sustaining such relation to such person, firm or corporation; nor shall such engineers, superintendents, or foremen thereafter become in any way connected with or interested in any such person, firm, or corporation while in the employ of the said commission; nor shall any of said commissioners or any engineer, superintendent, or foreman appointed by the commission, be a candidate for or hold any public office other than that of commissioner, or of employment under said commission, or be a member of any political committee either while acting as such commissioner or while holding employment thereunder. In case any of said commissioners, or its servants or employees, shall be a candidate for or hold any public office, or shall be a member of any political committee, his office as a commissioner or position as employee, as the case may be, shall be *ipso facto* vacated. Each of said commissioners, before entering upon the discharge of his duties, shall qualify by taking and subscribing to the constitutional oath, and an oath, that he is not, at the time of entering on the discharge of his duties, and will not thereafter, while a member of said commission, be, in the employ of or hold any official relation to any person, firm, or corporation selling or furnishing any materials entering into the construction, reconstruction, repair, or maintenance of any road, bridge, or highway of this State, or any part thereof, and is not and will not become pecuniarily interested therein as a stockholder, or otherwise, during his term, and is not and will not, during his term of office be pecuniarily interested, directly or indirectly, in any person, firm, or corporation en-

gaged in the business of building, constructing, reconstructing, or maintaining public roads, bridges, or highways; or in furnishing, soliciting, or executing bonds for any member or employee of the commission, or for any contractor dealing or about to deal with the commission. Before acting as a member of said commission a record of such oath shall be entered on the minutes of the commission, and said oath shall be filed in the office of the Secretary of State.

§ 3. Said commission shall have its principal office in the City of Frankfort, Franklin County, Kentucky.

§ 4. The commission shall provide a book in which shall be recorded all the minutes and orders of said commission at each meeting, which minutes and orders, after having been read to or by the commission while in session and approved by the commission, shall be signed by the chairman and secretary thereof. Such minutes and orders shall be recorded in a book wherein the leaves are permanently fixed and bound, and no loose leaf book shall be used therefor.

§ 5. The commission shall meet at least once every two weeks, the time of such meetings to be fixed by the commission, but the dates of such meetings may be changed at the will of the commission. The chairman of the commission or any five members thereof may call extra or special meetings of the commission; but such shall be in writing and shall be so far in advance of the call meeting to enable each and every member of the commission to be present at the meeting, and such call for an extra or special meeting shall be entered on the minute book as a matter of record.

§ 6. It shall be the duty of the commission to make a careful investigation of all problems relating to the construction and maintenance of roads and bridges in the State. The commission shall examine all projects and ascertain the feasibility of all routes; and shall obtain information as to the proper type or character of road for any project. It shall examine all types of road materials which may be used, or the

use of which is contemplated, in the construction, reconstruction, or maintenance of any road or bridge to be constructed by the commission or under its direction or supervision; and the commission shall, from time to time, examine and have examined and audited all of its books, papers, and records; and no invoice or bill to be paid out of the road or bridge funds shall be approved by the commission for payment or authorized by it to be paid unless and until each and every bill or invoice shall have been carefully examined, separately, by the commission while in session, for the purpose of ascertaining whether any such bill or invoice is in every respect a proper, just, equitable, and legitimate charge against the road or bridge funds; and each member of the commission shall have the privilege of calling before the commission, while in session, any person who may have knowledge or information respecting any of said bills or invoices; and further no salary or compensation shall be paid or caused to be paid by the commission to any person until such person has been appointed by the commission and his salary or compensation fixed by the commission. Provided, however, that common labor may be employed and paid for by the commission under such rules and regulations as the commission may adopt therefor.

§ 7. The Commission is empowered and authorized to employ such engineers, draftsmen, bookkeepers, and such other assistants and employees as it may deem necessary to efficiently and economically discharge the duties imposed upon it by law, and it is authorized and empowered to fix the salary or compensation of each person so employed which salary or compensation shall be paid out of the State treasury upon certification by the commission to the Auditor of Public Accounts, and charged to the State Road Fund, except as otherwise authorized; it may remove any employee when, in its judgment, the good of the State so requires. The Commission shall, from time to time, assign each of its employees to

such work as it may deem best. The chairman of the commission shall be the chief executive officer of the Commission.

If any person having a contract with the Commission shall fail or refuse to carry out said contract, then the Commission is hereby authorized to cancel such contract and relet same without advertisement; provided it can obtain a qualified contractor to perform such work at or less than the price at which the contract was let in the first instance; otherwise the work shall be advertised as required by law.

In the event it is ascertained in any fiscal period that the cost of any contract or contracts, or the cost of continued work on any contract or contracts will exceed the revenues for such fiscal period, the Commission hereby is given the power and authority to cancel any such contract or contracts, or any portion thereof, as may be necessary to keep expenditures within the revenues of the period. If such authority should be exercised, then the Commission is authorized and empowered to enter into a contract or contracts for the completion of such work at any time funds are available for such purpose, without advertising such work; provided it can obtain a qualified contractor to assume such work at the price at which the contract was let in the first instance; otherwise the work shall be advertised as required by law.

No contractor shall deviate from the contract, the provisions, plans or specifications upon which a contract has been awarded, without first having obtained written authority from the State Highway Commission so to do; and, if done without such written authority, neither the Commonwealth of Kentucky, nor the State Highway Commission, nor the Auditor of Public Accounts, nor the State Treasurer shall pay or be liable for any excess work or material not fully provided for in the original contract.

The Commission shall make a report to the General Assembly at the beginning of each of its sessions, giving in detail all information necessary to fully advise the mem-

bers thereof of the work done since the next preceding report, and particularly showing in detail all moneys expended and the purposes for which spent.

Each member of the Commission shall be paid twenty dollars for each day upon which he may render service as a member of the Commission, and days engaged in traveling on the business of the Commission shall be considered as days on which he is rendering service as a member of the Commission; provided, however, that the compensation of no member of the Commission shall exceed three thousand dollars in any one year. In addition to the said compensation, each member of the Commission shall be allowed his actual and necessary traveling expenses, including hotel bills, while engaged in the performance of his duties under this act; provided, further, that each employee of the Commission shall be allowed, in addition to his salary or compensation, his actual and necessary traveling expenses when traveling under the direction of the Commission and while engaged in the discharge of his duties, said expenses to be approved by the Commission and certified to the Auditor of Public Accounts for payment.

The Commission may cause any road to be constructed or reconstructed by what is generally known as "force account" when no satisfactory bid is received for the construction of reconstruction of such road, after the necessary steps have been taken as provided by law to obtain bids for such work; and may, in like manner and under like limitations, do any part of the work of construction or reconstruction of any road by "force account." The expression "force account" is hereby defined to be work done by employees of the Highway Commission instead of through contractors, and for this purpose the Commissioners may employ such assistants and laborers as may be necessary to economically carry on said work.

The per diem and expense accounts of the Commissioners and employees shall be paid out of the State treasury

and charged to the State Road Fund when presented and approved by the Commission, or when approved by the Attorney General; all annual salaries shall be paid monthly in equal installments; all compensation for those who are empoyed by the hour or day shall be paid twice a month. Said annual salaries and said compensations shall be paid out of the State treasury upon the certifications of the Commission to the Auditor of Public Accounts and charged to the State Road Fund, except as otherwise authorized.

The Commission, in its discretion, may require members of the Commission and any of the employees of the Commission to execute such bonds as the Commission may deem necessary. The premium on all of said bonds shall be paid as other expenses of the Highway Department are paid.

Upon the order of the Commission the Auditor of Public Accounts shall draw his warrant in a sum not to exceed twenty-five thousand dollars at any one time, payable to the Commission, which shall be paid by the State Treasurer to the Commission, and by the Commission placed in a fund to be known as the "Labor Expense Fund," the same to be disbursed and paid out from time to time as the Commission may direct, for the performance of labor incident to the work of the Department on roads under the charge of the Commission.

It shall be the duty of the Attorney General and of his assistants and of the county attorneys of the several counties to render to the Commission, without additional compensation, such legal services as it shall require of them in the discharge of its duties under the provisions of this act. Provided however, that no county attorney can be required to render such service except in his county.

In addition to the duties imposed upon it in the preceding sections, the Commission may cause to be published and distributed from time to time bulletins containing useful information touching only the construction and maintenance of roads and matters pertinent thereto.

The Commission shall cause to be made all necessary surveys in the establishment and construction of the system of roads now or hereafter designated as such, and shall cause to be made and provided all necessary maps, prints, plans, and specifications of all work to be done on said roads, or any of them; and shall select the route, or any part of the route, between the points designated, and may deviate from existing or proposed routes when necessity for such deviation is found; it shall establish the width and grades of all roads, and provide suitable and adequate systems of drainage; it shall determine the type or character of all roads which shall be constructed in whole or in part between designated points, and shall cause to be prepared estimates of costs, advertisements for bids, contracts for construction or maintenance and all necessary forms in connection therewith; it shall have full power, within the limitations in this act, to designate roads and sections of roads for construction. After surveys, plans, specifications, and estimates have been completed for any road, or any part or section of any road, and the type and character of such road has been determined, it shall advertise in newspapers published in or out of this Commonwealth for and receive bids as provided in this act; it shall prescribe rules and regulations for the care and maintenance of roads after they have been constructed; it shall have full power to stop or regulate all traffic or travel over any road in process of construction or improvement and until same is ready to be opened to the public, and for that purpose it shall have power to designate other roads for the accommodation of all travel and traffic until the road under construction is entirely completed and it shall have power to establish temporary roads to accommodate travel and traffic until the road under construction is finally completed and may make arrangements with the landowners for such necessary temporary rights of way for establishment of temporary roads, and it may contract and pay for same out of the road fund by certifying the cost thereof to the Auditor of Public Accounts;

such temporary roads shall be designated and opened for travel by the Commission at least two weeks before work is begun on the road proposed to be constructed or improved. The Commission is empowered and authorized to advertise for bids and may enter into contracts for the purchase of and to purchase any and all materials and supplies of any kind or character necessary to be used in the construction or maintenance of roads and highways constructed or maintained under this law or laws hereafter enacted or other laws now in force, and may pay for such materials when delivered at the destination specified in the contract. For the faithful performance of any contract entered into by the Commission and any contractor, the Commission may require bond or bonds, or secure same by any means they in their discretion may deem advisable or expedient. The Commission is hereby authorized and empowered to enter into contracts and agreements with the United States government relating to the survey, construction and maintenance of roads under the provisions of the act of Congress, approved July 11, 1916, entitled: "An Act to provide that the United States shall aid the states in the construction of rural post roads, and other purposes," which act will be found in the United States Statutes at Large, page 355, or any act amendatory thereof, or any act of Congress having in view the same, or substantially the same object, which may hereafter be enacted, and submit such plan or program of construction and maintenance as may be required by the Secretary of Agriculture of the United States, or any other officer who may be designated by Congress, and do all other things necessary to fully carry out the cooperation contemplated, or that may hereafter be contemplated and provided for by said act or any future act; the Commission shall have the power, and it is hereby authorized at its discretion to set apart and appropriate from the State Road Fund an amount equal to any sum or sums that have been or may be allotted to the Commonwealth of Kentucky by the United States Government, or any sum or sums

that may be necessary to carry on cooperative work with the United States Government under existing or future laws and plans, and there is hereby appropriated from the State Road Fund sufficient funds to enable the said Commission to pay the Commonwealth's portion for the construction and maintenance of rural post roads, or other federal aid roads, as provided for in the present, or any future federal aid act; the Commission is hereby directed and authorized to prepare or cause to be prepared, the necessary plans and specifications and to enter into contracts for and to supervise the construction of federal aid roads in accordance with the rules and regulations of the Secretary of Agriculture of the United States. The State Treasurer is hereby authorized to receive such money or moneys as may be due under the provisions of the present or any future federal aid act, and the same shall be paid out by him upon warrants of the Auditor of Public Accounts, which warrants shall be issued only in payment of claims certified to him by the Commission. The Commission shall have the power and authority at any time to add to the primary system of highways in this State, any and all roads, projects or sections thereof as may be designated or approved by the federal government as state or national highways, and may adopt as part of such system any federal routes.

In addition to the foregoing enumerated powers and duties, it shall be the duty of the Commission to perform any and all other duties imposed upon it by this or any other act, and particularly shall it be its duty to do and cause to be done all things necessary to construct and maintain the system of primary roads now or hereafter designated as such and where there is no provision of law covering any necessary things to be done in the construction and maintenance of said roads, it shall do or cause to be done such necsesary things in the way and manner best calculated, in its judgment, to accomplish the necessary objects, and it is intended that the provision contained in this act shall not be treated as restrictions on its powers, save as expressly stated or clearly implied, that is to

say, it is intended that it may do all things necessary in the construction or maintenance of said roads except where the power is by this or another statute, or by the Constitution, expressly or by clear implication denied or restricted. Wherever and whenever the word "Commission" occurs herein it shall mean "The State Highway Commission of Kentucky."

The Commission shall succeed to and be invested with all the rights, powers and duties now vested in or imposed upon the State Highway Engineer and/or the State Highway Commission by any and all other statues now in effect, and it shall be the agent of the Commonwealth of Kentucky in carrying out all contracts now in effect which have been executed by the State Highway Commission as an agent of the Commonwealth of Kentucky.

All laws and parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

If any provision of this act he held to be invalid, or unconstitutional, such fact shall not affect any other provision of this act, it being the intention of the General Assembly in enacting this act to enact each provision separately; and if any proviso or exception contained in any provision of this act shall be held invalid, or unconstitutional, such fact shall not affect the remaining portion of this act, it being the intention of the General Assembly to enact each provision of this act and each proviso and each exception thereto, separately.

Whereas, it is very urgent and a public necessity to have a new Highway Commission to construct and maintain the primary system of public highways and bridges in this Commonwealth, and in order that no delay happen an emergency is hereby declared to exist, and this act shall become effective from and after its passage and approval.

Said Amendment to the Substitute as offered by the Committee is as follows, viz.:

"Amend Substitute for S. B. 35 in line 14 in Section 2 of

the printed bill after the words 'districts' by inserting 'with the exception of Washington County,' and in line 20 of section 2 after the word 'counties' by inserting 'and including Washington county'."

Mr. Hargrove moved the Previous Question.

Thereupon the Speaker announced "Shall the Main Question be now put?"

Which was decided in the affirmative.

Mr. Morris moved that the reading of the Journal of yesterday's proceedings be dispensed with.

Said motion was agreed to.

Mr. G. C. Johnson offered the following resolution:

Be it resolved by the House of Representatives of Kentucky, that

Whereas, Abraham Lincoln, one of Kentucky's most illustrious sons was born near Hodgensville, Kentucky, and

Whereas, citizens of Illinois, Indiana and Kentucky have formed the Lincoln Highway Memorial Association for the purpose of securing a highway from the Lincoln Farm, Kentucky to Springfield, Illinios, as a memorial to Abraham Lincoln, and

Whereas, this highway is proposed to follow itinerary of the Lincoln Family from the Lincoln Farm near Hodgensville, Kentucky to Pigeon Creek, Indiana, to Springfield, Illinois, and

Whereas, this Memorial would do more to honor and to perpetuate the memory of Abraham Lincoln than any other monument,

Therefore, be it resolved, that the House of Representatives of this Commonwealth approve of such a movement and pledges cooperation to secure this National Memorial Highway and that copies be sent to each member of the Kentucky Delegation in the National Congress.

Said resolution was adopted.

Mr. Douthitt offered the following resolution, viz.:

A House Resolution providing for the payment of mileage allowance, per diem and expenses of contestees, H. L. Stucker, W. G. Lutz, M. D. Hoskins, in the recent contests of Gnau v. Stucker, Klefot v. Lutz and Campbell v. Hoskins, and the expenses of contestants in said contests, and the expenses of both contestants and contestees between Reynolds v. Ratliff and Pierce v. Johnson, expenses to include reasonable allowance to attorneys engaged in said contests.

Whereas: the following contests were heard before the duly appointed contest committee, to-wit: Gnau v. Stucker; Klefot v. Lutz; Campbell v. Hoskins, and Reynolds v. Ratliff

and Pierce v. Johnson, and reports in said contests were duly submitted to the House of Representatives of the General Assembly of Kentucky, upon which reports said House of Representatives took immediate action, and

Whereas: It is the sense of this body that the contestees, Stucker, Lutz and Hoskins are entitled to and should be paid respectively their mileage allowance, and their per diem during the time they occupied seats in this body, and their necessary expenses in preparing for their defense and defending their respective contests, including reasonable attorneys' fees, and that contestants, Klefot, Gnau, Reynolds, Pierce and Campbell and contestees, Johnson, Ratliff are entitled to and should be paid their actual expenses in preparing for, prosecuting and defending in said contests, including reasonable attorney's fees; now,

Therefore, be it resolved, by the House of Representatives of the Commonwealth of Kentucky:

Sec. 1. That contestees Stucker, Lutz and Hoskins be allowed their mileage allowance, and their per diem as fixed by law for the period of time from the day of taking oath to and including the day of the action of the House of Representatives unseating them, and their actual expenses incurred in said contests including reasonable attorneys' fees; and that contestants Reynolds, Pierce, Gnau, Klefot and Campbell and contestees, Johnson and Ratliff be allowed their actual expenses in preparing, prosecuting and conducting said contests and defenses thereto, including a reasonable allowance for attorneys' fees, and such sums as are hereinafter set out shall be paid to said parties, or their respective attorneys upon vouchers to be issued after the passage of this resolution, by the Chief Clerk of the House of Representatives, addressed to the Auditor of the Commonwealth.

Sec. 2. The amounts to be paid to each of said contestees and contestants, and which are now allowed, are as follows, to-wit:

To Harold Stucker, mileage to Frankfort from Louisville and return, 58 8/10 miles at 15c	$17.40

Mr. Douthitt moved that the vote by which said resolution was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Mr. Douthitt moved that a resolution entitled:

H. Res. 11. Joint resolution providing for the payment of mileage allowance, per diem and, etc., in contest suits of Stucker, W. G. Lutz, etc.

Which was previously referred to Committee on Appropriations No. 1 and subsequently reported by same committee,

With expression of opinion that said resolution ought to pass,

Be recommitted to Committee on Appropriations No. 1.

Said motion was agreed to.

A message was received from the Senate announcing that they had passed bills and a resolution which originated in this House entitled:

H. Res. 8. Resolution providing that the Legislature of Kentucky recommend to the Congress of the United States and Interstate Commerce Commission, legislation providing for Federal regulation of interstate motor bus operation.

H. B. 21. An Act entitled "An Act changing the name of Chinnville, Greenup county, Kentucky to that of Raceland, Greenup County, Kentucky."

H. B. 87. An Act entitled "An Act changing the name of Dolen, Perry county, Kentucky, to that of Combs, Perry county, Kentucky."

Ordered that said bills and resolution be delivered to the Enrolling Clerk of this House.

A message was received from the Senate announcing that they had passed bills which originated in that body entitled:

1. S. B. 139. An Act establishing as a part of the primary system of the Commonwealth of Kentucky, a road leading from Pellyton, in Adair county, Kentucky, to and inter-

secting with the Liberty and Campbellsville State Highway, at a point between Creston and Price's shop in Casey County, by way of Rheber, to be known and designated as project No. 23-X.

2. S. B. 173. An Act relating to Roads and Highways, and establishing a road connecting the Jefferson Davis Highway with the Dixie Bee Line.

3. S. B. 172. An Act relating to Roads and Highways and establishing a road to Blue and Gray Park in Todd County.

Mr. G. C. Johnson moved that the Rules be suspended and that the House take up for immediate consideration from the Orders of the Day, a bill entitled:

H. B. 10. An Act to amend Chapter 87, page 241 of the Acts of the General Assembly of 1922, regulating fees for passenger automobiles, etc.

With a Committee Amendment thereto by way of Substitute therefor.

Said motion was agreed to.

Thereupon the House took up for consideration from the Orders of the Day, said bill.

Said bill is as follows, viz.:

An Act to amend Chapter 87, page 241, of the Acts of the General Assembly of 1922, regulating fees for passenger automobiles, which Act is an amendment of Sub-section (c) of Section 2, Chapter 90 of the Acts of the General Assembly of 1920.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That Chapter 87 of the Acts of the General Assembly of 1922 be, and the same is hereby amended so that same when re-enacted shall read as follows:

(c) Fees for Passenger Automobiles. For each motorcycle registration fee shall be five dollars.

Automobiles primarily designed for carrying passengers and having provisions for not more than seven passengers including the operator, shall be classed as passenger automobiles, and the annual registration fee for same shall be as follows:

For each passenger motor vehicle of less than twenty-five (25) horsepower and weighing less than two thousand, five hundred (2,500) pounds, five dollars ($5.00).

For each passenger motor vehicle of less than twenty-five (25) horsepower and weighing two thousand, five hundred (2,500) pounds and less than three thousand (3,000) pounds, six dollars ($6.00).

For each passenger motor vehicle of less than twenty-five (25) horsepower and weighing three thousand (3,000) pounds and less than thirty-five hundred (3,500) pounds, seven dollars ($7.00).

For each passenger motor vehicles of less than twenty-five (25) horsepower and weighing three thousand, five hundred (3,500) pounds or more, eight dollars ($8.00).

For each passenger motor vehicle of twenty-five (25) horsepower or more, and weighing less than two thousand five hundred (2,500) pounds, eight dollars ($8.00).

For each passenger motor vehicle of twenty-five (25) horsepower or more, and weighing two thousand five hundred (2,500) pounds, and less than three thousand five hundred (3,500) pounds, nine dollars ($9.00).

For each passenger motor vehicle of twenty-five (25) horsepower or more, and weighing three thousand five hundred (3,500) pounds or more, ten dollars ($10.00).

For each electric passenger motor vehicle, five dollars ($5.00).

The horsepower used in computing license fees shall be the insured horsepower, N. A. C. C. rating, and weights so used shall be the shipping weight as stated by the manufacturer of the motor vehicle.

Be it further enacted that the foregoing amendment shall not become effective until the 2nd day of December, 1930.

Be it further enacted that all laws in conflict with the foregoing amendment are hereby repealed.

Said Substitute is as follows, viz.:

An Act to amend and re-enact an Act known as Chapter 87 of the Acts of 1922, entitled, "An Act to amend Subsection C of Section 2, Chapter 90, page 415 of the Acts of the General Assembly of 1920, regulating fees for passenger automobiles," and further regulating fees for passenger automobiles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That Chapter 87 of the Acts of 1922, entitled "An Act to amend Subsection C of Section 2, Chapter 90, page 415

of the Acts of the General Assembly of 1920, regulating fees for passenger automobiles" be and the same is hereby amended so that same when amended and re-enacted shall read as follows:

Fees for Passenger Automobiles—For each motorcycle registration fee shall be five dollars.

§ 2. Automobiles primarily designed for carrying passengers and having provision for not more than seven passengers, including the operator, shall be classed as passenger automobiles, and the annual registration fee for same shall be nineteen cents for each horsepower of the vehicles registered, to be calculated on the rating fixed by the Society of Automobile Engineers, plus thirty cents on each the one hundred pounds of said automobile.

§ 3. The weight of any motor vehicle shall be determined by a Standard Service Bureau with the vehicle fully equipped, and it shall be the duty of the State Tax Commission to prepare or procure a book or pamphlet showing the horsepower and weight of each make and type of car sold in this state, and furnish same to each County Court Clerk in the state. The weight of any automobile for which registration is applied, which is not shown in such book or pamphlet prepared by the State Tax Commission, shall be determined on a standard scale.

§ 4. The foregoing amendment shall not become effective until the second day of December, 1930.

Mr. Johnson moved the Previous Question.

Thereupon the Speaker announced "Shall the main question be now put?"

Which was decided in the affirmative.

The hour of two o'clock P. M. having arrived, that being the hour heretofore set for the Special Orders of the Day, the House suspended further consideration of H. B. 10 and took up for consideration from the Special Orders of the Day the first of said bills, to-wit:

H. B. 260. An Act authorizing and empowering the Kentucky State Park Commission to acquire property for State Park purposes by the exercise of the power of eminent domain, and instructing it to do so, when so directed by the General Assembly, and prescribing procedure to be taken for that purpose by the Attroney General; and declaring an emergency.

Said billl is as follows:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. The Kentucky State Park Commission, in addition to the powers and duties heretofore conferred or imposed upon it by law, shall have full power and authority to acquire, by the exercise of the power of eminent domain, any lands or waters, or any estate or interest therein, located in the State of Kentucky and having scenic beauty, or material or recreational utility, or historic interest or remarkable natural phenomena, or any other unusual features which, in the judgment of said Commission, expressed by resolution, or in the judgment of the General Assembly, expressed either by Act or by Joint Resolution, should be acquired or preserved and maintained for the purposes of the law creating and governing the said Kentucky State Park Commission.

Said Kentucky State Park Commission shall have power, and when so directed by Act or Resolution of the General Assembly it shall be its duty, to institute and prosecute on behalf of the State any condemnation proceedings necessary or proper for the acquisition of any such properties for State

park purposes that cannot be acquired on reasonable terms by agreement with the owners thereof.

Except as herein otherwise provided, such proceedings shall be brought and conducted in all respects substantially in accordance with the laws relating to the exercise by railroad companies of the power of eminent domain.

All contracts in reference to any of said properties and all titles thereto shall be taken in the name of the State of Kentucky, for the use and benefit of the Commonwealth of Kentucky and not otherwise, and such titles shall be examined and approved by the Attorney General of the State of Kentucky before any property shall be finally purchased or finally acquired by gift of by the exercise of the power of eminent domain.

§ 2. Upon request or direction by resolution of the Kentucky State Park Commission, or upon instructions contained in any Act or Joint Resolution of the General Assembly, the Attorney General of the State of Kentucky is hereby authorized and directed to institute, in the name of the Kentucky State Park Commission, such proceedings as may be necessary, in the exercise of the power of eminent domain, for the acquisition of any properties of the character described in Section 1 of this Act, or of any right or interest or easement therein, which cannot be acquired upon reasonable terms by agreement with the owners thereof, and which shall be designated or described in any request or direction given by the Kentucky State Park Commission or by Act or Resolution of the General Assembly, as desirable for acquisition on behalf of the State of Kentucky for State park purposes.

§ 3. Such condemnation proceedings as may be necessary, may, in the discretion of the Attorney General, be brought in separate actions against the owners of separate properties therein sought to be acquired, or may be brought as one joint action against the owners of all the separate tracts embraced in the areas sought to be acquired.

§ 4. Owing to the fact that properties desirable for

State park purposes are proposed to be applied to other uses which would interfere materially with their later acquisition or availability for State park purposes, an emergency is hereby declared to exist, and this Act shall take effect and be in force from and after its enactment.

Mr. Marshall moved the Previous Question.

Thereupon the Speaker announced: "Shall the main question be now put?"

Which was decided in the affirmative.

There voted in the negative—

Thomas H. Troxel —1

Resolved that the title thereof be as aforesaid.

Mr. John Y. Brown moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Thereupon the House took up for consideration from the Orders of the Day, the Special Order, to-wit, a bill entitled:

H. B. 302. An Act accepting an offer by Hon. Coleman DuPont to provide certain funds for the acquisition for State Park purposes, of an area approximating 2000 to 2200 acres, including the site of Cumberland Falls and adjacent or surrounding lands or waters, and further instructing the Ken-

tucky State Park Commission to negotiate, if possible, the purchase thereof within the terms and limits of said offer, and, failing such purchase, further instructing the Kentucky State Park Commission and/or the Attorney, in its name, to institute and prosecute such condemnation proceedings as may be necessary or proper for the acquisition thereof.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

WHEREAS, It has come to the attention of the General Assembly, by petition for redress and relief presented by numerous citizens of the State, and also by other means, that the interests of the State would be greatly advanced through the acquisition of Cumberland Falls and its adjacent or surrounding area upon either side or both sides of Cumberland River in the vicinity of the falls, to the extent of approximately 2000 to 2200 acres, such area to be kept and maintained forever as an exclusively State-owned and State-controlled public park; and

WHEREAS, Honorable Coleman duPont, a native son of Kentucky, now residing in Delaware, has generously offered to provide a fund of $230,000.00, if required, to be expended for the acquisition of Cumberland Falls and the adjacent or surrounding lands or waters, approximating 2,000 to 2,200 acres in extent, within or upon either side or both sides of Cumberland River, for exclusive State park purposes;

THERETOFORE, be it enacted:

§ 1. Said offer is hereby accepted on behalf of the State of Kentucky, and the fund provided pursuant to said offer shall be kept separate from the funds of the State and shall be applied or expended solely in payment of the purchase price of Cumberland Falls and such adjacent or surrounding

area, within or upon either side or both sides of Cumberland River, approximating 2,000 to 2,200 acres, as may be acquired, for exclusive State Park purposes, either by voluntary agreement with the owner or owners thereof or by condemnation proceedings.

§ 2. The Kentucky State Park Commission is hereby directed, and it shall be its duty, immediately upon the passage of this Act, to open negotiations with the owner or owners of the site of Cumberland Falls and such adjacent or surrounding lands or waters, approximating 2,000 to 2,200 acres in extent, within or upon either side or both sides of Cumberland River, as may be laid out or designated by said Kentucky State Park Commission, or by the Attorney General in the event of the Commission's failure to define the boundaries of said area consistently with the purpose of this Act to preserve Cumberland Falls in its existing state as the essential part of a State Park.

§ 3. In the event the Kentucky State Park Commission shall be unable, within three months from the passage of this Act, by voluntary agreement with the owner or owners of the properties so designated, to preserve Cumberland Falls in its existing state and to include the site of Cumberland Falls and the adjacent or surrounding lands or waters, within or upon either side or both sides of Cumberland River, approximating 2,000 to 2,200 acres in extent, upon reasonable terms, within the limits of $230,000.00, to be paid for the whole area so acquired, then said Kentucky State Park Commission and the Attorney General, in its name, are and each of them is hereby directed and required to institute and prosecute to conclusion such condemnation proceedings as may be necessary or proper for the acquisition thereof, which proceedings shall be conducted in the manner provided therefor at the time by any law heretofore or hereafter enacted.

§ 4. The Attorney General is hereby authorized, empowered and directed on behalf of the State of Kentucky, to take such proceedings in the name of the Kentucky State

Park Commission as in his judgment may be necessary to carry out the true purpose and intent of this Act, to preserve Cumberland Falls in its existing state and to acquire title for the State to the area above described or designated, and said area, when so acquired, is hereby placed under the jurisdiction of the Kentucky State Park Commission for administration by it as an exclusively State-owned and State-controlled Park, with all the powers and subject to all the duties in reference thereto, prescribed by any law heretofore or hereafter enacted.

§ 5. The General Assembly hereby places on record its appreciation of the offer so generously made by Honorable Coleman duPont.

Owing to the fact that the site of Cumberland Falls and the adjacent or surrounding area within Cumberland River or on either side or both sides thereof, which are desirable for State Park purposes, are proposed to be applied to other uses, which would materially interfere with their later acquisition or availability for State Park purposes, an emergency is hereby declared to exist, and this Act shall take effect and be in force from and after its enactment.

Mr. Lebus offered the following Amendment to said bill, viz.:

"Amend H. B. 302 on page 3, section 5, line 2 by adding thereto the following words: 'but the acceptance of this offer shall not be construed as preventing the future legislatures of the State of Kentucky from authorizing the development of said park area as a State-owned power project, if in the course of time, it is found to be to the best interests of the State, but in no event shall said area be sold to any private commercial interest.' "

Mr. Everhart moved that said bill lie on the Clerk's desk.

Said motion was disagreed to.

The hour of eleven o'clock A. M. having arrived, that being the hour heretofore set for the Special Order of the Day, the House took up for consideration from the Orders of the Day, said Special Order, to-wit; a bill entitled:

H. B. 111. An Act relating to revenue and taxation, imposing an excise or license tax on merchants, as the word "Merchant" is defined in this Act; providing for the collection of such tax; the distribution and use of the revenue derived therefrom; the administration of said law, fixing fines and penalties for the violation of this Act; declaring an emergency to exist, and repealing all laws in conflict with the provisions of this Act.

With a Committee Amendment thereto by way of Substitute therefor.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. The word "merchant," as used in this act, shall mean and include every person, association, copartnership or corporation engaged in the buying and selling of goods, wares or merchandise at any store, stand or place in this State occupied for that purpose. In determining the number of stores, stands or places of business owned or operated by a merchant for the purpose of fixing the tax due, the merchant having a controlling intertst, directly or indirectly, in any

store, stand or place of business shall be liable for and pay the tax due. Should two or more merchants, as defined herein, own, operate or have a controlling interest in different stores, stands or places of business and pool their buying or selling, each and every store, stand or place of business, so operated, shall be treated as being owned by one merchant for the purpose of determining the tax due.

§ 2. All taxes collected under the provisions of this act shall be paid into the State Treasury in the manner herein provided, and one-half thereof shall be set aside for the specific purpose of liquidating the indebtedness of the Commonwealth until the said indebtedness is entirely liquidated, at which time it shall be credited to the general fund. The remaining one-half shall be credited to the general fund.

§ 3. Every merchant, as defined herein, owning, operating or controlling not more than one store, stand or place of business in this State, shall on or before May 1, 1930, and annually thereafter, pay to the county court clerk of the county wherein such store, stand or place of business is located, the license or excise tax due under the provisions of this act. The county court clerk shall, on the first day of each and every month, pay the license taxes collected under the provisions of this act into the State Treasury through the Auditor of Public Accounts; and said clerk, in full compensation for his services, shall be allowed a fee of one ($1.00) dollar on each license issued for which he collects the tax and accounted for by him.

§ 4. Every merchant, as defined herein, owning operating or controlling two or more stores, stands or places of business in this State, shall, on or before May 1, 1930, and annually thereafter, file with the State Tax Commission a statement, under oath or affirmation, on such forms as it may prescribe, giving the number and location of each separate store, stand or place of business, and pay to the Auditor of Public

Accounts the license or excise tax due under the provisions of this act.

§ 5. Every merchant, as defined herein, beginning the operation of any store, stand or place of business in this State on any other date than May 1st of any year, shall first pay the tax due to the official, in the manner herein provided for, and the amount due shall be based upon that proportion of the annual tax that the time remaining between the date of the beginning of the operation and the following May 1st bears to a calendar year.

§ 6. The license or excise tax levied herein shall not be in lieu of any special state license or excise tax due under the provisions of any law now in force or that may hereafter be enacted. Should any merchant, as defined herein, be liable for and pay any special state license tax under the laws now in force, or that may hereafter be enacted, credit may be taken on the tax levied in this act for the amount of such special license tax so paid not to exceed the amount of the license or excise tax levied herein.

§ 7. Every merchant, as defined herein, owning, operating or controlling, directly or indirectly, not more than one store, stand or place of business in this State, shall be liable for and pay an annual license tax of Twenty-five ($25.00) Dollars, as provided herein. Every merchant, as defined herein, owning, operating or controlling, directly of indirectly, more than one store, stand or place of business in this State, shall be liable for and pay an annual license tax of Twenty-five ($25.00) Dollars for the first store, stand or place of business in this State, Thirty-seven dollars and fifty cents ($37.50) for the second, Fifty dollars ($50.00) for the third, and on each additional store, stand or place of business so owned, operated or controlled, a tax in an amount determined by adding Twelve dollars and fifty cents ($12.50) consecutively for each such store, stand or place of business.

§ 8. Whenever any merchant, as defined herein has

paid the license tax due and shall die or sell any store, stand or place of business before the expiration of the year for which the license tax was paid, the authorities by which such license was originally granted may renew the license to the personal representative or widow of the deceased or purchaser of the store, stand or place of business without the payment of any additional tax for the unexpired period. The application for the transfer and the granting thereof shall be in the same way and subject to the same conditions as the original license except that the transfer shall be endorsed on the license as originally granted.

§ 9. If any merchant, as defined herein, neglects or refuses to pay the tax at the time herein provided, the amount thereof with an addition of twenty per centum thereof shall be collected on an account settled by the State Tax Commission, as other taxes are settled and collected; and if collected by proceedings in any court, an additional penalty of twenty per centum shall be collected as authorized to be collected in revenue agent's proceedings under Section 4263-4 of the Kentucky Statutes. The twenty per centum penalty, as herein provided, shall be paid into the State Treasury as part of the tax and the twenty per centum penalty collected in revenue agent's proceedings shall be distributed as provided in Section 4263-4 of the Kentucky Statutes.

§ 10. It shall be the duty of the State Tax Commission to administer and enforce the provisions of this act; and any merchant; as defined herein, who fails to comply with the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof, shall be sentenced to pay a fine of not less than Twenty-five ($25.00) Dollars, nor more than One Thousand ($1,000.00) Dollars.

§ 11. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional, the decisions of the court shall not affect or impair any of the remaining provisions of this act. It is hereby declared as a legislative

intent that this act would have been adopted had not such unconstitutional provisions been included therein.

§ 12. All laws and parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

§ 13. Whereas, the present state revenue does not meet the immediate needs for the maintenance and devlopmnt of the State government and its agencies, an emergency is declared to exist, and this act shall become a law and be effective upon its passage and approval by the Governor.

Said Substitute is as follows, viz.:

An Act relating to revenue and taxation, imposing an excise or license tax on retail merchants, as the words "retail merchants" are used in this act; providing for the collection of such tax; the distribution and use of the revenue derived therefrom; the administration of said law, fixing fines and penalties for the violation of this act; declaring an emergency to exist, and repealing all laws in conflict with the provisions of this Act.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. The words "retail merchant," as used in this act, shall mean and include every person, firm, association, copartnership or corporation opening, establishing, operating or maintaining any "store," as defined herein, for the purpose of and selling goods, wares or merchandise at retail in this State, except those actually engaged in gardening or farming and selling garden or farm products raised by them in this State. The term "store," as used in this act, shall be construed to mean and include any store or stores or any mercantile establishment or establishments in this State which are owned, operated, maintained or controlled by the same "retail merchant," as defined herein, either domestic or foreign, in which goods, wares or merchandise of any kind,

are sold at retail. The provisions of this act shall be construed to apply to every "retail merchant" and "store," as defined herein, which is controlled or held with others by majority stock ownership or ultimately controlled or directed by one management or association of ultimate management.

§ 2. Every retail merchant, as defined herein, shall pay an annual license tax for the opening, establishing, operating or maintaining of any store or stores, as defined herein, determined by computing the tax on the amount of gross sales as follows:

One-twentieth of one per cent of the gross sales of Four hundred thousand ($400,000.00) Dollars or less; two-twentieths of one per cent on the excess of the gross sales over Four hundred thousand ($400,000.00) Dollars and not exceeding Five hundred thousand ($500,000.00) Dollars; five-twentieths of one per cent on the excess of the gross sales over Five hundred thousand ($500,000.00) Dollars and not exceeding Six hundred thousand ($600,000.00) Dollars; eight-twentieths of one per cent on the excess of the gross sales over Six hundred thousand ($600,000.00) Dollars and not exceeding Seven hundred thousand ($700,000.00) Dollars; eleven-twentieths of one per cent on the excess of the gross sales over Seven hundred thousand ($700,000.00) Dollars and not exceeding Eight hundred thousand ($800,000.00) Dollars; fourteen-twentieths of one per cent on the excess of the gross sales over Eight hundred thousand ($800,000.00) Dollars and not exceeding Nine hundred thousand ($900,000.00) Dollars; seventeen-twentieths of one per cent on the excess of the gross sales over Nine hundred thousand ($900,000.00) Dollars and not exceeding One million ($1,000,000.00) Dollars; one per cent on the excess of the gross sales over One million ($1,000,000.00) Dollars.

§ 3. Every retail merchant, as defined herein, in order to ascertain the amount of taxes due and payable under the next preceding section, shall file with the State Tax Commis-

sion on or before the first day of February each year a written report verified by the affidavit of the owner or chief officer on such forms as it may prescribe, giving the number and location of its store or stores, as defined herein, the name and post office address of its owner or principal officer, the name and address of its officer or agent in charge of its business at each separate store, the nature and kind of business, the total gross sales during the preceding year ending the thirty-first day of December, and such other facts bearing on the proper taxation as the Tax Commission may require.

The State Tax Commission may, in any case, require such additional information as it may deem necessary to enable it to perform its duties herein. It shall be the duty of the State Tax Commission from such reports, and from such additional information as it may obtain, to ascertain the amount of taxes due, and to certify to every such retail merchant the amount of taxes due for the preceding year, based upon such reports and information as it may ascertain. Upon final action by the State Tax Commission, it shall certify to the Auditor of Public Accounts and to the retail merchant the amount of such tax due by each retail merchant, as defined herein, and it shall be the duty of each retail merchant to pay the amount of such tax to the Auditor of Public Accounts not later than thirty days thereafttr.

In reporting the gross sales for the year, 1930, retail merchants shall include only those sales made between the date that this act becomes effective and December 31, 1930, and the license tax due for the year 1930 shall be based on the amount of those sales only.

§ 4. The license or excise tax levied herein, shall not be in lieu of any special state license, excise, occupational or corporation license tax due under the provisions of any law now in force, or that may hereafter be enacted. Should any retail merchant, as defined herein, be liable for and pay any special state license, excise, occupational or corporation li-

cense tax under the laws now in force, or that may hereafter be enacted, credit may be taken on the tax levied in this act for the amount of such special license, excise, occupational or corporation license tax so paid not to exceed the amount of the license or excise tax levied herein.

§ 5. If any retail merchant, as defined herein, neglects or refuses to file the verified report or pay the tax due at the time herein provided, the amount thereof with an addition of a penalty of twenty per centum thereof, with interest at the rate of six per centum per annum from the date when due until paid, shall be collected on an account settled by the State Tax Commission as other taxes are settled and collected; and if collected by proceedings in any court, an additional penalty of twenty per centum shall be collected, as is authorized to be collected in revenue agent's proceedings under Section 4263-4 of the Kentucky Statutes.

The said twenty per centum penalty thereon and interest due shall be paid into the State Treasury as part of the tax, and the twenty per centum penalty collected in revenue agent's proceedings shall be distributed as provided in section 4263-4 of the Kentucky Statutes.

§ 6. The State Tax Commission, or any assistant or representative thereof, appointed in writing by it, is hereby authorized to examine the books, records, papers, files and equipment of any retail merchant, as defined herein, made taxable by this act, and to that end, shall have the power to examine witnesses under oath to verify the accuracy of any return made under the provisions of this act, or to ascertain whether or not any tax is due under the provisions of this act by any retail merchant; and in the collection of said tax, the State Tax Commission shall have the power to institute legal proceedings for the purpose of ascertaining the amount of tax due and the collection thereof with the penalties thereon, and the State Tax Commission shall be vested with all the powers under the law of the State for the collection of taxes.

The State Tax Commission may, at or after the commencement of an action for the purpose of collecting the amount of tax due and penalties and interest due thereon, as set out herein, have an attachment against the property of the defendant, including garnishees, without the execution of a bond upon the filing of an affidavit showing the nature of the claim, that it is just, the sum which the State Tax Commission believes the plaintiff ought to recover and that the collection of the demand will be endangered by delay in obtaining judgment or a return of no property found. Any information gained by the State Tax Commission, or any assistant, agent or representative thereof, as a result of the reports, investigations or verifications herein required to be made, shall be confidential, and any person divulging such information shall be guilty of a misdemeanor, and, upon conviction, shall be fined not exceeding Five Hundred ($500.00) Dollars; provided, that this prohibition shall not extend to information required in prosecutions for making false reports or returns or in the preparation and prosecution of legal proceedings, for the collection of any tax due under the provisions of this act, or any prosecutions for any other infraction of the tax laws of this State.

§ 7. Any retail merchant, as defined herein, or any officer, director, trustee or agent, who shall fail, neglect or refuse to make the reports and pay the tax herein prescribed, or shall refuse to permit the State Tax Commission, its assistants, agents or representatives appointed by it in writing to examine the books, records, papers, files and equipment of such retail merchant, as defined herein, or who does, or attempts to do, anything whatever to avoid a full disclosure of the amount of business done, or to avoid the payment of the whole or any part of the tax or penalties due, shall be guilty of a misdemeanor, and upon conviction shall be fined not exceeding One Thousand ($1,000.00) Dollars, and in case the offender is an individual, he may be imprisoned in the county

jail not exceeding six months, or both so fined and imprisoned. Such penalty shall be in addition to the penalty imposed in Section 5 of this act.

§ 8. It shall be the duty of the State Tax Commission to administer and enforce the provisions of this act, and it is hereby authorized and empowered to prescribe all blanks, forms and reports necessary to carry out the provisions of this act, and all costs and expenses incurred by the State Tax Commission in the administration of this act shall be paid out of the funds collected hereunder.

§ 9. All taxes collected under the provisions of this act shall be paid to the Auditor of Public Accounts, and of such amounts so received by the Auditor in any fiscal year, one-half part shall be set aside and credited to the General Fund for the specific purpose of liquidating any indebtedness of the Commonwealth until the said indebtedness is entirely liquidated, at which time it shall be credited to the General Fund for the use of the ordinary expenses of the government; one-tenth part shall be for the support and erection of buildings for the University of Kentucky, at Lexington; one-tenth part for the support and erection of buildings for the Eastern State Teachers College, at Richmond; one-tenth part for the support and erection of buildings for the Western State Teachers Collgee, at Bowling Green; one-tenth part for the support and erection of buildings for the Murray State Teachers College, at Murray; one-tenth part for the support and erection of buildings at the Morehead Teachers College, at Morehead; and the Auditor of Public Accounts will make distribution of said tax in accordance with said apportionment at the end of each month. The tax herein provided for the University of Kentucky and the State Teachers Colleges shall be paid monthly, when and as collected, to the treasurers of these institutions in the amounts set forth in this section. The taxes provided for in this act to be distributed among and paid to the departments of the State and to the several

institutions, shall be in addition and not in lieu of any and all taxes now provided by law for the benefit of such departments of State and such institutions.

§ 10. No suit shall be maintained in any court to restrain or delay the collection or payment of the tax herein imposed upon any ground whatever, but the aggrieved taxpayer shall pay the tax as and when due, and if paid under protest may at any time within two years from the date of such payment sue the Auditor of Public Accounts in an action at law to recover the tax so paid, with legal interest thereon, from the date of payment. If it is finally determined that said tax, or any part thereof, was wrongfully collected for any reason, it shall be the duty of the Auditor of Public Accounts then in office to issue his warrant on the Treasurer of the Commonwealth of Kentucky for the amount of such tax so adjudged to have been wrongfully collected, together with interest thereon, and the Treasurer shall pay same out of the General Fund of the State. A separate suit need not be filed for each separate payment made by any taxpayer, but a recovery may be had in one suit for as many payments as may have been made, and which are not barred by the limitation of two years herein imposed.

§ 11. The provisions of this act are severable and if any of its provisions or any penalty provided by this act shall be held unconstitutional, such provision or the particular penalty held to be invalid may be rejected without affecting the remainder of the act or such part of the penalties as are not held to be invalid and the decisions of the courts shall not affect or impair the remaining provisions of this act or any of the other penalties anywhere in this act provided. It is hereby declared as a legislative intent that this act would have been adopted had such unconstitutional provisions or such invalid penalties not been included therein.

§ 12. All laws and parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

§ 13. Whereas, the present state revenue does not meet the immediate needs for the maintenance and development of the State government and its agencies, an emergency is declared to exist, and this act shall became a law and be effective upon its passage and approval by the Governor.

Mr. Dorman offered the following Amendment to said substitute, viz.:

"Amend Substitute for H. B. 111 by striking out lines 4, 5, 6 and 7 of page 6, Section 9, of the printed bill the following words: 'General Fund for the specific purpose of liquidating any indebtedness of the Commonwealth until the said indebtedness is entirely liquidated at which time it shall be credited to the General Fund for the use of the ordinary expenses of the government' ; and insert in lieu thereof the following words: 'Board of Charities and Corrections for the specific purpose of repairing, maintaining and constructing permanent improvements for the use of the institutions under the control of said board.' "

Said Amendment was agreed to.

Mr. Gnau moved the Previous Question.

Thereupon the Speaker announced "Shall the main question be now put?"

Which was decided in the affirmative.

Mr. Eimer offered the following Amendment to said substitute, viz.:

"Amend substitute for H. B. 111 by striking out all of Section 11 on page 7."

Said Amendment was disagreed to.

Mr. G. C. Johnson offered the following Amendment to said substitute, viz.:

"Amend Substitute for H. B. 111, page 2, section 2 by striking out line 5 and to the word 'less' inclusive in line 6; and substitute in lieu thereof the following: 'One Hundredth of one percent of the gross sales of ($100,000.00) One Hundred Thousand Dollars or less.' "

Said Amendment was disagreed to.

Mr. Peters offered the following Amendment to said Substitute, viz.:

"Amend Substitute for H. B. 111 by striking out all the words appearing in Article 9, page 6, immediately following the word 'government' appearing in line 7 of Article 9 and inserting in lieu therefor the following words: 'The remainder of the amounts so collected and received by the Auditor in any fiscal year shall be credited to a fund to be used for the specific purpose of liquidating any indebtedness of the Commonwealth.' "

Said Amendment was agreed to.

The yeas and nays being required thereon by Messrs. Ardery and Peters, were as follows, viz.:

Mr. Via offered the following Amendment to the title of said bill, viz.:

"Amend the title to said bill by striking from the original bill the title thereof and substituting the title of the substitute for the title of the bill which is in words and figures as follows:

(For title see title of Substitute in Journal of today ante)

Said Amendment was agreed to.

Resolved that the title thereof be as amended.

Mr. Via moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

Mr. Dorman moved that the session of today be extended indefinitely.

Said motion was agreed to.

Mr. Dorman moved that when the hour of twelve o'clock Meridian arrived today that the House do then recess for one hour.

Said motion was agreed to.

The Speaker laid before the House the following communication from the State Progress Commission, complying with a resolution heretofore adopted by this House, viz.:

Frankfort, Ky.,
February 14, 1930.

To the House of Representatives:

In accordance with House Resolution of February 4, 1930, introduced by Representative Terry of Breathitt

County, the Kentucky Progress Commission herewith submits to your honorable body an itemized report of cash receipts of the Kentucky Progress Association with such information as requested. The report not only includes the sources from which the sum of $34,504.04 was derived, but memberships and contributions to and inclusive of the date of the Resolution.

The Kentucky Progress Commission, recognizing this opportunity to conform to the substantial purpose of the Resolution, feels that it can best serve that purpose by stating in this letter of transmittal that each and every subscription has been solicited under authority and direction of Section 4 of Chapter 163 of the Acts of the 1928 Kentucky General Assembly.

We further state that there has never been any duress, coercion or intimidation on the part of this Commission or employees thereof, in the soliciting of memberships or contributions to the Kentucky Progress Association; and that no complaint of duress, coercion or intimidation has ever been made to it from any subscriber or anyone solicited to become a subscriber.

In restricting the appropriation from the State Treasury exclusively to advertising, and providing no funds for paying overhead expenses, salaries of employees, etc., the Legislature clearly set forth in the Act the duty and obligation of the Progress Commission to organize the Kentucky Progress Association for the latter purpose, and each and every subscriber or contributor is accredited by the Commission with loyal and voluntary support of the Legislature's non-partisan, bi-lateral plan to advertise Kentucky.

Respectfully,

The Kentucky Progress Commission

J. Robt. Kelley,
Vice Chairman.

Mr. Light moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day a bill entitled:

H. B. 124. An Act establishing Park Commissions in counties containing cities of the second class and having a population of 75,000 and authorizing the levy of tax to purchase and maintain parks, playgrounds and recreation centers.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That each county having a population of 75,000 or more, and having therein a city of the Second Class, is hereby authorized and empowered through the fiscal court of said county to establish a County Park Commission in which shall be vested the power to acquire by gift, purchase, or lease, parks, playgrounds and recreation centers. Such commission shall have the power to maintain and equip such parks, playgrounds and recreation centers, to build roads and buildings therein, and may for the purpose of carrying out the provisions of this act, employ such trained supervisors and other officers or employes, as they deem proper. The title to all land required shall be held in the name of the Commission and the same or part thereof may be sold by the affirmative vote of four members of such commission, except where a sale is prohibited under the terms of the deed or grant.

§ 2. When the fiscal court of such county has passed a resolution establishing such County Park Commission, the County Judge shall appoint four members residing within the county who together with the county road engineer or the Chairman of the City Planning and Zoning Commission (whichever may be designated by the County Judge) shall

constitute the commission. Such members shall be appointed to serve for terms of four years, or until their successors are appointed, except that the first member shall so be appointed that the term of one member shall expire annually. Vacancies shall be filled by appointment for the unexpired term. Members of said commission shall serve without pay and it shall be unlawful for any member to contract with said commission.

§ 3. The Fiscal Court at the time of creating such commission and annually thereafter shall levy a tax not exceeding two cents on each $100 of all taxable property in the county, which tax shall remain in the hands of the county treasurer and shall be paid out on warrants signed by the president and secretary of the Park Commission.

§ 4. Any one or more cities or school districts may unite with such county in establishing parks, playgrounds and recreation centers.

§ 5. And by reason of the construction of new roads in said counties and the extensive laying out of new highways by the Planning Commissions therein which are now making comprehensive plans for said counties and the proper location of parks, playgrounds and community centers under contract with expert city planners, and whereas the immediate co-ordination of said work is necessary before said plans have been completed and before said new roads and highways have been located, there is declared to exist an emergency and this act shall become a law when approved by the Governor.

Ordered that said bill be read the third time.

The constitutional provision as to the third reading of said bill at length being dispensed with, said bill was read the third time by its title and passed.

The yeas and nays being taken on the passage of said bill in accordance with the provision of the Constitution were as follows, viz.:

Those who voted in the affirmative were—

F. B. Adcock	J. O. Evans	F. Tyler Munford
U. G. Anderson	Kelly J. Francis	H. L. Nickell

J. W. Edwards	Harry J. Meyers	G. W. Wigginton
William A. Eimer	M. F. Moore	Robert Williams
Garland Embry	B. T. Morris	—68

Resolved that the title thereof be as aforesaid.

Mr. Meiman moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 103. An Act to repeal, amend and re-enact section 2740, Kentucky Statutes by Carroll, 1922 Edition, also section

2740, Kentucky Statutes, Baldwin's Supplement, 1928 Edition, of Kentucky Statutes by Carroll, 1922 Edition; also chapter 82 of the Acts of the General Assembly of 1924; also chapter 141 of the Acts of the General Assembly of 1926, all relating to the classification of cities of the Commonwealth of Kentucky.

Mr. Evans moved that said bill be recommitted to Committee on Classification of Cities and Towns.

Said motion was agreed to.

The House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 4. An Act to amend Sec. 2554a, subsec. 19, Kentucky Statutes, Carroll's Edition of 1922, relating to liquors—intoxicating.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That section 2554a-19 of the Kentucky Statutes, Carroll's Edition, 1922, be amended by striking therefrom the following words:

"All such persons other than manufacturers, who sell or dispose of liquors within the provisions of this act, except as provided in Sec. 6, shall file in the office of the county court clerk of the county in which such liquors are sold, or disposed of, a sworn statement showing the amount, kind and quality of liquors sold, the date of such sales, the amount sold, and the name and address of the persons to whom sold. If none has been sold, the report shall so state; such reports shall be made and filed on March thirty-first, June thirtieth, September thirtieth, and December thirty-first of each year. (Id., Sec. 19.)"

Mr. Hargrove offered the following substitute for said bill, viz.:

An Act to amend section 31 of chapter 33 of the Acts of the General Assembly of 1922, the same being section 2554a-31 of 1928 Supplement to Carroll's Kentucky Statutes, 1922 Edition, relating to intoxicating liquors.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That section 31 of chapter 33 of the Acts of the General Assembly of 1922, the same being section 2554a-31 of 1928 Supplement to Carroll's Kentucky Statutes, 1922 Edition, be repealed, amended and re-enacted, so that it will read as follows:

Section 2554a-31. All persons other than manufacturers, who sell or dispose of any spirituous, vinous, malt or intoxicating liquors, coming within the provisions of this Act, except as provided in section 2554a-26 shall keep a record showing the amount, kind and quantity of such liquors, and the amount sold and the names and address of the persons to whom such liquors shall have been sold or disposed of, and the dates of all such sales or dispositions, which record shall be open to the inspection of the county attorney of the county and the commonwealth's attorney of the district in which such liquors are sold, at all business hours of the day.

All such persons other than manufacturers who shall sell or dispose of liquors within the provisions of this act, except as provided in section 2554a-26, shall file in the office of the county court clerk of the county in which such liquors are sold or disposed of, a sworn statement showing the amount, kind and quality of the liquors sold, the date of such sales, the amount sold and the name and address of persons to whom sold. Such reports shall be made and filed on June thirtieth and December thirty-first of each year. The county court clerk of each county shall, within fifteen days after the filing

of said reports, cause same to be published in one issue of the newspaper having the largest circulation in the county where such reports are filed.

The county court clerk may charge a fee of one dollar ($1.00) for the filing of each report, which shall constitute a fund from which the expenses of the publication of said reports shall be paid.

Any person, firm or corporation failing to comply with any provision of this act shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than twenty-five ($25.00) dollars nor more than two hundred ($200.00) dollars.

All laws in conflict with this act or any part of this act are hereby repealed.

Mr. Edwards moved that said substitute be laid on the table.

Said motion was agreed to.

The yeas and nays being required thereon by Messrs. Page and Edwards, were as follows, viz.:

Those who voted in the affirmative were—

U. G. Anderson	Garland Embry	M. F. Moore
